

ST. JOHN'S UNIVERSITY

Dear Student,

St. John's University is pleased to share that we are in receipt of your CRRSAA/HEERF II Federal Funds Application and you have been awarded **\$1,000**.

On your application, you requested that any award received be applied to your balance. A review of your account currently indicates that you do not owe a balance. CRRSAA program requirements do not permit the University to post grants as a credit against future term charges so the funds have been issued directly to you.

The University has strived to assist as many students as possible with the CRRSAA/HEERF II funding. This funding is provided to assist you with the financial challenge(s) you are facing that affect your continued learning. Under CRRSAA/HEERF II funds awarded may be used towards any component of a student's Cost of Education such as tuition, books, food, housing, health care (including mental health) or child care.

This emergency financial assistance is intended to provide direct one-time grant assistance. This emergency funding is considered a form of federal emergency relief and as such is not considered to be part of your Financial Aid Package and is excluded from your taxable income under Section 139 of the Internal Revenue Code.

If you have signed up for Direct Deposit your funds will be available within 3 business days. If you have not signed up for Direct Deposit a paper check will be mailed to your attention to the address on file with the University.

Please feel free to contact the Office of Student Financial Services at 718-990-2000 if you have any questions.

Sincerely,
*The Office of Student Financial Services
St. John's University*
