## Undergraduate Bulletin

Published by St. John’s University, New York  
Series 41, Number 1

This is your official guide to academic policies and regulations at St. John’s University. Students are required to familiarize themselves with this bulletin. Primary responsibility for knowing and fulfilling all requirements rests on every individual student. The bulletin in effect at the time of admission or readmission governs degree requirements.

The University administration reserves the right, whenever advisable (1) to change or modify its schedule of tuition and fees and (2) to withdraw, cancel, reschedule or modify any course, program of study, or degree, or any requirement in connection with any of the foregoing.

Consistent with the University’s mission as a Catholic, Vincentian and metropolitan institution of higher education, the University does not discriminate on the basis of race, religion, color, national or ethnic origin, age, sex (including sexual harassment and sexual violence), sexual orientation, marital status, citizenship status, disability, genetic predisposition or carrier status, status as a victim of domestic violence or status in the uniformed services of the United States (including veteran status) or any other protected category under applicable local, state or federal law in admitting students to its programs or in administering its educational policies, admissions policies, scholarship and loan programs, athletics and other institutionally administered programs or activities generally made available to students at the University and with respect to employment at the University. This statement of nondiscrimination is in compliance with Title IX of the Education Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, the Age Discrimination Act and other applicable federal, state and local laws and regulations relating to nondiscrimination. In accordance with these laws, the University also prohibits retaliation against anyone who has complained about discrimination or otherwise exercised rights guaranteed under these laws. In addition, the University continually strives to fulfill its educational goals by maintaining a fair, humane, responsible and non-discriminatory environment for all students and employees. All University policies, practices and procedures are administered in a manner which preserves its rights and identity as a Catholic Vincentian institution of higher education.

The following person has been designated to handle student inquiries regarding the Americans with Disabilities Act and the Amendments Act, the Rehabilitation Act, and related statutes and regulations: Dorothy Schmitt, Associate Director of the Counseling Center, Marillac Hall, Room 130, 8000 Utopia Parkway, Queens, NY 11439, schmittd@stjohns.edu; 718-990-6867.

The following person has been designated to handle inquiries regarding the University’s policy against discrimination and harassment and to serve as the Title IX coordinator for purposes of overall campus compliance: Yael Wepman, Director of Employee Relations and Compliance, Office of Human Resources, 8000 Utopia Parkway, Queens, NY 11439, wepmany@stjohns.edu; 718- 990-2660.

The following person has been designated deputy Title IX coordinator for the Office of Student Affairs: Jackie Lochrie, Associate Dean for Student Services, Bent Hall, Garden Lvl-Judiciary Suite 17C, 8000 Utopia Parkway, Queens, NY 11439, lochriej@stjohns.edu; 718-990-6568.

Inquiries concerning the application of anti-discrimination laws may be referred to the Title IX coordinators or to the assistant secretary of the United States Department of Education, Office for Civil Rights. For additional information concerning the U.S. Department of Education, please call: 1-800-421-3481, or visit: <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>

## New Freshman Admission

Admission is determined by the applicant's previous academic performance, satisfactory achievement on standardized tests, recommendations and other factors that suggest academic potential and motivation. Applicants must ask their high school to forward to St. John's their official transcripts by the appropriate application deadline or as soon as possible if applying rolling admission. Applicants must also request that an official copy of their Scholastic Aptitude Test (SAT) or American College Test (ACT) be sent to St. John's University. Applicants with high school equivalency diplomas (based on the General Education Development tests) are considered for admission. They must submit an official copy of the GED scores and diploma. The Committee may require a student to have a personal interview as part of this admission process.

All applicants who have been out of school for more than one semester are required to include a statement of activity explaining their activities since their last attendance in school. New York State home-schooled students must submit a letter of substantial equivalency from the Superintendent of Schools. Home-schooled students must submit a final copy of their academic transcript from a State-recognized Home School Agency and a letter from the local school district verifying graduation. Students home-schooled outside of the United States must submit a NACES member evaluation.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

## Application Deadlines

The University operates on a "rolling admissions" basis with the following early action deadlines for fall admission.

Early Action I	November 1
Early Action II	February 1

Applications for spring admission are accepted on a rolling admission basis.

### Pharm.D. Major

Early Action I (freshman student)	December 1
Regular decision (freshman student)	February 1
Regular decision (transfer student)	March 1

All applications and supporting documentation must be postmarked by December 1 for the Early Action I, February 1 for the regular decision, and March 1 for a transfer student for fall entry.

International students applying to the Pharm. D. program are required to take the SAT or ACT.

## Physician Assistant

Early Action I	December 1
Regular decision	February 1

Transfer applicants are not accepted to the Physician Assistant program.

International students applying to the Physician Assistant program are required to take the SAT or ACT.

## International Student Admission

Qualified international students are eligible for admission to all undergraduate programs of the University. Such candidates must have superior academic records, and show proof of English language proficiency if the native language is other than English.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

**Freshman Applicant:** Must present a formal application, official secondary school records/certificates/results from Ministry of Education (if applicable), official examinations results, if taken directly from the examining board, demonstrate English proficiency by submitting score reports for the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS), SAT or ACT score reports if wishing to compete at the NCAA level, SAT or ACT score reports if wishing to apply to the Pharmacy program (PHARM D), Physician Assistant, Actuarial Science, 3 year programs, Speech Pathology, Bio-Optometry. The University reserves the right to require SAT or ACT scores for additional programs as necessary. SAT or ACT is required if the applicant's entire high school education is completed in the U.S. and/or their native language is English. It is strongly encouraged that a letter of recommendation from an advisor and a personal statement or essay is submitted. Students who are home-schooled outside of the U.S. need to submit a NACES member evaluation.

**Transfer Applicant:** A formal application must be submitted along with the following documents:

- Official secondary school records and or official certificates/results from the Ministry of Education (if applicable)
- Official examination results if taken, directly from the examining board
- Official university/post secondary records
- Letter explaining activities if the student has been out of school for one semester or more
- Score reports for the Test of English as a Foreign Language (TOEFL) or international English Language Testing System (IELTS)
- SAT or ACT score reports are required if wishing to compete at the NCAA level.
- Course-by-course evaluation from a National Association of Credential Evaluation Services (NACES.org) approved agency.

Transfer students applying to programs offered by The Peter J. Tobin College of Business or College of Pharmacy and Health Sciences must submit a World Educational Services (wes.org) evaluation.

**Freshman and Transfer** applicants who are academically admissible, but have not demonstrated satisfactory English proficiency, may be conditionally admitted through the Language Connection (TLC). Upon successful completion of the full-time non-credit intensive English program, students will continue at the University and begin taking credit classes leading to a degree program.

Questions concerning specific information and University programs and admission procedures should be directed to the Office of Admission. Upon acceptance into the University, all F1 and J1 students must provide documentation to the International Student and Scholar Services Office (ISSSO), so that an I-20 or DS-2019 can be issued for the student to apply for a visa.

## Transfer Student Admission

A transfer student is considered a student that graduated from high school and enrolled at another college or university after high school graduation.

### External Transfer Students

Applicants must be in good academic standing at their current institution and present evidence of such during the admission process. Candidates are encouraged to submit their application by April 1 for the summer session, August 1 for the fall semester, and December 1 for the spring semester.

Applicants admitted with transfer credit must satisfy the requirements of the University for residence and for graduation. (See "Residence" in the Academic Information and Regulations section.)

A student transferring from another college or university needs to present the following:

- A completed transfer application and official college transcripts.
- If an associate degree was not completed, the student must also provide a final high school transcript with graduation date.
- A letter explaining interim activities if the student has been out of school for one or more semesters.

It is the policy of the University to deny admission to an applicant who has been dismissed from another institution for academic or disciplinary reasons.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

## Re-Admission Policy

St. John's University students who have not been in attendance at St. John's University for a semester or more, and have not attended another college or university in the interim may be considered as candidates for re-admission. Eligible students must complete a brief re-admission form available on UIS (University Information System) and submit the required application documents.

## Enrollment Requirements

### Freshmen requirements:

Applicants must submit:

- Final High School transcript.
- Proof of Graduation
- Official copy of SAT /ACT
- GED scores and diploma (if applicable)
- Other documents as required by the University

### Home-School Requirements:

- Students must submit a final copy of their academic transcripts from a State Recognized Home School Agency
- A letter from the local school district verifying graduation.
- New York State home-schooled students must submit a letter of substantial equivalency from the Superintendent of Schools
- Other documents as required by the University

### Transfer Student Requirements:

- Final college transcript
- If an associate degree was not completed, the final high school transcript including graduation date.

## Application Fee and Deposit

All candidates who have been accepted by St. John's University must confirm their intention to enroll by submitting a deposit of \$300 on or before May 1. Students residing on campus must also submit a non-refundable deposit of \$400 to secure housing. The \$300 and \$400 deposit is non-refundable but is credited toward tuition and room and board upon registration. St. John's University adheres to the National Deposit Policy recognizing May 1 as the official deadline for submitting enrollment deposits. *\*All deposits are non-refundable.*

## Matriculation Status

A matriculated student is one who is permitted to pursue a specific college program leading to a degree.

A non-matriculated student is one who is not pursuing a degree program at St. John's University.

### Health requirements:

St. John's University requires a recent physical examination (within one year of admission) including a diphtheria-tetanus booster and a tuberculin skin test.

In accordance with New York State Public Health Law 2165, in order to register at St. John's, all students must provide the Health Center with proof of immunization to Measles, Mumps, and Rubella (MMR). Those born prior to January 1st 1957 are exempt from this requirement. Proof of immunity must be documented by having received two doses of Measles, and one dose each of mumps and rubella. All immunizations must have been received after 1967 and no sooner than 4 days prior to a child's first birthday (the two doses of Measles must be a minimum of 28 days apart). We will accept any one of the following as proof of immunity to MMR:

- A copy of your immunization record including actual dates properly documented on an official government/school letterhead- the simplest place to obtain this may be from your most recently attended high school or college.
- A copy of your immunization record including actual dates on physician's letterhead, which includes a signature, printed name, address, telephone number and license number.
- Have a blood test to confirm immunity. Please note a copy of the lab report must be attached to our immunization form.

In addition, St. John's University is in compliance with New York State Public Health Law 2167, which mandates ALL students to be given information about meningitis disease and vaccine against meningococcal meningitis. The law requires you must respond to this notification within 30 days by returning the completed response form.

Students will not be able to register and attend classes unless the Office of Student Health Services is provided with adequate proof of immunization to MMR and a completed Meningitis response form.

*\*Notification to candidates begins on or about January 1.*

## Accident and Sickness Insurance

The University makes available health insurance to all students through University Health Plans. This insurance allows students to be covered for illness and accidents.

The University requires all international students holding F1 and J1 Visa and all resident students to have adequate health coverage.

**F1 and J1 Students:** All F1 and J1 students will be automatically provided with and charged for health insurance each semester. The mandatory charge for the insurance will be added to the semester invoices, which is due and payable with the tuition and fee charges.

**Resident Students:** Resident students who have not waived the University-provided insurance will be automatically provided and charged for this health insurance. The charge for this insurance will be added to the semester invoice, which is due and payable with the tuition and fee charges. To waive the insurance coverage, resident students are required to submit their insurance information online at [universityhealthplans.com](http://universityhealthplans.com).

Penalties may be charged for failure to waive by specified dates set by the University.

**Commuter Students:** Insurance is also available to our commuter full-time and part-time undergraduate population and can be purchased at [universityhealthplans.com](http://universityhealthplans.com)

Please direct any questions to: The Office of Student Financial Services at 718-990-7592 for the Queens campus. The Health Office at 718-390-4447 for the Staten Island campus. University Health Plans at 1-800-437-6448.

## Expenses

All fees and the entire tuition for each semester are due and payable in full before registration can be completed. All payments must be made by check or money order payable to St. John's University or by credit card. American Express, MasterCard, VISA and Discover are currently accepted by the Office of Student Financial Services, or the Office of Enrollment Services on the Staten Island campus.

For those students and parents of students who wish to make tuition payments on a monthly basis, St. John's University makes available several payment plans. Information regarding these plans can be obtained from the Office of Student Financial Services or at the University webpage under Tuition Information. Please ensure that your student ID is written on all checks to the University. University staff will write student ID numbers on checks when a student has not done so already.

Students whose accounts are in arrears will not be permitted to register for a subsequent semester, issued a diploma or a transcript of record. All past-due balances are

charged interest at the rate of 1% per month. Delinquent accounts may be referred to a third party for collection, which will result in the addition of collection costs to the account balance.

All outstanding tuition account balances are educational loans extended with the express understanding that future repayment shall be made to the University. Pursuant to federal bankruptcy law and regulations, such tuition expenses are educational loans that are not automatically discharged in bankruptcy.

Students holding full tuition scholarships are required to pay the General Fee and any other fees required for the courses they are taking.

The University reserves the right to change the schedule of tuition and fees when necessary, but every effort is made to maintain them at the lowest possible level.

## Room and Board Withdrawals

The following percentage of room and board charges may be credited for withdrawals:

### Fall 2015

100%.....	through September 1
90%.....	through September 6
80%.....	through September 11
70%.....	through September 16
60%.....	through September 21
50%.....	through September 26
25%.....	through October 1
0%.....	after October 2

*\*Spring 2016 Room and Board Withdrawal percentages will be announced in January 2016.*

Withdrawal from campus housing could affect your cost of attendance for financial aid purposes. Please contact the Office of Student Financial Services for details.

Law Students in housing will have a different schedule for Housing withdrawals. Please contact the Office of Student Financial Services for details.

Please be advised dates for withdrawals may change. Please contact the Office of Student Financial Services for current dates.

## Withdrawal from Courses and Tuition Refunds

A student who wishes to withdraw from a course must complete a Change of Program Form and have it signed by the appropriate Academic Dean. The date of withdrawal shall be computed from the date the student completed and signed the Change of Program Form.

Withdrawal from courses may entitle the student to a credit of tuition. This policy refers only to tuition. Fees are not refundable.

A withdrawal from courses may also affect the student's eligibility for financial assistance. Students who are recipients of federal Title IV funds and who withdraw prior to the 60% point in the term are subject to a recalculation of Title IV aid eligibility and will have to return or repay unearned Title IV funds. Eligibility for all other institutional, state and external awards will be determined on an individual basis.

Students should allow an appropriate length of time from the date of filing a Change of Program with the Dean for refund claims to be approved, processed and for checks to be mailed or direct deposits transferred.

Students will not be entitled to a refund until all federal Title IV programs are credited and all outstanding charges have been paid.

**Students are considered in attendance until they officially withdraw from school or are requested to do so by a Dean.**

Students who leave school voluntarily or drop a course must do so through the proper channels or otherwise risk assuming full tuition charges. Students who fail to formally withdraw may also be responsible for repaying all or part of the financial aid funds received in the term.

Please consult your Dean for additional details or questions regarding this withdrawal process.

Please also see p.10, "Officially Notifying the University of a Withdrawal from Class" and "Withdrawing from Class."

The following percentage of tuition may be credited for withdrawals:

### Fall 2015

100%.....	through September 9
80%.....	through September 16
60%.....	through September 23
40%.....	through September 30
20%.....	through October 7
0%.....	after October 7

*\*Spring 2016 Tuition Withdrawal percentages will be announced in January 2016.*

Withdrawal from classes could affect your cost of attendance for financial aid purposes. Please contact the Office of Student Financial Services for details.

Please be advised dates for withdrawals may change.

Please contact the Office of Student Financial Services for current dates.

## Complete Your Registration

Students must pay their tuition and fees in full before registration can be completed. Students can access their eBills via St. John's University Information System (UIS).

For information on payment options, please visit [stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options](http://stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options) or contact the Office of Student Financial Services. Students having no payment due or a refund due must complete their registration process by confirming registration for the semester via UIS by going to the "View/Confirm Term Bill" section.

# Academic Information and Regulations

## Major Area of Study

A major is a concentration in one area of study having as its objective the acquisition of knowledge in depth, and complementing the remainder of the curriculum so that the whole will fulfill the institutional objectives while meeting the specific needs of the student. When professional or graduate work is contemplated, some measure of attention is given to the prerequisites of professional and graduate programs.

For information regarding dual degree programs, please contact The Office of Admission.

## Approved Programs of Study

Students may only enroll in programs of study officially registered with the New York State Education Department or otherwise officially approved. Enrollment in non-registered or unapproved programs may jeopardize eligibility for certain student aid awards.

## Office of the Registrar

The Office of the Registrar is responsible for the accuracy and integrity of the University's official student records. Our chief responsibilities fall into six broad categories: registration; record-keeping; enrollment verifications and transcripts; course offerings; classroom scheduling; and graduation.

The Office of the Registrar facilitates the University course registration process. The office announces the exact dates for registration in advance of each registration period. Continuing students register in October/November for the spring semester and in March/April for the summer and/or fall semesters. Students are expected to see their advisors before registering. All students should bring a student advisement report to their advising appointments. Advisors will provide their advisees with Priority Registration Numbers, which are needed to register. Once they have their Priority Registration Number, students may select and register for classes online through St. John's University Information System, UIS.

E-Bills are sent to students after each registration period. Financial services representatives are available year-round to assist students in satisfying their financial obligation to the University. Registration is not complete until payment is made, and the University reserves the right to drop a student

from an individual class or from his or her entire program if payment is not made by the due date.

Students may change their registration with the approval of their Dean. While registration is in progress, students should make changes via UIS. Students are not permitted to enroll in a class after the late registration period is over.

Students who wish to withdraw from a class must obtain the approval of their Dean. Students who stop attending a class and who fail to withdraw officially remain academically liable for the class. The professor will submit whatever grade is deemed appropriate based on the student's attendance and participation.

In addition to allowing students to register and to view grades online, St. John's makes a wealth of information available to students online via UIS, accessible through the University's web portal. Forms related to processes such as adding and dropping classes, requesting permission to study outside the University, and transferring from one school of the University to another are also available through UIS. Students are encouraged to consult the University web site and the Office of the Registrar site on a regular basis. For the University site, go to: [stjohns.edu](http://stjohns.edu). For the Office of the Registrar site, go to: [stjohns.edu/academics/office-registrar](http://stjohns.edu/academics/office-registrar).

## Registration and Liability

With the exception of first-semester freshmen and certain students in "block" programs of study, students at St. John's select their own classes via the St. John's University Information System (UIS).

Once you register for a course, St. John's considers your registration as a clear indication of your intention to attend that class.

When you complete your registration, you are fully liable for your registration both academically and financially. You must notify us officially if you will not attend St. John's after your registration is complete.

## Complete Your Registration

Students must pay their tuition and fees in full before registration can be completed. Students can access their eBills via St. John's University Information System (UIS). For information on payment options, please visit [stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options](http://stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options) or contact the Office of Student Financial Services. Students having no payment due or a refund due must complete their registration process by confirming registration for the semester via UIS by going to the "View/Confirm Term Bill" section.

## Student Advisement Reports

St. John's makes advisement reports available to all undergraduate students via UIS. Advisement reports match courses that students have taken against degree programs' requirements. All students should bring an

advisement report with them when they see their advisors prior to registration. For additional information, consult the Registrar's web site at this URL:  
[stjohns.edu/academics/office-registrar/student-advisement-reports](http://stjohns.edu/academics/office-registrar/student-advisement-reports).

## Withdrawing from Class

When you register for a class, the University considers your registration to be a clear indication of your intention to attend that class. If you change your mind about attending class or if circumstances prevent you from attending, you must notify us officially of your change in status. The manner in which you do so depends when during the semester you make your decision.

You may drop or add a class via UIS through the first week of the semester. After this date, you will need your Dean's permission to change your registration. Please note that if you want to drop all your classes, you must inform your Dean of this in writing.

During the second and third weeks of the semester, you may still drop a class with the permission from your Dean's Office. Classes dropped through the first three weeks of the semester do not appear on your transcript.

After the third week of the semester, if you would like to drop a class, it will be noted as a withdrawal (WD) on your transcript. This mark does not calculate into your GPA. Please consult the academic calendar for the last day to withdraw from a class. To withdraw from one or more of your classes, you must contact your Dean's Office. You should visit the office in person so that someone can discuss this decision with you. If you cannot visit the office, you must put your request in writing. You may be entitled to a full or partial refund of tuition. Refunds are based on the official date on which you drop or withdraw from your class(es), whether via UIS or through the office of your Dean.

## Internal Transfers

Matriculated undergraduate students may qualify for transfer to another undergraduate degree program in the University by meeting the general scholastic requirements of a particular college or school.

Students wishing to transfer from one University college or school to another must complete the Internal Transfer Request Form via UIS. Students wishing to transfer from one degree program to another within the same college (change his/her major) must seek approval from the Dean's Office but do not need to complete the Internal Transfer Request Form.

If a student who applies for an internal transfer decides not to proceed with the transfer, s/he must officially request to withdraw the application in writing to the Office of the Registrar.

## Credit Hour Guidelines

All St. John's University degree and certificate programs are approved by the New York State Education Department (NYSED). Therefore, all courses and degree programs at the University must comply with Section 50.1 (o) of the New York State Commissioner of Education Regulations ([higher.nysed.gov/ocue/lrp/rules.htm](http://higher.nysed.gov/ocue/lrp/rules.htm)).

The University's method for awarding credit for courses in degree and certificate programs follow NYSED guidelines, which are based on the U.S. Department of Education's definition of credit hour. The U.S. Department of Education definition of a credit hour can be found at [ifap.ed.gov/dpccletters/attachments/GEN1106.pdf](http://ifap.ed.gov/dpccletters/attachments/GEN1106.pdf).

Each School Dean is responsible for assuring that his or her School establishes, maintains, and follows appropriate procedures and protocols for assigning credit hours. The procedures and protocols must meet these minimum guidelines:

- Each School must maintain procedures, written and web-accessible, pertaining to the assignment of credit hours for all courses offered, regardless of the format or modality of instruction. This includes but is not limited to traditional lectures, individual voice or music instruction, online courses, and any other offering that can result in earned credit.
- Each School must document that its procedures provide for the assignment of credit hours for each course the School offers based on the following criteria:
  - Stated objectives for student learning, including (but not limited to) acquisition of content knowledge, key competencies, (such as skill in oral or written communication), or analytic reasoning skills;
  - Hours of instruction proposed for the course; and
  - Hours of supplementary assignments and student effort that are anticipated to take place outside the classroom. Hours of anticipated student effort outside the classroom can include estimated time spent on reading, writing, laboratory or studio assignments, preparation for examinations, etc.

## Time Limit for Undergraduate Courses

The validity of undergraduate credits for degree requirements has no time limit, but the University retains the authority to determine which courses previously taken meet current degree requirements.

## Examinations and Reports

Students not present for a scheduled final examination must submit a written explanation together with substantiating evidence. The Academic Dean of the school or college in which the student is enrolled will determine if

the student will be permitted to take a make-up examination. If permission is granted, the fee is \$80 and it covers all exams missed for the substantiated reason.

The grade of ABF will be assigned if the student fails to sit for the scheduled final examination. The grade of ABF will remain if the student fails to sit for the make-up examination and an F will be calculated in the GPA. Written tests, term papers and other assignments are given during the term at the discretion of the individual instructor. Credit will not be given for a semester's work unless all assignments have been satisfactorily completed. All work for a course must be submitted no later than the date of the last meeting of that course.

## Auditing Courses

A student who audits a credit-bearing course will not earn any credit for it. *Students may not audit a course which they subsequently would be required to complete for their degree.* Auditors are expected to attend class sessions but are not responsible for examinations or written assignments. A grade of AU for the course will be noted on the permanent record. Permission to audit a course must be obtained from the student's Dean. Audit and credit courses may not exceed 18 semester hours per term. Full tuition and fees are charged for audited courses. *A student may not change from audit to credit status or vice versa once the semester begins.*

## Grading System

A letter system is used in assigning grades for courses, and these quality points are given for each grade:

Grade	Quality Points
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
F	0
ABF Absent/Failure	0
ABX Absent/Pass-Fail Option	0
AU Audit	0
P Passing	0
UW Unofficial Withdrawal	0
WD Withdraw	0
X Failure, No Penalty	0

### Notes:

- The grade **P** is assigned to students whose application for the "Pass-Fail" option is approved and who do passing work. Undergraduates approved for the "Pass-Fail" option who do failing work are assigned the mark **X**. Undergraduates approved for the "Pass-Fail" option who miss their final examinations are assigned the mark of **ABX**.

- Undergraduates not exercising the “Pass-Fail” option who miss their final examinations are assigned the mark of **ABF**. This grade counts in the GPA as an F.
- The mark of **WD** (withdrawal) is assigned upon the completion of the official withdrawal process.
- The mark of **UW** (unofficial withdrawal) may be assigned, at the instructor’s discretion, in cases in which there is insufficient basis for an earned grade. Students may not request this mark.
- The mark of **AU** (audit) is assigned to students whose application for the audit option is approved. Students auditing a class receive no credit for it. Courses taken on an audit basis may not be repeated for credit.

## Computing the Grade-Point Average (GPA)

**Grade Point Average Hours (GPA Hours):** GPA hours are credit hours used to calculate student’s GPA. Only credits with standard letter grades are included in GPA hours, including F and ABF grades. P, X, ABX, UW, WD, AU grades are not included in GPA hours.

**Credits Earned** are credit hours awarded to the student for successful completion of academic course work.

**Credits Attempted** are the number of credit hours attempted by a student, except for audited courses and those from which the student has been officially dropped.

**Total Quality Points** are computed by multiplying the quality points of the grade in a class by the credit hours of the course. Example: a B in a three-credit undergraduate course would generate 9.0 quality points.

For each semester’s work, a semester’s grade-point average is computed as follows:  
 $B = 3.000 \times 3 \text{ (credits)} = 9.0 \text{ quality points}$   
 $A = 4.000 \times 4 \text{ (credits)} = 16.0 \text{ quality points}$   
 $A = 4.000 \times 7 \text{ (credits)} = 28.0 \text{ quality points}$   
 The sum of all quality points earned is divided by the total number of GPA hours.

For example,

53 Quality Points = 3.785 GPA

14 GPA hours

Please note that graduate schools, law schools, medical schools, and others typically recalculate the GPAs of applicants according to their own criteria.

Advanced placement credit and/or transfer credit are not computed in the cumulative grade-point average.

Example: If a student presents 120 credits for graduation, eight credits of which are for Advanced Placement or transfer credit, the cumulative grade-point average is computed on 112 credits. However, grades of all courses taken by students, including internal and external transfer students, will be calculated in the index for honors at graduation. In no case shall the honor conferred be higher than that which would have been earned solely on the computation of the St. John’s grades.

## Repeat Grade Replacement for Failing Grades

*This one-time grade replacement policy applies only to undergraduate courses in which the student initially enrolled in, during or after the Fall 2015 semester. It is the student’s responsibility to register for a repeat course once they have received the appropriate Dean’s office or advisor’s permissions.*

A current undergraduate matriculated student may repeat an undergraduate course at St. John’s in which a grade of F was received. While both the failing grade and the repeat grade will appear on the student’s transcript, only the most recent grade will be used to compute the cumulative GPA. A discontinued course may not be repeated by substitution of a “comparable” course.

**A repeated course:**

- Must be taken at St. John’s University and in the same grading mode (i.e. conventional letter grade; Pass/Fail) as the original course. A conventional course with a failing grade cannot be repeated as an independent study course.
- Must be taken within four academic years of the course failure.

This one-time-repeat grade replacement policy will not allow students who have previously been dismissed from a particular program/major to be reinstated. Grades of all courses, including repeated F grades, will be calculated in the index for honors for graduation.

*Exception:* Any final course grade of F that was received as a result of a University disciplinary action due to academic dishonesty or any other infringement against the University’s Academic Honor Pledge will remain on the student’s transcript and will be calculated into the cumulative GPA regardless of a subsequent course repeat. In this case, the grade for the repeated course will also be factored into the cumulative GPA.

### Impact of Policy on Financial Aid

- For Financial Aid Satisfactory Academic Progress (SAP) purposes repeat course credits will be added to the attempted/earned credit totals and both grades will be used in a calculation of the cumulative GPA.
- For Academic Scholarships the cumulative GPA measure for renewal purposes will be based on the cumulative GPA with only the most recent grade computed. It is important to note that renewability also requires students to be in good academic standing and meet SAP requirements.

## Dean’s List

To qualify for the notation of Dean’s List on a student record, a student must have completed 24 credits within the academic year and achieved a quality point index of 3.4, including courses taken under the Pass-Fail option. The University Registrar is responsible for the notation of Dean’s List on undergraduate

student records for all units of the University at their respective campuses.

## Academic Standing

Students are in good academic standing when they are enrolled as matriculated students in a program of study leading to a degree, diploma, or certificate and are making satisfactory progress toward the completion of the program of study.

### Academic Progress or Promotion:

#### Credits Completed Class

1-24	Freshmen Year	(1Y)
25-55	Sophomore Year	(2Y)
56-90	Junior Year	(3Y)
91+	Senior Year	(4Y)

### Academic Progress or Promotion PHARMD students:

#### Credits Completed Class

1-30	First Year	(1Y)
31-60	Second Year	(2Y)
61-96	Third Year	(3Y)
97-131	Forth Year	(4Y)
132-163	Fifth Year	(5G)
164+	Sixth Year	(6G)

Recommendations of the Committee on Academic Standing for promotion, promotion on probation, or dismissal for poor scholarship are based on the student’s GPA.

Conditions of promotion in the College of Pharmacy and Health Sciences are found in that College’s section of this Bulletin.

## Graduation Requirements

For graduation, students must complete the following semester hour minimums:

### St. John’s College of

Liberal Arts and Sciences	Hours
Bachelor of Arts	126
Bachelor of Science	126
Bachelor of Fine Arts	132

### The School of Education

Bachelor of Science in Education	129–145
----------------------------------	---------

### The Peter J. Tobin College of Business

Bachelor of Science	124–130
---------------------	---------

### College of Pharmacy and Health Sciences

Pharmacy Program	201
Physician Assistant Program	130
Clinical Laboratory Sciences Program	138
Radiologic Sciences	128
Toxicology Program	127

### College of Professional Studies

Bachelor of Arts	126
Bachelor of Science	126–135
Associate in Arts	60
Associate in Science	60

A GPA of 2.0 for all those courses taken, and a GPA of 2.0 for all courses in the major and minor areas are required unless otherwise indicated by your school.

The University conducts one commencement annually. Only students who complete all degree requirements by the end

of the spring semester will be eligible to participate in the May commencement exercises. Candidates who satisfy degree requirements during the summer sessions will have their degrees awarded on the last business day in September and will be invited to participate in the May commencement exercises of the following year. Students who complete requirements during the fall semester will have their degrees awarded on the last business day in January and will be eligible to participate in the May exercises.

For graduation with honors, a student must have fulfilled the obligation of conducting himself or herself in a manner compatible with the University's function as a Catholic institution of higher education and must have obtained the following GPA for all courses:

<i>Summa Cum Laude</i>	3.85
<i>Magna Cum Laude</i>	3.70
<i>Cum Laude</i>	3.50

Students who transfer to St. John's University must complete at a minimum of 50% percent of the total number of credits required for their degree at St. John's in order to be considered for honors at graduation.

Grades of all courses taken by students, including internal and external transfer students, will be calculated in the index for honors for graduation. Students enrolled in a Bachelor's/J.D. program will be considered for honors for September degree conferral because law school grades are unavailable in time for May commencement. Grades for senior-year courses (first-year law school) will be included in the calculation for honors for the September conferral of degrees. In no case shall the honor conferred be higher than that which would have been earned solely on the computation of the St. John's grades.

## Application for Diplomas

The University confers degrees three times a year: January, May and September. It holds commencement exercises in May. Students awarded degrees in September and January are invited to attend the May ceremony.

To apply for a diploma, you can access the Application for Diploma through UIS. Please note that your diploma will not be ordered until you have submitted your diploma application online. Applications must be submitted no later than two weeks prior to Graduation. Certain holds on a student's account may prevent the ordering of a diploma. Students who have a hold can view their online account for details or contact 718-990-2000 to review.

## Residence

Residence is necessary to assure adequate time for the faculty, on whom the responsibility to recommend candidates for degrees rests, to make a judgment concerning the student's successful completion of degree requirements. This should not be seen merely in terms of

degree credits or course requirements. It is a question of judging in view of graduation the breadth and maturity of the student's development, particularly in its intellectual dimension. Such a judgment is readily made after the student has completed the advanced courses that typically form the academic program of the senior year.

The residence requirement for an undergraduate program at St. John's University shall be the successful completion of the academic program (approximately 30 credits) of the student's final two semesters in attendance. The student's program shall include sufficient evidence of competency in the area of concentration.

## Veterans and Their Dependents

Veterans and their dependents should contact the Department of Veterans Affairs regional office in Buffalo, New York for information about educational benefits. The telephone number is (888) 442-4551. The Department of Veterans Affairs also maintains a very useful Web site at the following URL: [va.gov/](http://va.gov/).

The Office of Student Financial Services certifies the enrollment of veterans and their dependents for educational benefits.

## Regulations on Discipline

Specific regulations for which students are responsible, as well as procedures for processing violations of these regulations, are outlined in the Student Handbook. In all disciplinary situations, the right of students to due process is observed.

## Global Studies Programs

### Discover The World: Europe

This unique semester takes place in three of Europe's greatest cities. Students have the opportunity to take 12-18 credits in three five-week modules, one each in Paris, France; Rome, Italy; and Seville, Spain. Focused on the University's core curriculum, courses include offerings in Languages and Literatures, Philosophy, Theology, and Fine Arts. The program also includes special coursework for Pharmacy and Psychology students.

### Discover France: Paris Semester

The "Discover France" program offers a unique combination of courses intended to introduce students to modern France. Paris, with its storied position as a major center of European intellectual discourse, political power, and artistic expression, is the ideal place for you to begin (or continue) your study of government, literature, the University core, and French language. Advanced language students are encouraged to participate in homestays and internships.

### Discover Italy: Rome Semester

Study in St. John's own campus in heart of the "Eternal City," centrally located near the Vatican and within easy reach of all the Italian capital's remarkable monuments. While in Rome, students engage in an in-depth exploration of Italian history, language, and culture; they integrate the distinctive academic resources of a city that retains visible proof of its millennia-long history, while continuing to be a modern center of art, politics, and commerce. Advanced language students are encouraged to participate in homestays and internships.

### Discover Spain: Seville Semester (Fall Only)

Situated in the capital of Spain's southern province of Andalucía, the Seville semester program provides a chance to study Spain's development at the crossroads of Moorish (Islamic) and European cultures. Coursework focuses on the University core and on Spanish language and culture, with offerings in Languages and Literatures, Theology, and Philosophy. Advanced language students are encouraged to participate in internships.

## Exchange Programs

Students interested in full cultural immersion (often within a foreign language context) should consider one of the University's exchange programs, through which they enroll directly in universities throughout the world. St. John's University has active agreements with universities in Australia (Australian Catholic University), Brazil (PUC-RIO, PUC- Minas), Chile (PUC-Chile), England (University of Leicester; open only to some CPS majors), France (Dauphine University), Jamaica, Barbados, and Trinidad and Tobago (the University of the West Indies), Japan (Sophia University, Kokushikan University) and Sweden (Uppsala University). Semester- and year-long programs are available. Tuition and fees are paid to St. John's University, and all other costs are paid directly to the host institution.

## Winter and Summer Programs for Undergraduate and Graduate Students

Our programs help students re-define their winter intersession or summer break. Through faculty-led, student-focused options, we offer opportunities to engage new cultures as an integrated part of major and/or elective coursework. These unique programs provide the benefits of international, experiential learning while accommodating students with specific academic- or time-related considerations. In addition, many programs travel during the winter or summer break as part of a full-semester class. For example, Tobin's Global Destination Courses might focus on Management or International Business

during the fall or spring in New York, then engage in hands-on learning through site visits to top businesses in countries such as Brazil or Ireland at the conclusion of the semester.

Programs vary each year, so please check our website for the latest details: [www.stjohns.edu/globalstudies](http://www.stjohns.edu/globalstudies). In prior years, however, undergraduate and graduate programs—including college-specific offerings from the Tobin College of Business and the School of Law—have studied in locations as diverse as Chile, China, Italy, France, the Galápagos Islands, Guatemala, Moldova, Scotland, South Africa, and Vietnam.

## General Entrance Requirements

Currently enrolled and matriculated undergraduate St. John's University students, as well as undergraduate students from accredited colleges and universities throughout the United States, may apply to St. John's Global Studies Programs.

Undergraduate applicants are expected to:

1. Have completed at least one year of full-time study (for most programs).
2. Have a minimum 2.75 cumulative GPA for college studies completed.
3. Be in good academic and judicial standing with the university.

In addition, students from other institutions are generally expected to:

1. Submit a completed application form.
2. Provide an official copy of their transcript from their home institution(s).
3. Submit two letters of recommendation, at least one of which should be from a Professor, Advisor, or Dean.
4. Provide written approval from the dean of their home institution.

## Full Graduate Programs

St. John's offers the following full master's degree programs at its Rome Campus:

- Master of Business Administration: Tobin's M.B.A. curriculum (Finance, International Business, Marketing Management) incorporates a wide range of skills and experience. Apart from functional knowledge, the M.B.A. program is focused on the development of analytical, communication and writing skills. In business practice, the issues confronting executives combine aspects of marketing, management and finance. The curriculum provides students with a well-rounded and broad knowledge base in all these functional areas of business administration.
- M.A., Government and Politics: This degree, which focuses on International Relations, provides students with the analytical skills necessary to evaluate political issues and to function effectively in a political environment. The primary objective of the M.A. in Government and Politics is to enhance

students' professional expertise in today's complex global environment.

- M.A., Global Development and Social Justice: The M.A. in Global Development and Social Justice aims at best practices and leadership in global development. Our mission of social justice and human rights advocacy, grounded on Catholic Social Teaching, is reflected through our innovative online methodology. Our committed faculty teach students how to search out the causes of poverty and social injustice and encourage them to explore and identify solutions which are adaptable, effective, and concrete. Though the program is largely online, which offers students the flexibility to pursue in-depth research in a broad variety of critical areas; the program begins and ends with sessions at SJU's Rome Campus.

## Division of Academic Support Services

### Honors Program

The University Honors program has the advantages of small classes, innovative teaching, and individualized faculty support for students. Though based in the Core Curriculum, it also offers a substantial number of courses outside the Core and across the schools and colleges of the University. This allows each student to be tailored to a program suitable to the individual major. It is also possible for Honors Program members to do independent supervised research under the guidance of a member of the faculty.

Honors Program students are among the most involved in campus leadership activities. Each semester, its members have the opportunity of attending many events, programs, concerts, and activities. These range from on-campus lectures to performances at the Metropolitan Opera House, Broadway shows, museum visits, parties, receptions, lunches, and the spring student-faculty softball game. The program actively encourages community service, and many faculty members teaching honors courses include Academic Service Learning as a component of the syllabus.

At the end of the academic year, at a special ceremony, the Honors Program awards an Honors Certificate to each student who has completed thirty credits in the program. A special "Honors Program" notation, separate from University honors, appears on the final transcript, as well as on the diploma.

For additional information, contact Dr. Robert Forman or Mr. Robert Pennacchio on the Queens campus 718-990-7554 or by email at [honors@stjohns.edu](mailto:honors@stjohns.edu), or Dr. Rachel Hollander on the Staten Island campus at 718-390-4071 or by email at [hollanrl@stjohns.edu](mailto:hollanrl@stjohns.edu).

## Student Development for Athletes

The Division of Academic Support Services, in collaboration with the Department of Athletics, has developed a comprehensive support and resource program to assist student-athletes in fulfilling their educational and athletic potential. The Student Development for Athletes program provides a wide range of services from the recruiting stage through graduation. Recognized by the National Academic Advising Association (NACADA) as an exemplary practice for its holistic approach to meeting the needs of the student-athlete population, the program focuses on five areas: Academic Support, Career Development, Leadership Development and Recognition, Personal Development and Community Service.

The office is located in Carnesecca Arena, Room 136. For information contact Dr. Nancy S. Kaplan, Associate Vice President, at 718-990-1672.

## Testing

Through the Testing Center, St. John's and non-St. John's students have the opportunity to take tests for academic credit or admission to Law School. A full range of CLEP exams are offered along with LSAT and MPRE exams.

The Testing Center is located in St. Augustine Hall. For information call Dr. Nancy S. Kaplan, Associate Vice President, at 718-990-1672.

## Office of Transfer Student Services

This office is charged with providing transfer students with guidance during their transition to St. John's University. Every student will be afforded the opportunity to speak with a professional advisor concerning their academic and personal goals. Upon acceptance, a Transfer Student Services advisor will schedule a one-on-one meeting to discuss potential credits granted, various course options and

a gateway to the many support services and departments across campus, including the academic deans' offices. An advisor is always available to answer questions whether by in-person visits, email, or phone.

For information contact the office at 718-990-5533.

## Graduate Admission Assistance Program (GAAP)

This program provides assistance to students seeking admission to graduate and professional programs and helps them enhance their academic profiles. GAAP works within the existing framework of the university to provide information and resources necessary to students regarding standardized exams, writing essays, advisement, etc.

Prestigious scholarships and fellowships for graduating seniors and recent graduates are also available through GAAP. Awards include Rhodes, Marshall, Fulbright, Gates, Goldwater, and Mellon scholarships and fellowships. GAAP sponsors an intensive summer research program that financially supports full-time student research and faculty mentoring.

GAAP is located in St. John Hall, Room B3A. For information contact 718-990-6165 or gaap@stjohns.edu.

## Division of Special and Opportunity Programs

### College Advantage Program (Queens and Staten Island Campuses)

The University's commitment to academic excellence is manifested through its College Advantage Program. It provides qualified students a concurrent enrollment in their high school and college credit-bearing courses from the University. This program is offered to qualified juniors and seniors during the academic year.

Specific courses are offered in the Social Sciences, English, Mathematics, Language, Fine Arts, and Science disciplines. The credentials of the teachers and the course outlines from the high school are approved by the St. John's University chairs prior to student enrollment.

1. The program provides students with an opportunity to earn college credit while still in high school, benefiting the high achieving student to be further motivated and get a "head start" on college.
2. The program provides reduced tuition costs to students and parents, and serves as an assessment of a student's ability to do college level work.

Students in this program are permitted to enroll in approved University courses but are not officially admitted to the University and therefore not considered for federal student and/or state aid purposes.

The office is located in St. John Hall, Room 216. For information contact the office at 718-990-6565.

## College Bound: Liberty Partnerships Program

### (Queens Campus)

The College Bound: Liberty Partnerships Program is sponsored by the New York State Education Department and St. John's University. It is designed to provide supportive services to senior high school students who are identified as having the potential to pursue a college education but need assistance to complete secondary school.

The program provides a broad range of services designed to increase academic skill development, motivation to succeed, and to foster the personal development of the students in the program. These year-round services include: mentor/peer counseling, tutoring, developmental courses, social and enrichment activities and financial literacy.

The office is located in St. John Hall, Room 132A. For information call 718-990-1374.

## Early Admission Program

### (Queens and Staten Island Campuses)

Early Admission is a collegiate program designed to provide an opportunity for qualified students to complete their freshman year of college at the University upon the successful completion of the high school curriculum through the 11th grade level. These students enter as fully matriculated freshmen who earn credits toward a college degree and also satisfy the high school requirements to receive a diploma. A separate application, high school transcript noting six semesters, a letter of recommendation from the high school principal/guidance chair and a personal interview with an administrator from the Office of Admissions and Special and Opportunity Programs are required. Parents are encouraged to be involved in this process.

At the conclusion of the freshman year, results of the student's performance are sent to the high school to become a part of the permanent record. Since the student will have fulfilled the requirements of the high school, the student will then receive the agreed upon high school diploma.

In addition to being monitored by a Special and Opportunity Programs Administrator, the student is assigned an advisor for the unit in which the student is enrolled.

Students who enroll in the University through this program are not eligible for federal aid during their first year or until their high school diploma is conferred.

The office is located in St. John Hall, Room 216. For information contact 718-990-6565.

## Scholars Program

### (Queens and Staten Island Campuses)

The Scholars Program is designed for qualified high school students to pursue a limited program of collegiate studies by enrolling in courses on-campus. A special application process is conducted in the spring of the student's junior year of high school. A high

school transcript of the first six semesters, exceptional standardized test scores, a letter from the student's principal and/or guidance counselor, and a signed form from the parent is required. Students are permitted to enroll in two St. John's University courses in the summer session and one course in the fall and spring semesters. The student will receive full college credit for the course taken and receive a St. John's University transcript. A copy of this transcript is also sent to the high school. If admitted to the program, a nominal tuition cost is required for each course enrolled.

For admission to the Scholars Program, the student must meet the following criteria:

- Demonstration of potential for college work as determined by the student's high school transcript through junior year and a recommendation from the principal and/or guidance counselor
- Motivation and maturity as proven by an on-campus interview
- Approval by the Office of Admissions and Special and Opportunity Programs Administrator

Students enrolled in this program are permitted to take University courses while still in secondary school but are not officially admitted to the University and therefore not considered for federal and/or state aid purposes.

The office is located in St. John Hall, Room 216. For information contact 718-990-6565.

## **Student Support Services Program (SSS)**

### **(Queens Campus)**

The St. John's University Student Support Services Program (SSS) is a federally funded TRIO Program, sponsored in part with the U.S. Department of Education. The primary goal of SSS is to support and encourage low-income, first generation students and those with disabilities to maximize their potential and guide them on a successful path to graduation.

SSS provides academic advising, individualized tutoring, financial/personal guidance, mentoring, and career exploration. SSS also strives to prepare students for post baccalaureate degrees, certificates and/or career opportunities.

Participation in the SSS Program is open to students who meet the federal eligibility requirements outlined by the Department of Education. To qualify for the program students must be U.S. citizens, enrolled or accepted to St. John's University, must complete an application, have a personal interview, and demonstrate a need for educational support.

The office is located in St. John Hall, Room 133. For information, contact 718-990-1371.

## **Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP)**

The St. John's University Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) is a seven-year project for 650 low-income, predominantly Hispanic and African-American students from schools in northwestern Queens County, New York to address (1) low student academic outcomes; (2) factors leading to inadequate knowledge of preparing for college for students of color, including lack of understanding about financing college; (3) low post-secondary enrollment, persistence, and completion for students of color; and (4) high instructional needs based on lack of teacher professional development and preparation to teach to common core state standards.

The following fifteen strategic partners join us in this effort: two local educational agencies (the New York City Department of Education at Joseph Pulitzer Intermediate School - I.S. 145 and William Cullen Bryant High School), seven community based organizations (HANAC Community Services Center, Goodwill Industries, the Variety Boys and Girls Club, the Louis August Jonas Foundation, the Center for Science Teaching and Learning, King of Kings Foundation, and the Queens Public Library), one State agency (New York State Higher Education Services Corporation, one college program in addition to St. John's University (The Consultation Center at Yale University), and three businesses (Mindset Works, The College Board, and TD Bank). The office is located in St. John's Hall B13. For more information call 718-990-2532.

## **New York Gaining Early Awareness and Readiness for Undergraduate Programs (NYGEAR UP)**

The St. John's University New York Gaining Early Awareness and Readiness for Undergraduate Programs (NYGEAR UP) initiative is a six-year project for 400 low-income, predominantly Hispanic and African-American students from schools in northwestern Queens County, New York to address: (1) low student academic outcomes; (2) factors leading to inadequate knowledge of preparing for college for students of color, including lack of understanding about financing college; (3) low postsecondary enrollment, persistence, and completion for students of color; and (4) high instructional needs based on lack of teacher professional development and preparation to teach to common core state standards.

Students are provided with tutoring during and after school, homework help, mentoring, academic and social counseling, exposure to college activities (tours, fairs, summer camps), college awareness workshops, financial literacy workshops, standardized test preparation

and dual enrollment programs. Services for parents help them understand that college is important, that it is a viable option for their children, and that there are responses available to financing postsecondary education. The project also provides staff development for the partnership middle and high school teachers and counselors to enhance their knowledge and skills in reaching and teaching all students. The office is located in St. John's Hall B13. For more information call 718-990-2532.

## **Out of School Time Middle School Expansion Program: School's Out New York City (SONYC)**

The St. John's University OST Middle School Expansion Program serves 130 low-income, predominantly Hispanic and African-American students attending the Vista Academy in Brooklyn, New York. The program is designed to (1) foster academic, social and emotional competencies and physical well being in a safe and nurturing environment; (2) provide opportunities for youth to explore their interests and creativity; (3) build skills that support academic achievement and raise participant expectations and confidence; and (4) cultivate youth leadership and community engagement. The office is located in St. John's Hall B13. For more information call 718-990-2532.

## **Ronald E. McNair Scholars Program**

### **(Queens Campus)**

The McNair Scholars Program is a federally funded TRIO Program, sponsored in part with the U.S. Department of Education. Named in honor of Dr. Ronald E. McNair, an African-American engineer, scientist and astronaut who met an untimely death in the 1986 space shuttle Challenger accident, it is designed to prepare first-generation, low income-eligible, historically underrepresented students to enroll in graduate study for post-baccalaureate study. Program participants may pursue any field of study leading to a doctorate degree. The ultimate goal of the program is to assist in diversifying college and university faculties. In order to be considered, a prospective scholar must have a minimum GPA of 3.0 and completion of 60-66 credits after the second semester of their sophomore year.

The office is located in St. Augustine Hall, Room 114. For information contact 718-990-5842.

## **Science and Technology Entry Program (STEP)**

### **(Queens Campus)**

STEP, sponsored by the New York State Education Department and St. John's University, was established by the New York State legislature in 1985 to assist middle and high school students from racial and ethnic backgrounds historically underrepresented in careers in the scientific, technological, engineering, and mathematical fields and the licensed professions.

This partnership of encouraging students and their parents to strive to achieve a quality education is fostered by Saturday classes during the academic year, tutoring for math and science courses, career and financial literacy counseling for students and parents, as well as educational trips.

The office is located in St. John Hall, Room 216. For information call 718-990-6565 or [stjohns.edu/academics/dsop](http://stjohns.edu/academics/dsop) or [stepforleaders.org](http://stepforleaders.org).

## Options Program

### (Staten Island Campus)

Options is a program administered in conjunction with the Division of Special Programs and the Office of Student Enrollment Services on the Staten Island campus. It provides financial assistance to eligible freshmen who live outside of New York State. It is funded by the Sr. Julia Heslin, Sisters of Charity Scholarship Fund. For information call 718-390-4453.

## Marine Corps Platoon Leaders Class

Students who have completed the first semester of freshman year in good standing may enroll in the Platoon Leaders Class as members of the United States Marine Corps Reserve. They must attend two six-week training sessions. Candidates after graduation will be commissioned in the Marine Corps, and will serve on active duty for three years during which they will receive additional training. For further information, contact The Officer Selection Office, 207 West 24th Street (at 7th Avenue), New York, NY 10011, or call 212-620-6778.

St. John's University consistently strives to place an outstanding higher education within the financial reach of all qualified applicants. During the 2013-14 academic year, the University awarded more than \$473 million in federal, state, University and external financial aid funds. More than \$218 million of this amount is provided from the University's own funds in grants-in-aid, scholarships and tuition remissions.

The Office of Student Financial Services—in Bent Hall, on the Queens campus; in the Kelleher Center, Room 116, on the Staten Island campus—is responsible for the administration of all student assistance programs at the University. The professional financial aid staff is available to assist student aid applicants with financial aid advisement.

Financial aid is awarded on the basis of demonstrated financial need assessed by use of a standard financial aid application, currently the Free Application for Federal Student Aid (FAFSA). The FAFSA analysis is designed to assess the family's financial strength and determine the student's need for financial assistance by calculating an expected family contribution. The FAFSA's expected family contribution is subtracted from the student's total cost of education or budget at St. John's University. This calculates a student's financial need. All need-based financial aid is awarded according to a student's calculated financial need.

All undergraduate students must file the FAFSA to be considered for all need-based aid, including University grants and all federal grants, loans and the work-study program. New York State residents should also apply for the Tuition Assistance Program (TAP) by filing the TAP application.

Continuing undergraduate students who filed for aid in the prior school year must file for financial aid via the Renewal FAFSA in order to be considered for all sources of financial aid. Continuing students who are New York State residents should also file a TAP application.

The cost of education or budget for a typical full-time dependent commuter student is the total of current tuition and fees, books and supplies, transportation, personal expenses and home maintenance. For self-supporting independent students and dependent students residing apart from their parents, the average budget is the total cost of current tuition and fees, books and supplies, transportation, personal expenses, off-campus room and board. The Office of Student Financial Services may change the amounts of the "other educational costs" included in the cost of education when deemed necessary. Students can review their cost of attendance online via their UIS account.

After reviewing a student's FAFSA needs analysis report and subtracting the expected family contribution from the student's cost of education budget, the University determines the student's financial need. This is used to prepare a "financial aid package" outlining the state, federal and St. John's University

funds available for the student in the form of gift assistance (grants or scholarships), loan assistance and/or work-study opportunities.

The Office of Admission awards University academic scholarships to eligible students, provided eligibility criteria are met (see section entitled "University Scholarships"). A scholarship applicant may file the FAFSA and TAP application if he or she would like to be considered for need-based aid. Recipients of St. John's full-tuition Presidential Scholarships must file the FAFSA and TAP applications. If the student is found eligible for a TAP award, these funds will be used in combination with the Presidential Scholarship to cover full tuition.

**Students filing the FAFSA should be sure to designate St. John's University, Federal School Code #002823, as a recipient of the needs-analysis information.**

The University's annual financial aid application priority deadline date is February 1. Students should file the FAFSA form as soon as possible after January 1. New York State residents should file the TAP application as well as the FAFSA so that eligibility for New York State aid might be determined. The TAP application will be mailed to the student by New York State after the FAFSA is processed. Both forms must be filed on an annual basis.

Late financial aid applicants may not receive maximum aid consideration.

## New York State Math and Science Teaching Incentive Program

The New York State Higher Education Services Corp. announces the New York State Math and Science Teaching Incentive Program. This is a competitive award program to increase the number of middle and secondary math and science teachers in New York State and help eligible students pay for college.

Eligible recipients may receive annual awards for not more than four academic years of undergraduate and one academic year of graduate full-time study while matriculated in an approved program leading to permanent certification as a secondary education teacher in mathematics or science.

The maximum amount of the award is equal to the annual tuition charged to New York State resident students attending an undergraduate program at the State University of New York (SUNY) or actual tuition, whichever is less. The current maximum award for the 2014-15 academic year is \$6,104. Payment will be made directly to schools on behalf of students upon certification of their successful completion of 27 credits with a cumulative 2.5 GPA for the academic year, which the student seeks payment.

Students receiving a New York State Math and Science Teaching incentive award must agree to teach math or science for five

years on a full-time basis at a secondary school located within New York State, regardless of the amount or number of award payments received. Recipients who do not fulfill their service obligation will be required to repay their scholarship awards plus interest.

A *New York State Math and Science Teaching Incentive Program Supplement* form must be completed and postmarked by a deadline to be set by HESC.

Selected recipients must file the *Free Application for Federal Student Aid (FAFSA)* and the *Tuition Assistance Program (TAP)* application by May 1 of each academic year they seek payment under this program.

Any questions can be directed to the HESC Scholarship Unit at 1-888-697-4372.

## University Scholarships

St. John's University scholarships are highly competitive and available to students whose academic achievement and personal commitment display the values, compassion and pursuit of excellence which embody the spirit of the University.

Freshman and transfer scholarship awards range from full to partial tuition. For select scholarships, a personal interview may be required.

High school seniors entering in the fall who seek scholarship consideration must be accepted for admission by March 1. For transfer students, the deadline is April 15. Both freshmen and transfer students who plan to enter in the spring term must be accepted for admission by October 1. Only full-time students [12–18 credits] are eligible for scholarship awards.

Scholarship parameters and amounts are based on the strength of the applicant pool for any given program as well as campus of enrollment and are subject to change without notice.

St. John's University scholarships are not automatically renewed each year. Unless otherwise noted, a scholarship shall not be renewed for the following academic year unless its recipient has satisfied all of the following criteria:

- Students must be enrolled at St. John's University for a minimum of 12 credits per semester (fall and spring)
- A minimum cumulative grade point average must be maintained at the end of each academic year in accordance with the scholarship awarded
- Scholarships are renewed for up to four years of continuous undergraduate studies at St. John's University

In addition to the criteria set forth above, please also note:

- Scholarships are only available for fall and spring terms (scholarships are not available for summer, winter, mini or post sessions)

- Scholarships awarded to a student enrolled in a joint degree program are only eligible for renewal during the period of time such student is attending St. John's University.

- A scholarship awarded to a student enrolled in a combined degree program is only eligible for a renewal during the period of time such student is enrolled in the undergraduate portion of the degree program.

### University Presidential Scholarships

Provide a limited number of full-tuition scholarships (less any New York State Tuition Assistance Program (TAP) funds received).

Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### Provost Scholarships

Are partial scholarships that range up to \$23,000 annually. Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### Scholastic Excellence Scholarships

Are partial scholarships that range up to \$21,000 annually. Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### St. Vincent DePaul Scholarship

Are partial scholarships that range up to \$18,000 annually. Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### Academic Achievement Awards

Are partial scholarships that range up to \$15,000 annually. Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### University Promise Awards

Are partial scholarships that range up to \$11,000 annually. Academic renewal criteria: a student must maintain a cumulative 2.75 index at the end of each academic year.

### University Transfer Scholarships

Are partial scholarships ranging up to \$15,000 annually for new transfer students, based on academic records. Transfer students must have earned a minimum of 12 credit hours from an accredited institution. Academic renewal criteria: a student must maintain a cumulative 3.0 index at the end of each academic year.

### Transfer Distinction Award

Transfer students that are scheduled to earn an Associate Degree from a community college prior to enrolling at St. John's University are eligible to receive a \$15,000 award. The award will be renewed, as long as the student remains continuously enrolled as a full-time undergraduate student and maintains a 2.0 index at the end of each academic year. Please note that this award may not be combined with a University Transfer Merit Scholarship.

### Catholic Student Scholarships

Catholic students are encouraged to apply for the Catholic Student Scholarship. Eligible candidates must (1) be Roman Catholic, (2) graduate from a high school, (3) complete

the Catholic Student Scholarship application by deadline date (the application is available in the Office of Admission), and (4) complete the FAFSA by February 15th. Scholarship awards range between \$1,000–\$2,500 a year, depending on financial need

### Catholic High School Scholarship

As a Catholic university, we support families who are committed to a Catholic education. This award is automatically awarded to incoming freshmen who will be graduating from a Catholic high school and entering St. John's in the fall. An annual award of \$2,500–\$5,000 depending upon the financial need as determined from filing the FAFSA. Student must be registered full time each semester and the award will be renewed for up to four years of undergraduate study as long as recipient remains in good academic standing.

For the most up-to-date information about and policies concerning academic scholarships, visit the Web site at stjohns.edu.

### The Ozanam Scholars Program

The Ozanam Scholarship was created to recognize Frederic Ozanam, a 19th-century disciple of Vincent de Paul. Working selflessly on behalf of the poor, Ozanam's philosophy reflected Vincent's legacy of compassionate service. Eligible applicants must have a strong academic record and show a dedication to serving the disadvantaged.

Students should have an 85 grade point average and a minimum combined SAT (critical reading and math) of 1050, although all students are encouraged to apply.

Applications are available in the Office of Admission, and must be submitted by no later than February 15th of the student's senior year in high school. Scholarship awards will be up to \$10,000 per year.

### Catholic Scholars Program

Catholic scholars take part in a four-year developmental program that translates faith into action. Prospective freshmen apply for this scholarship, and if chosen will receive a tuition grant of \$5,000 per year which will be awarded for four years of study. Students will commit themselves to faith-based leadership training, services and prayer, and formation of a deeper understanding of what it means to be a leader inspired by the catholic tradition. Catholic Scholars assume important leadership roles within the community of faith and service at St. John's University in preparation for becoming faith-inspired Catholic leaders for life.

### How to Apply

- Complete the Catholic Scholars Online Application
- Download the and submit the Catholic Scholars Print Application
- Students who apply for both the Ozanam and Catholic Scholars cannot be selected for both and must express their preference during their scholarship interview process.

### **Hugh L. Carey Community Grant**

The Hugh L. Carey Community Grant was created in honor of former New York Governor and esteemed St. John's University alumnus. 2015 first time, full-time freshmen are automatically reviewed for this award. The award amount is either \$1,250 per year for students commuting/living off-campus, or \$3,000 per year for students that are residing in on-campus housing. The award may be renewed for up to four years of continuous undergraduate study at St. John's University. The award amount will be adjusted to reflect the student's housing status on a semester by semester basis. Students that are recipients of a University full-tuition scholarship/grant are not eligible for this grant. Also, the award can only be used for the fall and spring terms (no summer or winter sessions).

### **Special University Scholarships**

The University has many scholarships funded through special endowments and donations. In most instances, academic merit and financial need are considered along with the particular requirements of the scholarship selection process. For further information, please contact the Office of Student Financial Services.

## **Grants-in-Aid**

Grants-in-aid are awarded to needy students or students who have special abilities or who make significant contribution to the University. Grants are based on financial need, extracurricular activities and forensic and athletic ability. Interested students should file the FAFSA, and may obtain further specific information regarding eligibility requirements from the Office of Student Financial Services.

"**Three-in-One Family**" grants-in-aid provide one-half tuition to the third member of a family when there are three family members enrolled simultaneously at the University on a full-time basis. A letter requesting consideration for this special University grant and listing the three family members in attendance should be forwarded to the Office of Student Financial Services. Each enrolled family member must also file a FAFSA annually for the duration of the time that all three are in attendance and the grant is requested.

**Student Success Grants** are awarded to students that show academic promise to succeed at St. John's University. Students are automatically reviewed for this grant upon admission. Academic renewal criteria: a student must maintain a cumulative 2.5 index at the end of each academic year.

## **Scholarships from Outside the University**

Various associations, corporations, foundations and unions provide scholarships for recipients whom they select. Recipients may be selected based on financial need as attested to by the financial aid application. Interested candidates

should seek information from available publications and directly from these groups. Additional information may be available from the Office of Student Financial Services. The University reserves the right to adjust institutional aid based on the receipt of external aid.

## **New York State Financial Aid**

The programs of financial assistance in New York State are administered by the New York State Higher Education Services Corporation in Albany. Please visit [hesc.ny.gov](http://hesc.ny.gov) to view information on all New York State Grants and Scholarship programs.

### **The Tuition Assistance Program (TAP) effective 2015-16 academic year.**

This program provides grants ranging up to \$5,165 a year to full-time dependent undergraduates, and \$100 to \$3,025 yearly for full-time, single, independent undergraduates. Independent students with dependents are eligible for the same award ranges as dependent students.

TAP award amounts for all students (including new recipients) are subject to available New York State funding. All students should also note that the maximum award for juniors and seniors is reduced by \$200 a year. Awards are based on family New York State net taxable income. General requirements: 1) be a resident of New York State and a U.S. citizen or permanent resident alien; 2) be enrolled full-time and matriculated at an approved New York State post-secondary institution; 3) meet income guidelines; 4) be charged a tuition of at least \$200 a year; 5) have graduated from a U.S. high school, earned a GED or passed an Ability to Benefit Test; and 6) not in default on an State or Federal loan. Undergraduate students may generally receive TAP awards for four years of study. Students enrolled in a state-sponsored opportunity program may receive undergraduate awards for five years.

Students may file for the TAP by means of the Electronic TAP Application, which will be forwarded by NYSHESC upon completion of the FAFSA. The St. John's school code is 0751.

### **The Academic Excellence Scholarship Program**

This program provides up to \$1,500 to be awarded to the top graduating seniors in each high school in New York State. The awards are based on academic excellence as measured by the weighted average of a student's scores on Regents Exams taken by the student prior to the senior year. Applications are available at high school guidance offices.

### **Aid for Part-Time Study (APTS)**

This New York State program provides grants to undergraduate part-time students who are New York State residents attending college in New York. There are awards up to \$2,000 per school year, based on family New York net taxable balance, financial need, total tuition cost and other assistance. APTS awards available to St. John's students are based on fluctuating yearly allocation from New York State. The New York net taxable income cutoffs for APTS eligibility are currently \$50,550 for dependent students and \$34,250 for independent students. APTS applicants must be residents of New York State, U.S. citizens or permanent residents and normally at least half-time students (carrying 6–11 credits per term). Applications for APTS may be obtained at the Office of Student Financial Services and should be filed with this office at least 30 days prior to the start of each semester for which application is made. Award amounts for less than half-time students are available only when funding permits.

Visit [hesc.ny.gov](http://hesc.ny.gov) to view all eligibility requirements

### **Vietnam Veterans Tuition (VTA) Awards**

These awards provide financial assistance to students who are New York State residents discharged under honorable conditions from the U.S. Armed forces and who are: Vietnam Veterans who served in Indochina between December 22, 1961 and May 7, 1975 or Persian Gulf Veterans who served in the Persian Gulf on or after August 2, 1990 or Afghanistan Veterans who served in Afghanistan during hostilities on or after September 11, 2001 or Veterans of the armed forces of the United States who served in hostilities that occurred after February 28, 1961 as evidenced by receipt of an Armed Forces Expeditionary Medal, Navy Expeditionary Medal or a Marine Corps Expeditionary Medal.

For full-time study, a recipient shall receive an award of up to the full cost of undergraduate tuition for New York state residents at the State University of New York, or actual tuition charged, whichever is less. Full-time study is defined as twelve or more credits per semester (or the equivalent) in an approved program at a degree-granting institution, or twenty-four or more hours per week in a vocational training program.

For part-time study, awards will be prorated by credit hour. Part-time study is defined as at least three but fewer than twelve credits per semester (or the equivalent) in an approved program at a degree-granting institution, or six to twenty-three hours per week in a vocational training program.

For the 2015–16 academic year, awards will be set at \$5,895 or tuition, whichever is less. If a Tuition Assistance Program (TAP) award is also received, the combined academic

year award cannot exceed tuition. Thus, the TAP award may be reduced accordingly. NOTE: Tuition payments received by a veteran under the Chapter 33 Program and Yellow Ribbon component will be considered duplicative of any VTA award students may have received. However, payments received under the Montgomery GI bill do not duplicate the VTA award.

Combined tuition benefits available to a student cannot exceed the actual tuition. Students attending high tuition schools may be eligible to receive both the Federal and State benefits. Additionally, students whose "Percentage of Maximum Benefit Payable" under the Chapter 33 Program is less than 100% of tuition may also receive both Federal and State benefits.

## World Trade Center Memorial Scholarships

These scholarships guarantee access to a college education for the children, spouses and financial dependents of innocent victims who died or were severely and permanently disabled as a result of the September 11, 2001, terrorist attacks on the U.S. and rescue and recovery efforts. This includes victims at the World Trade Center site, the Pentagon or on Flights 11, 77, 93 or 175. The award amount varies depending on financial need. Total aid received cannot exceed the student's cost of attendance. Submit a copy of the New York State World Trade Center Memorial Scholarship application, with the necessary documentation, to: NYSHESC Scholarship Unit, 99 Washington Avenue, Albany, NY 12255. A description of the required documentation is included in the application instructions.

Undergraduate students who are full-time and matriculated in an approved program in New York State and meet requirements for the receipt are eligible. Recipients need not be New York State residents or U.S. citizens to receive the scholarship. Note: New York State resident family members who were enrolled in undergraduate colleges or universities located outside of the State on September 11, 2001, are also eligible for scholarship payment at that school. Please visit [hesc.ny.gov](http://hesc.ny.gov) for full eligibility guidelines.

## New York State Post-Secondary Education Fund for Native American Students

This fund is for students who are New York State residents and listed on the official rolls of a New York State tribe or children of enrolled tribal members. Applicants must have graduated from an accredited high school, possess a high school equivalency (GED) or be enrolled in an approved 24-credit GED program. Students must be accepted at or attend an approved collegiate or non-collegiate program offered by a post-secondary institution located in NYS. Grant amounts range up to \$1,550 per year to a total of

## Satisfactory Academic Progress Requirements for New York State Aid Recipients

St. John's University must comply with the New York State Education Department regulations (Section 145-2.2) as they pertain to a student's satisfactory academic progress and program pursuit for the purposes of determining student eligibility for state financial assistance. These regulations apply both to full-time and part-time state aid recipients. Part-time students are referred to the University's "Satisfactory Progress" brochure for specific information for part-time state aid recipients. Students applying for full-time state financial assistance such as the Tuition Assistance Program (TAP) must meet the minimum standards for satisfactory academic progress and program pursuit as listed below in order to continue their eligibility for state financial assistance.

### New York State Aid Program Pursuit Requirements for Full-Time Undergraduate Students

If you are a full-time undergraduate student receiving a TAP award or any other New York State grant or scholarship, you must meet the NYS Education Department's requirements for both satisfactory academic progress and program pursuit. For purposes of continued state aid eligibility, students are reviewed at the end of every semester for eligibility for the following term.

**Program pursuit** means making a passing or failing grade in the following percentages of a

full-time program (which is a minimum of 12 credits a semester):

**First Year of TAP Payment:** 50% of a minimum standard full-time program must be completed each semester (six credits per semester).

**Second Year of TAP Payment:** 75% of a minimum standard full-time program must be completed each semester (nine credits per semester).

**Third and Fourth Year of TAP Payments:** 100% of minimum standard full-time program must be completed each semester (12 credits per semester).

You must make program pursuit every semester in order to be eligible to receive your state aid for the following semester.

In addition to these program pursuit requirements you must also make satisfactory academic progress. This means that you must complete a certain number of credits each semester, with a certain cumulative index to be eligible for the next semester's award.

**Important:** All students receiving state aid must maintain a 2.0 cumulative grade point average starting with the receipt of the fourth semester of state aid.

For additional information regarding the academic progress requirements for financial aid eligibility, students should visit the Office of Student Financial Services.

### New York State Aid Program Pursuit Requirements for Part-Time Undergraduate Students

Undergraduate students receiving New York State Aid for Part-Time Study (APTS) must also meet requirements for both satisfactory academic progress and program pursuit. These requirements closely follow the requirements for full-time undergraduate students receiving TAP awards.

**Program pursuit** entails making a passing or failing grade in the following percentages of a part-time program.

**First Year of APTS Payment:** 50% of a part-time program must be completed each semester.

**Second Year of APTS Payment:** 75% of part-time program must be completed each semester.

**Third and All Subsequent Years:** 100% of part-time program must be completed each semester.

In order to be eligible for state aid the following semester, you must make program pursuit every semester.

To make satisfactory academic progress, the student must successfully complete a minimum number of semester hours of credit with a minimum grade point average according to the same satisfactory progress chart that is printed in the previous section for full-time undergraduate TAP recipients. The difference here is that part-time APTS recipients are not reviewed every semester for satisfactory academic progress; instead, their academic progress is reviewed in 12-credit increments. Each accumulation of 12 credits attempted counts for one semester on the full-time chart; an APTS recipient must meet the academic progress requirements for number of credits completed and cumulative average step by step on this chart after each accumulation of 12 credits attempted.

A part-time recipient of New York State aid who fails to meet the program pursuit or satisfactory academic progress requirements in a particular semester may wish to make up the necessary credits or achieve the required cumulative index by pursuing credits at his/her own expense in a given semester. By so doing, he or she will hopefully make up the deficiency and be eligible to receive his/her New York State aid in the following semester.

## Federal Financial Aid

Applicants for any type of federal financial aid must file the Free Application for Federal Student Aid (FAFSA). The output sent to the student who files this form is called a federal Student Aid Report (SAR). As long as St. John's University is listed on the student's SAR and no corrections have been made to the original information submitted, the student may keep the SAR for his/her records.

Recipients of federal financial aid (grants, work study or any federal loan) must make satisfactory academic progress to continue to be eligible to receive such aid. Standards for federal aid recipients differ from standards for state aid. Federal standards are outlined under the heading "Satisfactory Academic Progress Requirements for Federal and/or St. John's—Funded Financial Aid Recipients." For detailed information on federal aid eligibility guidelines, please visit [studentaid.ed.gov](http://studentaid.ed.gov).

### Federal Pell Grant Program

This is a federal financial aid program providing financial assistance to needy post-secondary

school students. The 2013–2014 maximum federal Pell award is \$5,645 per year. When a student files FAFSA, his/her federal Pell Grant eligibility is determined. Funding is credited to the student's tuition for each semester.

The program is open to both full-time and part-time students. Students carrying at least 12 credits per semester are considered full-time. Students carrying 9–11 credits are three-quarter time; those carrying 6–8 credits are classified as half-time. When federal funding permits, awards may be made to less than half-time students. Funding and eligibility subject to federal legislative changes.

### Federal Perkins Loan Program

This program (formerly the National Direct Student Loan Program—NDSL) makes funds available for student loans on a low-interest, long-term basis. Applicants must be either formally accepted for admission or currently in attendance at the University as full or part-time students. Undergraduate students who meet the financial need factor may borrow up to \$5,500 per year for a maximum of \$27,500 over a four- or five-year period. Due to limited funding, St. John's University may not be able to offer the allowable maximums permitted under the law. The current Perkins Loan interest rate is 5%. Repayment and interest does not begin until nine months after the student leaves school and may extend to 10 years.

Deferment benefits exist for active U.S. military service or service in the Peace Corps. A cancellation benefit exists for those graduates who teach in federally designated low-income areas. Some other deferment and cancellation benefits also exist. For further information on deferments and cancellations, please contact the Office of Student Financial Services.

### Federal Health Professions Loan Program

This is a federally sponsored loan program open to Pharmacy majors at St. John's University. St. John's awards federal Health Professions Loans only to full-time "dependent" students; eligibility is determined based on a review of the student's FAFSA.

The present interest rate for federal Health Professions Loans is 5% with deferment of loan payments while the student remains in school on a full-time basis. A 12-month grace period, during which time no interest accrues, begins when the student leaves school or falls below full-time status. Information on deferments and cancellations may be obtained at the Office of Student Financial Services.

### Federal Work-Study Program

This program offers qualified students part-time employment with the University (on-campus) and at various non-profit and for-profit agencies (off-campus). Interested students who meet federal guidelines are interviewed following their registration.

## Federal Supplemental Educational Opportunity Grants

These grants are awarded to undergraduate Pell eligible students based on financial need.

### Army ROTC Scholarships

These scholarships offer financial assistance for qualified students interested in the ROTC program. Four-year, three-year, and two-year scholarships are offered. The U.S. Army pays full or partial tuition, fees, textbook and other required expenses, except room and board. In addition, a \$100 monthly stipend during the academic year is available to upper division students. Selection is based on academic excellence, extracurricular activities, physical standards, results of college entrance board examinations, and evaluation of motivation and leadership potential. Upon graduation and successful completion of the Army ROTC program, scholarship students are commissioned as Regular Army or Reserve Second Lieutenants and serve on active or reserve duty. For information, contact the ROTC Office on the Queens campus.

### Higher Education Grant Program for American Indians/Alaskan Natives

This program is available to a person who is a member of a federally recognized Indian tribe eligible to receive services from the U.S. Department of the Interior. Award amounts are based on a student's unmet financial needs; award amounts vary by region. Interested applicants must file a FAFSA on a yearly basis and seek conventional aid through the post-secondary institution. Application forms and additional information is available from the student's local tribal office.

## Federal Student Loan Programs

### What is a Federal Direct Student Loan?

Federal Loans are a major form of self-help aid for students. As part of your award letter, you may be offered a federal loan. A loan must be repaid in full, including any interest and fees. Student loans have long repayment periods and generally repayment will not begin until you leave school. Interest rates vary, depending on the type of loan you borrow. The promissory note you sign will contain the exact terms of the loan you are borrowing. Keep your copy for reference. St. John's University in accordance with federal regulation reports all loan borrowing, student enrollment status and changes in enrollment status to the National Student Loan Data System (NSLDS).

## How Do I apply for a Federal Direct Student Loan?

### Three Simple Steps:

**Step 1:** Accept: Go to your St. John's University UIS account at <https://apollo.stjohns.edu> and enter your User ID, and PIN, click on "Login". Select the financial aid tab. Click on My Award Information. Select award by Aid year (current aid year). Accept Award Offer.

**Step 2:** Complete: Go to [studentloans.gov](http://studentloans.gov) and sign in with your FAFSA ID. Select Entrance Counseling and complete

**Step 3:** SIGN-On: the same website, [studentloans.gov](http://studentloans.gov) select Sign Master Promissory Note and complete.

### Important note for both Step 2 and Step3:

Select "New York" as the School State and "Saint John's University" as the school name. \*Your loans will be credited to your account only after the completion of all three steps.

## What is the difference between a subsidized and unsubsidized loan?

**Subsidized Loan:** the federal government pays the interest on the loan until the student enters their grace period; the time they are no longer enrolled on at least a half-time basis. Repayment begins six months after you cease to be enrolled at least half-time (including leave of absence).

**Unsubsidized Loan:** the federal government does not pay the interest on the loan while a student is in school as it does for the subsidized loan. Interest accrues and must be paid or capitalized during periods of enrollment in school and /or deferment.

## What is the Interest Rate of Federal Loans?

The interest rate for all federal student and federal PLUS loans disbursed on or after July 1, 2015 will be calculated annually by the federal government based on the 10 year Treasury note index.

## Are there any fees associated with these loans?

An origination fee of the total loan is assessed and deducted prior to loan disbursement. Origination fees are determined by the US Department of Education and are subject to change on an annual basis. Loans credited to the student's account will be less than the loan amount borrowed due to these US Department of Education mandatory fees.

## Is there a federal loan processing deadline?

In accordance with federal guidelines St. John's University may not originate a loan for a period in the academic year in which a student is no longer enrolled. Therefore, students enrolled for the academic year who are interested in borrowing a loan must complete the loan process within the academic year. Students

## Maximum Annual Loan Amount 2015-2016

*Effective for loans first disbursed on or after July 1, 2008*

Dependent Student	Independent Student Only		
	TOTAL subsidized and unsubsidized	BASE AMOUNT subsidized and unsubsidized	ADDITIONAL TOTAL unsubsidized only AMOUNT
<b>Borrower's School Year</b>			
First-year undergraduate (0-24 credits completed)	\$3,500 + 2,000 (unsub)	\$3,500	+ \$6,000 = \$9,500
Second-year undergraduate (25-55 credits completed)	\$4,500 + 2,000 (unsub)	\$4,500	+ \$6,000 = \$10,500
Third-year and beyond undergraduate (56 credits and more completed)	\$5,500 + 2,000 (unsub)	\$5,500	+ \$7,000 = \$12,500
<b>Total outstanding debt:</b>			
Dependent undergraduate	\$31,000	Independent undergraduate	\$57,500

who enroll for one semester in an academic year must complete the process within the period of enrollment for the semester.

## What is the 150% Rule?

For all new borrowers who receive a loan on or after July 1, 2013 a 150% limitation is in effect. This means a student who is eligible for a subsidized loan will reach their subsidized limit at 150% of a program's length of study. If a student reached the 150% limitation, the interest subsidy will end on all outstanding loans disbursed after July 1, 2013 and interest will begin to accrue. Students are therefore encouraged to complete undergraduate study on a timely basis.

## Loan Proration

Federal regulations requires St. John's to prorate Federal Direct Loans for undergraduate students when the student is enrolled in a program that is one academic year or more in length, but the student is in a remaining period of study that is shorter than the full academic year. This will mostly affect students that will graduate from their program of study at the end of summer of fall semesters.

**Loan Proration formula:** Number of credit hours enrolled for a semester, divided by the number of credit hours in an academic year (24) multiplied by the annual Federal Direct Loan limit for the student's grade level.

### Examples:

$$12 \times 5500 = 2750$$

$$24$$

$$15 \times 5500 = 3437.50$$

$$24$$

Subsidized and unsubsidized loans are calculated separately in order to determine the maximum for each loan.

*\*Interest rates on federal loans are subject to change based upon changes of federal regulations.*

## Are there any federal loans available to parents?

The Federal Direct PLUS Loan from the US Department of Education for parents of undergraduate dependent students who meet general eligibility and credit requirements. Your FAFSA must be on file at St. John's. The maximum amount a parent may borrow for the academic year will be indicated in the student's financial aid awards.

## How does a parent apply for a Federal Direct PLUS Loan?

Applications for Federal Direct PLUS loans are processed online through the US Department of Education student loan website at [StudentLoans.gov](http://StudentLoans.gov).

The parent borrower must sign in to the website using his/her Federal Student Aid ID (the same ID that was used to sign the student's FAFSA) in order to apply. Once signed in, the borrower must click on "Request a PLUS loan" to begin.

### PLUS Process consists of four easy steps:

**Step 1:** Personal Information: Personal information of the parent borrower.

**Step 2:** Student & Loan Info:

- Select the Award year
- Parent PLUS borrowers must enter the information of the student for whom the loan is for
- Select "NEW YORK" as the school state and "SAINT JOHN'S UNIVERSITY" as the school name
- Enter a requested loan amount

The borrower enters a specific amount to borrow for the school year or may elect to borrow the maximum amount for which he/she is eligible. The maximum amount the PLUS borrower may request is included in the St. John's Financial Aid award information.

If the borrower later determines that he/she does not need the entire amount applied for, he/she may cancel or reduce an un-disbursed loan at any time. A disbursed Federal Direct PLUS loan may be cancelled or reduced within thirty days of the date of disbursement. A St. John's Loan Change Form is available online at [stjohns.edu/services/financial](http://stjohns.edu/services/financial). The amount the borrower chooses to apply for will not affect the result of the application. When choosing an amount, the borrower should only borrow what is really needed and remember that loans must be repaid.

**Step 3:** Review Application

**Step 4:** Credit Check & Submit: Authorize the review of credit history and submit the application.

### When will the borrower be notified of the result of the application and credit check?

The borrower will be notified immediately of the result. If approved, the borrower will be directed to complete a Master Promissory Note (MPN) if a Federal Direct PLUS MPN has not been completed previously.

### What are the options for the Parent PLUS borrower denied for a Federal Direct PLUS loan?

- Parent borrowers can opt for additional unsubsidized loan eligibility for the student.
- Parent borrowers can opt to provide documentation of extenuating circumstances and appeal the decision.
- Parent PLUS loan borrower can opt to obtain an endorser with a more favorable credit history to act as a co-signer. The endorser must complete a process, similar to the original application, either online or through the mail. The online process requires that the endorser have a Federal Student Aid ID. The borrower who has been denied will automatically be mailed a paper Endorser Package. Both processes require that the endorser know the Loan Reference ID which will be provided to the denied borrower via email or can be viewed by the denied borrower when signed onto [StudentLoans.gov](http://StudentLoans.gov).
- Parent borrower if approved based on extenuating circumstances or who have an endorser will be required to complete a PLUS Counseling session.

### How will the student receive the loan funds?

Once an application has been approved and a MPN has been properly completed, the student will be given credit by St. John's for the amount approved for disbursement less all applicable fees. The approved amount will be split equally between the fall and spring semesters. Funds will be disbursed by the federal government to the student's St. John's account at the beginning of each semester according to the disbursement schedule set by St. John's University.

### What is the interest rate on federal PLUS loans?

The interest rate for all federal PLUS loans disbursed on or after July 1st will be calculated annually by the federal government based on the 10-year Treasury note index.

### What fees, if any are associated with these loans?

An origination fee is assessed and deducted prior to loan disbursement. Origination fees are determined by the U.S. Department of Education. Since the origination fee is deducted before the federal government disburses the loan to St. John's, the amount credited to the student's account will be less than the loan amount borrowed.

## Satisfactory Academic Progress Requirements

### Federal and/or St. John's University Funded Financial Aid Satisfactory Academic Progress Requirements (SAP)

All recipients of federal and/or St. John's University financial aid are expected to maintain satisfactory academic progress toward their degree as part of the eligibility requirements for federal and/or St. John's University institutional aid. The University's satisfactory academic progress policy is developed in accordance with federal regulations. Any student not making satisfactory academic progress is considered ineligible for federal aid and institutional grant aid.

Please note that SAP requirements for state aid recipients and St. John's University Academic scholarship recipients are different and are addressed separately.

### Federal Qualitative Measure

Federal regulation requires schools to have a qualitative component, typically a grade point average (GPA) as part of their Satisfactory Academic Progress policy. At the end of each school year the cumulative GPA for all students will be reviewed.

The minimum required cumulative GPA is as follows:

- First-year Undergraduate students must maintain a cumulative GPA of 1.50 (first year defined as credits hours attempted less than 25)
- By the end of the second academic year all Undergraduate students must maintain a 2.0 cumulative GPA.
- All Graduate and Law students must maintain a cumulative GPA of 2.0.

### Federal Quantitative Standard: Pace

Federal regulation requires schools to have a quantitative component as part of their Satisfactory Academic Progress policy. This measure seeks to ensure that students successfully complete coursework and maintain an appropriate and timely pace toward the completion of their degree program within the federally allowable time frames. Pace is measured at the end of the school year for all students.

### Undergraduate Degree Maximum Time Frame Requirements

According to federal regulations for an undergraduate program, the maximum time frame cannot exceed 150% of the published length of the program measured in credit hours attempted.

### Pace for Undergraduate Degree Completion

For an undergraduate student in a bachelor's degree program to be considered as progressing, the student's ratio of earned hours to attempted hours (or pace towards degree completion ) must be no less than shown on the following table:

Note: Students enrolled in the Pharm.D

Program will follow the above chart for the first four years. Once they begin the graduate portion of their program they will be held to the Graduate degree pace requirements.

### Other Degree Maximum Time Frame Requirements

Students must complete their degree program within the following maximum time frame:

Certificate:	3 semesters (48 credit hours)
Associate's:	6 semesters (96 credit hours)
Master's:	10 semesters (120 credit hours)
Doctoral:	14 semesters (168 credit hours)
Law (full-time):	9 semesters (129 credit hours)
Law (part-time):	12 semesters (129 credit hours)

### Pace for Degree Completion for All Other Programs

Students must pass at least 70% of the cumulative credit hours attempted.

When total attempted Credit hours are:	Earned Credit Hours must be at least:
Less than 25 credit hours	50% of scheduled credit hours
25 through 55 credit hours	50% of scheduled credit hours
56 through 90 hours	60% of scheduled credit hours
91 credit hours and above	70% of scheduled credit hours

## Annual Academic Progress Review

We review academic progress each academic year by dividing the cumulative total number of credit hours the student passed by the total number attempted. The review process begins at the end of spring semester for all students to determine that the student is meeting the standards described above. This review is based on a student's entire enrollment history at St. John's University and any transfer credit hours accepted. We also check to make sure students have not exceeded the maximum term limit described above.

### Federal regulations require that these standards apply to all students

#### Please note:

The following will be considered as credits completed:

- 1) "A" through "D" grades
- 2) Accepted Transfer credits
- 3) "P" passing with credit
- 4) Accepted Advanced Placement (AP) credits

The following will NOT be considered as credits completed but will be considered as credits attempted:

- 1) F – Failure
- 2) ABF – Absent/Failure \*
- 3) UW – Unofficial Withdrawal
- 4) AU – Audit

Students who are readmitted are subject to the standards defined in this policy for federal and/or St. John's University financial aid eligibility. Academic progress will be reviewed upon readmission. All previous coursework at St. John's University must be included in each review of academic progress for federal and/or St. John's University financial aid.

Students who have been academically excluded from the university but who are subsequently given permission to re-enroll are not automatically eligible to continue to participate in federal or university aid programs. Admissions decisions are totally separate from funding decisions.

## Financial Aid Termination

Students, who fail to complete their degree within the maximum time frame, will have their federal and/or St. John's University grant aid terminated. The Office of Student Financial Services will send the student a written notification of the termination of their aid eligibility. This is a non-appealable status. Students can continue in their program at their own expense provided they are otherwise academically eligible.

## Financial Aid Suspension

Recipients of federal aid and/or St. John's University grant aid whose progress is unsatisfactory will be ineligible for aid and will have their aid suspended. The Office of Student Financial Services will send the student written notification of the suspension.

### Appeal Process

Students who have not exhausted the maximum time frame have the right to appeal.

Appeals must be filed within 30 days of notification that aid eligibility has been lost. An Appeal must be made in writing to the Student Financial Services Appeal Committee. The appeal may not be based upon a student's need for the Financial Aid assistance OR their lack of knowledge that their Financial Aid assistance was in jeopardy. An appeal would normally be based upon mitigating circumstances which prevented a student from passing more of their courses, or which made them withdraw from classes.

#### Examples of mitigating circumstances include:

- Serious personal illness or injury that required extended recovery time
- Death or serious illness of an immediate family member
- Significant trauma that impaired the student's emotional and/or physical health
- Other documented circumstances

To appeal, a student must complete a Satisfactory Academic Progress Appeal Form and return it with all required documentation to the Office of Student Financial Services. The student will be notified of the decision approximately three weeks after we receive the student's appeal.

Appeals are made through the Office of Student Financial Services, on the official form and will require the following: an explanation and documentation regarding why the student failed to make Satisfactory Academic Progress (SAP), demonstrate an understanding of what SAP measure/s were failed and documentation as to what has changed in the student's situation that would allow the student to meet SAP in future terms. Please note that merely filing a Satisfactory Academic Progress Appeal Form does NOT guarantee continued eligibility for Federal/university aid, as an appeal may be denied.

#### Appeal Approval Conditions

Appeals can only be approved if the Student Financial Services Appeal Committee determines:

- that the student will be able to meet the university's satisfactory academic progress after the next payment period; or
- that the student has agreed to follow an academic plan that, if followed, will ensure

that the student can meet the university's satisfactory academic progress guidelines by a specific point in time.

### If an Appeal is Granted

Students whose appeals are granted will receive aid on a conditional (probationary) basis for one semester. The conditions will be outlined in the appeal approval letter sent to the student. The Student Financial Services Appeal Committee will review the student's record at the end of the semester to determine his/her status for the following semester.

Once a probationary semester has concluded, the student may re-establish eligibility to be considered for federal and/or university aid for their next semester of enrollment ONLY by either 1) taking action that brings him or her into compliance with the qualitative and quantitative components of SAP standard OR 2) demonstrating the progression of the specific academic plan and standards for a Probationary Semester as established by the Appeals Committee.

### After the Probationary Period or if Appeal is Denied

If the student does not have grounds for an appeal, or if the appeal is denied, the student may still be able to regain eligibility for future semesters. This is done by the student enrolling at St. John's University at their own expense/without financial assistance. The student may also, complete coursework at another institution, provided the credits can be transferred to St. John's University and he/she did not receive federal financial aid at the other institution while taking those courses. Any credits earned and transferred to St. John's University must have been earned after the term(s) in which federal and/or St. John's financial aid was denied. If a student pays for and successfully completes courses at another institution, they must be prepared to provide appropriate documentation (i.e., university account statement and transcripts) confirming that the student did not receive federal financial aid at the other institution. If the student chooses to take one of these options they must contact the Office of Student Financial Services to arrange a new reevaluation.

### Consortium Agreement and Study Abroad

All St. John's students that are on a consortium agreement or are studying abroad must abide by the satisfactory academic progress requirements as described in this brochure.

### Withdrawal from the University

If a student receives aid from federal and/or St. John's funded programs but withdraws during a semester, a percentage of the aid may be used to pay the bill for the portion of the semester the student attended. Since the student did not complete the semester, they may not have earned 100% of their federal

and/or St. John's aid. A federal calculation will be done to see if any of the aid will be returned to the U.S. Department of Education. If that happens, the student may owe the University for unpaid charges. In addition, the student may fail to make satisfactory academic progress and jeopardize future federal financial aid. To make sure the student understands the possible impact on their federal financial aid, they are encouraged to consult with a financial aid counselor prior to withdrawing from the university.

## Scholarship Recipients

- Undergraduate St. John's scholarship recipients are required to maintain a 3.0 cumulative index in order to have their scholarship renewed.
- Law/Graduate academic scholarship terms are monitored by the individual schools. The student must contact their academic dean regarding scholarship terms.

**Important Notice:** The University reserves the right to adjust the SAP Policy in order to ensure continued compliance with federal regulations. Students will be notified of any changes to the policy and should monitor [stjohns.edu/services/financial](http://stjohns.edu/services/financial)

## Alumni Relations

Currently, the St. John's University Office of Alumni Relations sponsors and oversees various constituent groups (organized by college and other affiliations) and multiple regional chapters. These groups touch many of the more than **166,000** worldwide alumni. Graduates of St. John's University who make an annual contribution to the University are able to enjoy quality benefits. Not only does an alumni contribution support high-quality education for deserving students, it also entitles the contributor to a myriad of discounts and services with a family of corporate partners. Find out more about these benefits and stay connected with St. John's University and fellow classmates by visiting [stjohns.edu/alumni](http://stjohns.edu/alumni).

## The Office of Alumni Relations:

- Coordinates social and educational functions throughout the year
- Sponsors professional networking and career development opportunities
- Offers group travel and tour programs
- Sponsors alumni receptions and athletic events both at home and away
- Participates in the publishing of the St. John's University Magazine
- Participates with the Career Center on the alumni mentoring program (COACH)
- Sponsors the Student Alumni Association (SAA) for current students
- Sponsors Young Alumni Programs
- Coordinates school-specific or career-related **Alumni** Insider's View programs, including the "Insiders View of the Capital" program with the Washington, DC, regional chapter

For more information regarding the Office of Alumni Relations, visit [www.stjohns.edu/alumni](http://www.stjohns.edu/alumni) or call the Queens campus at 718-990-6232; the Staten Island campus at 718-390-4147; or the Rome campus at 011 39 (06) 393-842.

## Athletics

St. John's University offers 17 sports programs which compete at the highest level of intercollegiate athletics. The University participates at the Division I level of the National Collegiate Athletic Association (NCAA) and is a founding member of the BIG EAST Conference. Red Storm teams are also affiliated with the Eastern College Athletic Association (ECAC), the Intercollegiate Association of Amateur Athletics of America (IC4A), the Metropolitan Track and Field Association (MTFA), the Intercollegiate Fencing Association (IFA) and the National Intercollegiate Fencing Association (NIFA).

The University has 10 intercollegiate offerings for women, including basketball (six NCAA Tournament appearances), cross country, fencing (2001 NCAA National Champions), golf (2011 BIG EAST individual champion), indoor and outdoor track and field (20 NCAA Championship appearances), soccer (2010 NCAA Tournament berth), volleyball (two NCAA Tournament berths), tennis and softball.

The seven men's intercollegiate team offerings consist of baseball (tied for eighth all-time with 33 NCAA Tournament appearances, six College World Series appearances), basketball (27 NCAA Tournament appearances, seventh-most wins in NCAA history), fencing (2001 NCAA National Champions), golf (five NCAA Regional appearances), lacrosse, tennis (2011 BIG EAST Coach of the Year) and soccer (1996 NCAA National Champions, four College Cups, 17 NCAA Tournament berths).

## Campus Ministry

Campus Ministry at St. John's University is people, programs, places and most importantly, a presence. The staff of Vincentian priests, religious women and lay ministers are all actively engaged in the development of a vibrant Christian community on the Queens, Staten Island and Manhattan campuses.

Vincentian in tradition, Campus Ministry also seeks to instill in the University community a deep concern for the rights and dignity of the human person, especially the poor and most vulnerable. They hope to share with others the heritage of the Gospel, which is the source of life at the University and the very reason for its existence.

The weekend retreat experience is an important part of the Campus Ministry program, offering students time away from the pressure of classes and working to reflect, take stock, relax and give thanks. Retreats are conducted by student leaders and staff at the Vincentian Renewal Center in Princeton, NJ.

Campuses offer weeklong programs during the semester breaks with sites in Philadelphia, inner-city Brooklyn, Harlem and David, KY. This enables students to live and work among the poor with emphasis on prayer, service and community. On a weekly basis there are many opportunities to serve the needs of people in the metropolitan area through soup kitchens and shelters.

The St. Vincent de Paul Society is a student service organization sponsored by Campus Ministry. The members are involved in weekly service opportunities such as serving in soup kitchens, shelters and schools. They also sponsor service projects and fundraisers throughout the year.

The University community is served by students, staff, faculty and administrators through various ministries in the Chapel such as readers, Eucharistic Ministers, singers and musicians.

The RCIA program is available for those who are thinking of becoming Catholics and for Catholics who wish to receive First Communion or Confirmation or would like to be a sponsor for a candidate.

On the Queens campus, the Eucharist is celebrated daily at 8 a.m. and 12:15 p.m. in St. Thomas More Church. There is a Sunday celebration at 11 a.m. followed by a coffee hour. The opportunity for reconciliation is also available each day. A special mass for students is held on Sunday evenings at 6 p.m. Following liturgy, we gather as community for snacks and friendship.

On the Staten Island campus, the Eucharist is celebrated at noon on class days in St. Vincent de Paul Chapel. The opportunity for reconciliation is also available each day. Special masses for campus groups are arranged with the Campus Ministers. The Campus Ministry Advisory Council sponsors student activities for the poor and disabled.

The Campus Ministers are always available to help with any personal, moral or religious questions or concerns.

## Division of Student Affairs

The Division of Student Affairs provides social, educational, recreational, community service opportunities, health and wellness programs and services to support students' full academic experiences. Our mission is to encourage students to become a part of the University community by participating in events and joining organizations that foster learning outside of the classroom, allowing students to create their own unique and engaging college experiences.

The following areas are part of the Division and provide various student services on all three of our New York campuses: Residence Life, University Career Services, Center for Counseling and Consultation, Student Health Services, Student Engagement, Student Conduct, Student Leadership and Development, Fraternities and Sororities, Multicultural Affairs, Wellness Education and Prevention Services, New Student Orientation, Campus Activities, Campus Recreation and Intramural Sports, and Disability Services.

**Queens Campus:** Senior Student Affairs Administrative offices are housed in Bent Hall as are the Departments of Student Conduct and Student Wellness. The Center for Counseling and Consultation is located in Marillac Hall, and Student Health Services is located on the first floor of DaSilva Hall in the Residence Village. The D'Angelo Center (DAC) houses the Departments of Student Engagement, Operations and Student Development. Students have access to the many student facilities in the DAC including the Sodano Coffeehouse, student lounges and game rooms, cafeterias, conference facilities for student-faculty engagement opportunities, a Starbucks Café,

a student "living room" with a fireplace and piano, a student-run cooperative printing center and a Campus Concierge which provides information and tickets for upcoming programs and events.

**Staten Island Campus:** Student Affairs administrators are located in the lower level of the Campus Center, the Campus Center Gymnasium and the second floor of the Kelleher Center. Staten Island also houses a Center for Counseling and Consultation, located in Flynn Hall, and a Student Health Services office, located in the Campus Center, Room B17.

## Campus Activities

Campus Activities provides students with a variety of programming and leadership opportunities throughout the year. With well over 100 student organizations on campus, there are endless ways to get involved in campus life. By participating in a number of social, cultural, political, spiritual and academic organizations, students will ultimately achieve an enhanced university experience.

## Campus Recreation

Campus recreation provides opportunities to participate in a variety of formal and informal activities. These activities encompass team sports, individual and dual sports, as well as competitive and non-competitive activities. In addition to the benefits of physical fitness, participants can obtain new and improved life-long skills, along with social and ethical qualities.

### Taffner Field House

The Field House includes two multi-purpose courts for basketball and volleyball. It also includes locker rooms, a lounge and the Campus Recreation office. Your personal valid St. John's Stormcard is required for entry.

### Fitness Center

The Fitness Center is located on the east side of Carnesecca Arena. You may enter the Fitness Center from the lower level in Carnesecca Arena. Your personal valid St. John's Stormcard is required for entry.

### Fitness Classes

We offer various fitness classes such as Yoga, Pilates, Spinning, Hip-Hop, Body Conditioning, Self-Defense, Judo, Kickboxing and many more.

### Personal Training

The Personal Training Program is open to all students, administrators, faculty and staff. The Personal Training Program offers one-on-one sessions with a qualified personal trainer who designs a fitness program specifically to meet your needs and interests.

## Intramurals

We offer a variety of Intramural Sports, such as Basketball, Dodgeball, Flag Football, Soccer, Softball, Dodgeball Tennis, Arena Flag Football, Kanjam, and Wiffleball.

## Club Sports

We currently have the following Club Sports: Bowling, Tennis, Ultimate Frisbee, and Men's Basketball.

Students interested in starting a new club can do so by visiting the Campus Recreation Office to obtain a proposal form.

## Locker Rooms

There are men's and women's locker rooms located in both Taffner Field House and in Carnesecca Arena. The lockers are to be used on a daily basis. You must bring your own lock or purchase one from the Campus Recreation Office in Taffner Field House.

## Department of Student Wellness

The Department of Student Wellness is made up of five major areas; Wellness Education, Center for Counseling and Consultation, Office of Disabilities Services, Student Health Services, and Campus Recreation.

### Wellness Education

Our goal is to empower and educate students as they continue to develop during their time at St. John's University. We seek to understand our students' concerns and offer a steady stream of information so individuals can make informed choices about their own health and wellness. We offer wellness events that feature and reinforce learning around areas such as: alcohol and other drug abuse, nutrition, stress reduction, mindfulness meditation, healthy relationships, sexual abuse and harassment, smoking cessation and balanced living.

Wellness Education offices are located on the Queens Campus in Bent Hall, Garden Level, 718-990-8048, or contact us at [swell@stjohns.edu](mailto:swell@stjohns.edu).

### Center for Counseling and Consultation

The Center for Counseling and Consultation provides free and confidential counseling services to students including individual counseling, groups, crisis intervention, and community referrals. Psychiatric consultation is available when indicated. The Center embraces a community involvement model and works closely with various departments and student groups by providing training, consultation, and programming including suicide and sexual violence prevention.

The Queens Center, Marillac Hall, Room 130  
Phone: 718-990-6384  
Fax: 718-990-2609  
Evening hours until 7 p.m. are provided a few days a week when classes are in session.

## Services for Students with Disabilities

The Office of Disability Services coordinates equal opportunities for students with disabilities. These services are designed to ensure, for all students, full participation in programs and activities offered throughout the University. The aim of these services is to improve the quality of the academic, social and personal lives of the disabled members of our community. All documentation will be kept confidential in accordance with legal requirements.

St. John's University students requesting accommodations for a disability must present documentation of the disability to the Office of Student Disabilities on the appropriate campus for verification of eligibility.

All documentation will be kept confidential in accordance with legal requirements and should be submitted directly to:

## Residence Halls and Off-Campus Housing

St. John's University provides housing to undergraduate, graduate, and law students in residence halls and apartments on the Queens and Staten Island campuses. On the Queens campus, these housing options include single, double, triple, and quad-style rooms in suites, rooms sharing a connecting bathroom, and apartment configurations on- and off-campus. The Staten Island campus offers apartment-style housing at the edge of the campus property. The Office of Residence Life on the Queens campus is located in the Residence Life Office, Donovan Hall C-16; and on the Staten Island campus at 35 Arlo Road Apt. 1A.

## University Career Services

University Career Services serves as a resource to internal and external constituents offering career advising, job-readiness skill training, internships and employment services. Career Services offers students a wide range of career-related education and development, which includes, but is not limited to:

### Individual Advisement

A Career Advisor will assist you in developing your professional objective, resume/cover letter writing, internship/job search strategies, networking and evaluating job offers/salary negotiations. University Career Services offers one-on-one support for enrolled students.

### St. John's CareerLink

St. John's CareerLink is your gateway to University Career Services, online resources and important updates. CareerLink includes access to job, internship and campus recruiting listings; registration for Career Services, programs; workshops, information sessions, career fairs and other event information; and additional career development and employment resources. To access CareerLink, log in to MySJU and click on the Career Services tab.

### COACH (Count on Alumni for Career Help)

COACH provides you with mentoring opportunities to learn about potential career opportunities and meet people working in the areas you wish to explore. Through COACH, students can spend a day with a mentor through job shadowing and/or connect with mentors on the LinkedIn group Career Connect. Open exclusively to the St. John's community, this group provides students with the opportunity to learn about employment trends, job functions, salary expectations, effective job/internship searches and career paths from alumni.

### Polished and Professional

The goal of this series is to provide the professional tools necessary to succeed in your career. Not only will you have the knowledge needed, but by the end of the series you will know what it takes to stand out among your peers. And in today's competitive job market, being polished and professional is essential. Programs include business networking strategies, dining etiquette, creating a personal brand, mock interviewing and more.

### On-Site Employer Visits

On-Site Employer Visits provide students with an opportunity to learn about industries and opportunities. Network with alumni, learn more about specific career fields and get experience interacting with potential employers at their company.

## Internships and Employment

Are you looking for internships or job opportunities?

If your answer is yes, visit the University Career Services to access resources and listings to assist you with identifying, researching and obtaining meaningful internships, part- and full-time employment.

### On Campus Recruiting

Each year employers representing various fields visit St. John's University with hopes of meeting qualified candidates to fill their full-time and internship hiring needs. University Career Services facilitates one-on-one meetings between candidates and employers through on-campus interviews. Interested students may meet with a career advisor to discuss the requirements for participation.

### Career and Internship Fairs

Employers from various fields come to campus several times each year offering advice about careers in their organizations and seeking to meet qualified candidates to fill internships, part-time and full-time positions.

## Communications Facilities

Courses in the area of communications and TV/film studies are supported by the Radio and Television Studios, Edit Lab, located on the fourth floor of Bent Hall.

The Radio and Television Center is a broadcast-quality production and post-production facility that can accommodate both in-studio and on-location productions. The TV Studio features three high-quality color cameras, a computerized lighting system, a 14-channel audio board, digital video effects, electronic character generator with graphics capability, teleprompters and a professional announcer booth for voice-over recordings. The facility can accommodate the recording of talk shows and interview or instructional programs to digital tape. Dedicated laboratories allow for non-linear, digital editing, computer graphics and animation, as well as desktop publishing.

The Radio Studio is equipped to record music, news, interviews and commercial programs. The Center's atmosphere and equipment afford an exposure to a broadcast-quality facility that prepares students for entry into the communications industry. At the Staten Island campus, the radio facilities, located in DaSilva Hall, are used in the production of a wide range of program formats from news to dramatic performances. Production equipment in the radio control booth include compact discs and editing and announcing facilities.

The University maintains state-of-the-art facilities for the layout, design and production of a modern newspaper. The facilities include word processors, computer software and equipment for professional quality art, design layout and photography.

## Dining Facilities

St. John's University's Dining Services offers a variety of options to meet your hectic schedule. With new facilities and exciting culinary additions at each location we offer you the ultimate dining experience. ## The Global Language and Culture Center

The Global Language and Culture Center, located in St John Hall 104–106 and part of the Department of Languages and Literatures, is a resource center where students, enrolled or not in a language class, can come to practice one of the 15 languages currently offered at St John's University. Through immersion and interaction, with the help of trained language assistants, they can build on the language skills acquired in the classroom in a convivial and relaxed atmosphere.

The Center offers large seating and study areas equipped with computers, large screen TVs and reference material. Individual language pods lend privacy to small study groups.

Students can receive individual tutoring to improve their grades, or engage in group activities under the guidance of a language assistant: grammar, pronunciation and writing workshops, round table conversations in the selected language, or workshops to prepare for an internship abroad in France, Italy or Spain. Lectures and cultural events are held regularly at the Center. Language placement tests are also administered for students interested in majoring or minoring in a Romance language and advisement given on language courses within St. John's College.

For all beginning (levels 1 and 2) and intermediate (levels 3 and 4) language courses 10 sessions at the GLCC are a department requirement per course per semester. A GLCC fee is required.

## Student Computing Facilities

St. John's University is committed to preparing its students with the technological skills necessary to meet the challenges of the 21st century marketplace. Under the leadership of the Information Technology Division, the University is equipped to meet the instructional needs of students and faculty through state-of-the-art academic computing facilities. Students have access to facilities that consist of seven microcomputer laboratories, over 250 multimedia classrooms, microcomputer classrooms, and Library patron computers. Deployment of desktop computers to these facilities now totals over 1000 Intel-based workstations and over 125 high-end Macintosh computers.

The University's state-of-the-art computer network enables each microcomputer to access

a wide range of software, as well as electronic mail and the Internet through the World Wide Web. A variety of educational, business, statistical and other electronic information resources are accessible through the campus's high-speed Gigabit backbone with 1 Gbps Ethernet available for desktop computers. Internet connectivity is provided through a 2GB link. Wireless connectivity is available at all seven locations (Queens, Staten Island, Manhattan, Oakdale, Rome, Italy; Paris, France; and Seville, Spain).

### Microcomputer Laboratories

The microcomputer laboratories now contain more than 300 Intel workstations and over 30 high-end Macintosh computers. Two of these labs are located on the Queens campus. Additionally, each of the following locations has one lab: Staten Island, Manhattan, Oakdale, Rome Italy and Paris France.

Many of the desktop lab computers are Intel i7 platforms, DVD-RW and 8GB of RAM matched by LCD monitors, Windows 7 (OS), the MS Office 2013 suite as well as many other Windows-based applications. All the computers are connected to the STJ computer network, UNIX servers and Windows NT file servers.

Microlab / Classroom Macintosh computing resources consist of primarily MAC Pro's running Intel Xeon Quad core with 8 GB of RAM, and running MAC OS 10.9. Wired and wireless printing facilities for both platforms consist of shared high speed B&W as well as color laser printers.

### Multimedia Classrooms

Of the total 257 multimedia, microcomputer and seminar style classrooms, 177 are located on the Queens campus, 39 more are at the Staten Island campus and 18 are on the Manhattan Campus. Each multimedia classroom is equipped with a podium, faculty computer, a sound system and projection equipment that can be viewed by all the students. Faculty has the option of connecting and projecting the image from their laptop computers in all multimedia classrooms as well. In the Manhattan campus classrooms, the connection between laptop and projector can be wireless. Multimedia equipped classrooms are available at the other campuses as well.

Although students do not have individual workstations, each multimedia presentation environment allows faculty to incorporate technology as a teaching tool to enhance the learning experience for their students. The Queens campus has 6 multimedia equipped/large capacity facilities. (The D'Angelo's Center Tiered Lecture Hall, D'Angelo Multipurpose Room, Marillac Auditorium, the two St. Albert Amphitheaters, and the Little Theatre).

### Microcomputer Classrooms (Intel and Macintosh)

Further, the Queens campus has 13 microcomputer classrooms and there are 5 in Staten Island. The Oakdale campus has 2 computer classrooms, the Manhattan campus has a combination computer lab/classroom with the latest Intel-based hardware and the Rome and Paris campus each has one of the same. The microcomputer classrooms, at all six locations, provide students with individual computers through which they are able to participate in hands-on training, and a faculty station which enables demonstration of software. Individual instruction on how to use the equipment in both Multimedia and Microcomputer classrooms can be obtained through Information Technology.

### Academic Computing Initiative

The Academic Computing Initiative has three primary components: The laptop program, campus wireless networks, and student portal (MYSJU).

All incoming full-time first-time freshmen and transfer students receive a state-of-the-art laptop, software, and accessories from the University. For 2015, the University is offering freshmen a choice of one from three laptops with two of them being Lenovo and the third a MacBook. The MAC is available for an additional \$400 Program Fee. The Lenovo laptops run Microsoft Windows 7/8.1 with Office 2013 and are covered by a 4-year warranty supported by repair centers on the Queens and Staten Island campuses.

The DaSilva Academic Center on the Staten Island Campus illustrates how IT facilities are being adapted for increased laptop usage. Podium classrooms have been designed with a desktop as well as the capability to use video and sound from a laptop for faculty demonstrations. The DaSilva 109 and 110 Laptop Classrooms include desks, for collaborative teaching and learning as well as Smart Boards and document cameras.

St. John's Central is a one-stop web portal that makes University resources available to students from the Internet. It includes student productivity tools such as email and calendaring, communication tools like chats and discussion groups, and educational tools like course home pages, syllabi, library access, and course calendars.

The architecturally attractive, striking and intimate D'Angelo Center features state-of-the-art technology, including the latest version of the technology podium, video conferencing capabilities, 14 multimedia classrooms and 6 multimedia seminar rooms. The building has been constructed according to LEED (Leadership in Energy and Environmental Design) standards and includes many energy-saving mechanical and electrical systems. The Center is a wireless facility, allowing students to use their laptops wherever they choose.

Every classroom is equipped with WallTalker, an innovative product that can be used as a projection screen and whiteboard at the same time. Every seminar room features a 65 inch high definition Video LCD display or a projector both with a DirecTV feed. There is also a large Multi-Function Room that can be subdivided into 3 full size fully equipped classrooms or used as one massive banquet hall. Finally, the Tiered Lecture Hall, which seats 145, boasts two DirecTV ready 65 inch LCD displays besides a video projector and motorized projection screen. Both the Tiered Lecture Hall and Multi-Function Room are equipped with wireless microphones, allowing the speaker to freely move anywhere in the room.

## **Speech and Hearing Center**

The Speech and Hearing Center, under the direction of Donna Geffner, Ph.D., CCC–Sp/A, has offered diagnostic and therapeutic services for communication disorders since 1976. Located off the Queens campus on Union Turnpike, the Center serves Queens, Long Island and the metropolitan New York community. The population ranges from infants to adults. The Center's staff consists of ASHA certified and New York State licensed professionals who work with each client to completely evaluate and assess the communication disorder as well as design intervention strategies for a therapy program. Therapy sessions are scheduled on a semester basis according to the Academic Calendar. When indicated, referrals are made to other appropriate agencies.

The Center serves as a training site for St. John's University students enrolled in the Speech–Language Pathology and Audiology Program. Therapy is provided by professionals and by students under direct supervision. The Center is a fully equipped, modern facility, housing the latest diagnostic, therapeutic

materials and instrumentation. Two complete audiometric suites are on site to provide audiological evaluation and hearing aid fitting.

Speech–Language Pathology Services include evaluation and therapy for articulation, voice, language, stuttering, aphasia, learning disabilities and neurological disorders; and improvement of voice and diction for speakers with foreign accent/ESL or regional speech patterns. Social skills training groups are provided. Consultation and referral sources as well as conference visits to schools/agencies are also available.

The Audiology Services include audiological evaluations, such as pure tone and speech audiometry, impedance and site of lesion testing; brainstem-evoked response testing; hearing aid evaluation and orientation; aural rehabilitation evaluation and training; early childhood testing; central auditory processing testing and otoacoustic emission testing. The Center provides free screenings on site and off-site for a reasonable fee and a free hearing aid help clinic on designated days. Call for fees (718) 990-6480.

## **University Libraries**

The St. John's University Libraries further teaching and learning in the University by providing information resources, instructional services, research assistance and other information services for University programs, students and faculty. The libraries are comprised of three major libraries on three campuses (Queens, Staten Island, Manhattan), and additional collections at the Rome and Oakdale Campuses. St. John's University School of Law separately maintains the Rittenberg Law Library on the Queens Campus. Together these libraries contain nearly one million volume equivalents of books, periodicals, government publications, digital and visual media all of which support the undergraduate and graduate programs of the University. The Libraries provide onsite access to all resources and to study space, vast—and increasing numbers—of resources are available remotely to all authenticated members of the University community and in support of our global campuses and online learning programs. Cultural and recreational materials are also available.

**The Main Library**, completely renovated in the summer of 2008, is a selective depository for United States government documents, and houses Special Collections, the University Archives, and an Instructional Materials Center. The Main Library also oversees the Chin Ying Asian Library located in the Sun Yat Sen Center building.

**The Loretto Memorial Library** on the Staten Island Campus houses over 130,000 volumes including periodicals, microfilm materials and a collection of recorded music, poetry and plays.

**The Davis Library** on the Manhattan Campus maintains one of the finest collections of contemporary and historical insurance materials in the country.

An instructional program provides learning, in a variety of formats, for information literacy appropriate to undergraduate study and as preparation for lifelong learning.

Both wired and wireless access is available throughout the libraries, and cooperative arrangements with other libraries provide regional, national and international access to materials.

## **University Freshman Center**

The University Freshman Center's purpose is to fulfill the commitment made by St. John's University to mentor and guide first-year students and their families through the student's transition from high school to college. Our goal is to welcome each and every student into the St. John's community, and assist them with their overall transition, acclimation and integration into the University setting. We accomplish this by helping first-year students achieve a connection and a feeling of belonging to the University.

The University Freshman Center provides first-year students with their own personal professional advisor. The advisor will focus on providing the student with the knowledge and support needed to make informed decisions concerning their academic program and career goals, as well as assisting with personal and financial concerns. The University Freshman Center will act in conjunction with, and on the behalf of, each new student from the time they make their initial entry into the institution to the time they reach their sophomore year.

The University Freshman Center takes pride in "going the extra mile" for the newest members of our University community. Our Center is committed to ensuring that every first-year student receives the necessary tools to become responsible and is prepared to take charge of their own academic career. For any additional information regarding the University Freshman Center, please call 718-990-5858 or email the office at [freshmancenter@stjohns.edu](mailto:freshmancenter@stjohns.edu). You may also visit our website at [stjohns.edu/ufc](http://stjohns.edu/ufc).

As a Catholic university, St. John's is challenged to embody academic excellence. According to Pope John Paul II in the apostolic constitution *Ex Corde Ecclesiae* and the U.S. bishops in their document *Catholic Higher Education and the Pastoral Mission of the Church*, Catholic universities must give their students the highest quality liberal education. For undergraduates, we believe this is best achieved through a unified Core Curriculum. The University Core Curriculum serves as a platform for excellence in the liberal arts and sciences, professional programs of study, and lifelong learning.

## Rationale for a University–Wide Core Curriculum

The rationale for a University–wide Core Curriculum flows from several key elements of the Mission Statement, which declares that St. John’s University is (1) Catholic, (2) Vincentian, and (3) metropolitan.

Specifically, the University Core Curriculum reflects the Catholic, Vincentian and metropolitan nature of the institution in the following ways:

1. The courses of the Core Curriculum at St. John’s, in the best of Catholic tradition, enrich the study of the arts and sciences with the perspectives and traditions of the Catholic faith and encourage students of all faiths to seek truth in a universal spirit of openness.
2. The courses of the Core Curriculum at St. John’s reflect the Vincentian tradition of a values–oriented worldview. This means that in its design and execution, the Core Curriculum makes conscious efforts to promote global harmony and human development and in the spirit of St. Vincent de Paul, reflects sensitivity to and concern for those who lack advantages.
3. St. John’s University is proud of its role as an institution of higher education in New York City, a global center of ideas and cultures. The courses of the Core Curriculum draw on the rich resources that the city and its surrounding area have to offer.

## Purpose of the Core

The purpose of the Core Curriculum is to provide a unified educational experience that characterizes St. John’s students and provides them with the knowledge and skills necessary to become educated members of society. The Core consists of 27 common credits that are taken by every St. John’s student, regardless of college or major field of study, and a minimum of 21 Distributed Core requirements that vary by college or program of study.

The Core is divided into two groups: Common Core and Distributed Core. The distinction does not imply difference in importance, but reflects the diversity of programs of study.

## Courses of the Common Core

### Discover New York (3 credits)

DNY is an introduction to New York City through the lens of a particular academic discipline. The course focuses on the themes of immigration, race/ethnicity, religion, wealth and poverty and the environment. Students are required to take field trips as a part of their study.

### English Composition: Critical Analysis in Reading and Writing (3 credits)

In this writing–intensive course, students read a variety of essays, analyzing them for content, structure and language. Analysis and synthesis in both reading and writing about a variety of subjects are required. Research techniques are studied, and a research paper is required.

### English: Literature in a Global Context (3 credits)

This writing–intensive course examines literature from a global perspective. While familiarizing students with literary genres and text, the course introduces students to writing and critical thinking about culture, cultural difference and social values.

### History: The Emergence of Global Society (3 credits)

The global dissemination of the scientific, technological and industrial revolutions and the spread of world religions, democracy and internationalism lead to the emergence of modern society. The impact of Western cultural, economic, and technical domination and globalization as a historical force are examined.

### Philosophy: Philosophy of the Human Person (3 credits)

What does it mean to be a human person? This course places special emphasis on the nature of human freedom, consciousness and cognition, and the origin and significance of life. Central to the course is a discussion of the spirituality, immortality and dignity of the human person. The course begins with an introduction to philosophy and critical thinking.

### Philosophy: Metaphysics (3 credits)

Metaphysics addresses the ultimate principles of knowing and being. Central questions are considered: Is there evidence of God’s existence, and correspondingly, is there a solution to the problem of evil? This course also considers traditional metaphysical aspirations in the context of contemporary challenges from the physical and social sciences.

### Scientific Inquiry (3 credits)

This course introduces students to the fundamental processes of science through the exploration of specific topics in modern science. Students can choose from a number of different investigations (historical and logical sequences in the development of a major idea) including those into atomic theory, energy, environmental science, evolution, geoscience and quantum mechanics.

### Speech: Fundamentals of Public Speaking (3 credits)

Students learn to apply the basic principles of purposive speaking with primary emphasis on extemporaneous public speaking.

### Theology: Catholic Perspectives on Christianity (3 credits)

This course introduces Christianity, highlighting belief statements, practices, scripture, rites, theological writings, artistic expressions and other discourses manifesting and expressing the Catholic perspective of the Christian faith.

## Courses of the Distributed Core

1. EITHER two courses in a second language OR Creativity in the Fine Arts AND Language and Culture (6 credits)
2. Mathematics (3 credits)
3. Philosophy (Ethics) (3 credits)
4. Theology (6 credits) (including one course in Moral Theology)
5. Social Sciences (3 credits)

Individual colleges may require additional Distributed Core courses. All requirements are listed on the Core Curriculum Website. Students should see their Academic Advisors for assistance in choosing courses of the Distributed Core.

## St. John's College has two office locations.

On the Queens Campus, the Dean's office is located in St. John Hall, Room 145, 718-990-6271. On the Staten Island Campus, the Dean's office is located in Flynn Hall, Room 102, 718-390-4300.

## Objectives

St. John's College of Liberal Arts and Sciences realizes the objectives of the University at large by offering a liberal education in a Catholic atmosphere to students seeking higher learning either for its intrinsic values or as preparation for graduate study or professional careers.

## Academic Advisement

The responsibility for arranging an appropriate program and for meeting all degree requirements rests with the student. Academic advisement is offered to assist students in meeting this responsibility. Advisors give special attention to the student's academic progress and adjustment to college; they offer direction to the student regarding specific major/minor/Core Curriculum and/or degree requirements, appropriate use of electives and career goals/opportunities.

All freshmen should report to the Freshman Center for advisement. Undecided sophomores should consult the Dean's Office for assignment to an advisor. Declared sophomores, juniors, and seniors should consult their respective departments to be assigned to an advisor.

## Programs of Study

St. John's College of Liberal Arts and Sciences offers programs leading to the degrees of Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts.

## Minors Available

Various departments offer programs leading to minor concentrations in their disciplines. Minors are not required for graduation but are chosen by students who wish to focus their core requirements and general electives in particular directions. The following guidelines for minors were determined by the Liberal Arts Faculty Council:

1. Students may choose any available minor program that is clearly differentiated from their major area of concentration.
2. Students may elect a minor after the completion of one semester of college.
3. Only one three-credit course may be used for both a major and a minor, provided that the minor sequence has at least 18 credits. For minors with fewer than 18 credits, no overlap is possible.
4. The Pass-Fail Option is not available in the fulfillment of minor requirements.
5. Students should schedule an interview at least once a year with their minor advisor.
6. The successful completion of a minor (with a minimum index of 2.0) will be noted on students' transcripts.
7. To complete a St. John's College minor at least 50% of the coursework must be completed in St. John's College courses. Previously completed courses may be applied but may not make up more than 50% of the total credit.

## Interdisciplinary Minors

### Africana Studies

15 semester hours including: HIS 3400 and twelve semester hours, representing at least three different disciplines, selected from the following: ANT 2440, 2450; ART 1755, 1830; ENG 3300, 3330, 3470, 3475, 3480, 3650; FRE 3820; GOV 2480, 2750, 3680; HIS 2300, 2301, 2302, 2450, 3410, 3711, 3712, 3850; MUS 1300; PSY 2230; SOC 1190, 2450.

Note: Independent study courses, special topics courses and graduate level courses with significant Africana content can be counted for Africana minor credit with authorization of professor and director of Africana Studies.

For more information, contact Dr. Konrad Tuchscherer, Director of Africana Studies, [africana@stjohns.edu](mailto:africana@stjohns.edu).

### American Studies

18 semester hours including: three semester hours in the Capstone ASP Seminar and fifteen semester hours from three different areas, selected from the following:

**Humanities Group** (six semester hours from different disciplines): ENG 2060, 3300, 3310, 3320, 3330, 3340, 3350, 3360, 3390, 3470, 3480, 3560; HIS 2700, 2710, 2711, 2712, 2720, 2730, 2740, 2750, 3100/ASC 2540, 3150, 3180, 3375, 3701, 3702, 3705, 3711, 3712, 3715, 3720, 3725, 3731, 3732, 3735, 3740, 3750, 3760, 3780, 3790, 3795; PHI 3540; RCT 2040; THE 3510.

**Social Sciences Group** (six semester hours from different disciplines): GOV 2160, 2240, 2430, 2510, 3641, 3330, 3590, 3800; SOC 1170, 1190, 2410, 2420, 2440, 2450, SOC/ANT 2750.

**Arts, Media, and Technology Group** (three semester hours): ART 1830, 1840, 2790; MUS 1230, 1260, 1300.

### Capstone ASP Seminar (3 semester hours) Seminar in American Studies: Engaging American Culture

The seminar introduces students to recent developments in American Studies focusing on social justice, community-based research projects, fieldwork, and problem-solving methodologies.

### Catholic Studies

18 semester hours including: THE 1000C, 2000, 3000, and nine semester hours approved by the minor program director; up to six semester hours may be taken outside of the department of Theology and Religious Studies with the permission of the director.

### Women's and Gender Studies

18 semester hours chosen from the following (maximum of six semester hours may be taken in the same discipline): ART 1840, 2770; ANT 1110; CLS 1240; ENG 3350, 3475; GOV 1280; HIS 3140, 3300, 3460, 3560, 3562, 3731, 3732, 3735; PHI 2330, 3580; PSY 2240; SOC 1150, 1170, 1570, 2220, 2330, 2430, 2440, 4990; THE 3240. Internships may also receive course credit with the approval of the director.

### Multicultural and Multiethnic Studies

18 semester hours including: ANT 1010, 1040, 1155/RCT 1155 and nine semester hours from courses relating to culture/civilization, each course from a different region of the world: Africa, Asia, Europe, Latin America and the Caribbean, and Middle East.

Courses applicable to the minor:

**Africa:** ANT 2450; ENG 3330; FRE 3820; GOV 3680; HIS 2302

**Asia:** ANT 2760; ASC 1230, 1250, 1300, 1310, 1480, 1490, 1790/THE 2830, 1800/THE 2840, 2210, 2220, 2500/HIS 2310, 2510/HIS 2312, 2710/GOV 3710, 2720/GOV 3720, 3460, 3470; PHI 3590.

**Europe:** ENG 3540; FRE 3090, 3100, 3300, 3550, 3560, 3600, 3630, 3650, 3670, 3690; GOV 2650, 2660; HIS 3511, 3512, 3652, 3653; ITA 3090, 3100, 3550, 3560; LLT 1040; SPA 3090, 3550, 3610, 3770, 3780.

### Latin America and the Caribbean:

ANT 2440; FRE 3820; GOV 2690, 2750, 2760; HIS 2331, 2332; SPA 3100, 3560, 3700, 3730, 3740.

**Middle East:** GOV 3820; THE 2850, 3850.

### New York Studies

18 semester hours including: DNY 1000C and fifteen semester hours chosen from the following: ANT 4820; ART 1020; BLW 1040; ECO 1019; ESP 1050; GOV 2470, 2480; HIS 3760, 3770; RCT 2090; SOC 1011, 1021, 1080, 1190, 1220, 2460, 2630; THE 3320; TVF 1740.

Note: No more than six semester hours can be from mini-session courses. No more than six semester hours can be from any one discipline.

### Social Justice: Theory and Practice in the Vincentian Tradition

18 semester hours including: THE 2320, three semester hours from PHI 2200C, 2240C; THE 2300, three semester hours from SOC 1190; ECO 1320, three semester hours in the Integrating Interdisciplinary Seminar in Social Justice, and six semester hours chosen from the following: ART 1830; BIO 1360; CRJ 3005; ECO 1024; ESP/GOV 2160, ESP/GOV 2170; GEO 2001; GOV 2850; HIS 3110, 3120, 3740, 3780; LES 1018, 1023, 1024; PHI 3720; PSY 1019; SOC 1070, 1170, 1590, 2100, 2460;

RCT 2060, 3150; THE 3310, 3320.

In addition, students must complete a minimum of 40 hours of service-learning in the courses in the minor.

## Specific Entrance Requirements

16 high school units (or appropriate score on GED):

English	4
Mathematics	2
History	1
Science	1
Foreign Language	1
Electives	6

*At least three electives must be from the academic grouping.*

In addition to these basic admission requirements for all St. John's College degree programs, the following should also be noted:

1. Students seeking admission to the B.F.A. degree program must submit a portfolio of original artwork. Upon submission of a completed admission application, students will be asked to contact the Department of Art and Design to schedule a portfolio review.
2. Students seeking to matriculate for a B.S. degree, a B.A. degree in Mathematics, or who are looking toward careers in Medicine, Dentistry, Osteopathy, or Optometry should include the following courses in their high school programs: Intermediate Algebra and Trigonometry (or 11th year Mathematics), advanced Algebra and Calculus, Physics and Chemistry and either French or German.
3. Students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a high school average of at least 82 and a combined SAT score of 1100.

## Transfers

### External

The general University policy for students requesting transfer from other colleges or universities is stipulated in the Admission section of this bulletin. Students accepted by the College will receive an evaluation of their transfer record listing the courses applicable to their program of study at St. John's College of Liberal Arts and Sciences. Only courses with grades of C or better will be considered for transfer. Transfer students must contact Transfer Student Services at 718-990-3371 to schedule an interview to plan their academic program.

All external transfer applicants to St. John's College who have been awarded an A.A. or A.S. degree will fulfill the requirements for their baccalaureate in St. John's College after successfully completing a minimum of an additional 64 semester hours including, a) six semester hours in Philosophy and six semester hours in Theology; and b) the requirements for

the selected major concentration. The remainder of the student's program is determined under the guidance of an assigned advisor. All external transfer students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a GPA of at least 3.0.

Credits may be accepted for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g., Middle States Commission on Higher Education) or if it was earned at a college/university-level institution of a type traditionally accredited by some other type of agency (e.g., in New York State, the Board of Regents). Students with credits from other countries will be asked to provide a World Education Service evaluation before transfer credits are awarded.

## Internal

The general University policy for students requesting transfer from other colleges within the University is stipulated in the Admissions section of this bulletin. All applications are subject to the review and approval of the College Admissions Committee.

Upon entry to a St. John's College program of study, students must take all their remaining major courses within their major department. All internal transfer students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a GPA of at least 3.0.

## Advanced Placement/ Credit by Exam

St. John's College awards Advanced Placement and college credit to those entering freshmen who earn a requisite score on the Advanced Placement and/or CLEP tests. Placement and the number of college credits appropriate to the academic development of the qualified student are determined by the Dean's Office.

With respect to credit for students who have earned an International Baccalaureate (IB) Programme Diploma, the following policies are in effect:

1. The College will consider only IB higher level courses. No credit will be awarded for standard level exams.
2. The College will evaluate IB higher level courses on a course-by-course basis.
3. Credit will be considered for higher level exam results with a grade of 5 or higher.
4. Students must submit official transcripts of exam results.
5. A maximum of 18 credits may be awarded for IB higher level courses.

Students who wish to take CLEP or other credit-by-test exams must receive prior approval from the Office of the Dean if such credit is to be applied to a St. John's college degree.

## Fresh Start Rule

An undergraduate student accepted for readmission to St. John's College after an absence of five or more years from the University may petition the Dean to recalculate the cumulative index of his/her previous residency. If the petition is approved, all courses taken remain on the permanent record with their original grades. Only grades of A, A-, B+, B, B-, C+, or C are counted for credit. If the petition is approved, the student resumes his/her academic program with no cumulative or major index, and thereafter is subject to the conditions of warning, probation and dismissal which govern all students. The student must fulfill all degree requirements in effect at the time of readmission.

Under the provisions of this rule, a student must complete a minimum of 30 credit hours, which shall include advanced major field courses typically taken in the senior year. All courses taken on the college level are used in the calculation of the index required for graduation with honors.

This rule applies to St. John's College only. A student who is re-admitted to the college under this rule and subsequently transfers to another undergraduate unit of St. John's University becomes subject to the regulations of that college. Other undergraduate units may not permit index recalculation.

## Academic Standing

A full-time student's program may range from a minimum of 12 to a maximum of 18 hours (credits) per semester. Freshman programs are usually 15 semester hours (credits). A student who receives a grade of F for a required course must take the course again. Please refer to the Office of the Registrar section of this bulletin for more information.

To remain in good academic standing, a student must maintain a minimum grade point average of 2.0 both cumulatively and in their major area. A student who fails to meet these standards is placed on academic probation and limited to a program of 15 credits (five courses) maximum until he/she attains satisfactory academic standing.

The minimum acceptable performance for continued study at St. John's College is a cumulative index of 1.5 at the end of the first year, 1.75 at the end of the second year and 1.9 at the end of the third year. A cumulative and major grade point average of 2.0 is required for graduation.

## Attendance Policy

Regular and prompt attendance is expected of all students and is an individual student's responsibility. Absence from class does not excuse a student from any work missed. Students are responsible for all announced exams and for submitting all assignments on time. Ignorance of such exams and assignments is not an acceptable excuse for failure to complete them. Individual faculty members determine participation requirements and if a makeup exam will be given as stated within their course outlines and requirements.

Several types of courses such as writing courses, science laboratories, global language and culture courses, art studios and speech performance courses are not covered under this general requirement and may have specific attendance requirements. Students are responsible for the published attendance requirements in any course for which they are registered.

## Pass-Fail Option

The Pass-Fail Option has been instituted to encourage students to enroll in more challenging courses outside their major area without affecting their grade point average.

The option is available to students with sophomore status who have completed a minimum of 25 credits, and whose current grade point average is at least 2.0. The option is limited to one course per semester and/or term (e.g., Pre-session, Summer Session I, Summer Session II, and Post-Session are considered one term) with the total during the three years, not to exceed six courses.

The Pass-Fail Option may not be used in connection with the students' major/minor requirements (including ancillary courses required for the students' degree). This option does not affect the student's grade point index, although a "Pass" is credited toward the degree.

Application for the Pass-Fail Option must be submitted on-line through UIS. In any given semester, a student may elect the Pass-Fail Option up to and including the last date designated for withdrawal from class without academic penalty. The Pass-Fail Option is also reversible during the same time period.

## Make-up Examinations

St. John's College adheres to the general University policies regarding examinations as stated in the Academic Information and Regulations section of this bulletin. Tests, term papers and assignments are given at the discretion of the instructor. Credit is not given for a course unless all assignments have been satisfactorily completed. All work must be submitted no later than the last meeting of the course.

St. John's College does not give "Incomplete" grades to undergraduate students. At their discretion, faculty may issue a special grade of UW (Unofficial Withdrawal) to a student who has stopped attending and has not completed a substantial amount of the assigned work. Faculty may also issue a final grade of F to any student who, in their judgment, has not satisfactorily completed the stated course requirements in an acceptable manner.

A special grade of ABF (Absent from Final) may be given to any student who has completed all course requirements but misses the final examination because of circumstances that are typically beyond the control of the student. Any student receiving the ABF must submit an explanation, together with substantiating evidence, to his/her Dean's office immediately. The Academic Dean of the college in which the student is enrolled then determines if the student is permitted to take a make-up final exam. If permission is granted a make-up will be scheduled and a fee of \$80 must be paid to the Bursar prior to the scheduled make-up date. Make-ups must be completed in the most immediate time frame that is reasonable for the circumstances of the case. In no case shall the scheduled make-up be extended past the end of the following term.

## Graduate-Level Courses

Graduate courses are open to qualified students with the approval of the St. John's College Dean and the Chair of the department in which the student wishes to take courses. Students who have already been accepted as degree candidates in the B.A./M.A., B.S./M.S., B.A./M.B.A., or B.S./M.B.A. programs must register with the approval of their Department Chair and the Dean's Office.

## Other Academic Policies

Students must complete at least one major sequence and may take up to 12 credits in additional major courses. Students should consult their Dean's Office regarding second majors and/or minors. Credits in a major beyond the 12-credit limit will not be credited toward the degree. All major and minor changes must be approved by the Dean's Office.

With permission of the Dean, students may be allowed to take courses at other accredited institutions. Students must submit a request including the course title and description, the institution, and the proposed time frame via the Outside Institution Course Request form on UIS. Students must have a minimum 2.0 GPA, must meet the criteria established by the faculty for taking external courses and should inquire in the college office before they make their request.

For all students, a maximum of 18 credits of professional courses (education, business, pharmacy science, etc.) may be applied to the degree. Students in an approved adolescence education program leading to teaching certification may take up to 42 credits of education courses toward their degree requirements.

## Honor Societies

The Skull and Circle Honor Society (Q) and the Lambda Kappa Phi Honor Society (SI) annually select members from those St. John's College students who have combined outstanding scholarship, a high degree of personal integrity, and a deep devotion to St. John's as manifested in significant contributions to institutional activities. For additional qualification information, students should consult their campus Dean's Office.

In addition, membership in a number of honor societies is available for students who demonstrate outstanding scholarship in the major areas indicated:

**Alpha Kappa Delta:** Sociology

**Alpha Psi Omega:** Theatre

**Epsilon Delta:** Speech Communication Arts and Public Address

**Gamma Kappa Alpha:** Italian

**Lambda Alpha Sigma:** Anthropology

**Omicron Delta Epsilon:** Economics

**Phi Alpha Theta:** History

**Pi Delta Phi:** French

**Pi Mu Epsilon:** Mathematics

**Psi Chi:** Psychology

**Roger Bacon:** Biology, Chemistry, Mathematics, Physics, Psychology or Environmental Studies

**Beta Lambda:** National Slavic Honor Society

**Sigma Alpha Eta:** Speech-Language

Pathology and Audiology

**Sigma Delta Pi:** Spanish

**Sigma Pi Sigma:** Physics

**Sigma Tau Delta:** English

**Theta Alpha Kappa:** Theology

## Academic Awards, Distinctions and Prizes

Students may be awarded academic distinction for outstanding scholastic performance by being named to the Dean's Honor List. To qualify, a student must average 3.4 (minimum of 12 credits per semester) for consecutive fall and spring semesters in any academic year.

Annually, a Gold Key for academic excellence is awarded to a qualifying senior in each department of St. John's College. The recipient of each award is selected by the Chair of the department on the basis of the student's outstanding scholastic achievement in his/her major field, the student's overall academic performance and the recommendations of their department's faculty. Silver Keys are also awarded to outstanding juniors in each major department, based on similar criteria.

The **Carlton Boxhill Award** is presented to a graduating senior who has demonstrated excellence in academic achievement and University and community activities.

The **Dr. Gerald E. Fitzgerald Award** is presented to outstanding seniors from the government and politics major and public administration and public service major.

The **Charles Lacaille Award** is presented to biological science majors with strong academic credentials and research experience.

The **Edward J. Miranda Award** is awarded to an outstanding mathematics major who has demonstrated interest and dedication to the study of mathematics.

The **Reverend John B. Murray Award** is presented to a graduating psychology major who has demonstrated academic excellence, research activity and/or service to the University or greater community.

## Special Programs

### Combined Degree Programs

B.A./M.A. in Asian Studies

B.S./M.S. in Biology

B.S./M.S. in Chemistry

B.A./M.A. in English

B.A./M.A. in Government and Politics

B.A./M.A. in History

B.A./M.A. in Psychology/Criminology and Justice

B.A./M.A. in Sociology

B.A./M.A. in Sociology/Criminology and Justice

B.A./M.A. in Spanish

B.A./M.A. in Theology

These integrated programs permit qualified students to earn a bachelor's degree in four years and master's degree in five years instead of the usual five-and-a-half or six years required to obtain the two degrees.

Each program is designed to enable students to complete their undergraduate degree requirements in four years. This ensures receipt of the bachelor's degree if the student decides not to continue for the fifth year. Should the student decide not to continue with the combined degree program after the fourth year, he/she can reapply to a master's program at a later date.

To be considered for a combined degree program, applicants must have completed the sophomore year with at least a 3.0 overall index and a 3.5 index in 12 credits applicable to the major. Students should consult the St. John's College Dean's Office for additional qualification/application information.

## Collaborative Programs

### B.A./J.D. and B.S./J.D.

This program permits exceptionally qualified students with well-defined professional goals to complete their academic training in six years, earning an undergraduate degree from St. John's College and a Juris Doctorate degree from St. John's School of Law. Interested students must contact the Pre-Law Advisor in the St. John's College Dean's Office before the start of their junior year.

### B.S./D.P.M. and B.S./O.D.

These highly competitive accelerated programs permit qualified students to earn a B.S. in biology from St. John's and a D.P.M. from New York College of Podiatric Medicine, or an O.D. from SUNY Optometry, in seven years. These programs are only open to incoming freshman with superior credentials.

*Admission interviews are required. All science courses for these combined degree programs are conducted on the Queens campus.*

### B.A./M.B.A. and B.S./M.B.A.

B.A./M.B.A. in Anthropology/Business Administration

B.A./M.B.A. in Asian Studies/Business Administration

B.A./M.S. in Asian Studies/Accounting

B.A./M.B.A. in English/Business Administration

B.A./M.B.A. in French/Business Administration

B.A./M.B.A. in History/Business Administration

B.A./M.B.A. in Italian/Business Administration

B.S./M.B.A. in Mathematical Physics/Business Administration

B.S./M.B.A. in Physics/Business Administration

B.A./M.B.A. in Psychology/Business Administration

B.A./M.B.A. in Sociology/Business Administration

B.A./M.B.A. in Spanish/Business Administration

These programs permit highly qualified students to complete a bachelor's degree from St. John's College and a master's degree from Tobin College of Business in five years. Students should consult the St. John's College Dean's Office for additional qualification/application information.

## Bachelor Degrees leading to Adolescent Education Certification

Students in selected major fields can opt to include 42 credits in Adolescent Education courses in conjunction with their major requirements. Students graduate with a bachelor's degree in the major field and may be certified by New York State to teach if they fulfill all certification requirements. For information about NYS certification exams and requirements, students should consult with The School of Education. Admission into any of these programs requires a minimum of 3.0 GPA which must be maintained throughout the academic program. Students may pursue

Adolescent Education in the following major fields: Biology, Chemistry, English, French, Italian, Mathematics, Physical Sciences, Social Studies, and Spanish. All fields are offered on the Queens campus; English, Mathematics, Social Studies are also offered on the Staten Island campus. Students must complete the following 42 credits in professional education courses:

EDU 1000	3 credits
EDU 1002	3 credits
EDU 1008	3 credits
EDU 1011	3 credits
EDU 1012	3 credits
EDU 1015	3 credits
EDU 1022	9 credits
EDU 1028	3 credits
EDU 1053	3 credits
EDU 1055	3 credits
EDU 1091, 1092, 1093, 1094, or 1096	3 credits
EDU 1097	3 credits

## Independent Study and Readings Guidelines

Student must submit to the Department Chair a contract signed by a faculty member from the student's major department. Contract must include: a brief description of the course of study; a representative and tentative bibliography; the requirements established by the faculty member and the approval of the contract by the Department Chair.

Restrictions: Student must have completed a minimum of 12 credits in the major; achieved a minimum 3.0 GPA in the major; the topic of the assigned readings course must be distinct from the department's course listings in the Bulletin; the course may not be substituted for a major requirement.

Exception: In those departments with a limited number of student majors, the course may be substituted for a requirement in the major with the approval of the Chair.

A student may not take more than two courses of independent research and/or study without the express approval of the Department Chair.

## Internships

St. John's College offers supervised practical training through fieldwork and/or placement in public and private agencies/institutions. In some cases, these credit-bearing internships may be taken by qualified non-majors as well as majors. Program qualifications and application procedures vary. Interested students should consult their campus Dean's Office for additional information.

## Online Courses

Online courses offer flexibility in work and study schedules and reduce the need for traveling. This can be liberating for working students, parents of young children, and commuters. Online courses are open to all St. John's University students. For additional information regarding online courses, consult with the Chair of the department.

## Pre-Professional Advisory Programs

### Pre-Law

Most law schools do not require specific subjects for admission, therefore pre-law students may choose any undergraduate major. While students assume responsibility for their choice of academic programs, the Pre-Law Advisory Program provides students with information and advice on courses that are most beneficial in preparing for the Law School Admission Test and eventual entrance into law school. Interested students should contact their Dean's Office.

### Pre-Health

Pre-Health Studies are designed to provide background for entry to medical or health professional schools. Basic curriculum requirements for acceptance to the Pre-Health Studies program include:

Biology (one year)

Chemistry (two years)

English (one year)

Mathematics (one year)

Physics (one year)

The B.S. degree provides a more thorough training in science, but the above courses in conjunction with any program permit liberal arts students not only to meet minimum requirements for admission to most health profession schools but also to develop broad cultural backgrounds.

Students interested in the medical or health sciences are urged to register with the Pre-Health Advisory Committee, which informs students of requirements for admission to health professional schools, and helps them develop the personal qualities necessary for these health professions. The committee prepares students for entrance into professional schools by assisting with interview skills, holding on-campus interviews, and inviting guest speakers from the various graduate health professional schools. The committee also recommends qualified students to medical, dental, optometry, osteopathic, podiatric, and veterinary colleges to which they apply.

*Note: All Science courses requiring laboratory co-requisites are held on the Queens campus. There is a \$5 charge to send out any Pre-Health recommendation packages after the twelfth package.*

## Preparation for Theological Studies

Students who intend to become candidates for the priesthood are encouraged to pursue a sound liberal arts program which has a special value as a preparation for the study of theology. They may choose to pursue a B.A. or B.S. degree, although Philosophy is considered the most appropriate major. The choice of another major is to be evaluated according to individual circumstances and needs.

Certain active on-campus organizations can be of assistance in providing pastoral experience with the poor and the alienated, and in studying questions of peace and justice. Spiritual advisors are available for discernment and direction.

A certificate program in Philosophical and Theological Studies is available for seminarians who have already completed a bachelor's degree.

## The Institute for Core Studies (ICS)

The Institute for Core Studies (ICS) was created to help first-year students in their academic transition to University Life. As a unit, the three courses comprising the ICS, Writing Composition, Scientific Inquiry, and Discover New York assist first-year students in becoming their own intellectual “gatekeepers” of the large amounts of information from a wide variety of sources.

The ICS has five basic educational goals: (1) helping students to develop critical thinking and information literacy skills; (2) familiarizing students with the evidentiary bases of scientific knowledge, the use of quantitative and qualitative research skills, and the distinctions between correlation and causation in the transmission of knowledge; (3) assisting students in developing the writing capabilities and oral communication skills necessary to express their own thoughts and feelings and questions about the world around them; (4) encouraging student understanding of and an appreciation for the uniquely multi-cultural nature of the New York City Metropolitan area; (5) actively engaging students in the University’s Vincentian mission of service to the community by emphasizing Academic Service Learning.

Each of the three classes comprising the ICS plays a distinct but ultimately interrelated part in achieving these goals.

### Discover New York (DNY 1000C)

encourages students to engage intellectually and personally with the remarkable city that not only houses St. John’s University but also serves as home to people from literally all over the world. Faculty members develop DNY courses around the application of their own academic disciplines, and employ these disciplines as the conceptual lenses to address the general framework defining DNY’s educational goals. As a result, students have the opportunity to “see” New York City through a particular academic perspective including those focused on the arts, business, socio-political relationships, literature, and media in the city. With a continual emphasis on critical thinking and information literacy skills as the primary pedagogy of learning, the city becomes the laboratory for the students’ application of the course focus. Moreover, with the emphasis on Academic Service Learning, the city is experienced by students as a place populated with “real people,” many of whom live in difficult situations and need assistance.

**Writing Composition (FYW 1000C)** focuses on literacy education, challenging students to see writing as a multifaceted activity, and immersing them in multiple and far-ranging experiences with writing. Professors help students gain comfort in writing, through a repertory of practices: pre-writing and generating techniques, multiple approaches for developing and organizing their own message, a variety of strategies for revising and editing their own original texts, and ways of preparing products for public audiences and for deadlines. The faculty focuses on developing students’ reflective abilities and meta-awareness about writing by encouraging students to embrace writing, not simply as a set of strategies for the production of essays, but an exercise in thinking. Students are helped to grow as writers through opportunities to discuss what they are writing about with their peers as well as by attending writing conferences with their professors. The faculty creates spaces for student-writers to experience a web of relationships and craft their own unique identities with texts, writing, and multiple literacies.

**Scientific Inquiry (SCI 1000C)** introduces students to the way scientists think about and view the world. Through a specific theme, such as evolution, atomic theory, energy, or plate tectonics, students will develop their critical thinking and quantitative reasoning skills. The historical development of the specific theme is explored to learn how scientific theories change and develop over time as new discoveries occur. Science is empirical in nature. To understand the process of science, students investigate how experiments are designed and the results interpreted. Students learn the logic of the scientific method and how it may be used to solve problems in their everyday lives. In science, how the data is interpreted and presented has implications on all our lives, from government funding, to medical decisions, and to the food we eat. They also learn how data may be biased and misinterpreted using historical examples. Finally, because science is not conducted in a vacuum, and it impacts the world around us, the students analyze societal issues that deal with science in terms of values, ethics and responsibilities.

### **1110 Foundation Design**

A basic course in the elements of design and the principles of composition, pictorial space and structure as they relate to image making. *Credit: 3 semester hours. Studio fee, \$50.*

### **1115 Introduction to Graphic Design II**

*Prerequisite: ART 1105.* Continued exploration and exposure to visual communication problems and principles. Experimental opportunities with symbol design, form and progression problems, typography and analysis of the visual language of representation and interpretation. *Credit: 3 semester hours. Studio fee, \$50.*

### **1130 Color: Theory and Application**

An exploration of the properties and perception of color and its function in the effective manipulation of visual communication. *Credit: 3 semester hours. Studio fee, \$50.*

### **1135 Digital Media I**

Introductory course exploring the use of computers as a tool in the visual arts. Students will use computers to solve visual problems, and create digital images. *Credit: 3 semester hours. Studio fee, \$50.*

### **1200 Introduction to Drawing I**

Black and white drawing materials, such as pencil, pen, brush and ink, conte, charcoal and chalks, are explored. Students are guided by problems in direct observation, linear and elliptical perspective, space, composition, modeling, and line quality. *Credit: 3 semester hours. Studio fee, \$50.*

### **1210 Introduction to Drawing II**

*Prerequisite: ART 1200.* New drawing materials are introduced as students work toward exploring the visual world with increasing technical facility, emotional expressiveness and imagination. *Credit: 3 semester hours. Studio fee, \$50.*

### **1250 Italian Sketchbook (Abroad)**

A studio course in drawing and watercolor techniques, using the architecture, landscape and people of Italy as subject. *Credit: 3 semester hours.*

### **1255 The French Sketchbook (Abroad)**

A studio course in drawing and watercolor techniques, using landscape, architecture, and people of France as subject. *Credit: 3 semester hours.*

### **1270 Illustration I**

An introductory illustration course that provides students with a basic overview of visual perception; using materials, techniques and the creative application of the principles of art to illustrative problem solving. *Credit: 3 semester hours. Studio fee, \$50.*

### **1280 Digital Illustration**

An introduction to the central features and functions of Adobe Illustrator, the industry's leading vector-based application that is currently used as an illustration, technical drawing, animation and vector paint program. *Credit: 3 semester hours. Studio fee, \$50.*

### **1290 Introduction to Cartooning**

A studio course in cartoon and caricature. Students receive experience in the use of materials and techniques in their creative application. *Credit: 3 semester hours. Studio fee, \$50.*

### **1370 Aqueous Media in Paris (Abroad)**

An introduction to water-based painting using the architecture, people and landscape of France as subject matter. *Credit: 3 semester hours.*

### **1510 Printmaking I: Relief and Intaglio**

This course introduces the methodologies and concepts of relief and intaglio printmaking processes. These processes include linoleum and wood cut, found objects, dry point etching and variations of intaglio. *Credit: 3 semester hours. Studio fee, \$50.*

### **1610 Photography I**

An introduction to the tools, techniques and creative aspects of the photographic medium. *DSLR camera recommended. Credit: 3 semester hours. Studio fee, \$50.*

### **1620 Photography II**

*Prerequisite: ART 1610 or 1085 with permission of chair.* This course will emphasize the critical analysis and development of the student's personal photographic work, and the refinement of basic techniques in both analog and digital photographic processes. *DSLR camera recommended. Credit: 3 semester hours. Studio fee, \$50.*

### **1630 Digital Photography**

*Prerequisite: ART 1105, or 1610, or 1085 with permission of chair.* An in-depth look at the central features and functions of Adobe Photoshop and Lightroom. *Credit: 3 semester hours. Studio fee, \$50.*

### **1640 Introduction to Video Art**

Introduction to video as a fine art medium addressing historical and conceptual background as well as the techniques and tools for developing works. *Credit: 3 semester hours. Studio fee, \$50.*

### **1660 History of Photography**

An historical survey of the evolution of photography from its beginnings to the present time. *Credit: 3 semester hours.*

This course introduces the student to the study of film as an academic discipline by defining the basic components of film practice, their historical developments and their specific applications in conveying meaning and ideological premises. *Credit: 3 semester hours.*

**1820 The Art of Film II**

This comparative study of the classical Hollywood cinema and modes of cinematic representation in other national cinemas and the avant-garde analyzes the cinema's relationship to culture's dominant ideological formations. *Credit: 3 semester hours.*

**1830 Racism in Film**

Examines some of the causes and effects of racism within culture and analyzes how films organize their formal properties into strategies that promote and/or reinforce racist values and belief systems. *Credit: 3 semester hours.*

**1840 Sexism in Cinema and Television**

This course analyzes the manner in which sexism functions as an ideological institution within American culture in and through cinema and television. *Credit: 3 semester hours.*

**2115 Graphic Production**

*Prerequisite: ART 1115.* This course is designed to prepare the student for professional work as a graphic designer by giving the student a thorough understanding of packaging design and print production. Students will be confronted with a variety of design problems that will facilitate the understanding of the design process and the environmental and social ramifications of producing design outputs.  
*Credit: 3 semester hours. Studio fee, \$50.*

**2120 Three-Dimensional Design**

The principles of design as applied to three-dimensional structural form. Additive, subtractive, constructive and kinesthetic processes are explored. *Credit: 3 semester hours. Studio fee, \$50.*

**2125 Typography**

*Prerequisite: ART 1115.* In this course, students will explore the history, evolution, and use of type in design, through projects and class lectures. Emphasis will be placed on the use of typography in design studio projects. *Credit: 3 semester hours. Studio fee, \$50.*

**2130 Motion Graphics**

*Prerequisite: ART 1105 or 1115.* The fundamentals of design in motion. Using video, still imagery and sound, students will study techniques of dubbing, assembling and inserting visuals to create graphics for television, the Web and cinema title design. *Credit: 3 semester hours. Studio fee, \$50.*

**2135 Advanced Digital Media**

*Prerequisite: ART 1115 or 1135.* An advanced course in computer graphics provides the opportunity to produce portfolio quality computer-generated graphics as it applies to print and screen-based media. *For the non-major. Credit: 3 semester hours. Studio fee, \$50.*

**2145 History of Visual Communications**

A comprehensive overview of the history of humanity's effort to give visual form to ideas and concepts, to store knowledge and give order and clarity to information through design and illustration. *Credit: 3 semester hours.*

**2220 Anatomy and Figure Drawing I**

The human skeleton and musculature are studied while drawing from the model. Basic proportions and movement of the figure in space are emphasized. *Credit: 3 semester hours. Studio fee, \$50.*

**2230 Anatomy and Figure Drawing II**

*Prerequisite: ART 2220.* The figure is studied in detail and used as the basis for experiments in space composition. Students work for emotional expressiveness as well as fluent accuracy and technical facility.  
*Credit: 3 semester hours. Studio fee, \$50.*

**2240 Drawing for Illustration**

*Prerequisite: ART 1200.* A course designed for the development and application of drawing skills relative to creative illustration problems. *Credit: 3 semester hours. Studio fee, \$50.*

**2250 Drawing and Design in Rome (Abroad)**

An exploration of the rich artistic stimulus of Rome as the basis for understanding the fundamental structures of visual organization. On-site drawing- and studio-based projects. Side trips to Pompeii, Paestum, Siena, Assisi and Florence. *Credit: 3 semester hours.*

**2280 Illustration II**

*Prerequisite: ART 1270.* A course in advanced illustration that expands upon concepts and techniques acquired in ART 1270. Emphasis on specialized application of illustrative skills: medical, technical, product, anthropological, natural science illustration and illustration as journalism. *Credit: 3 semester hours. Studio fee, \$50.*

**2310 Painting I**

An introduction to painting composition emphasizing the development of various technical skills. Projects are observation-based and employ perspective, color theory, and process. *Credit: 3 semester hours. Studio fee, \$50.*

**2320 Painting II**

*Prerequisite: ART 1200, 2310.* This course builds on the principles of Painting I encouraging investigation into painting's conceptual, material, and expressive possibilities. *Credit: 3 semester hours. Studio fee, \$50.*

**2340 Painting in Italy (Abroad)**

An introduction to the practice of on-site painting based on the global study location and its environs. *Credit: 3 semester hours.*

**2430 Figurative Sculpture**

An introduction to the principles and practices of figure sculpture. *Credit: 3 semester hours. Studio fee, \$50.*

**2520 Printmaking II**

This course introduces the methodologies and concepts of planographic methods of printmaking processes. These processes include stencils, screen-printing, transfer methods, monoprints and variety of newer adaptations, such as polyester plate lithography.  
*Credit: 3 semester hours. Studio fee, \$50.*

**2530 Printmaking III**

*Prerequisite: ART 1510, 2520.* This course examines advanced concepts of printmaking processes extending expertise from introductory printmaking. Students will adapt a wider and more complex variety of printing techniques while understanding the changing role of the medium. *Credit: 3 semester hours. Studio fee, \$50.*

**2650 Documentary Photography**

*Prerequisite: ART 1610; 1080 or 1085 can also serve as prerequisite with permission of chair.* Documentary approaches to photographing people, places and events; creation of photographic images that articulate a vision of social and interpersonal issues. *DSLR camera recommended. **4000 Special Topics in Art History**

A study of special themes and topics in art history from the twentieth century to the present. The course is intended to supplement regular course offerings in the Department of Art and Design. *Credit: 3 semester hours.*

**4110 Studio Seminar II**

In this advanced level studio course students will create a body of creative work that responds to evolving issues within society and Contemporary Art. *Credit: 3 semester hours.*

**4115 Senior Sequential Art**

*Prerequisite: ART 3570.* This course concentrates on the development, design, and execution of narrative art for publication across media. *Credit: 3 semester hours. Studio fee, \$50.*

**4120 Senior Design**

*Prerequisite: ART 3135.* The development of theories and practices for communication design exploring social responsibility, sustainability, ethics, client relations, originality and compensation are covered. *Credit: 3 semester hours. Studio fee, \$50.*

**4125 Creative Thesis**

*Restricted registration. Open to senior B.F.A. degree candidates only, upon recommendation of the Chair and Faculty Review Committee.* *Prerequisite: Completion of 78 ART credits.* A written statement of intention by each individual, followed by the creation of a major or related body of work in the area of concentration. *Credit: 9 semester hours. Studio fee, \$50.*

**4909 Internship**

*Restricted registration. Open to senior B.F.A. degree candidates only, upon recommendation of the Chair and Faculty Review Committee.* *Prerequisite: Completion of all required studio art courses.* Students are placed in design studios, advertising agencies, galleries, museums or other institutions concomitant with their career aspirations, where they gain practical experience in real situations under the supervision of working professionals. *Credit: 9 semester hours.*

**4953 Independent Study**

A semester of independent work in the student's major field of concentration. *Open to BFA candidates only. Permission of the department chair required. Credit: 3 semester hours.*

## Asian Studies (ASC)

### Major Sequence

36 semester hours including: 12 semester hours of language courses from Chinese (CHI), Japanese (JPN), or Korean (KOR); 1010, 1020, 1030, 2030, 2040, 3090, 3100 (Students may combine different languages, but must complete at least one course above level three); 24 semester hours of non-language courses chosen from any undergraduate Asian Studies course including ASC 1300 and 2610. Eligible juniors and seniors may also choose graduate-level Asian Studies or Chinese Studies courses with approval of the Director of the Institute of Asian Studies.

### B.A./M.A.

Students accepted into the five-year B.A./M.A. program in Asian Studies matriculate for a total of 57 semester hours in ASC and CHI courses. On the undergraduate level, requirements include ASC 1300 and 2610. Students must also complete the following two required graduate-level courses: ASC 102 and 300. For specific M.A. degree program requirements, consult the St. John's University Graduate Bulletin.

### Other Accelerated Degree Programs

The Institute of Asian Studies offers a number of undergraduate/graduate accelerated degrees with the Tobin College of Business: BA/MBA program and BA/MS in Accounting program. All students interested in the combined degree program must fulfill the eligibility requirements stated above for the BA/MA.

### Minor Sequence

18 semester hours including: six semester hours of ASC 1300 and 2610; six semester hours of Asian languages courses (CHI, JPN, or KOR), and six semester hours chosen under the advisement of the Director of the Institute of Asian Studies.

Banking in East Asia: core banking functions, types of banks, diversification of banking activities, risk management issues, bank failure and financial crises, and competitive issues.

*Credit: 3 semester hours.*

### 4953 Reading and Research

*Restricted Registration. Open to ASC majors only.* With permission of the Director, a student conducts research under the guidance of a faculty advisor. *Credit: 3 semester hours.*

## Chinese Course Offerings (CHI)

### 1010; 1020 Elementary Chinese

*Prerequisite: CHI 1010 is a prerequisite for CHI 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester.* The development of audio-lingual and reading skills through a study of the essentials of grammar, pronunciation and vocabulary. *Credit: 3 semester hours per semester. GLCC fee, \$50 per semester.*

### 2030; 2040 Intermediate Chinese

*Prerequisite: CHI 1020 or placement exam. CHI 2030 is a prerequisite for CHI 2040. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester.* A review of the essentials of grammar, extensive vocabulary building and development of writing skills. *Credit: 3 semester hours per semester. GLCC fee, \$50 per semester.*

### 3090; 3100 Readings of Selected Chinese Essays

*Prerequisite: CHI 2040 or placement exam.* Readings of selected works of representative writers of Chinese literature. *Credit: 3 semester hours per semester.*

## Japanese Course Offerings (JPN)

### 1010; 1030 Elementary Japanese

*Prerequisite:* JPN 1010 is a prerequisite for JPN 1030. *Corequisite:* 10 mandatory sessions at the Global Language and Culture Center per semester. Reading, writing and conversation through a study of all major types of Japanese sentences. Study of the essentials of grammar, pronunciation, accent, intonation and vocabulary is emphasized. *Credit:* 3 semester hours per semester. GLCC fee, \$50 per semester.

### 2030; 2040 Intermediate Japanese

*Prerequisite:* JPN 1030 or placement exam. JPN 2030 is a prerequisite for JPN 2040. *Corequisite:* 10 mandatory sessions at the Global Language and Culture Center per semester. This course increases the student's ability in comprehending, reading and writing Japanese. *Credit:* 3 semester hours per semester. GLCC fee, \$50 per semester.

### 3090; 3100 Readings in Selected Japanese Essays

*Prerequisite:* JPN 2040 or placement exam. Intensive reading of selected essays compiled in Standard Japanese Readers, Book Two. 350 new Kanji are introduced. *Credit:* 3 semester hours per semester.

## Korean Course Offerings (KOR)

### 1010; 1020 Elementary Korean

*Prerequisite:* KOR 1010 is a prerequisite for KOR 1020. *Corequisite:* 10 mandatory sessions at the Global Language and Culture Center per semester. The students study the fundamentals of the Korean language with emphasis on the Korean alphabet, spelling, pronunciation and basic grammar. *Credit:* 3 semester hours per semester. GLCC fee, \$50 per semester.

### 2030; 2040 Intermediate Korean

*Prerequisite:* KOR 1020 or placement exam. KOR 2030 is a prerequisite for KOR 2040. *Corequisite:* 10 mandatory sessions at the Global Language and Culture Center per semester. This course provides a systematic expansion of vocabulary and grammatical forms of standard Korean. Chinese characters, as used in Korean mixed script, are also introduced. *Credit:* 3 semester hours per semester. GLCC fee, \$50 per semester.

### 3090; 3100 Readings in Selected Korean Essays

*Prerequisite:* KOR 2040 or placement exam. Completion of the introduction to Korean writing in mixed script and intensive reading in contemporary Korean essays. *Credit:* 3 semester hours per semester.

## Biology (BIO)

### Major Sequence

29 semester hours including: BIO 1000, 1001L, 2000, 2001L, 3000, 3001L and five BIO elective courses that account for at least seventeen semester hours. Two of these five BIO elective courses must be 4-credit courses. In addition, biology majors are required to take CHE 1210, 1220, 2230, 2240, MTH 1210, 1220 and PHY 1610, 1620 or 1930, 1940.

BIO 1050, 1060, 1070, 1360, and 1600 are not applicable to the major sequence. Students are encouraged to take advantage of possibilities for research: BIO 4953 and 4954. Non-biology majors seeking to take one year of Biology should register for BIO 2000, 2001L, 3000, and 3001L.

### Pre-MD Track

The Department of Biological Sciences offers Premedical Track in Molecular Biosciences for BIO Majors (PMD Track). The successful completion of the PMD Track requires 3.5 cumulative index overall and at least grades of B+ or better in each science course (math, physics, chemistry, biology). In addition to the requirements for BIO majors, the students in the PMD Track must take PHY 1930, PHY 1940 and three semesters of BIO 599A. The BIO elective courses must account for at least 19 credits and must include at least four courses from the following: BIO 2260, 2280, 3270, 3300, 3320, 3390, 3460, 3470, 3830, 4420.

### B.S./M.S.

The Department of Biological Sciences offers an accelerated B.S./M.S. program designed to be completed in five years, which is open to undergraduate juniors with a 3.0 cumulative index overall and a 3.5 index in biology. B.S./M.S. students complete a total of 144 credits, 33 on the graduate level including BIO 207, 208, 211 and three semesters of BIO 599. Undergraduate credits must include BIO 1000, 1001L, 2000, 2001L, 3000, 3001L, 4953, 4954; and one of the following: BIO 3320, 3390, or 3470. In addition, all other science requirements for the major must be completed. Normally, students take BIO 207, 208, 211, and 248, or a comparable elective and one semester of BIO 599 in the fourth year, electives and two semesters of BIO 599 in the fifth year. Those selecting the thesis option also complete six credits of BIO 900 and additional elective credits. Other students complete additional elective credits. For detailed information, students should consult the Graduate Dean's Office during their freshman or sophomore year.

### Minor Sequence

20 semester hours including: BIO 1000, 1001L, 2000, 2001L, 3000, 3001L, plus any two other courses listed in the current bulletin and approved by the department for majors. BIO 1050, 1060, 1070, 1360, 1600, and 1859 are not applicable to the minor sequence. Some of these courses have other prerequisites, such as CHE 2240.

## Biology Course Offerings (BIO)

### 1000 Fundamentals of Biology, I: Introduction to Population Biology

*Corequisite:* BIO 1001L. Evolution, classification and taxonomy, population biology and ecology. *Lecture, 3 hours. Credit: 4 semester hours.*

### 1001L Fundamentals of Biology I Laboratory

*Corequisite:* BIO 1000. Principles of evolution, population biology and ecology from a laboratory perspective. *Laboratory, 3 hours. Laboratory fee, \$100.*

### 1050 Human Biology

Aspects of human anatomy and physiology. Included are anatomy, physiology, cell biology, genetics, histology, embryology, growth and development. *Not open to BIO majors. Credit: 3 semester hours.*

### 1060 Biology and Health

The body in health and disease and a knowledge of the contemporary advances in medicine and allied health fields. *Not open to BIO majors. Credit: 3 semester hours.*

### 1070 Environmental Biology

Human ecology and evolution; interrelations between humans and environment at the individual, population and ecosystem levels. *Not open to BIO majors. Credit: 3 semester hours.*

### 1360 Biology and Society

Environmental science and its relation to the human condition, changes in population, resources of the earth, chemicals in the environment and human health. *Not open to BIO majors. Credit: 3 semester hours. (SI)*

### 1600 Field Biology (Mini-Course)

General principles of ecology and field sampling techniques to measure parameters that influence the distribution of organisms in various ecosystems. *Field trips required. Not applicable in major or minor sequences. Not open to students who have previously taken BIO 3370. Credit: 3 semester hours.*

### 1859 Tropical Ecology and Evolution

Study Abroad Winter Intersession field course to the Ecuadorean Highlands and Galapagos Islands. *Not open to BIO majors. Credit: 3 semester hours.*

**2000 Fundamentals of Biology, II: Introduction to Cell and Molecular Biology**  
*Prerequisite:* CHE 1210. *Corequisite:* BIO 2001L. Basic principles governing the activities of living organisms at the molecular and cellular levels. *Lecture, 3 hours. Credit: 3 semester hours.*

**2001L Fundamentals of Biology II: Laboratory**  
*Corequisite:* BIO 2000. The principles and concepts of molecular and cell biology from a laboratory perspective. *Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee, \$100.*

**2250 Introduction to Neurobiology**  
*Prerequisite:* BIO 2000, 3000. The nervous systems from invertebrate to mammals focusing primarily on the mechanisms by which the brain functions. *Credit: 3 semester hours.*

**2260 Cellular Biology of Human Tissues**  
*Prerequisite:* BIO 3000, 3001L. *Corequisite:* BIO 2261L. Human tissues, with emphasis on the cellular and molecular bases of their organization and function. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**2270 Introduction to Virology**  
*Prerequisite:* BIO 2280. Introduction to the biology of viruses including structure, replication, disease causation, and host response to infection. *Lecture, 3 hours. Credit: 3 semester hours.*

**2280 General Microbiology**  
*Prerequisite:* BIO 3000, 3001L. *Corequisite:* BIO 2281L. Form and function in prokaryotic and eukaryotic microorganisms; microbial growth, metabolism, genetics, biochemistry and host defenses against microbial infection. *Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**2290 Immune System in Human Disease**  
*Prerequisite:* BIO 2000 or consent of instructor. Introduction into the role of immune system in human diseases. *Lecture, 3 hours. Credit: 3 semester hours.*

**2300 Biochemistry of Beermaking and Winemaking**  
*Prerequisite:* BIO 2000 or consent of instructor. An introduction into basic biochemical concepts of beer making, winemaking, and industrial ethanol production. *Lecture, 3 hours. Credit: 3 semester hours.*

**2310 Botany**  
*Prerequisite:* BIO 1000, 1001L. *Corequisite:* BIO 2311L. The biology of plants: their morphology, evolution and classification. *Field trips required.. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**2510 Aquatic Ecology**  
*Prerequisite:* BIO 1000 or consent of instructor. *Corequisite:* BIO 2511L. Introduction to major ecological principles of freshwater and marine

habitats. *Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**2859 Island Biogeography**  
*Prerequisite:* BIO 1000, 2000. Principles of biogeography illustrated and explored during a winter intercession trip to Ecuador, including the Galapagos. *Credit: 3 semester hours.*

**3000 Fundamentals of Biology, III: Introduction to Organismic Biology**  
*Prerequisite:* BIO 2000. *Corequisite:* BIO 3001L. Basic principles of physiological function and developmental processes. *Lecture, 3 hours. Credit: 3 semester hours.*

**3001L Fundamentals of Biology III: Laboratory**  
*Prerequisite:* BIO 2001L. *Corequisite:* BIO 3000. The principles of physiology and development from a laboratory perspective. *Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee, \$100.*

**3270 Developmental Biology**  
*Prerequisite:* BIO 3000, 3001L. *Corequisite:* BIO 3271L. How the fertilized egg develops into a complex organism. Both descriptive embryology and experimental analysis of development are studied. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3300 General Physiology**  
*Prerequisite:* BIO 3000, 3001L, CHE 2230. *Corequisite:* BIO 3301L; PHY 1620 or 1940. Cell functions and intercellular relationships necessary for an understanding of the whole (multicellular) organism. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3320 Genetics**  
*Prerequisite:* BIO 3000, 3001L. *Corequisite:* BIO 3321L, CHE 2240. The principles of genetics including the consideration of the nature of genetic material, its mode of transmission, modes of expression and mechanisms of gene action. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3360 Foundations of Physical Chemistry for Life Sciences**  
*Prerequisite:* MTH 1220 or 1740; PHY 1620 or 1940. Review of thermodynamics, kinetics, quantum mechanics, and spectroscopy for students in the life sciences. *Credit: 3 semester hours.*

**3370 Ecology**  
*Prerequisite:* BIO 1000 or consent of instructor. *Corequisite:* BIO 3371L. Ecological principles concerning animals and plants, with emphasis on group phenomena, especially the dynamics and evolution of ecosystems, communities and populations. *Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3390 Biochemistry**  
*Prerequisite:* BIO 3000, 3001L, and CHE 2240 or consent of instructor. *Corequisite:* BIO 3391L. An introduction to the chemistry of biological compounds; the principles of enzymology; the metabolism of carbohydrates, lipids, proteins and nucleic acids and the control of metabolism. *Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3450 Biological Inorganic Chemistry**  
*Prerequisite:* CHE 2240 or 2640. Applications of inorganic chemistry to biological systems with a focus on bonding, structure, and reactivity. *Lecture, 3 hours. Credit: 3 semester hours.*

**3460 Concepts of Immunology**  
*Prerequisite:* BIO 3000, 3001L. *Corequisite:* BIO 3461L. Useful background: inorganic and organic chemistry, microbiology. An introduction to the organization and functions of the immune system along with basic experimental methodologies. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3470 Molecular and Cell Biology**  
*Prerequisite:* BIO 3000, 3001L, 3390. *Corequisite:* BIO 3471L. Molecular basis of gene expression in prokaryotic and eukaryotic cells, molecular principles of cell architecture and the cell cycle. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**3480 Scientific Literacy/Integrity**  
*Prerequisite:* BIO 1000, 3000, and one BIO elective course. Critical evaluation of diverse forms of biology-related literature and interpretation of biological literature relevant to specific research questions. *Lecture, 3 hours. Credit: 3 semester hours.*

**3490 Dental Preceptorship**  
*Prerequisite:* BIO 3000. Clinical observation in general dental practice and selected dental specialties. *Credit: 1 semester hour.*

**3830 Bioinformatics**  
*Prerequisite:* BIO 3000, and 3320 or 3470, or consent of instructor. *Corequisite:* BIO 3831L. Integration of genetics, molecular biology and computational biology into the modern informational perspective of biology. *Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**4420 Inquiry-based Genetics**  
*Prerequisite:* BIO 2000, 2001L, and consent of instructor. *Corequisite:* BIO 4421L. Genetics with Project Lab in Development, emphasizing team-based participation in a developmental genetics research project. *Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

**4951; 4952 Field Research in Biology**

*Prerequisite:* 3.0 GPA, approval of the Undergraduate Educational Policy Committee and acceptance from a member of the department faculty for a field research project. Registration in both 4951 and 4952 simultaneously requires explicit approval of the UEPC. Qualified juniors and seniors majoring in biology may undertake directed field research. Field research work, 4 hours. Credit: 2 semester hours per semester.

**4953; 4954 Research in Biology**

*Prerequisite:* 3.0 GPA, approval of the Undergraduate Educational Policy Committee and acceptance from a member of the department faculty for a research project. Registration in both 4953 and 4954 simultaneously requires explicit approval of the UEPC. Qualified juniors and seniors majoring in biology may undertake directed research in a chosen field of biology. Laboratory and Seminars, 4 hours. Credit: 2 semester hours per semester. Laboratory fee, \$100.

**4955; 4956 Internship in Biology**

*Prerequisite:* 3.0 GPA, approval of the Undergraduate Educational Policy Committee and acceptance from an off-campus mentor for an internship project. Registration for both BIO 4955 and BIO 4956 simultaneously requires explicit approval of the UEPC. Directed off-campus research project in biology for qualified juniors and seniors majoring in biology. Off-campus research work, 4 hours. Credit: 2 semester hours per semester.

**Business (BUS)****Minor Sequence**

18 semester hours including: ACC 2338, 2339; ECO 1301, 1302; MGT 2301; MKT 2301.

*Note:* Business courses are taught by the Peter J. Tobin College of Business faculty. Students interested in pursuing the Business minor should consult the Peter J. Tobin College of Business section of this bulletin for a list of course offerings.

**Chemistry (CHE)****Major Sequences**

46 to 51 semester hours including: CHE 1310, 1313L, 1320, 1323L; 2630 and 2633L, or 2230; 2640 and 2643L, or 2240; 3000; 3210 or 3280; 3220 or 3270; 3250, 3300, 3320, 3340, 3440. All CHE majors must also complete one option, Option I, or II, or III (see below). In addition, all chemistry majors must take MTH 1730, 1740, and PHY 1930, 1940.

**Option I: B.S. in Chemistry (46-47 credits)**

One of the following: CHE 3260, 3330, 3360, 3390, 3420, 3431, 3450, 4351, 4361, 4903, or a 100 level graduate CHE course.

**Option II: B.S. in Chemistry with American Chemical Society Certification (50-51 credits)**

CHE 3390 and one of the following: CHE 3260, 3330, 3360, 3420, 3431, 3450, 4351, 4361, 4903, or a 100-level graduate CHE course.

**Option III: B.S. in Chemistry with a Concentration in Biochemistry (51 credits)**

CHE 3390 and BIO 3470. CHE 3330, 3360, 3450 and BIO 3320 are also highly recommended electives.

**B.S./M.S.**

Students admitted to the accelerated B.S./M.S. program in Chemistry take as their major sequence in Chemistry for their baccalaureates the following 41-42 semester hours: CHE 1310, 1313L, 1320, 1323L; 2630 and 2633L, or 2230; 2640 and 2643L, or 2240; 3000; 3210 or 3280; 3220 or 3270; 3250, 3320, 3440, 101, 111. Students must consult with the department for the scheduling of courses.

In addition, students in the B.S./M.S. program in Chemistry must elect the thesis option for the M.S. degree and complete CHE 4351, 121, and 141 during their senior year. Students completing the baccalaureate will receive ACS Certification.

Eligibility requires a 3.0 overall index with a 3.5 index in the major. For additional requirements for the master's degree, students should consult the St. John's University Graduate Bulletin.

**Minor Sequence**

22-26 semester hours including: two courses in general chemistry; two courses of organic chemistry and six semester hours of CHE electives above 2640 that are a minimum of 3 credits each.

**Chemistry Course Offerings (CHE)****1100 College Chemistry**

A study of some of the basic concepts of chemistry, with an emphasis on chemical stoichiometry and the relationship between the periodic table and the chemical and physical properties of elements and their compounds. A preparatory course for General Chemistry (CHE 1210) for students whose background in science is weak and for those who have had no prior CHE course. Lecture, 2 hours. Recitation, 1 hour. Credit: 3 semester hours.

**1110; 1120; 1130 Introduction to General and Organic Chemistry**

*Prerequisite:* CHE 1100 (or another prior CHE course) is a prerequisite for CHE 1110. CHE 1110 is a prerequisite for CHE 1120. CHE 1120 is a prerequisite for CHE 1130. Corequisite: CHE 1111L and 1112R are corequisites for CHE 1110. CHE 1121L and 1122R are corequisites for CHE 1120. CHE 1131L and 1132R are corequisites for CHE 1130. An introduction to the principles and concepts of general and organic chemistry for students planning to pursue the Pharm.D. or P.A. degree in Pharmacy. Course sequence does not satisfy the CHE requirements for BIO or CHE majors or Pre-Med students. Not applicable to the CHE minor sequence. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 4 semester hours per semester. Laboratory fee, \$100 per semester.

**1140 Introduction to General and Organic Chemistry**

*Prerequisite:* CHE 1130. Corequisite: CHE 1141L, 1142R. A continuation of CHE 1110, 1120 and 1130 to complete a sequence equivalent to CHE 1210, 1220, 2230 and 2240. This course provides more advanced topics in chemical structure, thermodynamics, kinetics and organic chemistry required of students interested in the sciences or pre-medical professional fields. Note: Course along with 1110, 1120 and 1130 satisfies CHE requirements for BIO/CHE majors and Pre-Med students. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 4 semester hours. Laboratory fee, \$100.

**1210 General Chemistry I**

*Prerequisite:* CHE 1100 (or another prior CHE course). Corequisite: CHE 1211L, 1212R. Principles and concepts of chemistry with emphasis place on stoichiometry, atomic and molecular structure and inorganic chemical reactions. In the laboratory, emphasis is placed on quantitative measurements. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 5 semester hours. Laboratory fee, \$100.

### **1220 General Chemistry II**

*Prerequisite:* CHE 1210. *Corequisite:* CHE 1221L, 1222R. Introductory physical chemistry focusing on equilibrium, kinetics, electro-chemistry and properties of matter, including acids and bases. *Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 5 semester hours. Laboratory fee, \$100.*

### **1310 Advanced General Chemistry I**

*Prerequisite:* At least one year of chemistry and one year of pre-calculus in high school. *Corequisite:* CHE 1313L, MTH 1730. Principles and concepts of chemistry emphasizing quantum mechanics, thermodynamics, physical properties of solids, liquids and gases, equilibria, acids and bases. *Lecture, 3 hours. Credit: 3 semester hours.*

### **1313L Advanced General Chemistry I: Laboratory and Recitation**

*Prerequisite:* At least one year of chemistry in high school. *Corequisite:* CHE 1310, MTH 1730. A course whose primary focus is on the procedures and techniques used in the modern chemical laboratory and recitation for the lecture CHE 1310. *Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 2 semester hours. Laboratory fee, \$100.*

### **1320 Advanced General Chemistry II**

*Prerequisite:* CHE 1310 or CHE 1210 with consent of instructor. *Corequisite:* CHE 1323L. Principles and concepts of chemistry with a study of the elements and their compounds, including acid base chemistry, electrochemistry, transition metals, main group elements and nuclear chemistry. *Lecture, 3 hours. Credit: 3 semester hours.*

### **1323L Advanced General Chemistry II: Laboratory and Recitation**

*Corequisite:* CHE 1320. A continuation of 1313L in which the primary focus is on the procedures and techniques used in the modern chemical laboratory and recitation for the lecture, CHE 1320. *Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 2 semester hours. Laboratory fee, \$100.*

### **2230; 2240 Organic Chemistry I; II**

*Prerequisite:* CHE 1220 or 1320. CHE 2230 is a prerequisite for CHE 2240. *Corequisite:* CHE 2231L is a corequisite for CHE 2230. CHE 2241L is a corequisite for CHE 2240. An introduction to the fundamental principles of organic chemistry in which the synthesis, structure, and mechanisms of reactions of organic compounds are emphasized. *Lecture, 3 hours. Laboratory, 4 hours. Credit: 5 semester hours per semester. Laboratory fee, \$100 per semester.*

### **2630; 2640 Advanced Organic Chemistry I; II**

*Prerequisite:* CHE 1320 or 1220 with consent of instructor. CHE 2630 or 2230 with consent of instructor is a prerequisite for CHE 2640. *Corequisite:* CHE 2633L is a corequisite for CHE 2630. CHE 2643L is a corequisite for CHE 2640. A comprehensive treatment of the structure, bonding, and reactivity of organic molecules

integrating an aggressive approach towards problem solving and pattern recognition. *Credit: 3 semester hours per semester.*

### **2633L; 2643L Advanced Organic Chemistry Laboratory and Recitation I; II**

*Corequisite:* CHE 2630 is a corequisite for CHE 2633L. CHE 2640 is a corequisite for CHE 2643L. Students learn techniques and mindset of a safe, practicing organic chemist. The experiments are data-driven investigations wherein students demonstrate observational, problem-solving, and critical thinking skills. *Recitation, 1.5 hours. Laboratory, 4 hours. Credit: 2 semester hours per semester. Laboratory fee, \$100 per semester.*

### **3000 Chemistry Seminar**

*Prerequisite:* CHE 2240 or 2640. Examination of ethical reasoning, responsible conduct in research, safety in the chemical laboratory, and the dissemination of scientific results. *Credit: 1 semester hour.*

### **3210 Microscopic Physical Chemistry**

*Prerequisite:* CHE 2240 or 2640, and MTH 1740, and PHY 1620 or 1940. Introduction to quantum mechanics: application to atomic structure, theories of chemical bonding, atomic and molecular spectroscopy, and computational quantum chemistry. Introduction to statistical thermodynamics. *Credit: 3 semester hours.*

### **3220 Macroscopic Physical Chemistry**

*Prerequisite:* CHE 2240 or 2640, and 3210 or consent of instructor, and MTH 1740, and PHY 1620 or 1940. *Corequisite:* CHE 3320. Thermodynamics of pure substances, mixtures and chemical reactions, with emphasis on processes under non-standard state conditions; chemical kinetics; connecting micro- and macroscopic perspectives via statistical mechanics. *Credit: 3 semester hours.*

### **3250 Quantitative Analysis**

*Prerequisite:* CHE 1220 or 1320. *Corequisite:* CHE 3251L. Quantitative analytical methods in chemistry. Buffer systems; important polybasic acids; an introduction to spectrophotometric and electrochemical methods. *Lecture, 2 hours. Laboratory, 6 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

### **3260 Advanced Organic Chemistry III**

*Prerequisite:* CHE 2240 or 2640. Advanced topics in organic chemistry covering various aspects of structure and bonding theory, synthesis, mechanisms, and spectroscopy. *Credit: 3 semester hours.*

### **3270 Physical Chemistry I**

*Prerequisite:* CHE 2240 or 2640, and MTH 1220 or 1740. *Corequisite:* PHY 1940. Kinetic theory of gases, thermodynamics of pure substances, mixtures and chemical reactions, chemical kinetics. Particular emphasis will be placed on processes under non-standard state conditions. *Credit: 3 semester hours.*

### **3280 Physical Chemistry II**

*Prerequisite:* CHE 3270, MTH 1740. *Corequisite:* CHE 3320. Introduction to quantum mechanics and approximate methods, introduction to atomic and molecular spectroscopy and introduction to statistical thermodynamics. *Credit: 3 semester hours.*

### **3300 Instrumental Methods of Chemical Analysis**

*Prerequisite:* CHE 3250, and 3220 or 3280. *Corequisite:* CHE 3301L. Basic electronics, principles of instrumentation, transducers for chemical systems, applications of instrumental measurements and techniques, including infrared, fluorescence, ultraviolet and nuclear magnetic resonance spectroscopy, gas chromatography, liquid chromatography, differential scanning calorimetry, electro-chemical methods. *Lecture, 2 hours. Laboratory, 6 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

### **3320 Experimental Physical Chemistry**

*Corequisite:* CHE 3321L, and 3220 or 3280. A laboratory course designed to correlate the abstract principles and equations of physical chemistry with the experimental observations upon which they are based. *Lecture, 1 hour. Laboratory, 6 hours. Credit: 3 semester hours. Laboratory fee, \$100.*

### **3330 Bioorganic Chemistry**

*Prerequisite:* CHE 2230 or 2630, and 2240 or 2640. The application of the principles and tools of organic chemistry to the understanding of biological processes involving proteins, nucleic acids and carbohydrates. *Lecture, 3 hours. Credit: 3 semester hours.*

### **3340 Advanced Inorganic Chemistry**

*Prerequisite:* CHE 3280, MTH 1740. Nuclear chemistry, atomic theory and periodic properties; covalent, ionic and metallic bonding; introduction to molecular symmetry and point groups; acid-base theories and transition metal chemistry. *Lecture, 3 hours. Credit: 3 semester hours.*

### **3390 Biochemistry**

*Prerequisite:* BIO 3000, 3001L, and CHE 2240 or 2640, or consent of instructor. *Corequisite:* CHE 3391L. An introduction to the chemistry of biological compounds; the principles of enzymology; the metabolism of carbohydrates, lipids, proteins and nucleic acids and the control of metabolism. *Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, \$100.*

### **3420 Environmental Chemistry**

*Prerequisite:* CHE 1220 or 1320. The chemical principles which govern environmental quality and environmental regulations are developed using specific examples such as global warming, ozone depletion, water quality and air pollution. *Credit: 3 semester hours.*

**3431 Methods in Environmental Chemistry**

*Prerequisite:* CHE 3420. Laboratory work providing hands-on experience with the techniques and instruments used in modern environmental investigations. *Credit:* 3 semester hours. *Laboratory fee, \$100.*

**3440 Introduction to Inorganic Synthesis**

*Prerequisite:* CHE 3340. *Corequisite:* CHE 3441L. An introduction to the techniques and methods utilized in the synthesis and characterization of inorganic compounds. *Lecture, 1 hour. Laboratory, 4 hours. Credit:* 2 semester hours. *Laboratory fee, \$100.*

**3450 Biological Inorganic Chemistry**

*Prerequisite:* CHE 2240 or 2640. Applications of inorganic chemistry to biological systems with a focus on bonding, structure, and reactivity. *Lecture, 3 hours. Credit:* 3 semester hours.

**4351; 4361 Research Participation I; II**

*Prerequisite:* CHE 2240 or 2640 and permission of the professor. Active participation in an ongoing research project of one of the faculty members. Affords first-hand experience in the scientific process of discovering and correlating new knowledge. Students taking these courses for either a major or a minor in chemistry must submit a written research report at the end. Research experience is highly recommended by the American Chemical Society. *Laboratory hours arranged. Credit:* 3 semester hours per semester. *Laboratory fee, \$100 per semester.*

**4903 Chemistry Internship**

*Prerequisite:* CHE 2240 or 2640, and consent of instructor. This course provides credit for a well-designed program of summer research or industrial participation in the chemical sciences. Students enrolled must spend at least 300 hours in academic research or in another activity associated directly with the chemical industry. Students are required to write a comprehensive, scholarly report covering all aspects of their work. *Credit:* 3 semester hours.

## Communication Sciences and Disorders (CSD)

**Major Sequence****Speech-Language Pathology and Audiology**

39 semester hours including: CSD 1710, 1720, 1730, 1740, 2710, 2750, 2760, 2770, 2810, 4990, and nine semester hours chosen from: CSD 1155, 1750, 1810, 1820, 2775, 2780, 3840, 4810, 4953.

**Minor Sequence****Speech-Language Pathology and Audiology**

21 semester hours including: CSD 1710, 1720, 1730, 1740, 2750, 2760, and 2770.

## Speech-Language Pathology and Audiology Course Offerings (CSD)

**1155 Language and Intercultural Communication**

Communication as it affects and is affected by culture. Barriers to effectiveness. Competent intercultural communication in ethnic, intergenerational, gender, deaf subcultures and international settings. *Credit:* 3 semester hours.

**1710 Phonetics**

A study of articulatory phonetics, broad and narrow transcription of American English (using the International Phonetic Alphabet); elements of dialects and accents. *Credit:* 3 semester hours.

**1720 Anatomy and Physiology of the Speech System**

*Prerequisite:* CSD 1710 or permission of the department. The anatomy and physiology of breathing, phonatory, and articulatory systems as they are used in speech. Introduction to the nervous system, particularly as the controller of the speech mechanism. *Credit:* 3 semester hours.

**1730 Language Acquisition**

*Prerequisite:* CSD 1710 or permission of the department. Phonological, morphological, syntactic, semantic, pragmatic and cognitive aspects of language acquisition in the normally developing child are analyzed. *Credit:* 3 semester hours.

**1740 Introduction to Hearing Science**

Anatomy, physiology and neurophysiology of the hearing mechanisms; theories of hearing, acoustical characteristics to sound and their measurement. *Credit:* 3 semester hours.

**1750 Speech Science**

*Prerequisite:* CSD 1710, 1720, or permission of the department. The acoustic characteristics of speech and their relation to articulatory and perceptual events; introduction to speech perception. *Credit:* 3 semester hours.

**1760 Introduction to Sign Language I**

Introduction to the basic manual communication skills of the deaf, development of receptive and expressive skill necessary for proficiency in American Sign Language. *Not applicable to the speech pathology audiology major. Credit:* 3 semester hours.

**1810 Introduction to Phonology**

An introduction to the study of sound systems found in language and its application to areas such as language acquisition, speech pathology, dialectal variation and historical change. *Credit:* 3 semester hours.

**1820 Neurological Bases of Normal Human Communication and Balance**

*Prerequisite:* CSD 1710, 1720, or permission of the department. Basic anatomy and physiology of the human neurological system as it pertains to normal communication processes and balance. *Credit:* 3 semester hours.

**2710 Writing for Research and Clinical Practice**

*Prerequisite:* CSD 2760, or 2770, or permission of the department. Writing research, clinical and professional documents in communication sciences and disorders. *Credit:* 3 semester hours.

**2750 Introduction to Audiology**

*Prerequisite:* CSD 1740 or permission of the department. Measurement of hearing, including pure tone and speech audiometry, immittance testing, and special tests. Interpretation of audiograms and screening procedures and pathologies of the auditory system. *Credit:* 3 semester hours.

**2760 Language Disorders across the Lifespan**

*Prerequisite:* CSD 1710, 1720, 1730, or permission of the department. Disorders of language in pediatric, adolescent, and geriatric populations. *Supervised interaction with clinical populations required. Credit:* 3 semester hours.

**2770 Speech Disorders across the Lifespan**

*Prerequisite:* CSD 1710, 1720, 1730, or permission of the department. Disorders of speech in pediatric, adolescent, and geriatric populations. *Supervised interaction with clinical populations required. Credit:* 3 semester hours.

**2775 Language-Based Learning Disabilities**

*Prerequisite:* CSD 2760 or permission of the department. Language development, disorders, and their relation to learning and reading disabilities. Assessment and intervention strategies for young and older children, and for adolescents with language-based learning disabilities. *Credit:* 3 semester hours.

**2780 Aural Rehabilitation for the Hearing Impaired Child**

*Prerequisite:* CSD 1740, 2750, or permission of the department. The effect of hearing loss on the communication skills of hearing impaired children. Theoretical considerations in education, (re)habilitation, speech reading, language therapy, auditory training, and amplification systems. *Credit:* 3 semester hours.

**2790 Introduction to Sign Language II**

*Prerequisite:* CSD 1760, or permission of the department. The second level of American Sign Language (ASL II), providing increased knowledge of the gestural language used by deaf persons in the U.S. and Canada, except in Province of Quebec. *Not applicable to the speech pathology audiology major. Credit:* 3 semester hours.

### **2810 Observation Skills in Speech-Language Pathology and Audiology**

*Prerequisite:* CSD 2760 or 2770, or permission of the department. Objective identification and written evaluation of assessment and treatment processes in speech-language pathology and audiology; factors affecting service delivery; social implications of the therapeutic process. *Credit:* 3 semester hours.

### **3840 Diagnostic Methods in Speech-Language Pathology**

*Prerequisite:* CSD 2760, 2770, or permission of the department. Procedures for studying, evaluating and assessing various pathologies of speech, language and communication by lecture and observation. *Credit:* 3 semester hours.

### **4810 Clinical Practicum in Audiology**

*Prerequisite:* CSD 1740, 2750, or permission of the department. Measurement of pure tone and speech thresholds, screening procedures, interpretation of audiograms, and special tests for audiological assessment of hearing loss. *Credit:* 3 semester hours.

### **4953 Independent Study**

Study of specific topics in communication sciences and disorders under the guidance of a faculty member. Students must select a mentor for this study. *Credit:* 3 semester hours.

### **4990 Seminar**

Contemporary issues in communication sciences and disorders. Research tools for advanced study and professional growth; research design, tests and measurements, statistical analysis and computer applications. *Credit:* 3 semester hours.

## **Economics (ECO)**

Students interested in pursuing the ECO major/minor should consult The Peter J. Tobin College of Business section of this bulletin for a list of course offerings.

### **Major Sequence**

36 semester hours including: ECO 1301, 1302, 3303, 3341, 3343; DS 2333, 2334; and five elective courses in the major, selected in consultation with a departmental advisor, from ECO 2309, 3306, 3307, 3313, 3323, 3335, 3344, 3346, 3347, 3348, 4340, 4345, 4350, 4399, 4400; FIN 2310, 3312, 3316, 3318. ECO 1326 and ECO 2327 are not applicable to the major sequence. No more than two of the above FIN courses may apply to the major. Additional FIN courses may be taken as general electives.

Students must complete MTH 1310, 1320, and CIS 1332 or DS 2333; and be in junior standing (having 56+ credits) to enroll in junior or senior level business courses (courses numbered 3000 or above). MTH 1320 is one of the *prerequisites* for DS 2333. ECO majors are also encouraged to take a computer science course, e.g., CSC 1390 or CIS 1332.

### **Minor Sequence**

18 semester hours including: ECO 1301, 1302, 2309, and nine semester hours in ECO selected in consultation with a departmental advisor. ECO 1326 and ECO 2327 are not applicable to the minor sequence.

Students must complete MTH 1310, 1320, and CIS 1332 or DS 2333; and be in junior standing (having 56+ credits) to enroll in junior or senior level business courses (courses numbered 3000 or above).

*Note:* ECO courses are taught by The Peter J. Tobin College of Business faculty.

## **English (ENG)**

### **Major Sequence**

36 semester hours including: ENG 1100C, 2200, 2300, and one course in each of the four divisions (I-IV) of literary studies, a seminar, and twelve semester hours in ENG electives offered by the department.

### **B.A./M.A.**

The students accepted in the five-year B.A./M.A. program matriculate for 24 undergraduate credits, including the three required English courses (ENG 1100C, 2200 and 2300), and a seminar. They matriculate for a total of twelve graduate credits as an underclassmen, counting these credits toward their undergraduate major either as divisional requirements or electives.

They matriculate in two graduate courses in the junior year and two graduate courses in their senior year and continue with upper level courses in the fifth year of study. Eligibility for this program requires a 3.0 overall index with a 3.5 index in English. For additional requirements for the master's degree, consult the St. John's University Graduate Bulletin.

### **Minor Sequences**

#### **English**

18 semester hours including: ENG 1100C, 2200, a seminar, and nine semester hours in ENG electives offered by the department.

#### **Creative Writing**

18 semester hours including: ENG 1100C, 3720, nine semester hours of creative writing courses, and three semester hours of literature electives from the 3000 level.

*Note:* It is possible to major in English and minor in Creative Writing. Students interested in this option should see the chair.

## **English Course Offerings (ENG)**

### **1040 Writing for Business**

An exploration of common business-related writing problems, as well as critical responses to business-oriented readings. *Credit:* 3 semester hours.

### **2060 Introduction to American Literature**

An intensive study of a limited number of texts drawn from the various periods of American literature. *Credit:* 3 semester hours.

### **2100 Introduction to Literature and Culture**

21 semester hours including: ECO 1301, 1302, IB 3341, and twelve semester hours chosen from: ECO 3306; FIN 3318; MGT 3339, 3341, 4310, 4334, 4338; MKT 3317, 4318. No other prerequisites are necessary. Students must first consult with the Language Program Coordinator.

### English as a Second Language Program (ESL)

The English as a Second Language Program is designed to assist international students and any other students whose first language is not English, in improving their English language skills. The program aims to help these students meet the academic demands of college-level course work. Credit courses are offered at the intermediate and advanced levels. ESL writing courses emphasize writing/reading skills. ESL speech courses emphasize speaking/listening skills. Support services/workshops are also available. Intermediate, advanced, and special non-credit writing workshops are offered. The use of the Global Language and Culture Center is an integral part of the program. Advisement, testing, and placement services are available through the ESL office in the Department of Languages and Literatures, St. John Hall, Room 434E.

## Global Language and Culture Center

The Global Language and Culture Center, located in St John Hall 104–106 and part of the Department of Languages and Literatures, is a resource center where students, enrolled or not in a language class, can come to practice one of the 15 languages currently offered at St. John's University. Through immersion and interaction, with the help of trained language assistants, they can build on the language skills acquired in the classroom in a convivial and relaxed atmosphere.

The Center offers large seating and study areas equipped with computers, large screen TVs, and reference material. Individual language pods lend privacy to small study groups.

Students can receive individual tutoring to improve their grades, or engage in group activities under the guidance of a language assistant: grammar, pronunciation and writing workshops, round table conversations in the selected language, or workshops to prepare for an internship abroad in France, Italy, or Spain. Lectures and cultural events are held regularly at the Center. Language placement tests are also administered for students interested in majoring or minoring in a Romance language and advisement given on language courses within St. John's College.

*Prerequisite: SPA 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center.* This course continues to develop basic communication skills in Spanish. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of Spanish culture. *Credit: 3 semester hours. GLCC fee, \$50.*

**2030 Spanish, Level III**

*Prerequisite: SPA 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center.* This course reviews the basic skills learned in Spanish I and II and continues building oral and written proficiency with more intensive reading and conversation within the context of Spanish culture. *Credit: 3 semester hours. GLCC fee, \$50.*

**2040 Intermediate Spanish Conversation**

*Prerequisite: SPA 2030 or permission of chair. Corequisite: 10 mandatory sessions at the Global Language and Culture Center.* This course reviews the basic skills learned in Spanish I, II and III and continues building oral proficiency with more intensive conversation within the context of Hispanic culture. *Credit: 3 semester hours. GLCC fee, \$50.*

**2050 Readings in Modern Spanish**

*Prerequisite: SPA 2030 or 2040, or permission of chair.* This course is structured to meet the needs and abilities of non-language majors. *Conducted in Spanish. Credit: 3 semester hours. GLCC fee, \$50.*

**3090; 3100 Masterpieces of Hispanic Literature I; II**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* SPA 3090: Through lectures and textual analysis, this course traces the development of Spanish literature from its origins through the 20th century. SPA 3100: Through lectures and textual analysis, this course traces the development of Spanish-American literature from the 16th through the 20th century. *Credit: 3 semester hours per semester.*

**3110; 3120 Advanced Spanish Conversation**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Conversation based on everyday topics and on readings taken from a wide range of literary and non-literary materials. *Not open to native or fluent speakers. Credit: 3 semester hours per semester.*

**3350 Spanish for Heritage Speakers**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Course designed to meet the needs of students who have had little formal training in the language. *Credit: 3 semester hours.*

**3360 Review of Spanish Grammar**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Review of Spanish grammar for more advanced courses. *This course may not be taken after the successful completion of SPA 3870 or 3880. Credit: 3 semester hours.*

**3450 Feminist Themes in Spanish Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Critical reading and analysis of works in which Spanish women articulate culturally imposed limitations and use fiction as a tool for social change. *Credit: 3 semester hours.*

**3455 The Mystery Novel in Spain**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Survey of the contemporary mystery novel in Spain as a reflection of historical and cultural circumstances. *Credit: 3 semester hours.*

**3550 Civilization of Spain**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* The history, geography, art, science, music, literature, folklore, politics, habits, and customs that have contributed to the shaping of Spanish civilization and culture. *Credit: 3 semester hours.*

**3560 Civilization of Spanish America**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* The history, geography, art, science, music, literature, folklore, politics, manners, and customs which have contributed to the molding of Spanish-American civilization and culture. *Credit: 3 semester hours.*

**3570 Medieval Spanish Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A survey of Spanish medieval literature from the Poema de Mio Cid up to La Celestina. *Credit: 3 semester hours.*

**3580 Works of Cervantes I**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* An in-depth study of Don Quijote. *Credit: 3 semester hours.*

**3590 Works of Cervantes II**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* An in-depth study of the life and works of this author, including some chapters of Don Quijote, stressing the literary, religious, and social ideas of Miguel de Cervantes. *Credit: 3 semester hours.*

### **3600 Contemporary Spain**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of all aspects of contemporary Spanish life. *Credit: 3 semester hours.*

### **3610; 3620 Spanish Golden Age Literature I; II**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of the major literary genres and the principal writers and works of the period. *Credit: 3 semester hours per semester.*

### **3640 Romanticism and Realism in Spanish Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Survey of 19th century Spanish literature in its cultural and historical context. *Credit: 3 semester hours.*

### **3690 Contemporary Spanish America**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Study of all aspects of contemporary Spanish American society and culture. *Credit: 3 semester hours.*

### **3710 The Essay in Spanish-American Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of the origin and development of the essay in Spanish-American literature. *Credit: 3 semester hours.*

### **3730 Spanish American Short Story**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of the development of the short story in Spanish America from the colonial period to the twentieth century. *Credit: 3 semester hours.*

### **3770 Early Twentieth Century Spanish Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Prominent writers of the Silver Age of Spanish literature. *Credit: 3 semester hours.*

### **3780 Post Civil War Spanish Literature**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* Thematic and stylistic changes in Spanish fiction in the context of the Civil War and its aftermath. *Credit: 3 semester hours.*

### **3870; 3880 Advanced Spanish Grammar and Composition I; II**

*Prerequisite: SPA 2040 or permission of chair.* Difficult points of Spanish grammar and syntax with translation of selected passages into idiomatic Spanish. *Credit: 3 semester hours per semester.*

### **3900 Art and Skills of Translation**

*Prerequisite: SPA 3870 or 3880, or permission of chair.* Theoretical and practical aspects of translation. Students are expected to translate a wide range of texts from Spanish to English. *Credit: 3 semester hours.*

### **3910 Mystery Novel in Spain**

Survey of the contemporary mystery novel in Spain as a reflection of historical and cultural circumstances. *The course is taught in English. Credit: 3 semester hours.*

### **3920 Feminist Themes in Spanish Literature**

*Prerequisite: SPA 2040, or 2050, or permission of chair.* Critical reading and analysis of works in which Spanish women articulate culturally imposed limitations and use fiction as a tool for social change. *The course is taught in English. Credit: 3 semester hours.*

### **4775 Spanish Short Story**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of the development of the modern short story in peninsular Spanish literature. *Credit: 3 semester hours.*

### **4780 Modern Spanish Poetry**

*Prerequisite: SPA 2040 or 2050, or permission of chair.* A study of the trajectory of Spanish poetry from the romantics to the "Novisimos". *Credit: 3 semester hours.*

### **4953 Independent Study**

*Prerequisite: SPA 3090 or 3100, or permission of chair.* Guided undergraduate student research arranged on an individual basis. *Permission of the chair and the language area coordinator required. Credit: 3 semester hours.*

### **4980 International Internship (Spain)**

*Prerequisite: SPA 3110 or 3120, or permission of chair.* Total immersion experience in the field of interest chosen by the student. *Credit: 3 semester hours.*

## **Mathematics (MTH)/ Computer Science (CSC)**

### **Major Sequences**

#### **B.A.**

40 semester hours including: CSC 1390; MTH 1730, 1740, 2700, 2750, 2760, 2790, 3770, 3771R, 3780, 3781R, 3840, 4830, 4990. In addition, MTH majors on the Queens campus must take PHY 1930, 1940. MTH majors on the Staten Island Campus must take PHY 1440, 1450.

#### **B.S.**

55 semester hours including: CSC 1390; MTH 1730, 1740, 2700, 2750, 2760, 2790, 2800, 3770, 3771R, 3780, 3781R, 3810, 3840, 4830, 4990 and nine semester hours of upper level MTH courses. In addition, MTH majors on the Queens campus must take PHY 1930, 1940. MTH majors on the Staten Island Campus must take PHY 1440, 1450.

### **Computer Science**

30 semester hours including: CSC 1400, 1410, 2420, 2450, 2470, 2480, 4990, MTH 1050, 1730, 1740, 2540, PHY 1440, and nine semester hours in upper level CSC courses. *Available on Staten Island Campus only.*

### **Minor Sequences**

#### **Mathematics**

25 semester hours including: CSC 1390, MTH 1730, 1740, 2700, 2750, 2760, and 2790.

### **Computer Science**

21 semester hours including: CSC 1400, 1410, and fifteen semester hours chosen from: CSC 2370, 2420, 2430, 2440, 2450, 2460, 2470, 2480, 2490, 2500; MTH 2540. *Available on Staten Island Campus only.*

### **Information Science**

18 semester hours including: CSC 1020; 1350 or 1400; 2490, and nine semester hours chosen from: CSC 1410, 1470, 2450, 2480, 2640. *Available on Staten Island Campus only.*

## **Mathematics Course Offerings (MTH)**

### **0290 Introduction to College Mathematics**

Emphasis is placed on reinforcing basic arithmetic skills and the essential elements of algebra necessary to undertake any college level mathematics courses. *Course does not satisfy St. John's University Core Curriculum requirement. Course does not apply to major or minor sequences. Credit: 3 semester hours.*

### **1000C Mathematics for Liberal Arts**

This course provides a qualitative approach to an understanding and interpretation of mathematics in the contemporary liberal arts. Topics to be discussed are selected from among those which have relevant application in the liberal arts. *Credit: 3 semester hours.*

### **1020 Applied Statistics I**

*Prerequisite: High school algebra.* An introduction to general statistical methods for all disciplines. *Credit: 4 semester hours.*

### **1040 Mathematical Models for Decision Making**

*Prerequisite: Three years of high school mathematics.* This course is intended to provide a foundation for practical decision making. Topics selected from finite mathematics, graph theory, probability, Markov chains, theory of voting, game theory. Particularly useful for students in the social sciences. *Credit: 3 semester hours.*

### **1050 College Algebra and Trigonometry**

*Corequisite: MTH 1051R.* Review of elementary algebra; functions and graphs; sets of linear equations, introduction to exponential and logarithmic functions; trigonometry. *For chemistry, mathematics, physics majors and pre-engineering students who have not attained satisfactory grades in advanced algebra and trigonometry in high school. Credit: 3 semester hours.*

### **1125 Applied Statistics II: Multivariate Analysis**

*Prerequisite: MTH 1020.* A continuation of the study of general statistical methods including factor analysis, multiple and curvilinear regression and analysis of covariance. *Credit: 4 semester hours.*

**1210 Bio-Statistics**

Probability and statistics with applications to the natural sciences. *Open to biology, environmental studies majors and pre-med students only. Credit: 4 semester hours.*

**1220 Calculus with Biological Applications**

Elementary calculus with applications whenever possible to the natural sciences. *Open to biology, environmental studies majors and pre-med students only. Credit: 4 semester hours.*

**1250 Statistical Applications for Pharmacy and Allied Health**

An introduction to the applications of probability and statistics to the pharmaceutical and allied health professions. *Open to College of Pharmacy and Allied Health Professions students only. Credit: 3 semester hours.*

**1260 Calculus Applications for Pharmacy and Allied Health**

An introduction to differential and integral calculus for the pharmaceutical and allied health professions. *Open to College of Pharmacy and Allied Health Professions students only. Credit: 3 semester hours.*

**1300 College Algebra**

A review of the real number system, methods of factoring, methods of solving polynomial equations, and an introduction to functions of a single variable. *Course does not satisfy St. John's University Core Curriculum requirements. Not applicable to major or minor sequences. Credit: 3 semester hours.*

**1310 Pre-Calculus with Business Applications**

Review of algebra; linear, quadratic and other functions with applications to economics and business. *Open to The Peter J. Tobin College of Business and St. John's College of Liberal Arts and Sciences students only. Credit: 3 semester hours.*

**1320 Calculus with Business Applications**

*Prerequisite: MTH 1310.* Introduction to calculus. Differentiation and integration of algebraic, exponential, and logarithmic functions of a single variable; introduction to functions of several variables; business and economics applications are stressed throughout. *Open to The Peter J. Tobin College of Business and St. John's College of Liberal Arts and Sciences students only. Credit: 3 semester hours.*

**1530; 1540 Fundamentals of Mathematics I; II**

*Prerequisite: MTH 1530 is a prerequisite for MTH 1540.* The real number system and its subsystems; modular arithmetic; basic algebraic structures; experimental and informal geometry; measurement; logic, elementary probabilistic and statistical ideas and methods. *Open to education majors only. Credit: 3 semester hours per semester.*

**1570; 1580 Survey of Mathematics I; II**

*Prerequisite: MTH 1570 is a prerequisite for MTH 1580.* A general survey of elementary and modern mathematics. Topics are chosen with a view towards a variety of applications, logical paradoxes and mathematical games. The purpose is to provide a varied, useful and interesting background in mathematics. *For adolescence education majors only. Not applicable to major or minor sequences. Credit: 3 semester hours per semester.*

**1730 University Calculus I**

*Prerequisite: Satisfactory grades in trigonometry and advanced algebra or MTH 1050.* Functions; limits; differentiation of algebraic and transcendental functions; antiderivatives. *For mathematics, pre-engineering, chemistry, and physics majors only. Credit: 4 semester hours.*

**1740 University Calculus II**

*Prerequisite: MTH 1730. Corequisite: CSC 1390.* Definite Integral and applications. Techniques of integration. Analytic Geometry. *For mathematics, pre-engineering, chemistry and physics majors. Credit: 4 semester hours.*

**2110 Applied Probability for Actuarial Science**

The use of probability in a risk management setting. The fundamental axioms of probability and the standard probability distributions, as they are used in the applied field of risk management. *Open to mathematics and actuarial science majors. Credit: 4 semester hours.*

**2390 Introduction to Operations Research**

Scientific approaches to decision making involving the operations of organizational systems. Topics include integer programming, probability, stochastic processes, game theory, networks. *Credit: 3 semester hours.*

**2540 Computer Mathematics**

Mathematical concepts used in designing and analyzing algorithms. Topics may include permutations and combinations, mathematical induction, discrete probability, propositional logic and applications to number systems, summation, limits, vectors and matrices. *Credit: 3 semester hours.*

**2560 Topics in Mathematics**

Elementary number theory; real number system and sub-system; transformations and functions, isometries and symmetry groups. *Open to education majors only. Credit: 3 semester hours.*

**2700 Introduction to Mathematical Thinking**

*Prerequisite: MTH 1740.* An introduction to the tools of mathematics. How to read and write mathematics; construct examples and counterexamples; elementary mathematical logic; methods of proof. Students will be required to give presentations. *Credit: 3 semester hours.*

**2750 University Calculus III**

*Prerequisite: MTH 1740.* Matrices and vectors; vector functions and their derivatives; partial differentiation; multiple integrals. *Credit: 4 semester hours.*

**2760 University Calculus IV**

*Prerequisite: MTH 2750.* Multiple integrals and their applications: Green's Theorem, Stokes' Theorem, sequences and series. *Credit: 4 semester hours.*

**2790 Introduction to Linear Algebra**

*Prerequisite: MTH 1740, 2700.* Vectors and vector spaces; linear transformations and matrices; characteristic values and characteristic vectors of linear transformations; similarity of matrices. *Credit: 3 semester hours.*

**2800 Introduction to Modern Algebra**

*Prerequisite: MTH 2700, 2750.* Elementary theory of groups, rings, integral domains and fields. *Credit: 3 semester hours.*

**3380 Discrete Mathematics**

The application of mathematics to discrete rather than continuous models. *Credit: 3 semester hours.*

**3770 Advanced Calculus I**

*Prerequisite: MTH 2700, 2750. Corequisite: MTH 3771R.* Topology of the real line. Limits, continuity, differentiation of functions of one variable. Integration theory. All from a theoretical point of view. *Credit: 3 semester hours.*

**3780 Advanced Calculus II**

*Prerequisite: MTH 3770. Corequisite: MTH 3781R.* Limits, continuity, differentiability for functions of several variables. Implicit Function Theorem. Series of functions. All from a theoretical point of view. *Credit: 3 semester hours.*

**3810 Mathematical Theory of Probability and Statistics I**

*Prerequisite: MTH 2750.* Introduction to probability; sample spaces, random variables, Probability Distributions. *Credit: 3 semester hours.*

**3820 Mathematical Theory of Probability and Statistics II**

*Prerequisite: MTH 3810.* Sampling distributions, parametric estimation and hypothesis testing; correlation and regression; special topics. *Credit: 3 semester hours.*

**3840 Ordinary Differential Equations**

*Prerequisite: MTH 2750.* First order equations, existence and uniqueness, Picard iteration, numerical methods. Linear algebra of linear systems and their solutions. Models, phase plane, nonlinear systems, stability. *Credit: 3 semester hours.*

**3850 Partial Differential Equations**

*Prerequisite: MTH 3840.* Discussion of first order equations; derivation and classification of second order equations; solution techniques of boundary value and initial value problems; applications. *Credit: 3 semester hours.*

### **3860 Numerical Analysis I**

*Prerequisite:* MTH 2750. Errors; methods of interpolation, numerical solution of algebraic, transcendental and differential equations. *Credit:* 3 semester hours.

### **3870 Numerical Analysis II**

*Prerequisite:* MTH 3860. Least Squares approximations, smoothing formulas, numerical solutions. Methods of solutions via computer software packages. *Credit:* 3 semester hours.

### **3970 Topics in Applied Mathematics**

*Prerequisite:* Consent of instructor. Topics selected from areas such as mathematical physics, integral equations, Fourier analysis. *Credit:* 3 semester hours.

### **4830 Complex Variables**

*Prerequisite:* MTH 3780 or approval of department. Analytic functions, power series, complex integration and Cauchy's Theorem, application of Cauchy's Theorem; Laurent Series and the Residue Theorem, evaluation of real integrals. *Credit:* 3 semester hours.

### **4903 Internship in Mathematics**

*Restricted registration.* Fieldwork (eight hours per week) where students are afforded the opportunity of working in the professional field of mathematics, practice under the supervision and counseling of a faculty member. *Credit:* 3 semester hours.

### **4906 Internship in Mathematics**

*Restricted registration.* Fieldwork (sixteen hours per week) where students are afforded the opportunity of working in the professional field of mathematics, practice under the supervision and counseling of a faculty member. *Credit:* 6 semester hours.

### **4910 Introduction to Set-Theoretic Topology**

*Prerequisite:* MTH 3780. Basic topological concepts; continuous mappings; connectedness and compactness; metric spaces. *Credit:* 3 semester hours.

### **4920 Elementary Number Theory**

*Prerequisite:* MTH 3780. Theory of Congruences; Diophantine equations; quadratic residues; properties of number theoretic functions. *Credit:* 3 semester hours.

### **4930 Functions of a Real Variable**

*Prerequisite:* MTH 3780. Measure theory, integration, and selected topics in real analysis. *Credit:* 3 semester hours.

### **4940 Foundations of Mathematics**

*Prerequisite:* MTH 2800. Sets of axioms and their properties; algebraic, geometric and numerical structures and their properties, Intuitionism, Formalism. *Credit:* 3 semester hours.

### **4950 Concepts of Geometry**

*Prerequisite:* Consent of instructor. Axiomatic systems, projective, affine, Euclidean and non-Euclidean geometries. *For mathematics or education majors with department approval.* *Credit:* 3 semester hours.

### **4953 Independent Study**

*Prerequisite:* MTH 3780 or consent of instructor. Guided research and reading on an individual basis. Students must submit to the Chair of the department for approval, prior to registration, an outline of subject areas to be researched or read, as well as written acceptance of a faculty member of their choice. *For senior mathematics majors with departmental approval.* *Credit:* 1 to 3 semester hours.

### **4960 Theory of Probability**

Fundamentals of probability theory with emphasis on finite sample spaces. Combinatorics, random variables, distributions, limit theorems, introduction to stochastic processes. *Credit:* 3 semester hours.

### **4990 Senior Seminar**

*Prerequisite:* MTH 3780 or consent of instructor. Reading and discussion of topics in current mathematics emphasizing the unification of the student's previous coursework. Term project. *Credit:* 3 semester hours.

## **Computer Science Course Offerings (CSC)**

### **1000 Introduction to Computing for the Liberal Arts**

Computers for the non-specialist with an emphasis on microcomputers. Hardware and software principles; elementary programming in a current language; computer applications involving word processing, spreadsheets, database; personal and social impact of computers. *Not applicable to the CSC major sequence.* *Credit:* 3 semester hours.

### **1010; 1015 Computer Programming with Applications I; II**

*Prerequisite:* CSC 1010 is a prerequisite for CSC 1015. Basic computer concepts. Programming of numeric and nonnumeric problems, computer application in various disciplines. *Credit:* 3 semester hours per semester.

### **1020 Principles of Computer Science**

*Prerequisite:* CSC 1000 or permission of instructor. The study of selected software packages to explore the capabilities of computer systems. Advanced Windows programs, database management systems, network and Internet software and elementary programming. *Credit:* 3 semester hours.

### **1350 Commercial Computing**

*Prerequisite:* CSC 1020. Applications of computer techniques to problems from business. The COBOL programming language; sorting, credit card billing, information retrieval, linear programming, inventory control, and queuing, sequential files, sorting and merging, table processing. *Credit:* 3 semester hours.

### **1390 Computer Programming with Calculus Application**

*Prerequisite:* MTH 1730. *Corequisite:* MTH 1740. Development of basic programming skills with an emphasis on calculus-related algorithms. Introduction to numerical analysis. *Credit:* 3 semester hours.

### **1400 Computer Science I**

*Prerequisite:* CSC 1010 or 1390; MTH 1740. Fundamentals of computing; Von Neumann architecture; program design, testing, correctness; object-oriented programming using the C++ programming language; program efficiency. *Laboratory, 1 hour.* *Credit:* 3 semester hours.

### **1410 Computer Science II**

*Prerequisite:* CSC 1400. Object-oriented programming, problem correctness, algorithm analysis developed further; introduction to data structures-linked lists, stacks, queues, trees and graphs; overview of operating systems, distributed computing and databases. *Laboratory, 1 hour.* *Credit:* 3 semester hours.

### **1470 Advanced Programming**

*Prerequisite:* CSC 1410. Design and implementation of large-scale systems. Documentation, testing and debugging techniques. Top-down structured programming and object-oriented programming and design. *Credit:* 3 semester hours.

### **2370 Data Communications**

*Prerequisite:* MTH 1740. Overview of data communications, networking, communications architecture and standards, data transmission, data encoding; digital data communications techniques; data link control; networking techniques; packet switching; protocols and architecture; and selected topics. *Credit:* 3 semester hours.

### **2420 Logical Design and Computer Architecture**

*Prerequisite:* CSC 1410. Number systems and codes; number representation and arithmetic. Basic logic design; combinational and sequential circuits; Boolean algebra; minimization techniques for completely and incompletely specified problems; introduction to computer architecture. *Credit:* 3 semester hours.

### **2430 Computer Organization**

*Prerequisite:* CSC 1410. Machine and assembly languages; discussion of systems programs, including compilers, assemblers, loaders, editors and interpreters. *Credit:* 3 semester hours.

### **2440 Compiler Design**

*Prerequisite:* CSC 2430. Compiler construction; symbol tables, lexical scanning, syntax analysis, memory allocation, object code generation, optimization techniques and interpreters. *Credit:* 3 semester hours.

**2450 Programming Languages**

*Prerequisite:* CSC 1410. Formal concepts and structures of programming languages with practice in different types of languages.  
*Credit:* 3 semester hours.

**2460 Simulation**

*Prerequisite:* CSC 1410. Generation of random numbers and variates; deterministic and probabilistic models; computer modeling and simulation systems with applications in selected areas. *Credit:* 3 semester hours.

**2470 Operating Systems**

*Prerequisite:* CSC 1410. Aspects of operating systems; memory managements and resource allocation, virtual memory, paging and segmentation, multiprogramming, scheduling, interrupt handling, thrashing, deadlock detection and prevention, and cache memory. *Credit:* 3 semester hours.

**2480 Algorithms and Data Structures**

*Prerequisite:* CSC 1410. Data and its representation; advanced treatment of the properties, applications and implementation of linear and non-linear linked lists, strings, arrays, stacks, queues, trees, graphs, algorithms for sorting, searching and hashing. Applications. *Credit:* 3 semester hours.

**2490 Databases**

*Prerequisite:* CSC 2480. Relational, hierarchical and network database systems; file organization and access techniques; query and update languages; data security and integrity. *Credit:* 3 semester hours.

**2500 Data Security and Cryptography**

*Prerequisite:* CSC 1400. Methods for maintaining security and integrity of computer data; mathematical treatment of contemporary topics in cryptography; overview and selected topics in data security. *Credit:* 3 semester hours.

**2640 Networking I-TCP/IP**

*Prerequisite:* CSC 1020. An introduction to the TCP/IP protocols and the principles of networking. Topics include: ARP, RARP protocols; the IP addressing scheme: routing in networks; the UDP, TCP, ICMP protocols; subnet and supernet addressing extensions: internet multicasting; client-server model: TCP/IP over ATM; the Domain Name Service; applications such as FTP, SMTP, SNMP. *Credit:* 3 semester hours.

**2720 Computability and Automata**

*Prerequisite:* CSC 2450. Propositional logic, graphs and digraphs, alphabets, languages, deterministic and nondeterministic finite automata, regular expressions, language acceptors, grammars, Turing machines, and computability. *Credit:* 3 semester hours.

**4903 Internship in Computer Science**

*Restricted registration.* Fieldwork (eight hours per week) where students are afforded the opportunity of working in the computer industry under the supervision and counseling of a faculty member. *Credit:* 3 semester hours.

**4906 Internship in Computer Science**

*Restricted registration.* Fieldwork (sixteen hours per week) where students are afforded the opportunity of working in the computer industry under the supervision and counseling of a faculty member. *Credit:* 6 semester hours.

**4990 Seminar in Computer Science**

*Restricted registration.* Reading, discussion, and investigation of special topics in computer science. *Credit:* 3 or 4 semester hours.

**Philosophy (PHI)****Major Sequence**

36 semester hours including: PHI 1000C, 2200C, 3000C, 3400, 4990, nine semester hours from: PHI 3500, 3510, 3520, 3530, and twelve semester hours chosen from any other PHI course offerings except PHI 2220C and PHI 2240C.

**Minor Sequences****Philosophy**

18 semester hours including: PHI 1000C, 2200C, 3000C, and nine semester hours chosen from any PHI course offerings except PHI 2220C and 2240C.

**Philosophy of Science**

18 semester hours including: PHI 1000C, 2200C, 3000C, 3800, and six semester hours chosen from: PHI 2320, 3720, 3810, 3820.

**Philosophy of Law**

21 semester hours including: PHI 1000C, 2200, 3000C, 3400, 3650, and six semester hours chosen from: PHI 3420, 3540, 3660, 3680, 3740; CLS 2600.

**Philosophy Course Offerings (PHI)****Core Philosophy Courses****1000C Philosophy of the Human Person**

An investigation of the general question "What does it mean to be a human person?" Special emphasis on the nature of human freedom, consciousness and cognition, and the origin and significance of life. Central to the course will be a discussion of the spirituality, immortality and dignity of the human person. The course begins with an introduction to philosophy and to critical thinking. *Credit:* 3 semester hours.

**2200C Ethics**

*Prerequisite:* PHI 1000C. Human happiness and the essential means of achieving it; universal and objective morality vs. relativism and subjectivism; principles used in formulating a rational moral judgment; the functions of law and the conscience; prudence and the moral virtues as the heart of the moral life. *Credit:* 3 semester hours.

**2220C Ethics and Business**

*Prerequisite:* PHI 1000C. The development of the general principles of the moral life in regard to happiness and the means to attain happiness. The objective moral principles which impact on one's life in its various dimensions personal, familial, social and political. Special emphasis is placed on the application of ethical principles to accounting, economics, finance, management, and marketing. *Open to The Peter J. Tobin College of Business students only.* *Credit:* 3 semester hours.

**2240C Ethics and Health Care**

*Prerequisite:* PHI 1000C. A discussion of the nature of human happiness and the development of moral principles and their impact on one's life in its various dimensions: personal, familial, social, political and professional. The application of these principles to ethical issues as they arise in medical practice and the practice of pharmacy. *Credit:* 3 semester hours.

**3000C Metaphysics**

*Prerequisite:* PHI 1000C. An introductory course which attempts to articulate ultimate principles of knowing and being. Central questions to be considered are: Is there evidence of God's existence and correspondingly, is there a solution to the problem of evil? Does human cognition permit of ultimate foundations? Is nature teleological and if so can it serve as an objective standard of value? The course also considers traditional metaphysical aspirations in the context of contemporary challenges from the physical and social sciences. *Credit:* 3 semester hours.

**Major and Elective Philosophy Courses****3320 Science and Religion: A Philosophical Analysis**

*Prerequisite:* PHI 1000C and three semester hours in the physical/biological sciences. A study of the relation between science and religion through an examination of the criteria for determining the optimal interrelation, their historical interactions and current debates concerning their interconnection. *Credit:* 3 semester hours.

**3330 Introduction to Feminist Philosophy**

*Prerequisite:* PHI 1000C. A general introduction to both the past history as well as current concerns of feminist theory. The readings for the course will cover classic feminist texts (Wollstonecraft, Mill, Engels) as well as contemporary Feminist thinkers, covering questions about the experiences of women in the treatment of methodology, metaphysics, theory of knowledge, philosophy of science, and philosophy of mind. *Credit:* 3 semester hours.

**3400 Introduction to Logic**

A study of the elementary and advanced forms of deductive argumentation in both traditional logic and the modern logic of propositions. *Credit:* 3 semester hours.

### **3420 Informal Logic**

Application of principles of logic to law, politics, arts, science, advertising, ethics and media. Special emphasis on developing skill of detecting informal fallacy. *Credit: 3 semester hours.*

### **3500 History of Ancient Philosophy**

A survey of ancient Greek philosophy from its origin up to the 4th century A.D. Emphasis is on pre-Socratic period, Plato, Aristotle, Scepticism, Epicureanism, Stoicism and neo-Platonism. *Credit: 3 semester hours.*

### **3510 History of Medieval Philosophy**

A survey of the development of medieval philosophy with special emphasis on the principal philosophers: St. Augustine, St. Anselm, St. Bonaventure, St. Thomas Aquinas, John Duns Scotus and William of Ockham. *Credit: 3 semester hours.*

### **3520 History of Modern Philosophy**

*Prerequisite: PHI 3000C or permission of instructor.* An examination of the central epistemological and metaphysical issues of modern philosophy. *Credit: 3 semester hours.*

### **3530 History of Contemporary Philosophy**

*Prerequisite: PHI 3000C or permission of instructor.* The development of modern contemporary philosophical thought from Hegel to the present. The fundamental views of such 20th century thinkers as Heidegger, Sartre, Husserl, Russell, Moore, Ayer, Popper, Gilson, Maritain, Wittgenstein and Rorty are introduced. Various philosophic methods and models are analyzed. *Credit: 3 semester hours.*

### **3540 American Philosophy**

*Prerequisite: PHI 3000C.* The classic expressions of the American Pragmatic movement in the writings of C.S. Peirce, William James, and John Dewey are presented with reference to cultural context and subsequent developments. (e.g. Founding Fathers, Emerson, Thoreau, Henry James, Martin Luther King, Jr., Richard Rorty). *Credit: 3 semester hours.*

### **3550 Existentialism**

*Prerequisite: PHI 3000C.* A general survey of the history and the main themes of the Existentialist movement; an analysis of relevant texts by major existentialist philosophers and an attempt at constructing an existentialist philosophy of person. *Credit: 3 semester hours.*

### **3570 Personalism**

*Prerequisite: PHI 2200C.* This course explores some of the leading personalist philosophers of the past one hundred years such as Martin Buber, John MacMurray, Emmanuel Mounier, and Gabriel Marcel. Jacques Maritain's view of person is also discussed. There is an in depth discussion of love, fidelity, promises, vows and the possibility of a life commitment. *Credit: 3 semester hours.*

### **3600 Problem of God**

*Prerequisite: PHI 3000C.* The background, beginning with the 17th century, of present day opinion concerning the existence of God; the nature of a realistic philosophy of God; the examination of proofs of God's existence; a study of influential atheists and a presentation of a contemporary philosophy of God. *Credit: 3 semester hours.*

### **3610 Philosophy of Religion**

*Prerequisite: PHI 3000C.* This course compares and contrasts the metaphysical foundations of religion as they are found in perennial, modern, and contemporary philosophies. *Credit: 3 semester hours.*

### **3630 Epistemology**

*Prerequisite: PHI 1000C.* An examination of the fundamental nature of human knowledge—its mode of existence, sources and validity. Classical, modern and contemporary approaches to knowledge are addressed. *Credit: 3 semester hours.*

### **3640 Aesthetics**

*Prerequisite: PHI 1000C.* A philosophical investigation into the meaning of the transcendental beauty. The nature, principles and end of artistic work as it relates to society, as well as the role of artist and aesthete. *Credit: 3 semester hours.*

### **3650 Philosophy of Law**

*Prerequisite: PHI 2200C.* A critical examination of the central issues in contemporary legal philosophy. Major themes include: the nature of legal reasoning; the relationship of law and morality; the recent development of legal hermeneutics, and the justification of punishment. A central concern of the course is to understand how legal institutions evolve, an evolution which is both faithful and yet progressively responsive to Constitutional ideals. *Credit: 3 semester hours.*

### **3660 Political Philosophy**

*Prerequisite: PHI 2200C.* An investigation of the standards and procedures for political legitimation, including an analysis of the following: the common good of the political community, the greatest good for the greatest number, the promotion of virtue, and agreement resulting from a social contract or ideal discourse. Special attention is given to an examination of the nature, function, and justification of "rights." *Credit: 3 semester hours.*

### **3670 Modernity in Crisis**

*Prerequisite: PHI 2200C.* In a world described as postmodern, a world increasingly marked by violence and irrationality, the traditional philosophical search for meaning and ethical value, and the ideas of truth and rationality have been called into question. This course examines the response to this crisis by recent Continental thought. *Credit: 3 semester hours.*

### **3680 Philosophical Issues Concerning Religion in the State**

*Prerequisite: PHI 2200C.* This course examines the basic problematic of religion in the a liberal state. To what extent can religious conviction ground political justifications? The course traces the issue in its historical development, and examines its contemporary controversies. The ideal of public reason—the principles and arguments that form the basis of authentic dialogue in a diverse community—will be critically explored. *Credit: 3 semester hours.*

### **3700 Contemporary Moral Problems**

*Prerequisite: PHI 2200C.* The response to authentic moral values in man's inter-personal existential encounter with modern life and its moral problems. Among the topics treated are: the dignity of the human being, sex, abortion, birth control, sterilization, lying, racial discrimination, free speech, labor unions, Socialism, Communism, war and peace. *Credit: 3 semester hours.*

### **3720 Environmental Ethics**

*Prerequisite: PHI 2200C.* A philosophical investigation of the environment and its relationship to the human person. Special emphasis is placed on the moral issues that arise from that relationship such as the moral standing of non-humans and the responsibility of the present generation to future generations. *Credit: 3 semester hours.*

### **3740 Social Justice**

*Prerequisite: PHI 2200C.* An investigation of social justice issues in the contemporary postmodern world. The course discusses how various philosophical theories and historical perspectives can aid or distort our understanding of social justice and its concretization. *Credit: 3 semester hours.*

### **3800 Philosophy of Science**

*Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences.* The logic and methodology of science with special emphasis on the theory ladenness of observation, the nature and structure of scientific theories and the verification/falsification of laws and theories. *Credit: 3 semester hours.*

### **3810 Philosophy of Physical Sciences**

*Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences.* A study of the fundamental philosophical issues that have arisen in the history of physics, astronomy and cosmology. *Credit: 3 semester hours.*

### **3820 Philosophical Issues in Biology**

*Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences.* An issues-oriented investigation of the methods and results of the science of biology. Among the issues discussed are the fact of evolution, theories of evolution, teleological explanations, reductionism and organism, taxonomy and the uniqueness of method in biology. *Credit: 3 semester hours.*

### 3900 Philosophy of Literature: Meaning, Mystery and Metaphysics in the Catholic Novel

*Prerequisite:* PHI 1000C. A philosophical probe into the nature of meaning, mystery and metaphysics in relation to the truth contained in literature, more specifically stories and most specifically the Catholic novel. The course explores the philosophical outlook of novelists such as Graham Greene, Evelyn Waugh, François Mauriac, George Bernanos, Walker Percy, Morris West and Flannery O'Connor. *Credit: 3 semester hours.*

### 3910 Philosophy of Language

*Prerequisite:* PHI 3000C. An introductory course covering such topics as the ideational, referential and behavioral theories of linguistic meanings; translation and indeterminacy; realism and anti-realism. Special concerns of this course are the relationship between language and mind; the relationship between semantics and pragmatics. *Credit: 3 semester hours.*

### 3920 Philosophy and Film

*Prerequisite:* PHI 1000C. An exploration of the philosophy of person and the philosophy of God through the medium of film classics. *Credit: 3 semester hours.*

### 4953 Reading and Research

*Restricted registration.* Guided research and reading for the special needs of an individual student which cannot be met by regular scheduled course offerings of the department. Prior to registration, the student must submit to the department chair a written outline of the area(s) to be researched or read, together with the written acceptance of the project by a faculty member of the department. *Open only to juniors and seniors. Approval of the department chair is required. Credit: 3 semester hours.*

### 4990 Seminar in Philosophy

*Prerequisite:* PHI 3000C. An intense reading, writing, and critical discussion course, based on a central theme in contemporary philosophy, in a seminar format. *This course is for philosophy majors who have completed all other requirements of the major. Offered spring semester only. Credit: 3 semester hours.*

## Physics (PHY)

### Major Sequences

#### Physics

51 semester hours including: PHY 1930, 1940, 1950, 1970, 2150, 2460, 3210, 3221, 3240, 3330, 3370, and sixteen semester hours from upper level PHY courses. PHY 1950 is waived for students having a prior calculus course. PHY 1610, 1620 may be substituted for PHY 1930, 1940 with permission from the department chair. In addition, physics majors are required to take MTH 1730, 1740, 2750, 3840.

### Mathematical Physics

23-26 semester hours including: PHY 1930, 1940, 1950, 1970, 2460, 3210, 3310, 3330. PHY 1950 is waived for students having a prior calculus course. PHY 1610, 1620 maybe be substituted for PHY 1930, 1940 with permission from the department chair. In addition, mathematical physics majors are required to take CSC 1390; MTH 1730, 1740, 2750, 2760, and one upper level PHY or MTH course.

### Physical Science

37 semester hours including: PHY 1930, 1940, 1950, 1970, and twenty-three semester hours from upper level PHY courses. PHY 1950 is waived for students having a prior calculus course. PHY 1610, 1620 may be substituted for PHY 1930, 1940 with permission from the department chair. In addition, physical science majors are required to take MTH 1730, 1740.

### Physical Science/Pre-Engineering

The Engineering Program is a five-year curriculum offered jointly by St. John's University and Manhattan College. The first three years of pre-engineering studies are taken at St. John's University. Students attaining a minimum quality point index of 2.5 and other requirements are then admitted to Manhattan College for the last two years of engineering studies in any of the undergraduate curricula. Both a B.S. degree from St. John's and a B.E. degree from Manhattan College are awarded when the student successfully completes the program.

During their first three years candidates complete general requirements for a Bachelor of Science degree and the following: PHY 1930, 1940, 1950, 1970, 2110, 2150, 3221, 3510; CSC 1010 or 1390, MTH 1730, 1740, 2750 and 3840; PHY 1950 is waived for students having a prior calculus course. A few additional courses (usually two or three) will be specified by the Physics Department in accordance with the student's preparation and chosen engineering discipline. It may be necessary for students to take summer courses to complete the program in five years.

To assure an orderly sequence of studies, students must have the approval of the Physics Department for each semester's courses. Some modifications of the requirements can be accepted when approved by the Physics Department and by Manhattan College.

### Minor Sequence

16 semester hours including: PHY 1610, 1620, or 1930, 1940, and eight semester hours of PHY courses in consultation with the department.

### B.S./M.B.A.

The five-year B.S. Physics/M.B.A. and B.S. Mathematical Physics/M.B.A. are offered jointly by St. John's College of Liberal Arts and Sciences and Tobin College of Business at St. John's University.

For the B.S. Physics/M.B.A. program, the required physics courses are: PHY 1930, 1940, 1970, 2460, 3210, 3221, and 3330. In addition, 3220 and 3310 can be taken as elective courses.

For the B.S. Mathematical Physics/M.B.A. program, the required physics courses are PHY 1930, 1940, 1970, 2460, 3210, 3310, and 3330. In addition, 3220 and 3221 can be taken as elective courses.

Determination on student's progression into the program will be made in the junior year, using GMAT scores and GPA criteria commensurate with the requirement for admission to M.B.A. programs.

## Physics Course Offerings (PHY)

### 1020 Physics in Words and Pictures

A survey of modern physics without math. Words and pictures illustrate our current concepts of the laws of nature. These are used to explain various everyday phenomena, the scientific view of the cosmos, and elements of modern technology. *No prior study of physics required. Credit: 3 semester hours.*

### 1030 Principles of Contemporary Science

A non-mathematical treatment of the fundamental scientific principles of the physical world; the nature of matter and energy, atoms and nuclei; fundamentals of our knowledge of the earth and the universe; influence of natural sciences on human thought and society. *No prior study of physics required. Credit: 3 semester hours.*

### 1060 Introduction to Astronomy

A non-mathematical perspective of astronomy: solar system, stars and their evolution, nebulae and supernovae, galaxies and the universe. *No prior study of physics is required. Credit: 3 semester hours.*

### 1080 Our Planet

An integrated, descriptive study of our planet, stressing the principles of plate tectonics. The topics include the origin and history of the earth, volcanoes and earthquakes, continental drift, environmental geology and astrogeology. *No prior study of physics required. Credit: 3 semester hours.*

### 1090 The Science of Weather

The structure of Earth's atmosphere and its energy exchanging processes. Cloud formation, air-masses, cyclones and anticyclones; thunderstorms, tornadoes and hurricanes. Weather prediction and modification. *No prior study of physics required. Credit: 3 semester hours.*

### 1120 Energy and Environment

A comprehensive study of energy production, distribution, and consumption. Physical principles and technological problems. Environmental aspects; energy crisis, past and future. Future energy sources and their management. *No prior study of physics required. Credit: 3 semester hours.*

### 1140 Introduction to Space Science

A survey of man's exploration of space. Principles of rocketry and spaceflight. Artificial satellites, deep space probes and exploration of planets. Manned space flight. Future spaceships, space-stations, colonies in space. *No prior study of physics required. Credit: 3 semester hours.*

### 1170 Universe: Introduction to Scientific Cosmology

Relativity theory and the description of gravity as a space-time warp; Big Bang cosmology and the expanding universe; the formation of galaxies and stars; gravitational collapse and black holes. *No prior study of physics required. Credit: 3 semester hours.*

### 1210 Planet Earth-Form and Structure

Earth's continents, oceans and abundant surface features are interpreted in terms of the planet's turbulent but orderly interior. Earth is treated as a dynamic system. *Credit: 3 semester hours.*

### 1220 Planet Earth-Historical Geology

Evolution of the earth through time as revealed in fossils, rocks, radioactive materials and other evidence. The planet's history is reconstructed from these clues. *Credit: 3 semester hours.*

### 1310 Physics of Sound and Music

The physics of sound and music, including simple harmonic motion, waves and sound, standing waves and overtones, pressure and ideal gas law, room acoustics and musical temperament and pitch. *Credit: 3 semester hours.*

### 1320 Physics of Light and Color

This course is designed for undergraduate non-science students. It will discuss the properties of light and color, the interaction of light with matter, human eye, the color vision and the formation of visual images. It also covers reflection, refraction, lenses, and applications to photography and lasers and holography. *Credit: 3 semester hours.*

### 1340 Renewable Energy and Applications

This course is designed for undergraduate science and non-science students. It will provide an introduction to energy systems and renewable energy resources, with a scientific examination of different types of energy, alternate energy sources and their technology and application. The class will also discuss the society's present energy needs and future demands, examine conventional energy sources, and then focus on alternate, renewable energy sources such as solar, biomass (conversions), wind power, geothermal, and hydro. *Credit: 3 semester hours.*

### 1410 Introduction to General Physics

The course is designed to help students with weak background in physics or those who have no prior physics courses. Topics include: Introduction to algebra and calculus, and vectors, and selective topics such as mechanics, optics, heat, electricity and magnetism. *Credit: 3 semester hours.*

### 1430 Introduction to Physics

A survey of mechanics, including falling body and collision problems; an introduction to gases, fluid flow, heat, sound and light. Problem-solving is limited to simple algebra. *Applications to biology and medicine. Credit: 3 semester hours.*

### 1440 Physics Theory I

*Prerequisite: MTH 1730.* An introductory course in the study of the basic theories in classical mechanics, work and energy, heat, sound and wave mechanics. Basic principles and concepts are stressed over applications. *Open to non-science majors only. Credit: 4 semester hours.*

### 1450 Physics Theory II

*Prerequisite: PHY 1440.* A continuation of Physics Theory I, introducing the basic theories of light, optics, electricity, magnetism and atomic and nuclear physics. Basic principles and concepts of classical and modern physics are stressed throughout. *Open to non-science majors only. Credit: 4 semester hours.*

### 1520 Earth Science

An integrated study of the basics of astronomy, physical geography, cartography, meteorology and oceanography. *Credit: 3 semester hours.*

### 1530 Time Traveling (Mini-Course)

A survey of time including: the dawn of time; laws linking past, present and future; aging and time's arrow; stargazing into the past; freezing time; the quantum cat and time travel in the many-worlds interpretation; slowing time with speed and gravity; time reversal and antimatter. *No prior study of physics is required. Not applicable to major sequence. Credit: 3 semester hours.*

### 1610; 1620 College Physics I; II

*Prerequisite: PHY 1610 is a prerequisite for PHY 1620. Corequisite: PHY 1611L and PHY 1612R are corequisites for PHY 1610. PHY 1621L and PHY 1622R are corequisites for PHY 1620.*

First Semester: An introduction to mechanics, heat, waves and sound. Second Semester: An introduction to optics, electricity and magnetism, atomic and nuclear physics. Appropriate for biology majors. *Not open to chemistry, physics or mathematics majors in St. John's College. Lecture, 3 hours. Laboratory, 2 hours. Recitation, 1 hour. Credit: 4 semester hours per semester. Laboratory fee, \$25 per semester.*

### 1930; 1940 University Physics I; II

*Prerequisite: PHY 1930 is a prerequisite for PHY 1940. Corequisite: MTH 1730 or 1950. PHY 1931L and PHY 1932R are corequisites for PHY 1930. PHY 1941L and PHY 1942R are corequisites for PHY 1940.* First Semester: Fundamentals of mechanics, heat, fluids, wave-motion and sound, utilizing calculus. Second Semester: Fundamentals of optics, electricity and magnetism, atomic and nuclear physics, utilizing calculus. *Lecture, 3 hours. Laboratory, 2 hours. Recitation, 1 hour. Credit: 4 semester hours per semester. Laboratory fee, \$25 per semester.*

### 1950 Mathematics for Physical Science

*Corequisite: PHY 1952R.* Analytic geometry, differential and integral calculus applied to physics and engineering. *Lecture, 3 hours. Recitation, 1 hour. Credit: 3 semester hours.*

### 1970 Introduction to Modern Physics

*Corequisite: PHY 1620 or 1940, and 1972R.* The structure and properties of atoms, molecules, and nuclei, X-rays, gamma rays, natural and artificial radioactivity. Nuclear fission and fusion, nuclear energy production; special relativity and elementary particles. *Lecture, 3 hours. Recitation, 1 hour. Credit: 3 semester hours.*

### 2010 Advanced Physics Laboratory

*Prerequisite: PHY 1970.* Several experiments in modern physics to the students, such as Frank Hertz, Millikan Apparatus, Planck's constant, Zeeman Effect, NMR, ESR, and Hall Effect. *Credit: 2 semester hours.*

### 2110 Engineering Mechanics

*Prerequisite: PHY 1620 or 1940. Corequisite: PHY 2111R.* Statics; including vector formulations, trusses, and distributed loads. Basic kinematics and dynamics of particles, systems of particles, and rigid bodies; work and energy; impulse and momentum; conservation laws. Emphasis on engineering applications. *Lecture, 3 hours. Recitation, 1 hour. Credit: 3 semester hours.*

### 2150 Thermodynamics

*Prerequisite: PHY 1620 or 1940.* The study of heat, work, and the various forms and transformations of energy. The First and Second Laws of Thermodynamics applied to engines, phase transformations, chemical reactions, and radiation. An introduction to statistical mechanics. *Credit: 3 semester hours.*

### 2460 Analytical Mechanics

*Prerequisite: MTH 1730, and PHY 1620 or 1940.* The fundamentals of classical mechanics. Topics include motion of a particle, conservation of energy, momentum and angular momentum, Lagrange and Hamilton equations, configuration and phase space, orbital mechanics. *Credit: 3 semester hours.*

**3100 Biological Physics**

*Prerequisite:* MTH 1730, and PHY 1620 or 1940. The physical laws most relevant to life. Energy and its transformation in organisms; Information and the programming of life processes; Entropy and the creation of order by living systems; Quantum mechanics and its role in chemistry and in the mutability and permanence of life. *Credit:* 3 semester hours.

**3210; 3220 Electricity and Magnetism I; II**

*Prerequisite:* PHY 1620 or 1940. PHY 3210 is a prerequisite for PHY 3220. *Corequisite:* MTH 2760. First semester: The study of electrostatics, conductors and dielectrics, using vector algebra and calculus; direct currents and circuit analysis. Second semester: Magnetism, electromagnetic induction, alternating currents; Maxwell's equations, electromagnetic waves. *Credit:* 3 semester hours per semester.

**3221 Electricity and Magnetism Laboratory**

*Prerequisite:* PHY 3210. Selected experiments demonstrating the principles and applications of electricity and magnetism. *Laboratory, 4 hours. Credit:* 2 semester hours. *Laboratory fee, \$25.*

**3240 Electronics**

*Prerequisite:* PHY 1450, or 1620, or 1940. *Corequisite:* PHY 3241. Introduction to electronic devices including diodes, transistors, amplifiers, filters, oscillators, LEDs and other electronic systems. Principles of electronic circuit design and analysis. *Lecture, 3 hours. Laboratory, 2 hours. Credit:* 4 semester hours. *Laboratory fee, \$25.*

**3250 Optics**

*Prerequisite:* MTH 1730 or PHY 1950, and PHY 1620 or 1940. The optics of lenses and mirrors, cameras, corrective lenses, telescopes, magnifiers, microscopes. Wave theory of light, with applications: interferometry, diffraction patterns, polarization, spectroscopy, dispersion, fiber optics, holography. *Credit:* 3 semester hours.

**3251 Optics Laboratory**

*Corequisite:* PHY 3250. Selected experiments in Optics. *Laboratory, 4 hours. Credit:* 2 semester hours. *Laboratory fee, \$25.*

**3270; 3280 Atomic and Nuclear Physics I; II**

*Prerequisite:* PHY 3270 is a prerequisite for PHY 3280. *Corequisite:* PHY 3210 and 3220, or consent of instructor. Structure and properties of atoms, molecules, and nuclei; foundations of Quantum Theory and the Theory of Relativity; emission and absorption of radiation; foundations of Solid State Theory; radioactivity, fission, fusion, Elementary Particle Theory. *Credit:* 3 semester hours per semester.

**3291 Atomic and Nuclear Physics****Laboratory**

*Corequisite:* PHY 3270. Selected experiments in atomic and nuclear physics. *Laboratory, 4 hours. Credit:* 2 semester hours. *Laboratory fee, \$25.*

**3310 Methods of Theoretical Physics**

*Prerequisite:* MTH 1730, PHY 1940. *Corequisite:* MTH 1740. Selected mathematical methods used in theoretical physics. Complex variables; Fourier Series; Laplace Transformation; vectors, matrices and eigenvalue problems. Applications to ordinary and partial differential equations. *Credit:* 3 semester hours.

**3330 Quantum Theory**

*Prerequisite:* PHY 3270. *Corequisite:* MTH 2760. Description of atomic systems by state vectors; probability amplitudes, superposition and interference; matrices and operators. Topics include: the wave and matrix formulations of quantum physics, commutation relations, symmetries and conservation laws; angular momentum and spin, perturbation theory, and applications. *Credit:* 3 semester hours.

**3370 Statistical Physics**

*Prerequisite:* PHY 1940, PHY 1970. Science of determining the aggregate behavior of systems from their molecular components. Topics include statistical ensembles with applications to gases, radiation, magnetism, and solids. *Credit:* 3 semester hours.

**3510 Electrical Systems**

*Prerequisite:* MTH 1740, and PHY 1620 or 1940. This is the foundation course for analyses of electrical circuits. Topics include mesh analysis, node analysis, Thevenin's theorem, Norton's theorem, and superposition. Applications are made to direct current circuits. Transient dynamics and alternating current circuits are introduced and analyzed. *Credit:* 3 semester hours.

**3520 Networks**

*Prerequisite:* PHY 3510. This is the basis for most advanced courses in electrical engineering. It is divided into two parts: Part 1 deals with ac circuits, impedance, phasors, sinusoidal steady-state analysis, ac power, rms values, three phase systems, and frequency response. Part 2 is devoted to advanced techniques for network analysis. It provides an introduction to the Laplace transform, Fourier series, the Fourier transform, and two-part network analysis. *Credit:* 3 semester hours.

**3820 Fluid Mechanics**

*Prerequisite:* MTH 3840 and PHY 2460 or 2110. Fundamentals of fluid statics and dynamics, including: properties and energy relationships of fluids, and flow in closed conduits, and flow measurement. *Credit:* 3 semester hours.

**3850 Introduction to Solid State Physics**

*Prerequisite:* MTH 3840, PHY 1940. Properties of static (crystal structure) and dynamic (lattice vibrations) arrangements of atoms, and electronic properties of metals, insulators and semiconductors. *Credit:* 3 semester hours.

**3890 Numerical Methods**

*Prerequisite:* MTH 3840, PHY 1940. Numerical techniques to solve physics problems such as roots of linear and nonlinear equations; solution of ordinary differential equations; curve fitting and interpolation. *Credit:* 3 semester hours.

**3900 Special Topics**

Advanced or contemporary topics announced each semester. Topics may include: Lagrange and Hamiltonian Dynamics, Information Theory and Statistical Physics, Methods of Quantum Physics, Fundamental Particle Physics and Solid State Physics. *These and other special topics require department approval. Credit:* 3 semester hours.

**4100 Undergraduate Research**

*Prerequisite:* MTH 1740, PHY 1940. Students can conduct research under supervision of approved faculty by the department. It is open to all students majoring in physics. *Credit:* 2 to 4 semester hours.

**4350 Seminar**

*Credit:* 2 or 3 semester hours.

**4953 Independent Study**

*Restricted registration.* Guided reading and investigation of an area of science of special interest to a student and faculty member. Before registering for this course a student must obtain assurance of a faculty member's supervision. *Credit:* 2 to 4 semester hours.

## Psychology (PSY)

### Major Sequence

41 semester hours including: PSY 1000C, 2030, 2030L, 2040, 2040P, 2150, 2990, 3260, 3800.

In addition, majors must choose one course from each of the following groups below:

**Group 1—Abnormal/Personality/Social**

Psychology: PSY 2200, 2210, 3320;

**Group 2—Developmental Psychology:** PSY

2070C, 2080C;

**Group 3—Experimental Psychology:** PSY 3270,

3280, 3290;

**Group 4—Emerging Areas of Psychology:** PSY

2220, 2240, 2250, 2260, 2270.

Also, majors must choose six semester hours of PSY elective courses from the department's course offerings (including those not selected from the four groups mentioned above).

Students are required to take all courses in the major in the Psychology Department of St. John's College once they declare the major.

Students wishing to pursue graduate training in psychology should take PSY 3040 (Experimental Psychology Laboratory) as one of their electives. Psychology majors are required to take PSY 1000C as their first course. They are encouraged to take 2030 as soon as possible. PSY majors are urged to take BIO 1050 and 1060, as well as PHI 3800 and elective credits in related social sciences, ANT 1010C or 1020C or SOC 1000C, for example.

It is advantageous for the student wishing to pursue graduate work in psychology to have completed or be in the process of completing all the required courses by the fall semester of the senior year when the GRE is usually taken. In addition, it is advisable for students wishing to pursue graduate work in psychology to accelerate the major sequence and elect more than the minimum number of credits in the major, but not to exceed 12 credits above the minimum credits required.

### Minor Sequence

## Goals and Objectives

Graduates from baccalaureate programs in The School of Education at St. John's University are competent, caring and qualified professionals who have acquired expertise in communication, professional knowledge and skills, and the conceptual frameworks of their chosen academic areas, and who prize and practice the values of committed service. Students enjoy abundant opportunities to nourish and develop the ability to create a productive and effective learning environment,

plan and implement instructional activities, monitor and assess student learning and interact effectively with peers, pupils or clients and other personnel in educational institutions or service organizations.

The School of Education has three major goals consistent with the mission and distinctive purposes of the University: (1) to prepare graduates who are competent in the subject matter they plan to teach; (2) to provide the pedagogical knowledge, understanding and skills necessary for competent, caring and qualified professionals; and (3) to have acquired a caring teaching skill as well as a basic professional knowledge of rights and responsibilities of teachers and the implications for productive relationships with other professional staff, students, parents and community members.

## The School of Education's objectives are:

1. To provide a vibrant learning environment for the intellectual, professional and moral development of students.
2. To provide programs for student and societal needs; and enable students to function effectively as professionals in a dynamic multicultural society.
3. To encourage students to develop a personal philosophy of education consistent with the University's mission.
4. To foster basic and applied research in education and human services involving students and faculty.
5. To serve as a resource center to the educational community by: providing leadership and supportive services for local, state and national associations; sponsoring professional meetings and seminars; and offering consultative services for schools and community agencies.

## Student Responsibilities

In addition to the general policies of the University set forth in this bulletin, students are responsible for becoming knowledgeable about New York State Certification requirements and regulations, for adhering to the academic calendar and for meeting all of the requirements of their respective academic programs. We ask that all students conform to the policies stated in the Student Handbook which may be found online.

Students are also asked to maintain professional dispositions that reflect the mission and goals of The School of Education. Failure to maintain these professional dispositions can result in dismissal from The School of Education.

## Transfer Students

External – Students accepted by The School of Education will receive an evaluation of their transfer record listing the courses applicable to their program of study at St. John's University. Only courses with grades of C or better will be considered for transfer. Accepted students to the School will be notified of their acceptance by the Office of Transfer Student Services in order to schedule an advisement appointment to review their approved transfer credits and academic program per the dean.

Credit may be accepted for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g., Middle States Association of Colleges and Schools), or if it was earned at a college/university level institution traditionally accredited by some other type of agency (e.g., in New York State, the Board of Regents). International students or students with credits from another country will need to provide a foreign credential evaluation. An official course-by-course evaluation may be requested through these two approved agencies: Word Evaluation Services ([wes.org](http://wes.org)) or the National Association of Credential Evaluation Services ([naces.org](http://naces.org)).

All external transfer applicants to the School who have been awarded an A.A. or A.S. degree will fulfill the requirements for their baccalaureate in the School after successfully completing all requirements for their major including a) six semester hours in Philosophy and six semester hours in Theology; and b) the requirements for their selected concentration. The remainder of the student's program is determined under the guidance of an assigned advisor.

All external transfer students seeking admission to the School must have a minimum 3.0 GPA.

Internal – It is required that internal transfer students make an appointment to meet with an Academic Advisor in The School of Education Undergraduate Studies Office

## Advanced Placement and CLEP/credit-by-test

The School of Education awards advanced placement (AP) credits to those entering freshmen who earn a requisite score on the College Entrance Examination Board's Advanced Placement and/or CLEP exams.

Placement and the number of college credits appropriate to the academic development of the qualified student are determined by the Undergraduate Studies Office. Credits for AP scores lower than a 5 will not be granted.

Upperclassmen who wish to take CLEP or other credit-by-test exams are required to receive prior written approval from The School of Education Undergraduate Studies Office if

such credit is to be applied to their degree. CLEP and other credit-by-test scores will not be counted if approval is not given.

CLEP or other credit-by-test may only be done for a total of 9 credits over the course of the 4- or 5- year program. CLEP exams may not be used in Education courses or in the student's concentration area.

Seniors may not take any CLEP or credit-by-test examination.

## Honors Program

Our Honors Program offers outstanding students the opportunity to maximize intellectual growth and experience personal enrichment. Students meet regularly with the program's directors and faculty, creating a stimulating environment of thought, research and scholarly discourse.

The University Honors Program features small classes, careful faculty mentoring, and an impressive number of academic and cultural opportunities. These range from performances at the Metropolitan Opera, New York City Ballet and the New York Philharmonic to museum visits and Manhattan walking tours.

In the St. John's Honors Program, you will be a part of:

- Upper-level seminar-style classes
- Thought-provoking, in-depth discussions
- Special lectures and research projects
- Close collaborations with top professors for research
- Friendships with students who share the same interests and passion for learning

## Teacher Certification

Successful completion of all academic requirements, including student teaching, in an undergraduate program in The School of Education or a minor in Adolescent Education through St. John's College of Liberal Arts and Sciences, entitles a student to request and receive a university recommendation to the New York State Education Department for initial teacher certification.

In addition to the university recommendation which is provided by a School of Education certification officer through TEACH online, students seeking certification must register for, pay appropriate fees, and complete the following requirements.

- Attend Mandatory Workshops  
Child Abuse Prevention  
Violence Prevention  
Dignity for all Students (DASA)  
Autism (if relevant)
- Obtain Fingerprint Clearance
- Submit and pass the edTPA
- Pass all required NYS Teacher Certification Exams ([www.nystce.nesinc.com](http://www.nystce.nesinc.com))
- Students seeking initial certification must be fully aware of the current requirements and regulations of the NYSED

The School of Education offers guidelines, contact information and important updates and we encourage you to visit the following website: [stjohns.edu/academics/schools-and-colleges/school-education/certification-information](http://stjohns.edu/academics/schools-and-colleges/school-education/certification-information)

Requirements for teacher certification vary from state to state, therefore, students who seek teacher certification outside of New York State should contact the appropriate State Education Department for information about their latest certification regulations.

The State of New York mandates that those who complete requirements for graduation pass several New York State Certification examinations. The latest passing rates of St. John's graduates for initial certification can be found on the following website <http://data.nysed.gov/higheredcert.php?instid=800000081568>

### Middle School Extension

Students currently enrolled at St. John's University as undergraduate seniors or graduate students should meet with their advisor to determine how to qualify for the Middle School Extension.

### Required Courses in Both Certification Programs

- EDU 7106 Understanding Socio-Emotional, Cultural and Cognitive Aspects of Middle School Learners in General and Inclusive Settings (3 credits)
- EDU 7107 Methods and Strategies of Teaching Middle School Learners in General and Inclusive Settings (3 credits)

### Eligibility for the Programs

Applicants to each program should possess an undergraduate grade point average of 3.0 or better.

State regulations require that students must possess New York State initial or professional teacher certification in either Adolescent or Childhood Education, or be in the process of attaining that credential. The Middle School Extension can only be granted to individuals who attain certification.

## Academic Information

### Advisement

Advisement involves a close relationship between student and advisor. Each student is assigned an advisor with whom he/she is expected to consult regarding the program once a semester. A student who has questions about the advisement process should consult the Undergraduate Studies Office. The student is scheduled by the University Freshman Center (Queens Campus) for classes during the first and second semester of their first year. Freshmen students on the Staten Island Campus are advised by the Dean's Office. For the remaining semesters, the student should plan a course of studies with the assigned advisor/dean. All students are advised to declare a content area by their first year.

### Academic Service-Learning

Academic Service-Learning students should consult with the professor and the Academic Service-Learning Office in Lourdes Hall. Academic Service-Learning is encouraged for all undergraduate majors.

### Pass-Fail Option

The Pass-Fail Option is open only to sophomores, juniors, and seniors or to a student who has completed a minimum of 25 credits and whose current quality point index is at least 3.0. It is limited to three-credits per semester and to six credits per academic year. The total over three years, including summer sessions, may not exceed nine credits.

The Pass-Fail is not available for EDU courses; this includes student teaching. Students may only apply for the Pass-Fail option for 2 core courses and 1 content course whose current quality point index is 3.0

Application for the Pass-Fail Option should be completed online (UIS) by the last day designated for withdrawal from class without receiving academic penalty. See the Academic Calendar for specific withdrawal dates.

### Honors

Summa Cum Laude	3.85
Magna Cum Laude	3.70
Cum Laude	3.50

### Academic Standing

A student is in good standing if enrolled as a matriculated student in a program of study leading to a degree and is making satisfactory progress toward the completion of the program of study.

All students are to maintain a 3.0 cumulative quality point index. *\*Failure to maintain a 3.0 may result in not being able to Student Teach and/or dismissal from The School of Education.*

### Supervised Student Teaching

Only students who are in good academic standing and completing an approved School of Education program including prior fieldwork courses are eligible for an assignment in supervised Student Teaching. Recommendations for such assignments depend upon evidence of potential teaching ability as manifested in part by:

1. All coursework must be completed prior to the start of student teaching. One course can be taken along with student teaching if approved by the academic advisor and director of field experience. GPA must be 3.0 or above. A GPA lower than 3.0 will require a committee meeting for approval to move forward.
2. Student Teaching can only be completed at the end of program, with exception for those in a five-year, dual, or career change program that will also require additional coursework or a practicum.

3. Observations and participation for teaching in an approved school under University supervision. The school site will be selected by the director of field experience.
4. As noted in the student teacher application, all requirements must be fulfilled prior to the first day of student teaching. This includes completing NYS, mandated workshops, registering for certification exams and fingerprinting. *Note:* Virtus Training is only required for Catholic school placements.
5. A cleared medical form by the University Health Office. A physical examination completed within 12 months prior to beginning student teaching.
6. Student is required to be present at their school assignment for 4 ½ days per week (420 hours). *Note:* Special Education students attend a half-day program 5 days a week (210 hours).
7. During Student Teaching, students will be assigned a supervisor and be required to attend weekly seminars and workshops. Seminar dates and times will be established at the orientation meeting with the University Supervisor.
8. It is strongly recommended that students not be employed during the semester of Student Teaching. If it is necessary, the hours should not interfere with the school site schedule. The University is not responsible for changes to certification requirements by NYS. Students should become familiar with the NYSED website and the SOE's webpage for announcements. [higher.nysed.gov/stjohns.edu/academics/schools-and-colleges/school-education](http://higher.nysed.gov/stjohns.edu/academics/schools-and-colleges/school-education)

Applications for Student Teaching are approved by the director of field experience. Applications for Student Teaching in both the fall and spring semesters should be submitted to the Field Experience Offices located on the fifth floor of Sullivan Hall and third floor in DaSilva Hall on the Staten Island campus. It is important and recommended that students use their St. John's e-mail, as this will be the source of all communication regarding DaSilva Hall on the Staten Island campus.. In any event, students should feel free to call/visit the Field Experience Offices at anytime for information regarding Student Teaching.

**Please note:** A student should successfully complete all prerequisites for student teaching in order to be placed as a student teacher.

**The university cannot guarantee placement in a specific school that a student may choose.**

### Make-Up Exams

The School of Education recommends that any student needing a make up date please contact The Undergraduate Studies Office for information.

## Instructional Materials Center

The Instructional Materials Center (IMC) is a unique part of the University libraries support systems and enriches the programs of The School of Education. The IMC collects and disseminates specialized information for the students with the nationwide assemblage of curriculum guides, textbooks and accompanying materials, audio-visual teaching aids and hardware, three-dimensional learning tools, publisher and distributor catalogues.

The IMC should enable pre-service and in-service teachers to examine the latest curriculum materials available in order to develop competency and familiarity. It is located on the fourth floor of the Main Library in Queens and DaSilva Hall, Room 109 on the Staten Island campus.

## Academic Fairness

To dispute grades please see the Undergraduate Studies Office on the necessary process.

## Graduate Level Courses

Seniors who are student teaching are eligible to take one graduate course with approval by an Academic Advisor.

## Honor Societies

### Dean's Scholars

Dean's Scholars was founded in 1996 and is comprised of the School's top students. It is one of the most prestigious organizations in School of Education. The Dean's Scholars represent those students who combine scholarship, integrity and maturity. Members act as ambassadors, leaders and role models to the School of Education and the University. See the Undergraduate Studies Office for more information on becoming a Dean's Scholar.

### Kappa Delta Pi

Kappa Delta Pi is an international Honor Society in Education, which aims to sustain an honored community of diverse educators by promoting excellence and advancing scholarship, leadership, and service.

Kappa Delta Pi at St. John's University inducts both undergraduate and graduate students who have achieved academic excellence and who are committed to service and professional development.

The vision of Kappa Delta Pi is to help committed educators be leaders in improving education for global citizenship individually and collectively, strive for a high degree of professional fellowship, leadership, and growth in the field of education, and serve their students and the educational community at large. For more information on the Staten Island and Queens chapters, please view the St. John's webpage.

## Professional Association

Phi Delta Kappa International Chapter 0161. PDK International is a professional association for educators that brings together the top leaders, thinkers, and doers to collaborate and inspire one another. By providing professional learning opportunities targeted networking, and relevant research, PDK helps researchers and practitioners deepen their expertise, elevate their careers, and ultimately experience better results in their work.

### Mission:

## Special Programs

### America Reads\*America Serves

America Reads\*America Serves is a community service initiative program. In order to become a part of the America Reads\*America Serves program, a student may be enrolled in any college within the University but are required to maintain a GPA of 2.0. This program offers an excellent opportunity for students wishing to take advantage of the college work/study program, as well as those interested in volunteering and becoming a part of the greater St. John's University community.

### Jumpstart (Q)

Jumpstart is a national early literacy organization that works towards the day when every child in America enters school prepared to succeed. Jumpstart accomplishes this mission through supporting corps members to work individually with young children in preschool settings.

During Jumpstart's program, preschool children are paired with Jumpstart corps members for focused attention to build language and literacy, initiative, and social relations skills. All children in Jumpstart are given teacher evaluations at the start and the end of the Jumpstart Program.

Children participate in groups of 4-5, with their assigned corps members, in a two-hour Jumpstart session weekly. During the session, members implement a curriculum focused on Jumpstart's five language and literacy domains and skills. These include vocabulary, comprehension, alphabet knowledge, meaning and use of print, and awareness.

## Staten Island Academic Internships

Internships are arranged with non-profit agencies and cultural institutions whose work centers around issues and experiences confronting school children today. Among the placements offered are those exemplary organizations whose involvement in children's health, welfare, psychological development, creativity, academic development and the disciplines found in schools such as History, Mathematics, Science and the Arts, are well known and respected on Staten Island and surrounding areas.

## Course Offerings

### 101 Introduction to Education (1-12)

Students will learn how to interact with pupils, peers and teaching personnel. Major emphasis is paid on developing systematic skills in observation and analysis of teaching. *Credit: 1 semester hour. (Freshmen only)*

### 1000 Foundations of Education (1-12)

Designed for pre-service teachers, this course is a comprehensive overview of the social foundations of education in the United States including historical philosophical, sociological/anthropological legal, comparative and policy debates within education. This course will help students develop critical thinking skills in order to clarify the context of the profession, develop a philosophical orientation, and facilitate informed decision making about today's complex educational environments. The primary focus is to prepare reflective teachers who embrace and apply theoretical scholarship in social foundations to improve and enhance the learning environment for all students. *Credit: 3 semester hours.*

### 1001 Learning and Development Childhood (1-6)

Interdisciplinary study of human learning, growth and development, and growth sequences as impacted by cultural, sociological, psychological and environmental factors through childhood; principles of motivation, communication, classroom management and learning processes; implications for and application to educational practice for the optimization of students' growth and learning. *Credit: 3 semester hours.*

### 1002 Learning and Development Adolescent (7-12)

Interdisciplinary study of human learning, growth and development focusing on the adolescent years. Study in dynamics of cultural, sociological, psychological and environmental influences; implications for assessments and for selection of appropriate strategies to address pupil characteristics and content-area standards. ## Objectives

The Peter J. Tobin College of Business prepares graduates for rewarding managerial and professional careers.

Its educational programs combined with progressive technology provide the practical experience, solid knowledge base, strong ethical foundation and global perspective graduates need to make immediate and valuable contributions as business professionals.

The Tobin College of Business faculty carries out its responsibility for this preparation through excellence in teaching, supported by a commitment to applied business research.

## Programs of Study

The Peter J. Tobin College of Business offers the Bachelor of Science degree with majors in accounting, actuarial science, economics, finance, management, MIS, marketing, and risk management and insurance.

On June 1, 2001, The College of Insurance (TCI) merged with St. John's University. TCI is now the School of Risk Management, Insurance and Actuarial Science, a division of The Peter J. Tobin College of Business. The School of Risk Management offers the B.S. degree in actuarial science and risk management and insurance. The first two years of study for these programs are done at

the Queens or Staten Island campus, with the major field coursework being completed in the last two years at the Manhattan campus. Actuarial Science students are strongly encouraged to take and pass the first two examinations (1/P and 2/FM) prescribed by the Society of Actuaries and the Casualty Actuarial Society. They can continue to pass more examinations while working to become an Associate or Fellow in this professional field.

The Tobin College of Business offers many combined B.S./M.S. and B.S./M.B.A programs. The combined degrees in accounting, economics, finance, management, and marketing provide a unique opportunity to complete both B.S./M.S. or B.S./M.B.A. degrees typically within five years of full-time study. Interested students, who have maintained strong grades, should apply to the program in the second semester of the junior year (75 credits completed) of undergraduate study. The GMAT may be required.

Please note: Both the combined Bachelor and Master of Science or Master of Business Administration degrees in accounting or taxation are registered 150 credit hour licensure qualifying programs for Certified Public Accountancy, in the State of New York, and recognized in many other jurisdictions.

Careful selection of courses may enable a student to obtain a secondary concentration or minor.

Programs of study in the Tobin College of Business are reviewed from time to time. The faculty expressly reserves the right to make alterations to the curriculum consistent with the needs of business.

## Professional Accreditation

The Peter J. Tobin College of Business is among only 25 percent of business schools with full accreditation by The Association to Advance Collegiate Schools of Business – AACSB and among less than five percent of the world's business schools to earn dual accreditation for its business and accounting programs.

Accreditation standards have evolved to meet the contemporary needs of business, the professions, government and graduate and professional schools. By exceeding the quality standards for accreditation in professional education for business and management, the Tobin College of Business constitutes a sound choice for the prospective student. AACSB standards include an evaluation of faculty adequacy and competence, admission standards and performance standards for the student body, library facilities, computer equipment, financial support of the institution and the content and breadth of both the professional and non-professional curricular requirements. The professional curriculum in an AACSB accredited school stresses a working knowledge of the major business disciplines, proficiencies in the use of analytical

techniques in arriving at logical solutions to management problems and an appreciation for and dedication to the social and ethical responsibilities of the business manager.

## Specific Entrance Requirements

16 high school units (or appropriate score on the GED):	
English	4
History	1
Science	1
Mathematics	3
Academic Electives	7

The recommended sequence of high school mathematics courses includes Elementary Algebra, Plane Geometry or Tenth Year Mathematics, and Intermediate Algebra and Trigonometry or Eleventh Year Mathematics or Mathematics "A" and "B."

Those students who wish to transfer to the Tobin College of Business from another institution or from within the University should consult the appropriate section of the Bulletin.

## Advanced Placement

Applicants to the College are encouraged to take the examinations of the Advanced Placement (AP) program. Those who score sufficiently high may receive credit toward the Bachelor's degree. Test results should be sent to the Office of Admissions.

## Transfer Credit

Undergraduate programs in business administration in an AACSB-accredited school concentrate the professional courses in the last two years of a four-year program. Only a limited amount of work in business courses is offered below the junior year. The objective is to permit the student to acquire a foundation of work in the basic arts and sciences as a prerequisite for professional courses in business.

Credit may be considered for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g. Middle States Association of Colleges and Schools). Students with credit from other countries will be asked to provide a World Education Service evaluation before credits are reviewed. Only courses with grades of C or better will be considered for transfer.

Students planning to take their first two years of work at a junior college are advised to take a majority of their work in the arts and sciences, including macro- and micro-economics and a strong background in mathematics. Students who have not completed pre-calculus or calculus prior to enrollment may be required to take a math placement test to determine their level of mathematic proficiency; additional math

courses may be needed. Transfer students should take only those business courses that are offered freshman- and sophomore- level courses in the Tobin College of Business. These lower division courses are numbered 1301 through 2399.

A limited number of courses that are offered as upper-division work in the Tobin College of Business may be considered for transfer credit from another four-year, AACSB accredited school.

No remedial work will be accepted for transfer.

## Degree Requirements

A minimum of 124 semester hours of credit for non-actuarial science majors; a minimum of 127 semester hours for accounting majors with a dual business major in Economics, Finance, Management, Marketing or Risk Management and Insurance; and a minimum of 130 semester hours for actuarial science majors are required to graduate from their respective programs. A minimum of a 2.0 cumulative quality point index and a 2.0 major field index are required for the Bachelor of Science degree in the Tobin College of Business. Accounting majors must maintain a 2.3 major field index through the first 20 credits of accounting in order to progress in the accounting program.

Please refer to the Core Curriculum section in the front of the bulletin and consult the Dean's Office of The Peter J. Tobin College of Business for most current degree requirements.

 at the Manhattan campus, and admits students  
 in the Fall semester. Students take four courses  
 in each of the Fall and Spring semesters. While  
 an undergraduate degree is not a prerequisite  
 for admission, most people who enroll in this  
 certificate program possess a minimum of  
 an Associate degree, significant college level  
 study and/or industry experience. For additional  
 consumer information, the applicant may  
 refer to the website at [stjohns.edu/academics/  
 undergraduate/tobin/risk](http://stjohns.edu/academics/undergraduate/tobin/risk).

**Student Responsibility**

It is the responsibility of students to make  
 certain that their academic records are in  
 proper order at the time they make application  
 for the bachelor's degree. Should students  
 be unable for any reason to take a prescribed  
 course in the regular semester, it is their  
 responsibility to take the course later. They  
 should not expect a waiver for the course at a  
 subsequent date, nor should they expect that  
 the course be offered at an unusual time to  
 meet their personal circumstances.

**Special Programs****Minors**

Many departments offer minors which are  
 available to The Peter J. Tobin College of Business  
 students. Students may choose a minor as a  
 way of organizing elective courses. Minors must  
 be chosen in consultation with a Tobin College  
 of Business advisor and must be approved by  
 the Dean of the college or school through  
 which the minor is offered. Most minors cannot  
 be completed within the normal credit hour  
 requirements of the baccalaureate degree.

**Professional Honors Program**

The College introduced a Professional Honors  
 Program in the Fall of 1967 to promote the  
 talents of outstanding students in business  
 and develop more effective administrators. The  
 program provides an opportunity for selected  
 undergraduate students to enter seminars that  
 enrich classroom experiences.

The major component of the Professional  
 Honors Program is the Executive-in-Residence  
 Program, which is designed to provide a  
 forum for interaction between practicing  
 executives and the business student. Students  
 are helped in developing greater awareness  
 of the numerous implications of upper-level  
 management decisions. Theoretical course  
 work is complemented with practical insights.  
 The program enables students to broaden  
 their perspectives of the management of  
 organizations in various fields. Upper-level  
 executives from private, quasi-public and public  
 organizations meet with students to discuss  
 how they make decisions.

The Executive-in-Residence Program was  
 developed through the cooperation of Borden,  
 Inc. The program has included the participation  
 of executives from the following for-profit  
 and not-for-profit organizations: Broadridge  
 Financial Solutions, Inc., Catholic Medical  
 Mission Board, Cushman and Wakefield, Inc.,  
 Goodwill Industries of Greater New York, and  
 Northern New Jersey, Inc., Grant Thornton,  
 Henry Schein, Inc., KPMG, Leerink Swann,  
 National Grid, New York Stock Exchange,  
 Ridgewood Savings Bank, RR Donnelley,  
 Standard and Poor's, STV Group, United  
 Cerebral Palsy—Suffolk and Weiser LLP.

Invitations to join the program are  
 extended to students entering senior year  
 with 90 credits. Selection is based upon  
 the student's index (3.4 minimum) and  
 faculty recommendations. Participants are  
 required to attend a two-semester, six-credit  
 seminar during which they develop skills in  
 problem solving and analysis and heightened  
 awareness of upper-level management  
 concerns and problems.

The Honors Program offers the challenge  
 of independent and cooperative research and  
 provides for the development of individual  
 initiative, all of which teach students how to  
 make decisions.

## GLOBE

GLOBE, a student-managed academic program and microfinance fund at St. John's University, the Peter J. Tobin College of Business, provides loans to entrepreneurs in the developing world. Through GLOBE, students are educated about the world of microfinance while applying their business skills to help the poorest of the poor lift themselves and their families out of poverty. Students with a minimum of a 3.0 cumulative index may apply for this course for their junior or senior year, and may earn 3 credits toward their major or a business elective.

## Global Destination Courses

For-credit Global Destination Courses offer students short-term international travel in conjunction with an on-campus business course. During a period of one-to-two weeks' travel to a global destination, students participate in business site visits, guest lectures and cultural excursions. Courses and travel locations change each semester. Visit [stjohns.edu/gdc](http://stjohns.edu/gdc) for further information.

## SRM Apprenticeship Program

The School of Risk Management, Insurance and Actuarial Science (SRM) administers the SRM Apprenticeship Program, providing a structured experience that allows students to apply their classroom knowledge to paid professional work with major employers in the insurance and financial services industry.

The program affords students the opportunity to build their industry knowledge, develop workplace competencies, explore careers, increase their marketability and make a valuable contribution to an organization through consecutive semesters of meaningful work assignments. The program incorporates collaboration among SRM, the student and the employer. Each assumes distinct responsibilities for the purpose of enhancing the student's learning experience. Learning objectives are employed and periodic reviews are conducted, providing important assessment and feedback to the participating student.

The SRM Apprenticeship Program is a selective, competitive program open to undergraduate junior or senior year students majoring in Actuarial Science or Risk Management with a minimum cumulative index of 3.0. Participants are required to attend a pre-placement seminar prior to employer referrals. Students complete work periods of not less than two consecutive academic semesters which may begin during fall, spring or summer. Work schedules may include full-time (35 hours/week) employment during summer and part-time (15-20 hours/week) during spring and fall semesters. Upon successful conclusion of the Apprenticeship Program, participation is noted on the student's academic transcript.

## Co-Curricular Activities

To encourage professional development outside formal coursework, the Tobin College of Business offers its students professional societies in each major field of study. These societies are run by the student members with the guidance of a faculty moderator. Though each society emphasizes a particular business discipline, membership is generally open to all students.

Among the co-curricular activities in the Tobin College of Business are:

- Accounting Society
- Actuarial Club
- APICS, The Educational Society for Resource Management
- Advertising Club
- Economics and Finance Society
- Gamma Iota Sigma (Risk Management and Insurance)
- Marketing Club
- National Association of Black Accountants

## Academic Information

### Pass-Fail Option

This option is available to a student whose current cumulative grade point average is at least a 2.0 and has completed at least 24 semester hours. Students may pass/fail courses in the Liberal Art Core (**except DS 2333-Modern Statistics I**) or a General Elective, **ONLY**. Additionally, courses in the Business Core, major field or minor sequence may **NOT** be pass/failed.

A maximum of 12 credits may be taken pass/fail, with no more than any one course in a given semester. In no case will the quality point index be affected; a Pass will be credited toward the degree. However, courses in the student's major or minor which are to be used for general elective credit are not eligible for the Pass-Fail Option.

Application for this option may be made online through UIS approximately two weeks prior to the withdrawal date. A student may also change the status from the Pass-Fail Option to a regular grade up until the withdrawal date.

## Honor Societies

### Alpha Delta Sigma

This is the national advertising honor society sponsored by the American Advertising Federation.

### Alpha Mu Alpha

Alpha Mu Alpha is a national marketing honor society sponsored by the American Marketing Association to recognize and reward scholarship among students of marketing.

## Beta Alpha Psi

Beta Alpha Psi is the national scholastic honor society in accounting. Its objective is to encourage and recognize scholastic excellence in that field.

## Beta Gamma Sigma

Iota Chapter of Beta Gamma Sigma, the national scholastic honor society for colleges of business administration, was established at St. John's University in 1968, following the accreditation of the College by the American Assembly of Collegiate Schools of Business.

## Omicron Delta Epsilon

Theta Chapter of Omicron Delta Epsilon, the national honor society in economics, was established at St. John's University in 1958.

## Sigma Iota Epsilon

Sigma Iota Epsilon is the national scholastic honor society in management. Its general purpose is two-fold: to encourage and recognize scholarly excellence and to promote cooperation between the academic and practical aspects of management.

## Course Offerings

All course credits are listed in semester hours. For descriptions of courses other than those listed here, consult the index for location of other departments.

Each course number has four digits. The first of these digits shows the class level of the course. These are designated as follows:

- 1 designates freshman level
- 2 designates sophomore level
- 3 designates junior level
- 4 designates senior level

The second digit shows the number of credit hours for the course. The last two digits reflect the course number. For example, Management 4322 would be interpreted as follows: The first digit (4) indicates that this is a senior level course. The second digit (3) indicates that this is a 3-credit course. The last two digits indicate that this course is Management 22, i.e., Management Information Systems.

No student is permitted to enroll in any junior-or senior-level business course without the designated prerequisite(s). Additionally, no student is permitted to enroll in any junior-level business course until Math 1320 and CIS 1332 or DS2333 have been completed.

## Statement

The College of Pharmacy and Health Sciences commits to academic excellence, scholarship and service to humanity through the discovery and application of biomedical knowledge.

We facilitate and advance scholarship by offering innovative programs of study utilizing active learning approaches that are student-centered, outcomes-oriented and that inspire lifelong learning.

As compassionate health care professionals and scientists, we serve humanity through our dedication to excellence in health care and biomedical research. Building on a commitment to cultural diversity and benefiting from our metropolitan location and strategic alliances with the leading health care institutions, we strive to serve as effective leaders, good citizens and moral and ethical individuals.

We commit ourselves to the discovery, communication and application of biomedical knowledge as a critical component for the development of health care professionals and scientists. Through innovative basic, social and clinical research initiatives, we contribute to scientific knowledge, address contemporary health care issues and seek solutions to health care problems.

Our mission embodies the principles of the University's mission statement: to provide a quality education in an environment that is Catholic, Vincentian, and metropolitan.

## Objectives

The College of Pharmacy and Health Sciences seeks to prepare students to meet the present and future demand for pharmacists, physician assistants, clinical laboratory scientists, radiologic scientists and toxicologists to qualify them for their responsibility in matters of public health, to make them conscious of the opportunity to serve their fellow man, to emphasize the highly specialized professional service rendered to and for members of the other professions as well as to the public, to instill in the students appreciation of the ever-changing character of the health professions, to provide an opportunity for broad general education and to inspire students to pursue graduate study in specialized fields of interest.

The College of Pharmacy and Health Sciences has adopted the following Vision Statement: The College of Pharmacy and Health Sciences will be a nationally recognized model of distinctiveness for the preparation of exemplary health care providers dedicated to meeting the needs of all patients particularly the medically underserved in urban areas, distinguished scholars and leading researchers in the pharmaceutical and biomedical sciences.

The following areas are emphasized in our various programs:

### Pharmacy (Pharm.D) Program:

**Goal 1: Demonstrate core competencies as they relate to the field of pharmacy**

- Demonstrate the ability to think logically, analyze information, problem solve and make decisions
- Discuss scientific methods in a competent manner
- Demonstrate effective written and oral communication skills
- Demonstrate the application of information systems and integrated computer technologies in the practice of pharmacy

### Goal 2: Demonstrate Practice Competencies

- Demonstrate patient-centered care in cooperation with patients and other members of the health care team
- Evaluate the legal, ethical, social, cultural, economic, and professional issues as related to patient specific care
- Participate actively in the drug use decision making process
- Manage and use resources of the health care system to promote health and provide, assess, and coordinate safe, accurate and time-sensitive medication distribution
- Demonstrate knowledge of informatics

- Collect, interpret, and analyze professional, lay, and scientific literature to disseminate accurate drug information and counseling to patients, their families or care givers, and other health care providers
- Design a patient-specific medication regimen including the selection of appropriate agent, dosage form, formulation, route of administration and/or delivery systems to improve therapeutic outcomes of medication use
- Determine, recommend, and monitor dose and dosing schedules by applying the principles of pharmacokinetics and pharmacodynamics
- Counsel patients effectively about their medication regimens in terms of efficacy and toxicity
- Monitor patients' progress effectively with regard to drug therapy
- Demonstrate the ability to successfully manage a patient-centered practice
- Demonstrate the ability to promote health improvement, wellness, and disease prevention in the community

**Goal 3: Address issues of ethical behavior and social responsibility in pharmacy, critically and reflectively in accordance with the Vincentian Mission**

- Identify the nature, range and scope of ethical considerations in pharmacy and relate the discussion to the principles of the "Oath of the Pharmacist"
- Describe situations that are ethically ambiguous and the actions you would take and relate the discussion to the principles of the "Oath of the Pharmacist"
- Demonstrate awareness and sensitivity to cultural diversity
- Explain continuing professional development.

### Clinical Laboratory Sciences (CLS) Program:

**Goal 1: Demonstrate basic knowledge of the field**

**Goal 2: Demonstrate competency in the biomedical sciences**

**Goal 3: Illustrate and apply the ethical principles of a laboratory professional**

**Goal 4: Communicate effectively both orally and in composition**

**Goal 5: Satisfy the objectives of the professional/clinical year**

**Goal 6: Demonstrate the fundamental competencies and application of skills of clinical laboratory sciences**

## Radiologic Sciences Program

Goal 1: Demonstrate clinical competency by mastering both the didactic and clinical portions of the program.

Goal 2: Exhibit professionalism and ethical conduct.

Goal 3: Effectively communicate in a professional manner.

Goal 4: Demonstrate critical thinking skills to obtain quality diagnostic images while ensuring patient safety and comfort.

## Toxicology (TOX) Program

Goal 1: Demonstrate competency in science and math

Goal 2: Demonstrate the application of fundamental competencies in toxicology

Goal 3: Demonstrate skills in the practice of toxicology

Goal 4: Apply knowledge and skills to the public understanding of toxicology

## Physician Assistant (PA) Program

Goal 1: Demonstrate basic competency in the field

Goal 2: Demonstrate knowledge of the biomedical sciences

Goal 3: Illustrate and apply the ethical principles of a health care practitioner

Goal 4: Demonstrate an understanding of medical knowledge

Goal 5: Demonstrate effective oral and writing skills

Goal 6: Demonstrate competencies and integration of clinical skills

## General Entrance Requirements

16 High School Units or appropriate score on GED

English	4
History	1
Science	1 *
Foreign Language	2
Mathematics	3
Electives	5

*At least three electives must be from the academic grouping.*

*\*While the above are basic admission requirements, it is required that students who intend to matriculate for the Pharm.D., C.L.S., P.A., and TOX degree include Chemistry and Biology in their high school programs. High school Physics is also recommended.*

## Admission Requirements

No student who, because of academic or disciplinary reasons, has been dismissed from or has been placed on probation in another school is eligible for admission to the College of Pharmacy and Health Sciences.

Admission to the Pharm.D. program is highly competitive and admission and scholarship criteria are determined each year on the strength of the applicant pool. All students must submit two letters of recommendation (one must be from a science or math teacher), complete an essay of 250 words, submit an extracurricular activities report, and a signed copy of the program's Technical Standards.

Candidates for admission to the pharmacy program must be at least 16 years of age and must be graduates of a four-year accredited secondary school.

## Admission of Transfer Students to Advanced Standing

Transfer applicants are admitted to the Pharm.D. on a space-available basis only. Because of the extremely competitive entrance requirements and high retention rate, this program rarely admits transfer applicants (internal or external) Selected Transfer applicants must complete an in-person interview.

A student transferring from another college or university must present the following:

1. A statement of honorable withdrawal.
2. An official transcript of high school and college records.
3. A marked copy of the catalog of the college or university attending showing courses for which credits are sought.

Transfer students must meet University requirements in the areas of Philosophy and Theology.

Candidates for the Clinical Laboratory Sciences Program, Physician Assistant Program, Radiologic Sciences Program, and Toxicology Program must meet the University requirements for Admission to Advanced Standing. Credit for comparable courses in the pre-professional sequence will be granted. No credit is allowed for professional courses taken in other than an affiliated institution.

Transfer students into the Physician Assistant Program are accepted on a space available basis, by vote of the admissions committee and only after completion of an in-person interview.

## Degrees, Majors, and Minors Available

### Doctor of Pharmacy Program

The entry-level Doctor of Pharmacy (Pharm.D.) degree is designed to develop students into competent pharmacists who possess the knowledge and skills needed to provide the highest quality of patient-centered medication therapy management. This curriculum provides students with a strong foundation in the liberal arts and sciences that is consistent with a strong academic program of study. The program is configured as a six-year course of study that admits students directly into the major without requiring the completion of a pre-pharmacy curriculum. Professional pharmacy coursework is introduced early in the program to increase the students' awareness of their chosen profession. The final four years concentrate on integrating basic and applied pharmaceutical, administrative and clinical sciences in the classroom, lab and practice settings. The curriculum employs an integrated approach to learning, and stresses the application of knowledge that is patient specific and focused.

Graduates of this program are prepared to meet the challenges associated with becoming an effective practicing pharmacist and serve as experts in drug therapy to improve the use of medication for diverse populations.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete of all essential aspects of the curriculum. To successfully progress in and ultimately complete the didactic, laboratory and experiential components of the Doctor of Pharmacy program, students must understand these qualifications. All students will be required to read and sign the technical standards document to indicate they understand these qualifications. The signed document will be kept as a permanent part of the student's record.

### Physician Assistant Program

The four-year program leading to a Bachelor of Science degree with a major in Physician Assistant consists of two academic years of collegiate instruction on the Queens campus, followed by two academic years at the Dr. Andrew J. Bartilucci Center. This accredited program provides the Physician Assistant Professional Credential concurrently with the conferral of the B.S. degree from St. John's University.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete of all essential aspects of the curriculum.

Please visit the following website for full details: [stjohns.edu/academics/undergraduate/pharmacy/programs/pa/technical.stj](http://stjohns.edu/academics/undergraduate/pharmacy/programs/pa/technical.stj)

## Clinical Laboratory Sciences Program

This four-year program leading to a Bachelor of Science with a major in Clinical Laboratory Sciences degree consists of three years of pre-professional instruction and one year of NAACLS (National Accrediting Agency for Clinical Laboratory Sciences) approved professional/ clinical study at the Dr. Andrew J. Bartilucci Center as well as the University's hospital affiliates.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete of all essential aspects of the curriculum.

## Radiologic Sciences Program

The Bachelor of Science in Radiologic Sciences is designed to prepare students for a career as a radiologic technologist. The curriculum is designed to develop and enhance effective communication skills, technical skills, and professionalism while inspiring excellence in practice. The junior and senior years of the program provides a balanced clinical education complimented with a didactic atmosphere conducive to fostering teamwork and self development to provide a foundation for academic and career advancement.

This four-year program consists of two years of pre-professional courses and two years of instruction at the Dr. Andrew J. Bartilucci Center and affiliate clinical sites.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete all essential aspects of the curriculum.

## Toxicology Program

Toxicologists work to protect human health and the environment from the adverse effects of harmful materials. Toxicology students take courses in chemistry, biology, physiology, and pharmacology in addition to diverse courses in toxicology. Students can participate in on-campus activities such as undergraduate research in faculty laboratories or become involved in the Toxicology Club.

The Toxicology Program is a four-year program providing a minor in chemistry. This major provides all of the requirements for admission to medical school. After graduation, students are qualified for jobs in biomedical or analytical laboratories as well as admission to medical and dental school and graduate programs.

## Minors Approved for Pharmacy Students

Biology  
Business  
Chemistry  
Health and Human Services

## Certificate Program

### Physician Assistant Certificate

Students who possess a bachelor's degree may apply to the two-year, certificate portion of the program. Applications for the Certificate Program must be submitted online through the Central Application Service for Physician Assistants (CASPA). All Certificate students must possess a baccalaureate degree.

Candidates also are encouraged to have a strong science background with completed coursework in pathology, biochemistry, pharmacology, ethics, and biostatistics. Minimum requirements for all applicants include 16 credits in the basic sciences taken within five years of entry into this program. Courses include: Microbiology with lab, Anatomy and Physiology I and II with labs, and Chemistry with lab.

## Accreditation

**The Doctor of Pharmacy** degree program is accredited by the Accreditation Council for Pharmacy Education ([www.acpe-accredit.org](http://www.acpe-accredit.org)).

**The Clinical Laboratory Science** degree program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences ([naacls.org](http://naacls.org)).

**The Physician Assistant** degree program is accredited by the Accreditation Review Commission on Education for the Physician Assistant ([arc-pa.org](http://arc-pa.org)).

The Radiologic Sciences degree program is accredited by the Joint Review Committee on Education in Radiologic Technology ([jrcert.org](http://jrcert.org)).

## Pass-Fail Option

This option is open only to health sciences students who have completed the freshman year and who have a current quality point index of at least 2.0. It is limited to one course per semester for a four-year degree program, the total during the three years, including summer sessions, may not exceed six courses. It may not be exercised in connection with major requirements or with courses being applied to a minor, including math, science, and professional courses. The quality point index will not be affected; however, a "Pass" will be credited toward the degree.

Application for the Pass-Fail Option must be made through UIS. A student may elect the Pass-Fail Option at any time during the semester up to and including the last date designated for withdrawal from class without academic penalty. Pharm.D. students do not have the Pass-Fail Option except in courses already designated as Pass-Fail.

## Advanced Placement/ CLEP

Upperclass students who wish to take CLEP or other credit-by-test exams must receive prior approval from the Office of the Dean if such credit is to be applied to the St. John's degree. For information concerning the College Policy on AP credit, please contact the Office of the Dean.

## Academic Standing

Academic standing for consideration of progression within each program, progression on probation, or dismissal for poor scholarship is based on review of students' progress.

Additional standards for progression in each program must be met. Please contact the Office of the Dean for information concerning these requirements.

## Pharmacy

Good academic standing for a student in the Entry Level Pharm.D. degree is a 2.3 overall GPA and math/science grade point average by the end of the first year which must be maintained throughout the remainder of the program.

In addition, Students may receive no more than 3 letter grades below a C- in the professional phase of the pharmacy program (years 3-6). If a student receives two letter grades less than a C-, the student will be placed on an academic success plan. If a student receives a fourth grade less than C- the student will be referred to the Doctor of Pharmacy Progression Committee and be subject to dismissal from the program.

All students must meet the program's progression criteria in order to enter the professional years (years 3–6) of the Doctor of Pharmacy program. To be considered for progression, all students must attain a cumulative math/science/ professional courses grade point average of 3.0 (letter grade of B) by the end of the second year. Additionally, all students must demonstrate satisfactory written and oral communication skills prior to entering the third year. The latter two criteria are mandated by the program's accreditation agency, the Accreditation Council for Pharmacy Education (ACPE). In order to meet this mandate, all pharmacy students will complete an in-person interview with two faculty members prior to the third year of the program. Students are also required to clear an annual criminal background check during their professional years in order to participate in the program's experiential learning requirements. In the event that an evaluation reports a positive finding, the student will be reviewed by the Dean. If the offense prohibits the student from qualifying for a Pharmacy intern permit, he/she may be dismissed from the program.

A pharmacy major will be required to successfully complete a competency examination before beginning the advanced pharmacy experiential portion of the program.

## Clinical Laboratory Sciences

Students are required to maintain a 2.30 overall GPA and a 2.30 math and science GPA for promotion within the major. For promotion into the clinical year, students are required to have a 2.30 GPA overall as well as in math and science. Students will be interviewed prior to entering the clinical year. Students must repeat a course when it is next offered if the letter grade of C+ is not achieved. If a student unsuccessfully completes the repeated course or is unsuccessful in achieving a C+ in more than one course, the student will be recommended for program dismissal.

Students are required to maintain a C+ or greater in each course of the professional program in order to graduate.

## Physician Assistant

Students are reviewed each semester for the purpose of evaluating academic performance and ascertaining eligibility for promotion in their major. Advancement within the freshman and sophomore years requires a 2.70 math and science GPA and a 2.70 overall GPA each semester to be in good academic standing. Advancement into the junior year require a 2.70 math and science GPA and a 2.70 GPA overall, including a letter grade of C or better in the following: General Chemistry (CHE 1110/1/2 or CHE 1210/1/2), Anatomy and Physiology I and II including any labs (PHS 3103, PHS 3104, PHS 3105 or PHS 3504, 3507), Microbiology (BIO 2280/1), and Introduction to Health Care (ALH 1201). These

courses must be completed within five years of entry into the junior year. Students must fulfill and pass all components of the progression application, including the GPA and letter grade requirements, and pass the required interview in order to be considered for progression to the junior year. The number of students advancing to the junior year is dependent upon the enrollment permitted by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA).

Students enrolled in this major must earn a GPA of 2.3 or higher in each semester of the junior and senior years. A minimum grade of C in all didactic courses and C+ in all clinical rotations must also be earned. Students who earn more than one grade less than C may be considered for academic dismissal. If a student receives a letter grade less than C in a didactic course, it may be repeated once. Failure to meet the aforementioned requirements will lead to a recommendation for program dismissal.

Student progression into the clinical rotations is contingent upon meeting all academic criteria and successfully passing a comprehensive competency exam

## Toxicology

Students are required to maintain a 2.30 overall GPA as well as in their math and science courses for promotion within their major each year.

## Radiologic Sciences

Students must maintain a 2.30 overall GPA in the pre-professional courses each year to progress within their major. The 2.30 overall GPA is required for students to progress into the junior and senior years of the Radiologic Sciences program. Students must pass an interview prior to entering the professional year as part of their progression process.

Within the junior and senior years, students must maintain an overall GPA of 2.30, earn a letter grade of C+ or greater in each didactic and clinical course, and adhere to the attendance policy to progress from semester to semester.

## Regulations on Discipline

New York State law provides for suspension or revocation of a license to practice the healing arts if, among other things, an individual is convicted of a crime or is a habitual drinker or has been addicted to, dependent on, or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects. In light of this statute, any student who, after appropriate procedures, is found to have violated University regulations and policies relating to drugs/alcohol may be subject to dismissal from the College or be required to undergo rehabilitation before continuing progress toward a degree.

## Special Requirements for Experiential Programs

Students in the Pharmacy, Clinical Laboratory Sciences, Physician Assistant, and Radiologic Sciences programs must complete annual criminal background checks and must be HIPAA certified.

Pharmacy students participating in experiential programs are required to have a medical examination, an immunization series, health, accident and sickness insurance. Some experiential sites may require urine drug screens. Experiential education requires attendance at off-campus sites. Travel and housing, if needed, are the responsibility of the student.

Additionally, these students must purchase malpractice and/or pharmacy insurance through the University, and must complete PHR 5000.\*

Pharmacy students may not take an elective or didactic course concurrently with the advanced experiential courses. Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences students may take an elective or didactic course in concurrently with the clinical rotation courses.

In the Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences Programs, students entering the hospitals for the professional years are required by the hospital to have a medical examination and to carry adequate accident and sickness insurance for the duration of their professional studies. Additional requirements may be stipulated by the hospitals or healthcare institutions.

Pharmacy, Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences program students must register at the University for each semester that they are at the clinical site and pay full tuition.

## Pharmacy Intern Permit

Students who complete the third year and who participate in experiential rotations are required to obtain a New York Pharmacy Intern Permit. Completed applications that have been signed by a College administrator must be forwarded by the student to the New York State Board of Pharmacy after completion of the third year of the program.

All Pharmacy students must meet the State requirements for the intern permit including citizenship status. Failure to obtain a Pharmacy Intern Permit will exclude the student from participating in the experiential components of the program.

## Licensure

### Admission to the Practice of Pharmacy

The Pharmacy program offered by the College of Pharmacy and Health Sciences meets the

educational requirements for admission to state licensing examinations. Each state may require, in addition to academic work, a period of internship. When these and other requirements which have been established by the State and/or Federal Government have been met, the applicant is admitted to the state licensing examination. Successful candidates are granted a license to practice.

For information concerning the admission to the practice of pharmacy, write: New York State Board of Pharmacy in New York, 89 Washington Avenue, 2nd Floor, Albany, NY 12234.

## Clinical Laboratory Sciences

Successful completion of the professional component of Clinical Laboratory Sciences education allows the student to apply for admission to the American Society for Clinical Pathology (ASCP) certifying exam.

Successful completion of the courses leading to a BS degree and passing of the ASCP certifying examination allows the graduates to obtain a New York State Department of Education license to practice as a Clinical Laboratory Technologist.

## Physician Assistant Certification

Successful completion of the Physician Assistant didactic and clinical years makes the graduate eligible for admission to the Physician Assistant National Certifying Examination as administered by the National Commission on Certification of Physician Assistants.

## Radiologic Sciences Certification

Students that have completed the professional component of Radiologic Sciences education with the B.S. program are eligible to apply for admission to the American Registry of Radiologic Technologists exam in Radiography and the New York State Licensing Examination.

## Continuing Professional Education

**William Malone, B.S., M.S. Director**

The Office of Continuing Professional Education's core activities which are ACPE approved programs directed toward providing pharmacists and allied health professionals with the opportunities to increase their knowledge and skills with value-based programs that contribute to their professional achievement. Seminars cover a wide variety of topics including therapeutics, managed care, administration and industrial development, and address topical concerns of the current practitioner. Where appropriate, these programs are submitted for approval to the various states requiring continuing education credits for relicensure. For more information regarding programs, the office may be reached by phone at (718) 990-5796 or e-mail at [pharmacyce@stjohns.edu](mailto:pharmacyce@stjohns.edu)

## The Health Education Resource Center (HERC)

**Jaclyn Violet, M.L.S., Director**

(HERC) is open weekdays in the Sister Jane M. Durgin Pharmacy Education Center of St. Augustine Hall, Room B40. This instructional resource center provides educational and technical services to support the course curricular objectives of the College of Pharmacy and Health Sciences. The center features a specialized collection consisting of books, periodicals, media, and electronic resources in the primary subject specialties of pharmacy and health sciences. The students, faculty, alumni, and practitioners of the college are also provided with a number of services at the center, which include: reference and research support, document delivery, public work stations, and quiet study areas. The center also sponsors educational programs, led by leaders from the fields of pharmacy and health sciences, which focus on contemporary healthcare issues.

## Academic Student Organizations

### Pharmacy Honor Society

The Beta Delta Chapter of the Rho Chi Society, the national pharmaceutical honor society seeking the advancement of the pharmaceutical sciences through encouragement and recognition of high scholarship and research, was established at St. John's University in 1954. Pharmacy students who have achieved fourth-, fifth-, and sixth-year status, who have a cumulative quality point index of 3.5 or better and are in the top 20% of the class are eligible for nomination to membership.

### Pharmacy Leadership Society

The Xi Chapter of Phi Lambda Sigma, a pharmacy leadership society, seeks to promote the development of leadership qualities in pharmacy students. With the fundamental assumption that leaders are made not born, the Society encourages participation in all pharmacy activities, provides opportunities for leadership development, and aids in selecting those who may wish to identify and demonstrate their leadership abilities. Pharmacy students who have achieved fourth- or fifth-year status, who have a cumulative quality point index of 2.5 or better and who have been nominated on the basis of their demonstration of dedication, service and leadership in the advancement of pharmacy are eligible for membership.

### Physician Assistant Honor Society

The Pi Alpha Honor Society is the national physician assistant honor society established in 2003 by the Physician Assistant Education Association (PAEA) to promote and recognize PA students for academic excellence and leadership skills, professionalism, research and service to the profession and the medical community. Student membership is awarded on a competitive basis to graduating seniors with a GPA of 3.5 or higher and documentation of service or research qualifications.

### Clinical Laboratory Sciences Honor Society

The Sigma Upsilon Chapter of the Lambda Tau, the national clinical laboratory sciences honor society, was established to recognize outstanding academic achievement among students, to develop a spirit of cooperation and unity among the students entering this profession, to encourage research and to help develop the professional character of the profession itself and to interest other students in this profession. Juniors and seniors with a GPA of 3.0 or higher are eligible for induction into this honor society.

## Pharmacy Course Offerings (PHR)

### 1000 Introductory Seminar for Pharmacy Students

This mandatory seminar course will introduce all new students to the activities, responsibilities and requirements for students enrolled in Doctor of Pharmacy Program. During this course, areas such as an overview of the curriculum, advisement, experiential and academic service learning, professionalism and legal and technical standards required for degree completion will be presented. *Completion of this seminar is required for enrollment in CPP 1101 in the Spring semester. Lecture. Credit: 0 semester hour.*

### 4105 Drugs and Infectious Diseases

*Prerequisites: ALL courses of the first three years.* This course is designed to instruct the student in the area of infectious diseases. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 4 semester hours..*

### 4107 Drugs and Diseases of the Respiratory Systems

*Prerequisites: ALL courses of the first three years.* This course is designed to instruct the student in the area of respiratory disease. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self-care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 3 semester hours.*

### 4109 Drugs and Diseases: Skin, Connective Tissue, and Miscellaneous Diseases

*Prerequisites: ALL courses of the first three years.* This course is designed to instruct students in the area of diseases of the skin and connective tissue, with additional focus on miscellaneous disease states including anemias, some coagulation disorders and glaucoma. Teaching emphasis will be sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 3 semester hours.*

### 4110 Drugs and Diseases of the Cardiovascular/Renal Systems I

*Prerequisites: ALL courses of the first three years.* This course is designed to instruct the student in the areas of cardiovascular and kidney disease and electrolyte imbalances. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 3 semester hours.*

### 4111 Drugs and Diseases of the Cardiovascular/Renal Systems II

*Prerequisites: ALL courses of the first three years; PHR 4110.* This course is designed to instruct the student in the area of cardiovascular and kidney disease. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self-care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 3 semester hours.*

### 4112 Drugs and Diseases of the Nervous System

*Prerequisites: ALL courses of the first three years.* This course is designed to instruct the student in the area of neurological and psychiatric disorders. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 4 semester hours.*

### 4201 Pharmacy Practice Laboratory III

*Prerequisites: ALL required third-year course work. Corequisites: PHR 4105; PHR 4109; PHR 4110; PHS 4601.* This laboratory will

integrate the didactic coursework of the Drugs and Diseases courses and Extemporaneous Compounding and provide the student the opportunity to apply data in a simulated pharmacy setting. The student will assess patient findings, evaluate new prescription orders, and consider how these new orders will impact on current therapy, prepare the new order, and address any and all potential problems that are identified, and dispense the preparation to the patient. Additionally, students will learn to triage patients and assess the role of over-the-counter medications in light of other patient factors. *Laboratory: 3 hours. Credit: 1 semester hour.*

### 4202 Pharmacy Practice Laboratory IV

*Prerequisites: ALL required third-year course work; PHS 4601. PHR 4201 Corequisites: PHR 4107; PHR 4111; PHR 4112.* This laboratory will integrate the didactic course work of the Drugs and Diseases courses and Extemporaneous Compounding and provide the student the opportunity apply data in a simulated pharmacy setting. The student will assess patient findings, evaluate new prescription orders, and consider how these new orders will impact on current therapy, prepare the new order, and address any and all potential problems that are identified, and dispense the preparation to the patient. Additionally, students will learn to triage patients and assess the role of over-the-counter medications in light of other patient factors. *Laboratory: 3 hours. Credit: 1 semester hour.*

### 5000 Cardiopulmonary Resuscitation Techniques and First Aid

This Standard First Aid course provides the student with the basic principles of cardiopulmonary resuscitation (CPR) and leads to CPR and first aid certifications. Certification must be obtained prior to the advanced experiential rotations. *Lecture: one 5-1/2 hour course. Credit: 0 semester hour.*

### 5106 Drugs and Diseases of the Endocrine and Reproductive Systems

*Prerequisites: ALL courses of the first four years.* This course is designed to instruct the student in the area of endocrine and reproductive disorders. Teaching emphasis will be sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 3 semester hours.*

### 5107 Drugs and Diseases of the Gastrointestinal and Genitourinary Tracts

*Prerequisites: ALL courses of the first four years.* This course is designed to instruct the student in the area of diseases of the gastrointestinal and genitourinary tract. Teaching emphasis will be sequential method of instruction relevant to specific

disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty with varied areas of expertise and experience. *Credit: 3 semester hours.*

#### **5108 Drugs and Neoplastic and Associated Diseases**

*Prerequisites: ALL courses of the first four years.* This course is designed to instruct the student in the area of neoplastic disorders. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapeutics. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Credit: 4 semester hours.*

#### **5201 Biomedical Laboratory IV**

*Prerequisites: ALL courses of the fourth year; PHR 4202. Corequisites: PHR 5108; PHR 5106; PHR 5107.* Demonstration and experimentation of basic principles of medicinal chemistry, pharmacology, Toxicology, and biotechnology. *Laboratory: 3 hours. Credit: 1 semester hour.*

#### **6101 Basic Concepts and Clinical Application of Nutraceuticals**

*Prerequisites: ALL courses through the fourth year.* This course will address the basic issues of development, modes of administration, efficacy, and marketing of nutraceuticals—foods or parts of foods and chemical components of foods, which provide medical benefits including the prevention and/or treatment of disease. In addition, vitamins, minerals, and other dietary supplements will be discussed in terms of their role in contributing to or maintaining health. The role and status of herbal products, nutritional supplements and naturopathy as alternative therapies to mainstream medicine will also be covered. *Credit: 2 semester hours.*

#### **6103 Leadership Development in Pharmacy Practice**

This professional elective course provides leadership, professionalism and political advocacy development for pharmacy students. Students explore how they can become better leaders and advocates of change within the profession. Through the use of interactive lectures, self assessment exercises and group projects, students gain an understanding of leadership theory and advocacy skills that will be applied to current health care and pharmacy practice issues. *Credit: 3 semester hours.*

#### **6104 Critical Care**

*Prerequisites: All courses through the fourth year.* This course focuses on the therapeutic management of patients in the critical care setting. Emphasis will be placed on the pathophysiology of acute illnesses as well as on

rational treatment modalities and therapeutic drug monitoring of critically ill patients. Each of the disease states and pharmacotherapeutic topics discussed will be reinforced through the use of related clinical care studies. *Credit: 3 semester hours.*

## **Clinical Health Professions Course Offerings (CHP)**

**Candace Smith, Pharm.D., Chair**

### **Objectives**

The department seeks to provide students with the opportunity to acquire the knowledge, develop the attitudes and master the skills required for contemporary clinical pharmacy practice.

Lectures, utilization of the multi-media programs in the Resource Center, and individual and group conferences with faculty and preceptors give the student the opportunity to acquire the knowledge base required to be a drug advisor on the health care team.

By participation in health care settings throughout the curriculum and through interactions with patients, physicians, nurses, paraprofessionals and pharmacists, assistance is given to the student to develop the professional attitudes and acquire the communication techniques and skills that are prerequisites for health practitioners who wish to apply academic knowledge to practical situations.

Utilization of the Pharmacy Practice and Patient Assessment Laboratories and primary health care settings, including community pharmacies, allows the student to become familiar with the legal, administrative and clinical aspects of successful pharmacy practice. In addition, other clinical training sites are utilized as resources for student instruction in therapeutic drug monitoring, provision of drug information and patient interviewing and education. These include major metropolitan area medical centers, community hospitals and clinics, and institutions emphasizing the care of specific patient populations (e.g., pediatric, psychiatric, geriatric care).

## **Health Sciences Course Offerings (ALH)**

### **Objectives**

To provide a strong foundation in the basic allied health and the necessary tools to work in selected health sciences.

**The following courses are ALH courses:**

#### **1201 Introduction to Health Care**

Problems in the development of competency health services in the United States; characteristics of a profession; development of modern medical practice; medical terminology;

consideration of the many health professions that form the health team. *Lecture, 2 hours. Credit: 2 semester hours.*

#### **2101 Introduction Clinical Laboratory Sciences**

Historical development of the clinical laboratory sciences profession. Introduction to the types of tests performed in a clinical laboratory. *Lecture, 2 hours. Credit: 2 semester hours.*

#### **3201 Professional and Behavioral Medicine**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to introduce the PA student to ethical principles of the medical profession and the role of the Physician Assistant as a member of the health care team. The course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Teaching emphasis will be sequential methods of instruction relevant to the history of the PA profession, role development, medical-legal-ethical issues and cultural diversity. Emphasis is placed on case-based ethical dilemmas, contemporary ethical-legal issues, ethical debates and the development of qualities, behaviors, attitudes and values essential to providing ethical and compassionate patient care. *Lecture, Credit: 1 semester hour.*

#### **3202 Medical Assessment**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to introduce the PA student to various diagnostic imaging studies, clinical chemistry theory and laboratory assessment. Emphasis is placed on indications for diagnostic testing, characteristics of specific procedures, interpretation of laboratory or imaging results and the techniques, advantages, disadvantages, benefits and risks of various procedures. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on case-based clinical assessment, association of abnormal laboratory and imaging results with specific diseases, and the correlation of enzymes to body systems and organ dysfunction. *Lecture, Credit: 2 semester hours.*

#### **3203 Clinical Medicine 1**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to instruct the PA student in the areas of human health and disease in immunology, dermatology, ophthalmology, otolaryngology, and pulmonology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed

on case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. *Lecture, Credit: 4 semester hours.*

### **3204 Clinical Medicine 2**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to instruct the PA student in the areas of human health and disease in cardiology, gastroenterology, endocrinology, hematology, oncology, nephrology and urology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications, and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects, and drug interactions. *Lecture, Credit: 4 semester hours.*

### **3205 Competency Health History and Physical Diagnosis**

This course is designed to develop the cognitive, psychomotor, and affective attributes in the PA student for identifying and describing normal human anatomy, recognizing normal vs. pathological clinical manifestations, obtaining a medical history, performing a screening physical examination, and recording findings as medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, common pathophysiology and clinical manifestations and physical examination demonstration. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural competency, professionalism and standardization of medical record documentation. Students will demonstrate acquisition of skills during supervised hospital visits and practical examinations, and will begin to incorporate assessment and management plans into patient care. *Lecture, 4 hours. Credit: 4 semester hours.*

### **3206 Clinical Medicine 3**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to instruct the PA student in the areas of human health and disease in neurology, cardiology, infectious disease, obstetrics and gynecology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas

of expertise and experience. Emphasis is placed on electrocardiogram interpretation, case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. *Lecture, Credit: 4 semester hours.*

### **3207 Clinical Medicine 4**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to instruct the PA student in the areas of human health and disease in rheumatology, orthopedics, psychiatry and community medicine. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications, and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on special procedures in diagnostic imaging, as well as promotion, prevention, maintenance, and protection of health and wellness of individuals and communities to include social and economic determinants of health and common medical problems that are frequently encountered in urban settings. Teaching will also utilize case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. *Lecture, Credit: 4 semester hours.*

### **3208 Case-Enhanced Focused Health History and Physical Diagnosis**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to build on the knowledge gained in HHPD 1 to facilitate the PA student in refining their skills in performing focused, problem-based histories and physical examinations. Teaching emphasis will be a sequential method of instruction integrated with concurrent medical lecture in having students form accurate, logical and relevant differential diagnoses, performing proper diagnostic assessment and developing therapeutic plans for specific patient complaints. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Students will demonstrate acquisition of skills during supervised hospital visits and practical examinations. *Lecture, Credit: 1 semester hour.*

### **3209 Emergency Medicine**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to instruct the PA student in the emergency department approach to medical care, including triage techniques, prioritization and consultation relevant to a variety of patient conditions. The student will incorporate knowledge of the epidemiology, etiology, pathophysiology, clinical manifestations, diagnostics, and

management of disease states to treat focused emergency problems. Emphasis will be placed on recognizing and treating conditions that are potentially life-threatening requiring urgent or emergent intervention inclusive of emergency techniques. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Lecture, Credit: 2 semester hours.*

### **3210 Geriatric and Pediatric Medicine**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to introduce the PA student to the variable structures and functions of organ systems throughout the human lifespan, and medical and behavioral problems unique to pediatric and geriatric populations. Emphasis is placed on the behavioral and infectious conditions encountered in pediatric and geriatric clinical practice, and on patient, parental and caregiver education in regards to vaccinations, health care maintenance, safety and anticipatory guidance, long-term care facilities and home care. Specifically, it will provide an overview of the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, complications and prognoses of selected pediatric and geriatric conditions. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. *Lecture, Credit: 2 semester hours.*

### **3211 General Surgery**

*Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program.* This course is designed to introduce students to the concepts of surgical diagnosis and treatment, building on the student's integrated foundation of clinical medicine, laboratory medicine, diagnostic imaging, and pharmacological applications. The student will learn to recognize diseases that require surgical intervention, formulate surgical diagnoses and identify relevant surgical treatments. Emphasis will be placed on the role of the Physician Assistant in the pre-operative, operative and post-operative management of surgical patients. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. The student will also become competent in performing various medical-surgical procedures. *Lecture, Credit: 2 semester hours.*

### **3215 Health History and Physical Diagnosis 1**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to run concurrently and sequentially with Clinical Medicine 1 & 2 and Medical Assessment to provide the physician assistant student with certain cognitive, psychomotor, and affective attributes necessary to identify normal and abnormal anatomy, physiology and clinical manifestations; to ascertain an appropriate medical history and perform the physical exam for a particular complaint and to

record findings as professional medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, with emphasis on common systems-based pathophysiology and clinical abnormalities. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural sensitivity, professionalism, and standardization of medical record documentation. Students will demonstrate acquisition of skills during practical examinations, and will begin to incorporate assessment and management plans into patient care. The course is intended to facilitate the process of developing students' clinical skills and decision-making toward the goal of transition to clinical year and ultimately clinical practice. *Lecture, 3 hours. Credit: 3 semester hours*

### **3218 Health History and Physical Diagnosis 2**

*Prerequisite: All prerequisite courses to the junior and senior years of the PA program.* This course is designed to run concurrently and sequentially with Clinical Medicine 3 & 4 to provide the physician assistant student with certain cognitive, psychomotor and affective attributes necessary to identify normal and abnormal anatomy, physiology and clinical manifestations; to ascertain an appropriate medical history and perform the physical exam for a particular complaint and to record findings as professional medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, with emphasis on common systems-based pathophysiology and clinical abnormalities. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural sensitivity, professionalism and standardization of medical record documentation. Students will demonstrate acquisition of skills during practical examinations, and will begin to incorporate assessment and management plans into patient care. The course is intended to facilitate the process of developing students' clinical skills and decision-making toward the goal of transition to clinical year and ultimately clinical practice. *Lecture, 2 hours. Credit: 2 semester hours*

### **4201 Emergency Medicine**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital or urgent care ambulatory setting. The student will be introduced to the triage system to learn and develop the skills necessary to perform the primary survey and stabilization of patients in the acute setting. The student will perform focused history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for adult and pediatric patients with urgent or emergent conditions, as well as provide

ambulatory or "fast-track" care. This includes diagnostic testing, medications and non-pharmacological treatment interventions. The student will also demonstrate and perform practical medical-surgical procedures including CPR and BCLS skills. The student will recognize the need for consultation and referral in provision of cost-effective urgent and emergent care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance, with an emphasis on health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

### **4202 Clinical Obstetrics and Gynecology Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital inpatient or ambulatory setting, which may include outpatient, emergency room, or office-based clinical duties of gynecological or obstetrical patients. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with gynecological and obstetrical conditions. This will include diagnostic testing, medications and non-pharmacological treatment interventions, including recognizing the need for consultation and referral. Experiential learning will include provision of cost-effective adult medical care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on health literacy issues. The student may have the opportunity to participate in surgical gynecological or obstetrical procedures. *Rotation, 200 hours. Credit: 3 semester hours.*

### **4203 Clinical Orthopedic Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital, ambulatory or office-based orthopedic setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for acute and chronic problems in orthopedic patients across all age groups. This rotation may include surgical management including pre-operative, intra-operative, and post-operative orthopedic care. Students will order diagnostic tests and medications and recommend non-pharmacological treatment interventions for the orthopedic patient. The student will demonstrate and perform practical splinting, casting, and surgical procedures and skills. The student will recognize the need for consultation and referral in provision of cost-effective orthopedic care, including acute and chronic disease management, health promotion and safety, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on cast/

immobilization techniques, safety and health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

### **4204 Clinical Pediatrics Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital or office-based pediatric setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for pediatric patients with acute and chronic pediatric problems and well child visits and school/camp exams. This will include diagnostic testing, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral in provision of cost-effective infant, pediatric, and adolescent medical care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on growth and development and health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

### **4205 Clinical Primary Care 1 Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in an ambulatory or outpatient hospital or office-based primary care medical setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems, including diagnostic tests, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral, transfer to an emergency or acute care setting in provision of cost-effective medical care, including acute and chronic disease management, health promotion, and patient education. The student will provide patient education, disease prevention and routine healthcare maintenance across all age groups with an emphasis on health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

### **4206 Elective Clinical Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a specialty of the student's choice that may take place in a hospital or office-based setting. Elective rotations include but are not limited to the following: cardiology, gastroenterology, infectious disease, psychiatry, pulmonology, heme-oncology, critical care, dermatology, occupational medicine, gay and lesbian health, and the physically and mentally challenged. The student will perform competency or focused history and physical exams, generate differential diagnoses and develop treatment plans for patients with

acute and chronic problems. This will include diagnostic tests, medications and non-pharmacological treatment interventions. The student will become familiar with the need and role of consultation and referral of patients, transfer to an emergency or acute care setting in the clinical setting through provision of cost-effective care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on health literacy issues across all age groups as applicable to clinical site. *Rotation, 200 hours. Credit: 3 semester hours.*

#### **4207 Clinical Surgical Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital inpatient setting, which may include outpatient or office-based clinical duties. Student responsibilities include: performance of history and physical exams, formulation of differential diagnoses, therapeutic treatment plans across all age groups for patients with surgical problems, including pre-operative, intra-operative, and post-operative care. The clinical experience will also include ordering of diagnostic tests, medications and non-pharmacological treatment interventions and performance of diagnostic laboratory tests, and participation in surgical procedures (operating room). *Rotation, 200 hours/on call required. Credit: 3 semester hours.*

#### **4208 Clinical Geriatrics/Long Term Care Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital or office-based geriatric setting. The student will perform competency and focused history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for adult and geriatric patients with medical or surgical conditions. This includes diagnostic tests, medications and non-pharmacological treatment interventions, while under the supervision of the preceptor. The student will recognize the need for consultation and referral, in provision of cost-effective geriatric care, including acute and chronic disease management, health promotion, health maintenance and disease prevention. The student will provide patient education with an emphasis on health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

#### **4209 Clinical Primary Care 2 Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation that continues the educational and experiential learning of the Primary Care 1 course in an ambulatory or outpatient hospital or office-based primary care medical

setting for an additional five-week rotation. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems. This will include diagnostic tests, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral, transfer to an emergency or acute care setting in provision of cost-effective medical care, including acute and chronic disease management, health promotion, disease prevention, and routine healthcare maintenance. The student will provide patient education, disease prevention, and routine healthcare maintenance across all age groups with an emphasis on health literacy issues. *Rotation, 200 hours. Credit: 3 semester hours.*

#### **4210 Clinical Internal Medicine Rotation**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This course is a five-week rotation in a hospital or office-based internal medicine setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems. The clinical experience will include diagnostic testing, medications, and non-pharmacological treatment interventions including patient education with an emphasis on health literacy issues across all age groups. The student will learn to recognize the need for consultation and referral in provision of cost-effective adult medical care, including acute and chronic disease management, health promotion, disease prevention, and routine healthcare maintenance. *Rotation, 200 hours. Credit: 3 semester hours.*

#### **4211 Senior Competencies Component**

*Prerequisites: All required didactic year classes and successful completion of competency examinations.* This is a course is designed to supplement the clinical experience of the Physician Assistant student with appropriate learning sessions on callback days. While on clinical rotations, students will be performing competency or focused history and physical examinations, generating differential diagnoses, ordering, and interpreting laboratory and imaging studies and developing treatment plans for patients with acute and chronic problems under the supervision of the preceptor. Emphasis is placed on cost-effective care, disease management and health promotion, disease prevention and routine healthcare maintenance. The student will gain and apply knowledge regarding epidemiology, risk factors, etiology, pathophysiology, clinical manifestations, and the clinical assessment of medical and surgical diseases. Learning sessions on call back days are designed to augment student's knowledge and further develop and perfect their history taking, physical examination and procedural skills. *Lecture. Credit: 0.*

#### **4140 Transition to the Clinical Laboratory (CLS)**

This course will introduce the student to the standards, functions, and procedures of clinical laboratory practice. The course will include the history of medical technology at this university, a history of the profession, HIPAA and safety regulations, spectrophotometry, quality control (including standards, controls, etc), universal precautions, the professional code of ethics, phlebotomy, and an introduction to hematology, microbiology, mycology, urinalysis, and immunohematology. *Lecture, 2 hours. Credit: 2 semester hours.*

#### **4151 Clinical Bacteriology I (CLS)**

The various classes of antibiotics are introduced to the student. Different types of susceptibility testing using manual and automated methodologies are presented. Discussion of bacteria implicated in human infections is begun. Gram positive organisms such as *Staphylococcus*, *Streptococcus*, *Corynebacterium* and *Bacillus* are discussed both in diseases caused and identification methods used in the clinical microbiology laboratory. Discussion of Gram negative bacteria such as *Haemophilus* and *Neisseria* are also included. Discussion of the biochemical tests involved in the identification of the Enterobacteriaceae is begun. The application of these tests a means to identify these organisms is presented. The diseases caused by these organisms is also included and discussed. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **4152 Clinical Immunology I (CLS)**

This course is composed of the study of cellular and antigen-antibody reaction. Also covered are the types of immunity and factors associated with immunologic disease. Antibody synthesis and function are introduced. Functions of the various cellular components are also discussed including T and B lymphocytes and plasma cells. Discussion will also include a description of various other types of nonspecific mediators of the immune system. An overview of molecular diagnostics is presented (each course covers its own molecular diagnostics theory) and the latest laboratory testing methods are presented to the student. *Lecture, 1 hour. Credit: 1 semester hour.*

#### **4153 Clinical Immunohematology I (CLS)**

This course will begin with a review of the immunology as applied to Immunohematology such as antigens, immunoglobulins and blood antibodies. Also discussed are ABO and Rh typing and antiglobulin testing. Other major blood group antigens (Kell, Lewis, etc.) and rare blood groups (Colton, Diego, etc.) are introduced. Other topics include compatibility testing, crossmatching and antibody identification. Laboratory methodologies used in Immunohematology are also covered. *Lecture, 2 hours. Credit: 2 semester hours.*

**4154 Clinical Hematology I (CLS)**

This course is designed to present the students with the theory of blood and bone marrow formation and diseases related to these cells. The erythrocytic and leukocytic cell series are explored in relation to their development, maturation, function, and identification. Through the use of audiovisuals and microscope work, identification of each cell type is discussed and abnormal cells reviewed as to composition and related diseases. The course covers iron metabolism, absorption, transport, and storage. The synthesis of hemoglobin for both normal and abnormal varieties as well as electrophoresis and other identifying methodologies are explained and the various instruments used in the study of hematology are taught. Students are exposed to all the various procedures the laboratories perform including the maintenance and troubleshooting of instrumentation. The mechanisms of hemostasis including blood vessels, platelets, and fibrinolysis are discussed. The structure of blood vessels and their relationship to hemostasis is covered. Platelet formation, maturation, and function will be discussed as well as qualitative and quantitative disorders. The course will include factors involved in the coagulation cascade and include tests used in the laboratory to diagnose disorders of hemostasis. The students will perform these procedures in the hospital laboratory. *Lecture, 3 hours. Credit: 3 semester hour.*

**4155 Application, Analysis and Lab Practice in Clinical Chemistry I (CLS)**

The course is designed to introduce the students to clinical chemistry theory and laboratory practice. It is the study of serum and other body fluids by biochemical analysis using the latest instrumentation for the test procedures. The course discusses laboratory calculations, principles of photometry; nephelometry, chemiluminescence, fluorometry and "tagged assays," electrolytes, trace elements and mineral metabolism. Principles of EIA, instrumentation concepts and discussion commonly used analyzers in the clinical lab are also presented. Classification of enzymes in relation to body organs, clinical significance of the test used and factors affecting the testing will be covered. Structure and function of lipids and lipoproteins, methods used to analyze these products will be examined. Cholesterol utilization and formation including HDL and LDL and triglycerides will be covered along with laboratory analysis. This course requires the students to perform all analysis on the instruments and analysis listed above. *Lecture, 4 hours. Credit: 4 semester hours.*

**4156 Urinalysis and Body Fluids I (CLS)**

This course will address the structure and function of the kidney in its role in the formulation of urine. Routine urinalysis tests will be discussed for each analyte found in the urine specimen utilizing both manual and

automated testing procedures. Metabolic disorders requiring special tests will also be covered. Kodachrome slides and CD Rom will be used for the microscopic analysis of casts, cells, crystals and other miscellaneous particles seen in sediment. *Lecture, 2 hours. Credit: 2 semester hours.*

**4157 Mycology and Parasitology I (CLS)**

The course will introduce the student to the classification of those parasites that infect man. Preparation and examination of specimens will be discussed. Lectures will cover important parasites including the hemoflagellates such as Leishmania and Trypanosoma, trematodes infecting the intestine, liver-lung, and blood and cestodes. The student will also be introduced to the glossary of terms used in the examination of specimens for fungal agents. Specimen collection, media for the isolation of these agents, staining used for microscopic examination and special procedures will be discussed. Lectures will cover those fungal agents that affect man including dermatophytes, superficial mycoses, and subcutaneous mycoses. *Lecture, 2 hours. Credit: 2 semester hours.*

**4161 Clinical Bacteriology II (CLS)**

This course covers in depth the biochemical identification of other Gram negative organisms such as nonfermenting Gram negative rods and Vibrio. Anaerobic organism's role in disease as well as identification is also covered. Less frequently seen organisms such as the spirochetes and Chlamydia are also discussed. Mycobacteria and their differences in specimens processing, culturing, identification, and staining are introduced. A brief review of clinical virology is also included. Discussion also includes application of molecular diagnostics to microbiology as well as immunodiagnostics that can be used to detect infectious diseases. *Lecture, 3 hours. Credit: 3 semester hours.*

**4162 Clinical Immunology II (CLS)**

This course will cover infectious and non-infectious diseases and those laboratory tests used for their diagnosis. The discussion will include the characteristics and principle of the test, importance of quality control and reference ranges, and the advantages and limitations of each procedure. Some of the diseases covered will include syphilis, hepatitis, infectious mononucleosis, rheumatoid disorders, Lyme's disease, and HIV. *Lecture, 1 hour. Credit: 1 semester hour.*

**4163 Clinical Immunohematology II (CLS)**

This course will cover red blood cell platelet preservation, metabolism, and current trends in their use. Donor selection, processing and component preparation will be introduced. Also discussed is the HLA system, hemolytic anemias and transfusion therapy and reactions. New concepts in molecular biology, safety, quality control, and quality assurance will also be covered. *Lecture, 2 hours. Credit: 2 semester hours.*

**4164 Clinical Hematology II (CLS)**

The course will present to the students the various diseases of erythrocytes and Leukocytes to include all anemias, leukemias, lymphomas and other red cell and white cell disorders. Correlation between instrument results, microscopic analysis and medical information will enable the student to recognize and assess these conditions. Specific laboratory tests utilized for diagnosis of anemias and leukemias will be taught and results evaluated. Molecular detection and monitoring of hematologic malignancies will be presented in its use as a diagnostic tool for genetic/chromosome disorders. Students will perform and evaluate manual and automated Cell Profiles and differentials in the laboratory and compare the results obtained from each as well as all other procedures for special testing that is required of them. *Lecture, 2 hours. Credit: 2 semester hours.*

**4165 Application, Analysis and Lab Practice in Clinical Chemistry II (CLS)**

This course discusses the assessment of renal function, creatinine metabolism and renal control of acid-base balance and liver function tests for hepatitis, cirrhosis and other liver disorders, bilirubin metabolism and analytical aspects of liver enzymes and their relation to specific organs of the body. The chemistry and metabolism of proteins along with various testing methodologies are analyzed. Carbohydrate metabolic disorders; analysis and diagnosis are discussed. The testing and analysis of toxic and therapeutic drugs including investigation of toxic agents, antibiotics, cardiac medication, analgesics, antidepressants, heavy metals, drugs of abuse and related testing methodologies are presented. Clinical aspects of hormones and receptors are discussed along with the testing methods. Molecular diagnostics will be covered where applicable. *Lecture, 4 hours. Credit: 4 semester hours.*

**4166 Urinalysis and Body Fluids II (CLS)**

This course includes the study of the diseases of the kidney to include: Acute and Chronic Renal Failure, Nephrotic Syndrome, Glomerulonephritis, and Pyelonephritis etc. The various fluids of the body will be discussed such as Cerebral Spinal Fluid, Pleural, Peritoneal etc. All tests used to diagnose conditions related to these diseases will be covered. *Lecture, 2 hours. Credit: 2 semester hours.*

**4167 Mycology and Parasitology II (CLS)**

This course will continue the introduction of the student various parasites that infect man. Emphasis will be on protozoa including amoeba, flagellates, ciliates, and coccidia. Staining of clinical material and important characteristics for diagnosis will be discussed. Diagnosis of malaria and microfilariae found in the blood will also be examined. Intestinal and tissue nematodes will be included in this course. Continuation of important fungal agents will also be included. These include the

systemic fungi, yeast and yeast-like organisms and the Actinomycetes. Lastly, contaminants will be discussed as possible causes of opportunistic infections and their identification in the laboratory. *Lecture, 2 hours. Credit: 2 semester hours.*

#### **4168 Clinical Education, Management and Research (CLS)**

This course will introduce the student to educational methodologies used in clinical laboratory science program. Topics covered include in-service education, continuing education and laboratory interdepartmental rotation. Teaching mechanisms, objectives and testing methodologies will be discussed. Students are exposed to the management including various agencies accrediting the laboratory, financial management and reimbursement, staffing, job analysis and the role of human resources in laboratory management. The basics of research as applied to the clinical laboratory will also be discussed. Topics will include research protocols, adherence to the protocols, data collection methods and analyzing of results of data obtained. *Lecture, 1 hour. Credit: 1 semester hour.*

## **Clinical Pharmacy Practice (CPP)**

#### **1101 Introduction to Pharmacy Practice**

*Prerequisite: PHR 1000.* This course is designed to provide the student with an overview of the pharmacy profession and contemporary practice issue. Focus is drawn to analysis of the attributes of the pharmacy profession, expectations and realities of a pharmacy student and pharmacist, and the concept of pharmaceutical care. Also, emerging and unique roles of the pharmacist on the health care team is discussed. Given on a Pass/Fail basis. *Lecture. Credit: 1 semester hour.*

#### **3153 Introduction to Alternative Medicine**

*Prerequisites: CPP 1101, PAS 2301.* This course is intended to provide an introduction to the origin, basic principles, indications and philosophy of selected alternative medicine modalities. *Elective. Credit: 2 semester hours.*

#### **3201 Introduction to Pharmaceutical Care**

*Prerequisites: PHS 2101.* This course is designed to introduce the student to the concept of pharmaceutical care. Pharmaceutical care embraces the concept of pharmacist-managed/patient-oriented pharmacy services directed at providing effective, safe, and cost effective drug therapy via outcomes monitoring and assessment. Selected disease states will be discussed with emphasis on pathophysiology and rational therapy and the development of an appropriate pharmacy care plan. *Credit: 2 semester hours.*

#### **3203 Experiential Pharmacy I**

*Prerequisites: CPP 3201; PAS 3301.* This course is designed to transition the student from didactic training to experiential training; to allow the student to apply the skills and knowledge acquired thus far to the process of prescription preparation and the practice of patient care. The major goal of this course is to foster professionalism within the student, towards their patients, other healthcare professionals, and the profession and to apply didactic knowledge. The student will work under the supervision of pharmacy preceptors from affiliated practice sites who will assist them in the growth of their patient care skills and to guide them through the experiential process. This course will introduce the student to the medication dispensing process, including patient medication profiles, to drug use reviews/ evaluations, and to patient counseling in accordance to state and federal regulations guiding pharmacy practice. The student will also be exposed to the administrative, financial, and clinical activities that pharmacists routinely perform during the practice of the profession. *Experiential Hours: Total 52 hours and one credit experiential hours (one four-hour day per week for 13 weeks) Credit: 1 semester hours.*

#### **3951 Research in Clinical Pharmacy I\***

Students participate in clinical research studies under the direction of clinical faculty. Permission for student participation must be obtained from a clinical faculty member prior to course registration. *Credit: 3 semester hours.*

#### **3154 Community Health Advocacy and Outreach**

*Pre-requisites: All courses through the second year of study.* This course explores the important role of pharmacists in community health. It provides a competency understanding of key concepts related to pharmacy initiatives for, and contributions to, patient advocacy, education and outreach. Students will work together on assignments and engage in various community outreach programs, emphasizing the value of pharmacists participation in community health interventions. *Credit: 3 semester hours.*

#### **3952 Research in Clinical Pharmacy II (See 3951)**

*Prerequisite: CPP 3951.* Opportunity for students to continue clinical research activities or undertake additional projects. Same requirements as stated in CPP 3951 description. *Credit: 3 semester hours.*

#### **4301 Drug Information and Laboratory**

*Prerequisites: CPP 3201; PHS 3508; PHS 3509.* The philosophy and fundamentals of drug information practice and the application of drug information skills in the delivery of pharmaceutical care will be discussed. The student will acquire the basic skills necessary for the provision of drug information through

lectures, homework, and laboratory project assignments in the areas of drug information retrieval, drug literature evaluation, and quality assurance. *Laboratory: 1 hour. Credit: 2 semester hours.*

#### **4402 Literature Evaluation and Research Design**

*Prerequisite: CPP 4301.* Literature evaluation and research design will provide the student with a basic understanding of appropriate research design and methodology, biostatistics, and reporting of results. The objective of this course is to provide the student with the skills and knowledge base to critically evaluate the primary literature and understand the practical implications of such literature. *Credit: 2 semester hours.*

#### **5203 Experiential Pharmacy II**

*Prerequisites: CPP 3203.* This course will build upon Experiential Pharmacy I, transitioning and developing the skills of the student to become a more active participant in the healthcare delivery system for both the institutional and community settings. The goals of this course include continuing to develop professionalism within the student and applying the knowledge and skills gained thus far to the provision of patient care. The student, under the supervision of pharmacy preceptors from affiliated practice sites, will actively become involved in preparing prescriptions for the patient, utilizing and evaluating the patient medication profile, participating in quality assurance activities, and actively develop patient counseling skills. They will be exposed to all aspects of medication therapy management, including administrative, financial and clinical activities. *Experiential Hours: 208\* hours experiential off-campus hours. Credit: 5 semester hours.*  
*\*This is a longitudinal pharmacy practice learning experience. It will begin in fall of forth year and must be completed by fall of fifth year. Scheduling of hours will be at the discretion of the pharmacy preceptor from the affiliated pharmacy practice sites and the student. A formalized schedule will be prepared by the College to assist with student scheduling.*

#### **5301 Clinical Applications of Pharmacokinetics and Pharmacodynamics**

*Prerequisite: PHS 4602.* This course is designed to explore prevailing topics in the areas of applied clinical pharmacokinetics, pharmacodynamics, toxicokinetics and include some aspects of special drug delivery systems. Application of advanced pharmacokinetic principles will be covered including examples of drugs and exhibit linear and non-linear pharmacokinetics. Clinically relevant pharmacodynamic principles will be covered. Principles and physio-chemical properties of drugs removed by extracorporeal systems will be discussed. *Credit: 3 semester hours.*

**5404 Elective I Clerkship**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* This rotation will introduce the student to a specialized area of pharmacy practice. This area may be selected according to the student's interest or an area of medicine in need of further emphasis. This rotation may involve direct interaction with patients, may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. *Credit: 3 semester hours.*

**5407 Ambulatory Care Clerkship**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* This course is an experiential rotation that is intended to expose the student to various aspects of clinical pharmacy practice in the inpatient setting. Under the direct guidance of an approved preceptor, the student will function as an integral member of the health care team by providing pharmaceutical services to ambulatory patients in accordance with the concept of total patient care. The clinical activities will emphasize the development of the pharmacist-patient relationship and will include various aspects of preventative medicine, patient education, and outcomes assessment. *Credit: 3 semester hours.*

**5408 Elective II Clerkship**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* This rotation will introduce the student to a specialized area of pharmacy practice. This area may be selected according to the student's interest or an area of medicine in need of further emphasis. This rotation may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. *Credit: 3 semester hours.*

**5409 Elective III Clerkship**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* This rotation will introduce the student to a specialized area of pharmacy practice. This area may be selected according to the student's interest or an area of medicine in need of further emphasis. This rotation may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. *Credit: 3 semester hours.*

**5410 Elective IV Clerkship**

*Prerequisites: All required courses through fifth year and successful completion of the competency examination.* This rotation introduces the student to a specialized area of pharmacy practice. This area may be selected according to the student's interest or an area of medicine in need of further emphasis. This rotation may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. *Credit: 3 semester hours.*

**5412 APPE Key Concepts of Pharmacist-Delivered Care**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* During this advanced pharmacy practice experience (APPE), the student will transition from Introductory Pharmacy Practice Experiences (IPPE's) to APPEs. Students will build upon the knowledge and skills acquired during their IPPE training, to provide patient-centered care in any direct patient care setting. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use. Emphasis will be placed on further refining the student's care planning process, drug information skills and medication safety concepts in a direct patient care setting. *Credit: 3 semester hours.*

**5413 Advanced Community Pharmacy**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* During this advanced practice experience (APPE), the student will continue to demonstrate the skills to provide pharmacist-delivered patient-centered care in the community pharmacy setting. Students are expected to be active members of the healthcare team by participating in medication therapy management services, patient education, health screening/monitoring, and other advanced clinical services offered at the site. Emphasis will be placed on communication skills, patient education, and the pharmacist's role in maximizing population-based therapeutic outcomes including disease prevention and wellness. *Credit: 3 semester hours.*

**5414 General Inpatient Care**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* During this advanced pharmacy practice experience (APPE), the student will continue to develop and demonstrate the necessary skills to provide pharmacist-delivered patient-centered care in a general inpatient care setting. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use in a diverse inpatient population. Emphasis will be placed on pharmacist-patient-health care provider relationships, promoting the safe use of medications, developing appropriate patient care plans, communication skills and ensuring continuity of care. *Credit: 3 semester hours.*

**5415 Specialty Inpatient Care**

*Prerequisites: ALL required courses through fifth year and successful completion of the competency examination.* During this advanced pharmacy practice experience (APPE), the student will continue to develop and

demonstrate the necessary skills to provide pharmacist-delivered patient-centered care focusing on a specific inpatient population. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use in this population. Emphasis will be placed on pharmacist-patient-health care provider relationships, promoting the safe use of medications, developing appropriate patient care plans, communication skills and ensuring continuity of care.

*Credit: 3 semester hours.*

**6101 Case Studies in Drugs and Diseases Issues in Pharmaceutical Care**

*Prerequisites: ALL courses through fourth year.* This course is a patient case based interactive learning experience designed to strengthen the student's ability to provide pharmaceutical care. The cases discussed will cover particular therapeutic dilemmas or challenges and reflect current treatment guidelines. Emphasis will be placed on patient assessment and development of a pharmaceutical care plan. *Credit: 3 semester hours.*

**6102 Prevention and Management of Drug Induced Diseases**

*Prerequisites: ALL courses through fourth year.* A general understanding of adverse drug events including monitoring, evaluating, preventing, and managing these events will provide a basis for organ system specific drug induced disease issues. Drug activity effecting untoward biochemical enzymatic changes related to cellular, organ, and system functions will be explored. Topics to be emphasized will include blood dyscrasias, neurologic, dysfunction, as well as undesirable drug effects on the gastrointestinal, hepatic, renal, dermal, and other systems. *Credit: 3 semester hours.*

**6104 Geriatric Pharmacotherapy**

*Prerequisites: ALL courses through fourth year. Corequisites: CPP 6101, CPP 6102, CPP 6103, PHR 6101.* This course is designed to introduce the student to the physiologic, pharmacologic, and sociologic aspects of aging. The course will focus on: 1) physiological and practical aspects of medication use in the elderly; 2) the pharmacist's role in geriatric care; and 3) the management of disease states and syndromes that predominately occur in the elderly. The use of a case study format will allow the student to gain experience in designing and monitoring drug regimens for the geriatric patient. *Elective. Credit: 3 semester hours.*

**6105 Contemporary Community Pharmacy Practice**

*Prerequisites: ALL courses through fourth year.* This course will expose the student to contemporary issues in community pharmacy practice. The role of the community pharmacist in the provision of pharmaceutical care will be explored in depth. Particular emphasis will

be placed upon the emerging function of the pharmacist as an ambulatory care provider and integral part of the health care team. *Elective. Credit: 3 semester hours.*

#### **6106 Advanced Concepts in the Management of Allergy and Immunologic Diseases**

*Prerequisites: ALL courses through the fall of fourth year.* This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients suffering from allergic and immunologic disorders. Contemporary issues in the pharmacologic and non-pharmacologic prevention and management of these disorders will be investigated in detail. Emphasis will be placed on patient assessment and the development of appropriate pharmaceutical care plans for both the ambulatory and inpatient settings. *Elective. Credit: 3 semester hours.*

#### **6107 Pharmacotherapy of Autoimmune Disorders**

*Prerequisites: ALL courses through fourth year.* This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients suffering from autoimmune disorders. The pathophysiology for each disease state will be reviewed along with the pharmacology and therapeutics for the drugs available for their treatment. Emphasis will be placed on patient assessment and the development of pharmaceutical care plans for patients suffering from autoimmune disorders. *Elective. Credit: 3 semester hours.*

#### **6108 Pediatric Pharmacotherapy**

*Prerequisites: PHR 4105; PHR 4107.* This course is designed to introduce the student to the field of pediatric pharmacotherapy, emphasizing the maturational process involved from the neonatal period into adulthood that influences drug therapy. The units of instruction are developed to prepare future pharmacists in understanding the dosing and use of drugs specific to the pediatric population. *Elective. Credit: 3 semester hours.*

#### **6109 Comprehensive Management of HIV/AIDS**

*Prerequisite: PHR 4105.* This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients infected with HIV. The course is intended to review the pharmacologic management of HIV infection and associated AIDS indicator conditions. Emphasis will be placed on patient assessment and the development of pharmaceutical care plans for patients suffering from HIV. *Elective. Credit: 3 semester hours.*

#### **6110 Advanced Topics in Infectious Disease**

*Prerequisite: PHR 4105.* This course is designed to build and expand upon the principles of infectious diseases. A compendium of literature, studies, and guidelines in infectious diseases will be examined to obtain and in-depth knowledge of: pharmacodynamics of antimicrobial agents, the treatment of select disease states not covered by Drugs and Infectious Diseases (PHR 4105) and administrative methods to ensure optimal antimicrobial use. *Credit: 3 semester hours.*

#### **6111 Pharmacotherapy of Psychiatric Disorders**

*Prerequisites: All professional courses through the fourth year.* Students taking this course will learn advanced principles in the therapeutic management of psychiatric disorders. This course is designed to expand on the principles learned in the Drugs and Diseases course. The student will learn about special topics in the treatment of schizophrenia, major depressive disorder, bipolar disorder and anxiety disorders. Treatment guidelines as well as other factors influencing pharmacotherapy will be discussed. The didactic component of the course will be supplemented with active learning activities including case studies and student presentations. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6112 Advanced Therapeutic Management of Oncology Patients**

*Prerequisites: All courses through the fourth year.* This is an advanced-level course focusing on the therapeutic management of cancer patients. A competency list of oncology-related topics will be covered with a goal to develop advanced clinical skills and competencies necessary for pharmacists to provide care to cancer patients. This course is designed to improve independent and active learning abilities enabling students to advance their knowledge, understanding and skills in managing the complex clinical issues facing cancer patients. *Credit: 3 semester hours.*

#### **6113 Advanced Education in Patients with Diabetes**

*Prerequisites: All courses through the fourth year of study.* This course is designed to provide students the opportunity to learn in-depth knowledge of diabetes through didactic and hands-on learning. A competency list of diabetes-related topics will be covered with a goal to develop advanced clinical skills and competencies necessary for pharmacists to provide advanced care and education to patients with diabetes. A service-learning component will be incorporated into the course. *Credit: 3 semester hours.*

## **Radiologic Sciences Courses (RAD)**

**The following courses are RAD courses:**

#### **1101 Introduction to Radiologic Sciences**

An introduction to the field of radiology technology explains the guidelines of the program, developments of the field, organizational structure of the radiology Department and an introduction to the standards for radiographers promoting professional conduct. This course also includes basic radiation protection, the value of patient rights and the role of the radiographer. Introductory law, the elements of malpractice and cause for actions, employment issues, contracts, litigation and the radiographers responsibility to deliver healthcare that is free from bias will also be discussed. *Lecture, Credit: 2 semester hours.*

#### **1103 Radiologic Sciences Patient Care and Pharmacology**

*Prerequisites: All pre-professional courses. Corequisites: RAD 1104, 1106, 1110, 1114, 1125.* This course provides students with the basic concepts of patient care, including consideration for the physical and psychological needs of the patient and family. Routine and emergency patient care procedures are described as well as infection control procedures utilizing universal precautions. The role of the radiographer in patient education and radiation protection are identified. This course also includes a systematic study of radiographic contrast agents as they are used in specific organ systems of the body. Basic concepts of pharmacology will be discussed. The theory and basic practice of basic techniques and venipuncture for the administration of diagnostic contrast agents and/or intravenous medications are included. *Lecture, Credit: 2 semester hours.*

#### **1104 Medical Terminology**

*Prerequisites: All pre-professional courses. Corequisites: RAD 1103, 1106, 1110, 1114, 1125.* A good working vocabulary is required of any medical professional. This course is designed to introduce medical terminology to the radiography student. The course will begin with a brief introduction to medical terminology, root words, suffixes, and prefixes. From there, the student will build a vocabulary involving specialists in medicine. After that, the student can develop a word bank for each system of the body. These include the Integumentary, Skeletal, Muscular, Circulatory, Respiratory, Digestive, Endocrine, Immune, Urinary, Reproductive, Nervous, and the Sensory Systems. *Lecture, Credit: 2 semester hours.*

### 1106 Radiographic Anatomy and Procedures I

*Prerequisites:* All pre-professional courses. *Corequisites:* RAD 1103, 1104, 1110, 1114, 1125. This course provides students with the skills necessary to perform radiographic examinations. Areas studied include body positions, positioning terms, positioning aids, contrast media and their applications to positioning methods of producing quality radiographs are discussed. A very brief introduction to the requirements of radiography will be discussed. After which, general anatomy and terminology will be discussed. Anatomy and positioning of the thoracic viscera will be discussed. Abdominal radiography will be discussed. Skeletal topics include positioning of the hand, wrist, forearm, elbow, and humerus. *Lecture, Credit: 4 semester hours.*

### 1107 Radiographic Anatomy and Procedures II

*Prerequisite:* All pre-professional courses and third year fall semester courses. *Corequisites:* RAD 1111, 1115, 1131, 1126. This course provides students with the skills necessary to perform radiographic examinations of the lower extremities, spinal column and thoracic cavity. Areas studied include body positions, positioning terms, positioning aids and their applications to positioning methods of producing quality radiographs are discussed. Skeletal topics include shoulder, clavicle, scapula, foot, ankle, tibia and fibula, knee, femur, pelvis, hip, cervical spine, thoracic spine, lumbar spine, sacrum and coccyx, and the bony thorax. Clinical applications of theoretical areas include the skeletal and major organ systems, incorporating pediatric, geriatric examinations. *Lecture, Credit: 4 semester hours.*

### 1110 Radiographic Human Structure and Function I

*Prerequisites:* All pre-professional courses. *Corequisites:* RAD 1103, 1104, 1106, 1114, 1125. This course will acquaint the student on the structure and function of the human body. Cells, tissues, organs, and organ systems will be described and discussed as components of their respective systems. Emphasis to physiology and clinical application will give the students a better understanding of anatomical concepts. *Lecture, Credit: 3 semester hours.*

### 1111 Radiographic Human Structure and Function II

*Prerequisites:* All pre-professional courses and 3rd year fall semester courses. *Corequisites:* RAD 1107, 1115, 1131, 1126. This course is a continuation of Radiographic Human Structure and Function II. Students will complete their study of the human body and the organs within their respective organ system. Organs and systems will be described and discussed. Organs will be discussed as components of their respective systems. Organs and systems described will include the respiratory system, digestive system, urinary system, reproductive and fetal development system. Emphasis is

placed on physiology and clinical applications to give the student a better understanding of the anatomical concept. *Lecture, Credit: 3 semester hours.*

### 1114 Radiation Physics and Imaging Equipment I

*Prerequisites:* All pre-professional courses. *Corequisites:* RAD 1103, 1104, 1106, 1110, 1125. These courses provide the student with the knowledge of fundamental principles of mathematics essential for mastering radiographic physics, basic physics, mechanics, structure of matter, basic electricity, magnetism, electromagnetism, electrical physics, radiation physics, and basic x-ray circuitry. Production of ionizing radiation, interaction between x-rays and matter, aspects of the emission spectrum and radiation units of measurements are discussed. Radiographic equipment including the x-ray tube, fluoroscopy, and the imaging system as a whole will be discussed. *Lecture, Credit: 3 semester hours.*

### 1115 Radiation Physics and Imaging Equipment II

*Prerequisites:* All pre-professional courses and third year fall semester courses. *Corequisites:* RAD 1107, 1111, 1131, 1126. These courses provide the student with the knowledge of basic electricity, magnetism, electromagnetism, electrical physics, radiation physics, and basic x-ray circuitry. Production of ionizing radiation, interaction between x-rays and matter, aspects of the emission spectrum and radiation units of measurements are discussed. Radiographic equipment including the x-ray tube, fluoroscopy, and the imaging system as a whole will be discussed. *Lecture, Credit: 3 semester hours.*

### 1131 Introduction to Mammography

*Prerequisites:* All pre-professional courses and 3rd year fall semester courses. *Corequisites:* RAD 1107, 1111, 1115, 1126. The student will examine the history of mammography, along with the basic concepts for performing mammography. Areas of study include breast anatomy and physiology, patient positioning, compression, clinical image evaluation, image techniques and processing, pathology, QA/QC of mammographic equipment and MQSA Federal Guidelines. *Lecture, 1 credit.*

### 2105 Advanced Radiation Protection and Radiation Biology

*Prerequisites:* All pre-professional courses and 3rd year fall semester courses. *Corequisites:* RAD 2108, 2117, 2124, 2127. An advanced level course designed to address the need for radiation protection, biological effects of ionizing radiation. Patient protection, personal radiation monitoring, and radiation measuring instrumentation, as well as applicable state and federal laws are discussed. The interaction of radiation on biologic systems, and their correlation with concepts studied in Physics,

Biology, and Physiology. Acute and chronic effects of radiation are discussed. *Lecture, Credit: 3 semester hours.*

### 2108 Radiographic Anatomy and Procedures III

*Prerequisites:* All pre-professional courses and third year fall semester courses. *Corequisites:* RAD 2105, 2117, 2124, 2127. This course provides students with the skills necessary to perform radiographic examinations. Areas studied include body positions, positioning terms, positioning aids, contrast media and their applications to positioning methods of producing quality radiographs are discussed. Skeletal topics include positioning of the soft tissue neck, skull, sinus, orbits, facial bones, and mandible. Fluoroscopic procedures include Esophagram, Upper GI Series, Barium Enema, and Intravenous Pyelogram. *Lecture, Credit: 4 semester hours.*

### 2109 Radiographic Anatomy and Procedures IV

*Prerequisites:* All pre-professional, third year professional courses, fourth year fall semester professional courses. *Corequisites:* RAD 2123, 2132, 2133, 2128. This course provides students with an understanding of the advanced imaging techniques required for producing image of specialized areas of the body. Anatomy, indications, specialty procedures, contrast media, equipment and positioning are discussed. Introduction to advanced imaging areas such as CT, MRI and PET scanning are discussed along with the advanced education requirements necessary for certification in these and other areas. Many of these examinations are done within the confines of the imaging department, but may not necessarily be routine diagnostic procedures. Specialized equipment and/or specially trained personnel may be involved in offering these services. Specialty exams discussed include Arthrography, Myelography, Venography, Central Nervous System including Angiography, and Hysterosalpingography with a brief introduction to cross-sectional anatomy. *Lecture, Credit: 4 semester hours.*

### 2117 Medical Imaging Principles of Radiographic Exposure

*Prerequisites:* All pre-professional, third-year professional courses, fourth-year fall semester professional courses. *Corequisites:* RAD 2105, 2108, 2124, 2127. This course provides students with the various image processing systems available in radiography. A competency analysis of density, contrast, detail and distortion which govern and influence the production of a radiographic image and the direct effect these factors have on radiographic quality and patient dose. *Lecture, Credit: 4 semester hours.*

### **2123 Pathophysiology with Film Review**

*Prerequisites:* All pre-professional, third-year professional courses, forth-year fall semester professional courses. *Corequisites:* RAD 2109, 2132, 2133, 2128. Content is designed to introduce theories of disease causation and the pathophysiologic disorders that compromise healthy systems. Etiology, pathophysiologic responses, clinical manifestations, radiographic appearance and management of alterations in body systems will be presented. All necessary QA/QC equipment as well as state and federal guidelines will be discussed. *Lecture, Credit: 3 semester hours.*

### **2124 Introduction to Quality Assurance**

*Prerequisites:* All pre-professional, third-year professional courses, forth-year fall semester professional courses. *Corequisites:* RAD 2105, 2108, 2117, 2127. Content will include discussion of the integration of federal and state standards, role, responsibility, monitoring maintenance, program evaluation, and establishing and maintaining a quality diagnostic radiograph. The student will be able to identify the importance of quality control in today's Radiology Department, and analyze how to enhance the imaging quality considering all the variables, and to discuss how effectively, the image quality can be tested and how to correct the problems. *Lecture, Credit: 1 semester hours.*

### **2132 Registry Review**

*Prerequisites:* All pre-professional, third-year professional courses, forth-year fall semester professional courses. *Corequisites:* RAD 2109, 2123, 2133, 2128. The course is designed to prepare students for the American Registry of Radiologic Technology Certification exam and the New York State Licensing exam. This course will provide students with an overall review of all classes taken in the previous two years of coursework in preparation for the certification exam. *Lecture, Credit: 3 semester hours.*

### **2133 Computers in Radiologic Technology/ Digital Imaging**

*Prerequisites:* All pre-professional, third-year professional courses, forth-year fall semester professional courses. *Corequisites:* RAD 2109, 2123, 2132, 2128. Content includes an overview of the basic principles of computer science allowing students to understand specific applications in radiography. The utilization of computers in healthcare settings and the specific uses in the departments of radiology and imaging are discussed in terms of technical concepts and clinical applications. *Lecture, Credit: 1 semester hour.*

### **1127, 1128, 1129, 2127, 2128, 2130 Clinical Education**

*Prerequisites:* All pre-professional courses and previous semester courses. *Corequisites:* All professional courses in the semester. A well designed and developed competency based education at supervised clinical education sites. This provides the students with an active role in developing the skills required to deliver high

quality imaging services. Objective competency evaluations are used for consistent methods of measuring student outcomes for each ARRT mandated part. Students will begin their clinical experience observing the technologist, and as they progress, and students have been tested didactically, they will work with direct supervision until competency has been achieved. After competency has been achieved the student may work under indirect supervision. *1575 hours total.*

### **Elective Courses**

Professional elective courses are made available by several departments of the College of Pharmacy and Health Sciences.

Non-professional electives may be selected from the courses offered by other departments of the University, with the approval of the appropriate Dean.

Those contemplating medical, dental, law or graduate study after graduation are advised to consult the appropriate school bulletin, since specific courses may be required for admission. Elective credits may be utilized to satisfy these requirements.

Courses selected as electives must be approved in advance by the Dean of the College of Pharmacy and Health Sciences.

## **Pharmacy Administration and Public Health Course Offerings (PAH)**

**Wenchen Wu, R. Ph., M.B.A., Ph.D., Chair**

### **Objectives**

The department seeks to provide students with the opportunity to acquire the knowledge, develop the attitudes and master the skills required for contemporary pharmacy practice.

Lectures, utilization of the multi-media programs in the Resource Center and individual and group conferences with faculty give the student a knowledge of the principles and processes in the manufacture, stabilization, preservation, storage and dispensing of both official and non-official dosage forms.

Classroom and conference discussions give the student an opportunity to develop creative talents in compounding and formulating dosage forms.

## **Pharmacy and Administrative Sciences (PAS)**

**The following courses are PAS courses:**

### **2201 Introduction to Pharmacoeconomics**

*Prerequisites:* MTH 1250; MTH 1260; PAS 2301. This course is designed to provide the student with introductory concepts of pharmacoeconomics as it relates to patient care. Overview of economic principles, which

may enhance the understanding of the theory underlying pharmacoeconomic analysis, will be integrated in this course. A special emphasis is also placed on applying the economic evaluation and quality of life concept to improve the allocation of limited health care resources. *Lecture. Credit: 3 semester hours.*

### **2301 Social Aspects of Pharmacy Practice**

*Prerequisites:* CPP 1101. This course is designed to introduce the student to the social aspects of pharmacy practice. Important areas to be discussed include the pharmacy as a profession, professionalization of the student, and the image of pharmacist held by patients. The role of the pharmacist in various practice settings as related to patient care and interaction with other health care professionals will be explored. An overview of how the pharmacist plays a key element in drug therapy, drug product selection, and therapeutic interchange will also be discussed. Special emphasis will be placed on understanding the social aspects of drug use in today's society and the importance of providing pharmaceutical care to the patient. *Credit: 1 semester hour.*

### **3301 Pharmacy and The U.S. Health Care Environment**

*Prerequisite:* PAS 2201. This course is designed to introduce the students to the U.S. health care delivery system and explore the social, political, and economic factors, which influence the flow of pharmaceutical products and services within the system. Special emphasis will be placed on the role and function of pharmacy in the new paradigm of ever-changing health care. An overview of the current structure and financing will be provided. Focus will be given to the public and private sectors of health care, the major players, the pharmaceutical industry, third party plans, and managed care. In addition, the role of the pharmacist in health promotion and disease prevention will be emphasized. *Credit: 3 semester hours.*

### **3352 Communication Techniques in Pharmacy**

This course is designed to provide the student with opportunity of employing promotional techniques as a method of communication between the community pharmacy practitioner and the public. The aspects of pharmaceutical promotion, and copy writing will be discussed as well as the methods employed by the pharmaceutical manufacturer to familiarize medical and pharmaceutical practitioners with the knowledge of pharmaceutical products that are marketed. *Lecture, 2 hours. Credit: 2 semester hours.*

### **3353 Contemporary Legal Issues Affecting the Pharmaceutical Industry**

*Prerequisite:* PAS 2301. The purpose of this course is to introduce students to contemporary legal issues that affect pharmacy practice and their role as employees, potential employers and consumers in the health care industry. Students will learn about changes

in employment law and business law and be introduced to risk management issues, privacy issues and alternative dispute resolution techniques. *Elective. Credit: 2 semester hours.*

### **3354 Contemporary Issues in Hospital Pharmacy**

*Corequisite: PAS 2301.* Hospital pharmacy history, theory, techniques, and administrative procedures. It acquaints the student with the pharmacy as a hospital department and the pharmacist's role within the institution and the health care system. *Elective. Credit: 2 semester hours.*

### **3355 Environment of Pharmaceutical Marketing**

*Prerequisites: PAS 2201; PAS 2301.* This course is designed to provide the student with a thorough overview of marketing in the pharmaceutical industry. *Elective. Credit: 2 semester hours.*

### **3356 Quality Issues in Managed Care Pharmacy**

*Prerequisite: PAS 2301; PAS 3301.* This course is designed to provide the student with an overview of the issues related to the medication use process within the managed care setting. *Elective. Credit: 2 semester hours.*

### **3357 Computer and Pharmacy Data Management**

*Prerequisites: CPP 1101; PHR 1101.* This course is designed to introduce students to up-to-date computer terminology, hardware and application programs for Pharmacy information systems. The major focuses are on the understanding of technical aspects of pharmacy computer system and the development of pharmacy database management skills. Didactic components are offered in the instructional computer classroom. Hands-on experience with database software packages such as Microsoft ACCESS® is provided through student use of open computer labs. *Elective. Credit: 2 semester hours.*

### **3401 Personnel Management Issues in Health Care Institutions**

The objective of this course is to develop skills in the Allied Health student to handle interpersonal issues confronted among and between professionals and the patients they serve in health care institutions. Because of the interdependent nature of leadership and management across a spectrum of management process in health care institutions, this course incorporates application with theory and emphasizes critical thinking, problem solving, and decision making. Case studies and learning exercises will promote critical thinking and interactive discussion. Students will enhance their problem-solving skills by connecting real-life experiences to the content of the course. Content in key areas relevant to health care institutions, such as supervision, staffing, transformational leadership, motivation, delegation, organizational, political, and personal power, and time management will be strengthened. *Lecture, 3 hours. Credit: 3 semester hours.*

### **3402 U.S. Health Care Delivery**

This course is designed so the radiologic scientist will understand the various methods of health care delivery to remain knowledgeable in the changing face of technology. The political context of health care organization and delivery, with specific focus on the mechanisms for policy formulation and implementation will be discussed. *Lecture, 3 hours. Credit: 3 semester hours.*

### **3951 Research in Administrative Science I**

An elective course designed to familiarize the student with basics associated with the design, implementation, and data analysis essential to conducting research in Industrial Pharmacy, Cosmetic Science, and the administrative areas of pharmacy practice. The student is required to conduct an actual research project under the guidance of the faculty member in an area of mutual interest to both student and faculty member. *Credit: 3 semester hours.*

### **3952 Research in Administrative Sciences II**

An elective designed to familiarize the student with basics associated with the design, implementation, and data analysis essential to conducting research in industrial pharmacy, cosmetic sciences, and the administrative areas of pharmacy practice. The student is required to conduct an actual research project under the guidance of the faculty member in an area of mutual interest to both student and faculty member. *Credit: 3 semester hours.*

### **4201 Health Care Law for Practitioners**

This course is designed to introduce students to the legal issues that have an impact on the delivery of care in the American health care system and influence the ability of health care professionals to competently practice their professions. It will also survey current federal and New York State regulatory schemes governing the provision of health care. *Lecture, 3 hours. Credit: 3 semester hours.*

### **4202 Health Care Finance**

This course provides the student with a broad overview of the health care organizations financial challenges. Students will learn the financial challenges of health care organizations including: enhancing revenues, managing costs, accessing capital at reasonable rates, and ensuring the integrity of financial reporting. *Lecture, 3 hours. Credit: 3 semester hours.*

### **4305 Pharmacy Law**

*Prerequisites: PHI 1000C; PHI 2240; PHI 3000C.* The purpose of this course is to provide the students with an understanding of the legal basis of pharmaceutical care. As professional persons empowered by state licensure to protect patients from risks, students will learn about the responsibilities of the pharmacists under the law and the limits of their responsibilities. Pharmacist's role in preventing liability by reducing drug-related morbidity will be covered. Principles of criminal and civil liability and business and business and contract law where applicable to pharmacy practice are

included. Specific attention is given to rules of professional conduct as defined by the New York State Board of Pharmacy. *Credit: 2 semester hours.*

### **5202 Pharmacy Management and Advanced Pharmacoeconomics**

*Prerequisites: PAS 2201; PAS 3301; PAS 4305.* This course provides the student with a broad information base essential to successful pharmacy management and efficient resource allocation in various professional practice settings. Students learn to apply management principles; planning, organizing, directing, and controlling in operating pharmacy resources. The course prepares pharmacy students to address change, increase competitiveness, and optimize patient's services. *Credit: 4 semester hours.*

### **6201 Self-Care Pharmaceuticals**

*Prerequisite: PHR 4105.* This Course is designed to focus on the therapeutic aspects of self-care pharmaceuticals. The course will center on the pharmacist's role in making professional decisions concerning these medications and in providing advice to patients in selecting drugs for self-medication. *Elective. Credit: 3 semester hours.*

### **6202 Experimental Designs in Clinical Trials**

*Prerequisites: PHR 5106; PHR 5108.* Clinical trial has a prominent role in the research and approval of new drugs. To conduct clinical trials, future pharmacists need an understanding of the various experimental designs used in research studies. This course will introduce the student to the terminology used to classify the design of a research study and to explore in detail observational research as represented by the case report, case control study, and cohort study. It will describe the study design characteristics that distinguish experimental research, as in clinical trial, from other types of drug research. Methods for enhancing validity through the use of appropriate controls, randomization, and blinding will be discussed. *Elective. Credit: 3 semester hours.*

### **6203 Communication Skills for the Pharmacist**

*Prerequisites: ALL required fifth-year courses.* This course exposes the student to interpersonal communication as it applies to pharmacy practice from a patient-focused approach. It highlights the importance of the pharmacist's responsibility in communicating with patients and other healthcare providers. Specific attention is devoted to strategies that improve the pharmacist's decision-making and communication skills. The intertwining of the didactic and actual pharmacist interactions will prepare the student for the real world environment. The knowledge and skills gleaned from this course will assist the student with the planning and execution of communication activities routinely encountered by the practicing pharmacist. *Elective. Credit: 3 semester hours.*

### **6205 Personal Management in Pharmacy Practice**

*Prerequisites:* ALL fifth-year courses; PAS 5202. As pharmacy students move from school to practice, they may find they are supervising technicians and their peers. This course will help them prepare for their supervisory role by addressing the pharmacy supervisor's foremost concern: planning, controlling, directing, and staffing—the four key components of supervision. With case studies and examples, ways to motivate employees, how to bring about change, workplace rules and expectations, reward, discipline, complaints and grievances, this course will enable students to be better enhancers of the environment for optimal patient care. *Elective.* Credit: 3 semester hours.

### **6206 Fundamentals of Regulatory Affairs**

*Prerequisites:* ALL required fifth-year courses. This course will provide students with a fundamental understanding of the general principles of regulatory affairs in the pharmaceutical and biotechnology industry. It will introduce the basic concepts of drug discovery and the drug approval process, foundations of GXP, ethical considerations of scientific inquiry and the regulatory scheme involved. *Elective.* Credit: 3 semester hours.

### **6208 Health Care Data Analysis and Interpretation**

*Prerequisites:* ALL required fifth-year courses; CPP 4402. This course is designed for those students who seek to enhance their skills in clinical and health care services research and to extend their knowledge in drug literature assessment. The purpose of this course is to provide an adequate working knowledge of SAS and to offer a fundamental base of technical skills for statistical data evaluations. SAS is the most accepted statistical tool in health care research field and has been accepted as an FDA standard for accepting and archiving data sets. The student will learn the strategy and skills in how to prepare, organize, analyze data and interpret the results. Hands on experience with real data from a wide variety of applications will be offered to enable students to master the skills needed for effective data management, data analysis, and report presentation. Other statistical packages such as SPSS and BMDP will also be discussed. *Elective.* Credit: 3 semester hours.

### **6213 Operations of Managed Care Pharmacy**

*Prerequisites:* All fifth-year courses. This course is designed to provide the student with an overview of key operating issues related to the management of prescription utilization within the managed care setting. The course emphasizes the design and provision of pharmacy benefits management services and assesses its impact on inputs, outputs, processes and participants to optimize patient care and outcomes. The major goal

of the course is to familiarize students with current pharmacy benefit strategies used to provide safe, efficacious and cost-effective pharmaceutical care in extensive managed care demographic populations. *Lecture, 3 hours.* Credit: 3 semester hours.

## **Pharmaceutical Sciences Course Offerings (PHS)**

**Frank A. Barile, Ph.D.** *Chair*

### **Objectives**

The Department of Pharmaceutical Sciences is committed to providing a solid background in the biomedical sciences to allow students in pharmacy and allied health programs to acquire critical learning skills and to develop successful careers rendering health service to the public in industrial, academic and clinical settings. The department provides students with the fundamental knowledge base that enables them to interpret and remain current with the scientific literature in clinical and basic research. Students are prepared to explain the action of drugs in current use and to understand the manner in which these drugs are employed in clinical and basic science settings. Students are expected to acquire the necessary critical skills and background in chemistry, physiology, toxicology and pharmacology that are essential to understanding the nature, composition, standardization and evaluation of natural and synthetic substances used in the diagnosis, prevention and treatment of disease.

### **The following are PHS courses:**

#### **2101 Public Health**

*Prerequisite:* BIO 2000. All aspects of public health including organizations, administration, environmental social health problems will be discussed. The study of epidemiology and disease control will be emphasized. Credit: 3 semester hours.

#### **2201 Biopharmaceutical Chemistry/Biotechnology**

*Prerequisites:* CHE 1110, 1111, 1112; CHE 1120, 1121, 1122; CHE 1130, 1131, 1132; BIO 2000. *Corequisites:* PHS 2301. The course is an intermediate level undergraduate biochemistry and molecular biology lecture course. The Chemistry of macromolecules, i.e. proteins, lipids assemblies, nucleic acids, and polysaccharides, enzymology, an introduction to metabolic pathways to energy utilization in cells is the bulk of the material. In addition, the fundamental biochemical notions of nucleic acid metabolism, including DNA replication and repair mechanisms, RNA, and protein synthesis is covered. Vitamins and trace metals are discussed from the standpoint of their role in enzymatic reactions and metabolic sequences, and where possible related to health consequences. *Lecture.* Credit: 4 semester hours.

#### **2301 Biomedical Laboratory I**

*Prerequisites:* CHE 1110, 1111, 1112; CHE 1120, 1121, 1122; CHE 1130, 1131, 1132; BIO 2000. *Corequisites:* PHS 2201. Demonstration and experimentation of basic principles of pharmaceutical biochemistry and biotechnology. *Laboratory: 3 hours.* Credit: 1 semester hour.

#### **3101 Introduction to Pathology (for allied health and toxicology students)**

*Prerequisite:* PHS 3103. A detailed discussion of the relationships between the normal and pathologic anatomy of the human body and disease mechanisms occurring in the major organ groups. *Lecture, 3 hours.* Credit: 3 semester hours.

#### **3103 Human Anatomy and Physiology I (for allied health and toxicology students)**

*Corequisite:* PHS 3104. Detailed study of the mechanisms whereby the human body maintains homeostasis in the major functional systems of the body to provide a foundation for the study of pharmacology. *Lecture, 3 hours.* Credit: 3 semester hours.

#### **3104 Human Anatomy and Physiology Laboratory I (for allied health and toxicology students)**

*Corequisite:* PHS 3103. Demonstration and study of major functional systems of the body. *Laboratory, 3 hours. Laboratory fee \$120.* Credit: 1 semester hour.

#### **3105 Human Anatomy and Physiology II (for allied health and toxicology students)**

*Prerequisite:* PHS 3103, 3104. A study of the structure and function of the major body systems: nervous, endocrine, urinary, body fluids and electrolytes, reproductive system. *Lecture, 3 hours.* Credit: 3 semester hours.

#### **3151 Calculations in Pharmacy Practice**

*Corequisites:* PHS 3601, 3602. This course deals with pharmaceutical calculations involved in preparation, dispensing, and delivery of pharmaceutical products. *Lecture, 2 hours.* Credit: 2 semester hours.

#### **3152 Introduction to Product Development**

*Corequisites:* PHS 3601, 3602. This course deals with considerations involved in product development and formulation of a dosage form. *Lecture, 2 hours.* Credit: 2 semester hours.

#### **3302 Biomedical Laboratory II (for pharmacy students)**

*Prerequisite:* PHS 2301; PHS 3504. *Corequisites:* PHS 3504; PHS 3506; PHS 3507. Demonstration and experimentation of basic principles of human anatomy and physiology, microbiology, immunology, and biotechnology. *Laboratory: 3 hours.* Credit: 1 semester hour.

### 3303 Biomedical Laboratory III (for pharmacy students)

*Prerequisites:* PHS 2301; PHS 3302.

*Corequisites:* PHS 3508; PHS 3509.

Demonstration and experimentation of basic principles of medicinal chemistry, pharmacology, toxicology, and biotechnology. *Laboratory: 3 hours. Credit: 1 semester hour.*

### 3504 Human Anatomy and Physiology I (for pharmacy students)

*Prerequisites:* BIO 2000; PHS 2201. A study of the structure and function of the major body systems: molecular aspects of cell biology, cell physiology, cell structure and organization, tissues, integumentary, musculoskeletal, cardiovascular, lymphatic, respiratory, and digestive systems. *Credit: 3 semester hours.*

### 3505 Clinical Immunology

*Prerequisites:* BIO 2000; PHS 2201; PHS 2101.

A study of the lymphatic system, immune response, and immunity in humans. Principles of antibody-antigen relationship will be discussed. Special emphasis will be placed on molecular biology of the immune response, genes controlling antibody synthesis, its development, function, and immunopathology will be discussed. Methods of detection of immunogenic molecules and immunotherapy will also be discussed. *Credit: 2 semester hours.*

### 3506 Introduction to Infectious Diseases

*Prerequisites:* BIO 2000; PHS 2201; PHS 2101.

A study of the general microbial concepts, principles of infectious disease, and host parasite relationships. Special emphasis will be placed on pathogenic microorganisms of man, inflammatory responses to infectious agents and clinical aspects of infections. *Credit: 2 credit hours.*

### 3507 Human Anatomy and Physiology II (for pharmacy students)

*Prerequisites:* PHS 2201; PHS 2301;

PHS 3504. *Corequisite:* PHS 3302. A study of the structure and function of the major body systems: nervous, endocrine, urinary, body fluids and electrolytes, reproductive system. *Credit: 3 semester hours.*

### 3508 Introduction to Medicinal Chemistry

*Prerequisites:* PHS 2201; PHS 2301; PHS 3302.

*Corequisites:* PHS 3303. This course will introduce the student to the specific principles, which are fundamental to medicinal chemistry and foundation to the integration of this basic pharmaceutical science into therapeutics. Specifically, the course will introduce the student to the various drug categories with particular emphasis on chemical nomenclature, physicochemical properties and chemical aspects of the dynamics of drug action. *Credit: 2 semester hours.*

### 3509 Introduction to Pharmacology

*Prerequisites:* PHS 2201; PHS 3504; PHS 3507;

PHS 2301; PHS 3302. *Corequisites:* PHS 3303.

This course will introduce the student to the scientific principles, which are fundamental to pharmacology and foundational to the integration of this basic pharmaceutical science into therapeutics. Specifically the course will introduce the student to the various drug categories and their mechanism of action including receptor interactions and the dynamics of drug action. *Credit: 2 semester hours.*

### 3510 General Pathology and Clinical Laboratory Data

*Prerequisites:* PHS 2101; PHS 3504; PHS 3505; PHS 3506; PHS 3507; PHS 3302.

*Corequisites:* PHS 3303. A detailed study of the basic principles involving the mechanisms of disease are discussed. Special emphasis will be placed on degeneration, inflammation and repair, disturbances in hemodynamics, developmental defects and neoplasia. Clinical correlates will be covered with respect to laboratory data. *Credit: 3 semester hours.*

### 3601 Pharmaceutics I

*Prerequisites:* MTH 1250; MTH 1260; CHE 1110, 1111, 1112, CHE 1120, 1121, 1122, CHE 1130, 1131, 1132; BIO 2000. *Corequisite:*

PHS 3602. Pharmaceutics is the applied science and technology of pharmacy and is based upon the physical, chemical, and biological principles used in the preparation, preservation, and utilization of drug products and/or pharmaceutical dosage forms. The first semester concentrates on the specific physical, chemical, and biological principles that govern homogeneous liquid dosage forms. The course integrates fundamentals and theory with the pharmaceutical dosage forms to which they best apply. This course also delineates methods and procedures essential to solving the mathematical problems typically associated with pharmacy practice. *Credit: 4 semester hours.*

### 3602 Pharmacy Practice Laboratory I

*Corequisite:* PHS 3601

This laboratory course enables the student to correlate the principles and theory with experimental observation of homogeneous systems and affords the opportunity to become familiar with the apparatus and techniques of measurement. Upon completion of the laboratory course, the student should be able to apply the important principles of pharmaceutical science and technology and to use the techniques in the preparation of stable homogeneous liquid dosage forms. *Laboratory: 3 hours. Credit: 1 semester hour.*

### 3603 Pharmaceutics II

*Prerequisites:* PHS 3601; PHS 3602.

*Corequisite:* PHS 3604. Pharmaceutics is the applied science and technology of pharmacy and is based upon the physical, chemical, and biological principles used in the preparation, preservation, and utilization of

drug products and/or pharmaceutical dosage forms. The second semester concentrates on the specific physical, chemical, and biological principles that govern heterogeneous fluid, semi-solid, and solid systems. The course integrates fundamentals and theory with the pharmaceutical dosage forms to which they best apply. Students are also introduced to the concepts of degradation of pharmaceutical products, pathways of degradation, factors affecting drug stability, approaches to maximize stability of a product. *Credit: 4 semester hours.*

### 3604 Pharmacy Practice Laboratory II

*Prerequisites:* PHS 3601; PHS 3602.

*Corequisite:* PHS 3603. This laboratory enables the student to correlate the principles and theory with experimental observation of heterogeneous systems. Upon completion of the laboratory course, the student should be able to apply the important physicochemical principles of pharmaceutical science and technology and to use the apparatus and techniques in the preparation of stable heterogeneous dosage forms. *Laboratory: 3 hours. Credit: 1 semester hour.*

### 3951; 3952 Research in Pharmaceutical Sciences I; II

An elective course designed to familiarize the student with opportunities for research (conducting an actual research project under the guidance of a faculty member in the student's chosen area). *Laboratory fee, \$120. Credit: 3 semester hours.*

### 4204 Introduction to Clinical Chemistry

The study of clinical laboratory tests based on chemical principles or procedures and their use in the diagnosis, prognosis, and treatment of diseases. Information is provided on routine test specimens, the analytical principles underlying common laboratory tests and home test kits, and the correlation of laboratory results with patient's health status. Attention is also given to the effects of physiological, dietary and drug-related factors on laboratory values. *Credit: 3 semester hours.*

### 4601 Extemporaneous Compounding

*Prerequisites:* PHS 3603; PHS 3604;

*Corequisite:* PHR 4201. Extemporaneous compounding is the preparation of a medication for an individual patient following receipt of a legal order (prescription) from a prescriber. The course is structured to provide the students training and expertise to ascertain the quality, safety, and technique required to compound and dispense the prescription in community and institutional pharmacy practice. *Credit: 3 semester hours.*

### 4602 Biopharmaceutics and Basic Pharmacokinetics

*Prerequisites:* PHS 3603; PHS 3604.

Biopharmaceutics is the study of the factors influencing bioavailability of a drug in man and animals and the use of this information

to optimize therapeutic activity of drug products in clinical application. This course includes the study of (a) factors which may influence availability and disposition as well as pharmacological and toxicological response of drugs, and (b) pharmacokinetic mathematical models to assess drug absorption, distribution, metabolism and elimination process, including continuous and intermittent drug infusion. *Credit: 3 semester hours.*

#### **6204 Advanced Pharmacy Calculations**

*Prerequisites: Completion of all fourth year courses.* This course deals with pharmaceutical calculations involved in contemporary pharmacy practice. Special emphasis is placed on improving the skills of pharmacy students and stimulating their thinking in the application of mathematical concepts in contemporary pharmacy practice, e.g., extemporaneous compounding, preparing intravenous admixtures, electrolyte balance, radiopharmaceuticals, calculation of dosage regimen during multiple dosing and calculation of dosage regimen. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6207 Contemporary Parenteral Practice**

*Prerequisites: PHR 5201, and all courses taught through fourth year.* This course is designed to enhance understanding of the techniques encountered in the practice involving parenteral dosage forms. The state of the art in special equipment, components, and devices necessary to prepare these delivery systems will be studied in detail. This course will provide additional exposure to mathematics as well as the influence of physical and chemical properties of drugs and how they relate to excipient, delivery devices and preparation mechanism. This course will cover topics such as intravenous admixtures (IV Ads), total parenteral nutrition (TPN), irrigation, ophthalmic and other parenteral products, their content, dosing, stability and compatibility. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6209 Drug Delivery and Targeting**

*Prerequisites: all required fourth year courses.* This course is designed to review controlled release technology primarily as it relates to medicinal applications. Students will learn about the design, fabrication, methods of controlling release, and theoretical considerations of various classes of drug delivery systems (matrixes, membrane controlled reservoir systems, and bioerodible systems) as well as the application of these systems for various routes of delivery (parenteral, oral, transdermal, nasal, pulmonary, etc.). *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6210 Special Drug Delivery Systems**

*Prerequisites: Completion of all fourth year courses.* This course will cover modified release drug delivery systems administered by transdermal, intranasal, ocular and parenteral routes. The major emphasis will be placed

on the mechanisms of drug absorption through various routes, pharmacokinetic considerations, physico-chemical characteristics of drugs, and principles involved in the design, development and manufacture of these delivery systems. Specific formulation excipients employed in these delivery systems and physicochemical characteristics desirable from these aids will be discussed. In addition, evaluation of these drug delivery systems, especially in vitro and in vivo evaluation, and their correlation will also be covered. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6211 Contemporary Product Development**

*Prerequisites: PHS 4303, and all required courses through the fourth year.* This course deals with the processes involved in development and formulation of pharmaceutical products from their inception to the marketing of dosage forms. Special emphasis is placed on the technology involved in their preparation, bioavailability considerations, and in vitro:in vivo correlation. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **6212 Delivery of Biotechnology-Derived Drugs**

*Prerequisites: Completion of all required fourth year courses.* This course will cover delivery systems for biotechnology-derived drugs and techniques used to evaluate these delivery systems. The major emphasis will be placed on important aspects utilized in the design and development of delivery systems for biotechnology-derived drug substances, such as peptides and proteins. Novel approaches to deliver gene therapy will also be discussed. In addition, studies such as in vitro drug release studies, cell culture studies used to determine drug absorption, and in vivo pharmacokinetic studies for the evaluation of biotechnology derived products will be covered. *Lecture, 3 hours. Credit: 3 semester hours.*

## **Toxicology (TOX)**

**The following courses are TOX courses:**

#### **1401 Toxicogenomics**

This course reviews the principles of cell biology in terms of the underlying molecular mechanisms that drive cellular function. The central dogma and functional concepts of molecular pharmaceutical science is reviewed and tied into the larger context of gene and genome function. Upon completion of the course, students will possess a working framework of molecular pharmaceutical sciences, genomic scale analysis and toxicogenomics. Students will be prepared to integrate new molecular technologies and paradigms as they emerge. The course stresses the use of a range of resources available to health professionals. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **1402L Toxicogenomics Lab**

*Corequisite: PHS 1401.* Students are exposed to new emerging molecular technologies and paradigms in a series of hands-on bench work and computational exercises. This series support the students already developing framework of molecular biology and genomic scale analysis from the accompanying didactic course. In this lab, students are given a set of modular online labs to introduce, reinforce, and expand upon the concepts covered in the Toxicogenomics course. Online modules use existing academic and federal research institute resources wrapped into a modular format to introduce the students to information outlets for health professionals. The lab exercises teach and reinforce the concepts of evaluating whole systems, i.e., expression data sets, multiple allele analysis, etc. *Laboratory, 3 hours. Credit: 1 semester hour. Lab fee \$120.*

#### **2403 Current Issues in Toxicology**

Toxicology is the science concerned with understanding the nature of toxic chemicals and how they interact with living organisms. Public issues and controversies where toxic chemicals are involved are studied with respect to the social, political and scientific values that impinge on their resolution. *Lecture, 3 hours. Credit: 3 semester hours.*

#### **3405; 3406 Principles of Toxicology I; II (formerly 2401, 2402)**

An introduction to toxicology with emphasis on material involved as well as systems affected. A discussion of the classifications of poisons and the preventive aspects. *Lecture, 4 hours. Credit: 4 semester hours.*

#### **4403 Toxicology Colloquium (formerly PHS 3403)**

The student is prepared for the process of identifying a research question of toxicological interest, research design and the handling of research data. *Lecture, 4 hours. Credit: 4 semester hours.*

#### **4404 Pharmacologic Toxicology**

*Prerequisites: PHS 3509, 3405, 2201.* Agents affecting the autonomic, central nervous, cardiovascular, renal and endocrine systems, as well as anti-infective/antineoplastic agents are examined therapeutically and toxicologically. *Lecture, 4 hours. Credit: 4 semester hours.*

#### **4405 Pharmacologic Toxicology Laboratory**

*Prerequisite: PHS 3509.* This laboratory will provide the student with opportunity to experience the effects of drugs and other toxic substances on living systems, in coordination with the course on Pharmacologic Toxicology. *Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee \$120.*

## 4412 Regulatory Toxicology and Risk Analysis

*Prerequisites:* TOX 4404. Advance concepts of safety evaluation and monitoring for human and environmental responses to chemicals. Methods of evaluation of toxic hazards will be considered for pharmaceuticals, industrial chemicals, food contaminants, and environmental chemicals. Students acquire an appreciation for the role of uncertainty and quality of data in hazard assessment through experiential involvement in a formal risk analysis of a hypothetical toxic incident. *Lecture, 4 hours. Credit: 4 semester hours.*

## 4413 Analytical and Quantitative Toxicology

*Prerequisites:* CHE 2240. *Corequisites:* TOX 4414 and TOX 4405. This course introduces students to principles of analysis for drugs and environmental contaminants as well as methods used in toxicological research. Topics will include sample preparation, analyte extraction, and detection. Techniques and instrumentation covered will include spectrophotometry, chromatography (TLC, GC, HPLC), mass spectrometry, immunoassay methods (EMIT, ELISA), and molecular biology. Lectures will emphasize theoretical and practical aspects of analysis and instrumentation. *Credit: 3 semester hours.*

## 4414 Analytical and Quantitative Toxicology Laboratory

*Prerequisites:* CHE 1210-1220 or equivalent, CHE 2230-2240 or equivalent. *Corequisites:* TOX 4413. Hands-on laboratory experiments with quantitative and qualitative analytical techniques and instruments in the areas of drug metabolism and forensic, environmental, pharmaceutical, and molecular toxicology. Laboratory, 6 semester hours. *Credit: 2 semester hours. Lab fee: \$120.*

## 5301 Toxicology and Drugs of Abuse

*Prerequisite(s):* All required courses in the first three years. Students are instructed in the principles of toxicology with an emphasis placed on clinical toxicology and the management of the drug overdose victim and the adverse effects caused by drugs of abuse. *Lecture, 2 hours. Credit: 2 semester hours.*

## Department of Clinical Health Professions

**Ebtesam Ahmed**, *Associate Clinical Professor*; Pharm.D., St. John's University

**Emily M. Ambizas**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Vibhuti Arya**, *Associate Clinical Professor*, Pharm.D., St. John's University

**Carmela Avena-Woods**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Judith L. Beizer**, *Clinical Professor*, B.S. Phm., St. Louis College of Pharmacy; Pharm.D., University of Tennessee

**Sandra Beysolow**, *Associate Professor Industry Professional*, B.S., Long Island University; M.S. Ed., Capella University

**Joseph M. Brocovich**, *Associate Clinical Professor*, B.S. Phm., Philadelphia College of Pharmacy and Science; Pharm.D., Duquesne University

**Manouchkathe Cassagnol**, *Associate Clinical Professor*, Pharm.D., Florida Agricultural and Mechanical University

**Christine Chim**, *Assistant Professor Industry Professional*, Pharm.D., St. John's University

**Jennifer Chiu**, *Associate Professor Industry Professional*, B.S., Binghamton; M.B.A., St. Joseph's College; Ed.D., Dowling College

**John Conry**, *Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Angela Eaton**, *Assistant Professor Industry Professional*, B.S., M. Ed. Wayland Baptist University

**Gladys M. El-Chaar**, *Associate Clinical Professor*, B.A., East Stroudsburg University; B.S. Phm., St. John's University; Pharm.D., Medical University of South Carolina

**Irene Eng**, *Instructor Industry Professional*; B.S., Alderson Broaddus College

**Joseph V. Etzel**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Danielle C. Ezzo**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Laura M. Gianni-Augusto**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Regina Ginzburg**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Pamela Gregory-Fernandez**, *Assistant Professor Industry Professional*, B.S., St. John's University, M.S., A.T. Still University

**Olga Hilas**, *Associate Professor Industry Professional*, B.S. Phm., Pharm.D., St. John's University

**Lisa Hochstein**, *Associate Professor Industry Professional*, B.S., Richmond College; M.S., St. John's University

**Mary Ann Howland**, *Clinical Professor*, B.S., Wake Forest University; B.S. Phm., Rutgers University; Pharm.D., Philadelphia College of Pharmacy and Science

**Gregory J. Hughes**, *Associate Clinical Professor*, Pharm.D., St. John's University

**Samantha Jellinek-Cohen**, *Assistant Clinical Professor*, Pharm.D., Long Island University

**Tina Kanmaz**, *Associate Clinical Professor*, B.A., Hofstra University, B.S. Phm., Pharm.D., St. John's University

**Rivka Katz**, *Assistant Professor Industry Professional*, B.S., Touro College, Pharm.D., Touro College of Pharmacy

**Farah Khorassani**, *Assistant Clinical Professor*, B.A., University at Buffalo, State University of NY; Pharm. D, Massachusetts College of Pharmacy and Health Sciences

**Danielle Kruger**, *Assistant Professor Industry Professional*, B.S., St. Francis College; M.S.Ed., Capella University

**Sum Lam**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., University of Connecticut

**Chung-Shien Lee**, *Assistant Professor Industry Professional*, Pharm. D, St. John's University

**Louise Lee**, *Associate Professor Industry Professional*, B.S., Stony Brook, M.H.A. St. Joseph's College

**Celia Lu**, *Assistant Professor Industry Professional*, Pharm.D., St. John's University

**William M. Maidhof**, *Associate Professor Industry Professional*, B.S. Phm., Pharm.D., St. John's University

**Nicole M. Maisch**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., Albany College of Pharmacy

**Maria Mantione**, *Associate Clinical Professor*, B.S. Phm., Pharm.D., St. John's University

**Nissa Mazzola**, *Associate Clinical Professor*, Pharm.D., St. John's University

**Courtney McKay**, *Assistant Professor Industry Professional*, Pharm. D, University of Florida

**Zaidalynet Morales**, *Instructor Industry Professional*, B.S. Lehman College M.S., St. Joseph's College

**Kimberly Ng**, *Assistant Professor Industry Professional*, Pharm.D. St. John's University

**Khusbu Patel**, *Assistant Professor Industry Professional*, Pharm.D. St. John's University

**Mary Jo Perry**, *Associate Professor Industry Professional*, A.S., Northeastern University; B.S., Adelphi University; M.S., Long Island University, C.W. Post College

**Daniel Podd**, *Associate Professor Industry Professional*, B.S., St. John's University; M.S., University of Nebraska Medical Center

**Alyssa Quinlan**, *Assistant Professor Industry Professional*, B.S. Marist College, M.S. Pace University

**Maha Saad**, *Associate Clinical Professor*, B.S., Rosary School Mansourieh, Lebanon; B.S., Phm., Pharm.D., Lebanese American University

**Hira Shafeeq**, *Assistant Professor Industry Professional*, Pharm.D., St. John's University

**Sharon See**, *Clinical Professor*, B.S. Phm., Pharm.D., Rutgers University

**Stacey Singer-Leshinsky**, *Associate Professor Industry Professional*; B.S., Brooklyn College, M.S. Ed., Capella University

**Michele Pisano**, *Assistant Professor Industry Professional*, Pharm.D. St. John's University

**Candace J. Smith**, *Associate Clinical Professor*, B.S., San Jose State University; B.S. Phm., Pharm.D., St. John's University

**Donna Sym**, *Associate Clinical Professor*, B.S., Pharm.D., St. John's University

**Christan Thomas**, *Assistant Clinical Professor*, BA, Milligan College; Pharm. D, East Tennessee State University

**Michael S. Torre**, *Clinical Professor*, B.S. Phm., M.S., St. John's University

**Damary Torres**, *Associate Clinical Professor*, B.S., Phm., Pharm.D., St. John's University

## Department of Pharmacy Administration and Public Health

**Preety Gadhoke**, *Assistant Professional Industry Professional*, B.A. Knox College; M.P.H. Emory University; Ph.D. Johns Hopkins

**Sen Anna Gu**, *Assistant Professor*, M.A., M.S., Ph.D., University of Maryland, M.D. Tongji Medical University, China

**Monica Hwang**, *Assistant Professor*, B.S. Sung Kyun University, South Korea, M.S., Ph.D. University of Wisconsin – Madison

**Martha L. Mackey**, *Associate Professor*, B.A., M.A., J.D., St. John's University

**Robert A. Mangione**, *Professor*, B.S. Phm., M.S., P.D., Ed.D., St. John's University

**Jagannath M. Muzumdar**, *Assistant Professor*, B.S., Mumbai University; M.S., Mississippi State University; M.S., University of Toledo; Ph.D., University of Minnesota

**Rajesh Nayak**, *Associate Professor*, B.S. Phm., M.S. Phm., Mangalore University; Ph.D., University of Florida

**Somnath Pal**, *Professor*, B.S. Phm., M.S., Jadavpur University; M.B.A., Calcutta University; Ph.D., University of Iowa

**Wenchen Wu**, *Associate Professor*, B.S. Phm., Taipei Medical College; M.B.A., Ph.D., University of Minnesota

## Department of Pharmaceutical Sciences

**Frank A. Barile**, *Professor*, B.S. Phm., M.S., Ph.D., St. John's University

**Michael Barletta**, *Professor*, B.S. Phm., M.S., St. John's University; Ph.D., New York Medical College.

**Andrew J. Bartilucci**, *Dean Emeritus and Executive Vice President Emeritus*, B.S., Phm., St. John's University; M.S., Rutgers University; Ph.D., University of Maryland

**Blase C. Billack**, *Associate Professor*, B.S., University of Richmond; Ph.D., Rutgers University

**Jerome Cantor**, *Professor*, B.A., Columbia University; M.D., University of Pennsylvania

**Joanne M. Carroll**, *Associate Professor*, B.S., Molloy College; M.A., CUNY, Hunter College; Ph.D., CUNY

**Joseph M. Cerreta**, *Associate Professor*, B.S., M.S., Ph.D., Fordham University

**Zhe-Sheng Chen**, *Associate Professor*, M.S., Sun Yat-Sen University of Medical Sciences, P.R.China; M.D., Guangdong Medical and Pharmaceutical College, Guangdong Province, China; Ph.D., Institute for Cancer Research, Kagoshima University, Japan

**Xingguo Cheng**, *Assistant Professor*, Ph.D. University of Kansas Medical Center

**Vikas Dukhande**, *Assistant Professor*, B.S., Mumbai University, India; Ph.D., Idaho State University

**Sue M. Ford**, *Associate Professor*, B.S., Cornell University; M.S., Ph.D., Michigan State University

**Marc Gillespie**, *Professor*, B.A., University of Vermont, Ph.D., University of Utah

## Programs of Study

The College of Professional Studies, the largest college of the University, fulfills the mission and goals of St. John's by offering specialized professional programs on both campuses, as well as distance learning programs. Students may choose either a four-year [baccalaureate] degree, a two-year [associate] degree, or a concentrated certificate course of study. The College also offers an associate degree in liberal arts, a baccalaureate degree in liberal studies and combined undergraduate/ graduate programs.

## Objectives

The mission of the College of Professional Studies is to offer students an education that prepares individuals to make significant contributions to society, to the local community and to their chosen professions. The mission is accomplished by providing an education which is value-oriented and consistent with the historical relationship of St. John's University to the Catholic community. An enriched intellectual and academic environment is provided where the value and dignity of the human person is understood and respected.

The specific objectives of the College of Professional Studies include:

- To provide a variety of degree programs, including associate and baccalaureate degrees and certificate programs. With these options, students can enter programs appropriate to their personal and professional goals and abilities and have available to them wide choices that allow both flexibility and advancement in their education.
- To promote excellence in education through a faculty especially committed to a high quality of teaching, to the development of innovative programs, and to research and professional activities which enhance their contribution in the classroom.
- To provide effective support services to enhance the achievement levels of students in degree programs so that they can be successful in their career goals and in their further education.
- To emphasize academic advisement aimed at helping students to select programs of study in line with their personal and professional goals and abilities.
- To provide students with numerous internship opportunities and with the possibility of significant contacts with professionals in the various fields.
- To make it possible for students to enter University life and to have access to all the University's facilities as well as an education provided by a high-caliber faculty.
- To provide all these programs and services within the context of an environment that is especially supportive of a wide diversity of students.

## Student Support

College of Professional Studies students receive an extensive array of support services. The faculty emphasize the pursuit of teaching excellence and are available to meet with students in order to further class discussions, provide individual instruction and create a caring student-faculty relationship.

Faculty and Deans advise all students in the planning of their academic programs, paying special attention to student needs and career development. Tutoring is also available.

Numerous internships with prestigious firms and institutions in the metropolitan area provide the professional field experience which supplements classroom instruction and can lead to future employment. Co-curricular and extra-curricular clubs provide not only a social environment, but one that is closely linked to the academic, making learning a lively, involving activity. For example, The Mock Trial Team has won national acclaim in recent competitions.

Professional societies, career nights and extensive alumni networking all bridge the gap between college life and future careers. As an integral part of the College of Professional Studies, the instructional Television and Radio Center, computer editing and video labs and WSJU, the University radio station, all provide a professional environment for students to hone their skills and enhance their college degree.

## Certificate Programs

Certificate programs are offered to meet the needs of mature students who are interested in advancing their knowledge and enhancing their abilities in new areas to meet their professional goals and interests. Such programs are for three groups of individuals, namely: holders of bachelor's degrees who are interested in developing competencies in an additional or complementary field of learning; individuals with no prior collegiate experience who wish to explore a particular field of study and who are unable to pursue a degree program at the present time; individuals who are presently enrolled in a degree program in an unrelated field who wish to broaden their educational experiences but who do not desire to pursue an additional major field of study. Students must complete certificate program courses with a minimum cumulative index of 2.0. The following programs are available:

**Business Administration**—requires the successful completion of 21 credits including ACC 1007, 1008; BLW 1001; ECO 1001, 1002; MGT 1000 and three credits chosen from BLW 1005; CUS 1102; MGT 1001, 1003 and MKT 1001. Individuals who do not intend to pursue an undergraduate degree in business may substitute an additional business elective from those courses listed above. (Q, SI)

**Computer Science**—requires the successful completion of 18 credits including CUS 1115, 1116, 1126, 1156, and six credits from CUS 1162, 1163, 1165, 1166. (Q)

**Criminal Justice**—requires the successful completion of CRJ 2000, 2001 and 12 credits chosen from CRJ 2002, 2004, 3000, 3003, 3100, 3101, 3105, 3106, 3107, 3116, 4000. (Q, SI)

**Cyber Security Systems**—requires the successful completion of 18 credits including CUS 1115, 1116; NET 1001; CSS 1005, 1011, 1012. (Q)

**Health Services Administration**—requires the successful completion of the following 18 credits including HSA 1100, 1101, 1002, 1005, 1011, 1012. Substitutions may be made where appropriate to student's objectives. (Q)

**Homeland Security**—requires the successful completion of 18 credits including HSC 1001, 1003, 1004, 1007 and 6 additional credits chosen from HSC 1002, 1006, 1009, 1010, 1012, 1013, 1014, 1015, 1017, CRJ 3101, 3107, 3108, 3112, 3116, CSS 1001, CUS 1106. (Q, SI)

**Legal Studies**—requires the successful completion of 18 credits including LES 1100, 1101, 1102, 1004, 1015, and any three credits from the Legal Speciality courses. Elective listed in the LES major area requirement section. Students must have successfully completed 60 undergraduate credits to be accepted to the LES Certificate Program. Approved by the American Bar Association. Paralegals may not provide legal services directly to the public, except as permitted by law (Q, SI)

**Microcomputer Systems**—requires the successful completion of 18 credits including CUS 1103, 1104, 1115, 1116, NET 1001, and three credits from chosen from CUS 1124, 1147, 1165, 1172. (Q)

**International Criminal Justice**—requires the successful completion of 18 credits including 12 credits required from CRJ 2000, 3108, 4106, 5005; six credits from the following courses: CRJ 2001, 3106, 3107, 5202. (Q, SI)

## Admissions

Prospective students seeking admission to a certificate program must meet the regular entrance requirements for the College of Professional Studies. Admission of new students is dependent upon all past educational experiences and other significant activities. For admission to the certificate program in legal studies, applicants must have completed a minimum of 60 college credits in liberal arts/sciences.

Students who are currently matriculated for a degree must be in good academic standing to qualify for admission into a certificate program.

Matriculated students may not pursue a certificate program in their major field of study. For further information, please contact the College of Professional Studies Office.

## Transfer Credit for Certificates

A maximum of six credits attained prior to enrollment in a certificate program may be used in fulfillment of the requirements for the certificate. All courses completed in a certificate program may be used toward the partial fulfillment of requirements for a bachelor's or associate's degree, where applicable.

## Awarding of Certificates

Following the same schedule of degree conferrals, certificates are awarded in September, January and May to candidates who have successfully completed all course requirements with a minimum grade point index of 2.0.

These programs permit qualified students to earn both a bachelor's and a master's degree in an integrated program within a shortened time frame. Instead of the usual five-and-a-half to six years required to obtain the two degrees, it is possible to earn them in just five years.

Each program is designed to enable students to complete the University and departmental requirements of 126 credits for the bachelor's degree in four years. By completing 126 credits in the first four years, including at least 12 graduate credits, the student is assured of completing the bachelor's degree if for any reason he/she decides not to continue for the fifth year. The student can opt to earn the master's degree according to a normal schedule, either after the fourth year or at a later period.

Applicants to any of these programs must have completed the sophomore year, with at least a 3.0 cumulative index and a 3.5 index in at least 12 major credits. Incoming freshmen may apply for provisional admission to one of the bachelor's/master's programs. Transfer students may apply at the time of enrollment. For additional information, contact the College of Professional Studies Dean's Office.

## B.S./J.D.

This program permits qualified students to earn both a bachelor's and a law (juris doctor) degree in an integrated program within a shortened time frame of six years of full-time study.

The program is designed to enable a student pursuing specific bachelor's degree offered by the College, to apply the 27 credits earned in the first year of law school as the final 27 credits of his or her bachelor's program. These 27 credits may only be applied to a bachelor's program in the manner specified by the University, and it is required for a student to apply to participate after successful completion of 60 academic credits.

The specific undergraduate majors in the program are communication arts, computer science, criminal justice, homeland and corporate security, journalism, legal studies and sport management.

Applicants to this program must have at least a 3.5 cumulative quality point index at the time of completing their 60 academic credits. If accepted into the program by the College of Professional Studies, the student must then take the Law School Admission Test (LSAT) and achieve an acceptable score, after which the student must make application to St. John's University School of Law and be accepted. This combined degree program is run in conjunction with St. John's University School of Law only and with no other law school. Students must meet with the designated pre-law advisor to apply.

## Evening and Weekend College Programs

### Queens Campus

St. John's University, recognizing the special needs and commitments of working adults, offers a wide selection of degree programs during evening and weekend hours and online for students who have only certain hours available each week to pursue their education. Classes are arranged for working students' convenience.

The Bachelor of Arts and the Bachelor of Science degrees and the Associate in Arts and the Associate in Science degrees are offered in the evening and weekend schedules in most major areas. Please see the description under each major for the sessions in which the major is offered.

A bachelor's degree requires completion of 126–135 credits. These credits provide a broad liberal arts education and a specialized major concentration. An associate's degree requires completion of 60 credits. These credits are the equivalent of approximately half the requirements for a bachelor's degree, and introductory knowledge of a major area is included. Associate degree recipients have

all their credits transferred into the bachelor's sequence if they continue study in the same field or in one that is closely related.

It is also possible to take classes leading to a certificate in the evening and on weekends. Please see the section on certificate programs to note the variety offered.

## Special Assessment Program

The University understands that learning need not be confined to the classroom. A College of Professional Studies student may be awarded up to 24 academic credits for knowledge that is equivalent to that required in the degree course. Such knowledge may have come through work, in-service training programs, independent study, reading and research, travel, or other lifetime endeavors.

To qualify for special assessment academic credit, a candidate must be a mature person with a level of theoretical and practical knowledge appropriate to the program of study for the degree sought. The student should have completed a minimum of 12 semester hours of credit with a minimum GPA of 2.5 in course work offered by the University and must be a matriculated student in a degree program of College of Professional Studies. Students are required to complete one or a combination of the following methods of assessment: written examination (standardized tests), internal examination, portfolio and oral examinations. The granting of credit is based on faculty evaluation. Students wishing additional information should obtain the special assessment packet of at the College office.

## Advanced Placement/CLEP

The College of Professional Studies awards credit to those students who earn a requisite score on AP/CLEP and other credit-by-test exams, providing the exams are appropriate to the degree program.

Credits awarded through Special Assessment, AP and CLEP do not affect the GPA.

## Transfer Credit

### External

The general university policy for students requesting transfer from other colleges and universities is stipulated in the Admissions section of this bulletin. Students accepted by the College of Professional Studies will receive an evaluation of their transfer record listing the courses applicable to their requested program of study.

### Basis for Awarding Credit from American Institutions

The College of professional Studies does not differentiate between course modes when evaluating transfer credit.

To be considered for possible credit, coursework should:

- Be offered through an accredited institution listed on U.S. Department of Education Database of Accredited Postsecondary Institutions and Programs (<http://ope.ed.gov/accreditation/>)
- Contain subject matter that is compatible to subject matter offered through St. John's University
- Be completed successfully with a grade of C or better (or equivalent) without an associate's degree from the outside institution or a grade of D or better with an A.A., A.S. or A.O.S. conferred by the outside institution
- Be applicable to the requested degree of study at St. John's University

### Basis for Awarding Credit from Foreign Institutions

For credit from foreign institutions, students are requested to provide a World Education Service (WES) evaluation or a National Association of Credential Evaluation Services (NACES) evaluation before transfer credits will be awarded.

### Maximum Amount of Transfer Credit Applied

Below are the maximum credit totals for transfer credits applied to the programs offered through the College of Professional Studies:

- For Associate's Degrees: CPS will apply up to 30 transfer credits to A.A. and A.S. degrees.
- For Bachelor's Degrees: CPS will apply up to 96 transfer credits to B.A. and B.S. degrees. Of these 96 credits, a maximum of 72 credits can be from a two-year institution (community college, junior college, etc.)

### Course Waivers for Transfer Students:

The College of Professional Studies will honor the following course waivers for transfer students. Please note: these are not credit waivers. Students must fulfill all credit requirements by completing general electives in place of the waived courses.

- For students who have not completed an associate's degree at an outside institution, DNY 1000C (Discover New York) will be waived. Transfer students must complete 3 additional credits in general electives to fulfill the required amount of credits for this course.

- For students who have completed an A.A., A.S. or A.O.S. degree at an outside institution, the following four courses will be waived:

- o DNY 1000C (Discover New York)
- o PHI 3000C (Metaphysics)
- o PHI 1020 series elective (Ethics elective)
- o THE 1040 series elective (Moral elective)

Transfer students with associate's degrees must complete 12 additional credits in general electives to fulfill the required amount of credits for these courses.

### Internal

The general University policy for students requesting transfer from other colleges within the University is stipulated in the Admissions section of this bulletin. It is recommended that new internal transfer students meet with their advising dean before registering for their first semester as a CPS student.

## Internship Program

Internships are available to selected students enrolled in most of the Bachelor of Science degree programs of the College of Professional Studies. The internship is a supervised off-campus experience arranged by the Division Chairperson or Program Director to provide practical experience for selected students, in particular majors, who have completed the essential courses in the major area, including any prerequisite courses and who have achieved a qualifying cumulative GPA.

Student interns receive no salary. Since so many students consider the internship experience to be a valuable part of their undergraduate preparation, competition is keen. Additional requirements specific to individual majors can be found in the internship sections of the program descriptions.

Students are strongly urged to apply, in writing, for internship consideration to the appropriate program director or chair during the registration period for the semester in which they would like to intern. Students may not carry internship coursework as part of an excess credit load. Further information is available at the office of the respective chair or program director. Student internships may begin in the fall, spring, or in some programs, summer. Registration for internships is completed at these times.

### Internship Registration

After approval by the program director, students must register for an internship in the Office of the Dean. Failure to do so will invalidate academic credit for the internship.

## Double or Triple Majors

Students interested in completing a second or third major program of study must apply to the academic dean for permission to complete the second or third major. Specific requirements for each major are available in the respective Dean's Office.

## Co-Curricular Organizations

Co-curricular organizations and clubs are specifically designed to enhance the students' experience and learning in a variety of fields. Clubs associated with College of Professional Studies programs include the following:

### Advertising Club

Membership in the Advertising Club provides students with real world, hands on experience. Ad Club is a real, fully functioning agency with 5-6 Academic Service clients including Blood Drive and Habitat for Humanity along with on-campus clients such as Chappell Players and WSJU radio. All St. John's students are invited to join advertising and PR majors as members of the club.

### St. John's University Television Club (WRED)

The St. John's University Television Club prepares members for the competitive television/media industry. Interested students have the opportunity to learn and use state-of-the-art television equipment and to write, direct, produce, edit and/or act in video productions. Eligible members may register for academic credit while working under the guidance of the faculty moderator.

### The Society for Performing and Communication Arts

The Communication Arts Film Society is a co-curricular unit of College of Professional Studies with membership open to all St. John's University students. Members write, produce and shoot their own motion pictures; run a series of weekly film screenings and engage in a variety of motion picture related activities. Academic credit may be earned by members actively participating in the organization. For further information, contact the Chair of the Division of Mass Communications.

### WSJU

WSJU is the student-run campus radio station. It is a co-curricular organization, offering both academic credit and practical broadcast experience to those students interested in the field of radio.

Open to all St. John's University students, WSJU is an official member of the National Association of College Broadcasters (NACB) and the Intercollegiate Broadcasting System (IBS).

## Criminal Justice Association

The Criminal Justice Association is an academic and social organization whose membership is open to all St. John's University students. The main objective is to bring students into contact with the structures and procedures of the criminal justice system. The association acts as an information center concerning career opportunities and job availability.

## Hospitality Management Organization

The Hospitality Management Organization is an official representative body of all students in the hospitality management program. The association aims to initiate academic and social activities to enhance the linkage between academics and the current hospitality and tourism industry. The association coordinates various events such as the annual HMT Career Fair and HMT Networking Night. It also acts as an information center concerning career opportunities, internships, scholarships and other related activities. Membership requires attendance to such events and scheduled meetings, as well as active participation in service to the academic and social communities.

## Legal Society

The Legal Society is a student organization that works to enhance the relationship of the Legal Studies Program and the legal profession by various student-organized activities such as guest speakers, field trips and publications. The association assists students in preparing for a career in the legal profession in the greater New York area.

## St. John's University Mock Trial Team

The St. John's University Mock Trial Team is coached by Legal Studies faculty members and regularly participates in the National Intercollegiate Mock Trial Tournament and the Atlantic Regional Mock Trial Tournament. Since the mid 1990s, the team has made the National tournament over 20 times, and has finished as high as second place in that tournament.

## Sport Management Association

The Sport Management Association is the official student organization for all undergraduate students majoring in sport management. The club coordinates events, activities, and site visits to prepare students for their careers in the sport industry. Sponsored events include an annual career night and several guest speakers throughout the academic year. The club also disseminates a wide range of relevant information such as internship opportunities and latest industry news.

## Honors

### The College of Professional Studies Honor Society

The College's Honor Society recognizes its baccalaureate students who, by their continued academic excellence and involvement in the life of their school, church or community have demonstrated that they are honor students. Students who apply for membership must have completed a minimum of 60 credits, and 30 of these credits must have been taken in the College of Professional Studies. The applicant must have a cumulative index of 3.5 for all previous course work as well as a 3.5 at St. John's University.

### Alpha Phi Sigma—Alpha Epsilon Rho Chapter—Criminal Justice Honor Society

The College of Professional Studies chapter recognizes outstanding students majoring or minoring in criminal justice who have a 3.2 overall index for all previous coursework (including transfer credits) and a 3.2 index in criminal justice courses after completing at least 42 credits.

### Lambda Epsilon Chi—National Legal Studies Honor Society

The College of Professional Studies chapter was established to recognize academic excellence in legal studies. Students must major in legal studies (either A.S. or B.S. degree candidates) and achieve an overall grade point index of at least 3.5 after completion of two-thirds of all course requirements for their degree.

### Tau Epsilon Alpha—Human Services Honor Society

The purpose of Tau Epsilon Alpha National Organization for Human Services Honor Society is to honor academic excellence; to foster lifelong learning, leadership and development; and to promote excellence in service to humanity. These students exemplify the requisite qualities and are being inducted into this honor society because they have maintained an average of 3.2 or above, provided service to the community through volunteer work and internships.

## Academic Awards and Distinctions

For awards and distinctions that require using grade point average to determine awards, all college work applies.

**Gold, Silver and Bronze Certificates of Achievement** recognize students in each major who have attained the first, second and third highest cumulative indices in the graduating class.

**The Bessie and Isidor Shapiro Memorial Award**, sponsored by Professor Irving Shapiro, recognizes a member of the College of Professional Studies graduating class majoring in criminal justice or legal studies who has demonstrated character, scholarship, and a strong work ethic.

**The Communication Arts Award**, recognizing academic excellence and ethical communication, is presented to a student who not only exhibits a commitment to academic excellence but also pursues ethical means of communication grounded on the examination of truth, love, and respect in relation to others.

**The Craig Collins Award**, named in honor of the former Director of Criminal Justice, recognizes a criminal justice major who has attained an exemplary grade point index and has demonstrated excellence in the field of criminal justice.

**The Delmar Publishing Company Award**, recognizes graduating legal studies majors who have demonstrated academic excellence.

**The Francis Flynn Award for Excellence in Mathematics**, named in honor of a former faculty member, recognizes a graduating student in an undergraduate degree program offered by the Division of Computer Science, Mathematics and Science who has completed the greatest number of high level mathematics courses in the graduating class with the highest index.

**The Franklin Camerano Award for Excellence in Healthcare**, sponsored by Franklin Camerano, Associate Professor of Health Services Administration, recognizes an evening/weekend student in the health service program who has demonstrated academic excellence.

**The Looseleaf Law Publications Award**, is granted to students who have shown outstanding dedication and enthusiasm in attaining their criminal justice or legal studies degree.

**The Marianne Noonan Award**, named after a former student in the sport management program, recognizes academic performance and outstanding contributions to the program.

**The Michelle Doherty Award**, is given to a female student who is graduating with the highest major grade point average in the sport management program.

**The National Law Enforcement Scholarship Award**, recognizes graduating legal studies majors who have demonstrated academic excellence.

**The Outstanding Journalism Graduate Award**, recognizes a graduating journalism major who has contributed to the journalism profession both inside and outside the classroom and has achieved an exemplary grade point index.

**P. Kevin Castel Award**, is presented to the student most likely to succeed in the study of law.

**The Panayiotis Papadopoulos Award**, sponsored by Dr. Louis Gesualdi, recognizes a graduating senior who has demonstrated extraordinary humanitarian qualities.

**The Vincentian Spirit Award**, recognizes outstanding contributions of CPS students to their co-curricular life on campus.

**The William Trunkes Memorial Scholarship Fund**, was donated by Judge Thomas T. Trunkes, a graduate of St. John's University and its School of Law, in honor of his uncle William A. Trunkes. The scholarship is awarded to a New York City police officer or his or her child who is pursuing a degree in criminal justice with a minimum GPA of 3.0 and who preferably lives in Brooklyn.

## Academic Information

### Academic Advisement Program

The Academic Advisement Program of the College provides each student with personal treatment and attention as he/she proceeds through a degree program. It is concerned with the choice of a program of study, course selection, academic standing and other related scholastic matters.

To achieve the objectives of the program, the student periodically consults with an advisor to develop an understanding of his or her program and the possibilities for further study and employment.

Each student must understand that the responsibility for arranging an appropriate program and for meeting all degree requirement rests with the student. Academic advisement is offered to assist students in meeting this responsibility.

### Credit Load

The College of Professional Studies limits the program of any student enrolled on the basis of such considerations as achievement in high school or in previous college courses and the amount of time available for study, especially if the student is employed.

Matriculated students in an associate's degree program or the conditional LST program who are not employed on a full-time basis may carry a maximum of 15 credits per semester.

Matriculated students in a baccalaureate degree program who are not employed on a full-time basis may carry a maximum of 18 credits per semester.

Non-matriculated students who are not employed on a full-time basis may carry a maximum of 12 credits.

Students who are enrolled in an internship may not carry an excess credit load. An excess credit load includes anything over 20 credits.

## College of Professional Studies Core Foreign Language or Cultural Studies Requirement

The University Distributive Core Requirements includes as one of its core knowledge requirements the ability to describe cultural and linguistic perspectives in the contemporary world. Each of the undergraduate units of the university defines this requirement in a different way. In the College of Professional Studies this requirement is defined as six (6) credits in a foreign language or in cultural studies.

If the student decides to fulfill the requirement with studies in a *foreign language* the following options are allowed:

1. Two courses in one foreign language in which the student already has some background. If a student uses this option he or she will take the modern foreign language placement test offered in the language lab located in St. Augustine Hall and then follow the placement recommendations based on that test result.
2. Two courses in one foreign language in which he or she has no previous background. The university offers courses in a wide variety of languages including Arabic, Chinese, French, German, Greek (Modern and Ancient), Hindi, Italian, Japanese, Korean, Latin, Russian, and Spanish.
3. Through credit earned by assessment tests offered by the College Level Examination Program (CLEP) of the College Board or by the Foreign Language Proficiency Testing Service of the NYU School of Continuing and Professional Studies.

If the student decides to fulfill this requirement with the *cultural studies* option he or she must complete ART 1000C Creativity and the Arts and a LAC (*Language and Culture*) course.

If a College of Professional Studies student transfers to another undergraduate school or college within St. John's, foreign language credit earned by examination might not be accepted in fulfillment of the foreign language or cultural studies requirement of that school or college.

**NOTE:** Students in the BS degrees through the Division of Mass Communications; Journalism, Television and Film will complete six credits in one foreign language to fulfill this requirement.

## Tutoring and Academic Support Services

The College of Professional Studies has a commitment to help students achieve their educational goals. Faculty office hours are available in the Dean's Office so that students may consult with their professors, should they need extra help.

## Probation

As part of our commitment to personal advisement, the College of Professional Studies office monitors students whose index falls below a 2.0 (C) average. These students will report periodically to their dean so that the office may assess their academic progress. They may be required to present notebooks, marked quizzes and exams, and reports to their dean, and may not carry a full credit load. Credit loads for probation students may be limited by the Dean's office. This strategy is designed to allow the student time to adjust to college schedules and college-level course requirements.

## Fresh Start Rule

An undergraduate student accepted for readmission to the College of Professional Studies after an absence of five or more years from the University may ordinarily petition to the Dean to recalculate the cumulative index of his/her previous residency. If the petition is approved, all courses taken remain on the permanent record with their original grades. Only grades of C or above are counted for credit. No other grades are counted for credit. If the petition is approved, the student resumes his/her academic program with no cumulative or major index, and thereafter is subject to the conditions of warning, probation and dismissal which govern all students. The student will fulfill all degree requirements in effect at the time of readmission.

Under the provisions of this rule, before graduation a student will complete a minimum of 30 credit hours which shall include advanced major field courses typically taken in the senior year. All courses ever taken on the college level are used in the calculation of the index required for graduation with honors.

This rule applies to the College of Professional Studies only. A student who is readmitted to the College under this rule and subsequently transfers to another undergraduate unit of St. John's University becomes subject to the regulations of that college. Other undergraduate units may not permit index recalculation.

## Pass-Fail Option

The Pass-Fail Option has been instituted to encourage students to enroll in more challenging courses outside their major area of concentration without affecting their grade point average.

This option is available to students enrolled in bachelor of science degree programs with sophomore status who have completed a minimum of 25 credits, and whose current grade point average is at least 2.0. The option is limited to one course per semester with the total during the three years, including summer sessions, not to exceed six courses.

The Pass-Fail Option may not be used in connection with the students' major/minor requirements (including ancillary courses required for the students' degree). This option does not affect the student's grade point index, although a "Pass" is credited toward the degree.

Application for the Pass-Fail Option must be made on-line through UIS. In any given semester, a student may elect the Pass-Fail Option up to and including the last date designated for withdrawal from class without academic penalty. The Pass-Fail Option is also reversible during the same time period.

## Make-up Examinations

The College of Professional Studies adheres to the general University policies regarding examinations as stated in the Academic Information and Regulations section of this bulletin. Tests, term papers and assignments are given at the discretion of the instructor. Credit is not given for a course unless all assignments have been satisfactorily completed. All work must be submitted no later than the last meeting of the course.

The College of Professional Studies does not give "Incomplete" grades to undergraduate students. At their discretion, faculty may issue a special grade of UW (Unofficial Withdrawal) to a student who has stopped attending and has not completed a substantial amount of the assigned work. Faculty may also issue a final grade of "F" to any student who, in their judgment, has not satisfactorily completed the stated course requirements in an acceptable manner.

A special grade of ABF (Absent from Final) may be given to any student who has completed all course requirements but who misses the final examination because of circumstances that are typically beyond the control of the student. The "ABF" will be calculated as an "F" in the student's GPA unless a make-up exam is approved and passed. Any student receiving the ABF must submit an explanation, together with substantiating evidence, to his/her Dean's office immediately. The Academic Dean of the college in which the student is enrolled then determines if the student is permitted to take a make-up exam. If permission is granted a make-up will be scheduled and a fee of \$80 must be paid to the Bursar prior to the scheduled make-up date. The make-up fee may be waived at the discretion of the Dean. Make-ups are to be completed in the most immediate time frame that is reasonable for the circumstances of the case.

## Graduation

For graduation, students enrolled in a baccalaureate program must complete a minimum of 126–129 semester hours. Students enrolled in an associate degree program complete a minimum of 60 semester hours for all programs, with a minimum cumulative index of 2.0 and a minimum major index of 2.0. All students must complete the last two full time semesters of their degree at St. John's University.

Students who complete their graduation requirements are invited to participate in the May Commencement ceremony. An undergraduate student who is one to two courses short (maximum 9 credits) and not subject to academic discipline can submit a written request to participate in the May ceremony. Request letters must be submitted to the Dean's office by the determined deadline in the spring semester and are reviewed by the College Commencement Committee to determine student eligibility. Granting such requests is the sole discretion of the Dean's office.

## Student Responsibility

It is the responsibility of students to make certain that their academic requirements have been satisfied at the time they make application for the associate or bachelor's degree. Any questions regarding degree requirements or course scheduling should be brought to a college administrator.

## Prerequisite

A prerequisite is a course that is required before the student enrolls in a certain class.

## Electives

The electives within specified fields of study (e.g., social science elective) are subject to restrictions. Consult the degree requirement headings on the previous pages or a college administrator concerning any course, to ensure that it satisfies that elective requirement.

The requirement for FREE electives will be fulfilled by any course(s) for which the student has the proper prerequisites.

## Repeat Courses

College of Professional Studies students who retake courses they already have completed with a grade of D or higher, will not receive credit for the second course. Exception to this rule is granted to students enrolled in the Fresh Start Program.

## Dean's Exception

When appropriate, the CPS faculty and Dean's office may evaluate requirements and/or policy to meet the needs of individual students.

## Degree Requirements

Candidates must complete the specified minimum number of semester hours of credit for a prescribed program of study. The curricula include required core courses, courses in the major area sequence, courses in a related area and free electives. A cumulative quality point index of 2.0 for all courses taken, and a cumulative quality point index of 2.0 for all courses in the major and minor areas are required.

Normally a full-time day session student may complete his or her degree program in eight semesters of study with credit loads of 15 semester hours (five courses) in six of the eight semesters and credit loads of 18 semester hours (six courses) in two of the eight semesters. For information on accelerated and summer study and credit by examination, please consult the specific sections of this bulletin, and the CPS Dean's office.

### Core Requirements

\*\*External transfer students who have earned an associate's degree outside of SJU are not required to take PHI 3000C, the philosophy ethics course, and the moral theology course. Students should see the CPS Dean's office to determine alternative courses to meet these credit requirements.

## B.A. Liberal Studies

(Queens, Staten Island, Distance Learning)  
126 credits

(Day and Evening/Weekend)

The Bachelor of Arts in liberal studies is designed to provide a quality, multidisciplinary education. Its flexible approach is geared especially to the nontraditional student, typically pursuing a degree at night, while working full-time during the day. Instead of choosing the traditional single academic major area of study, the liberal studies major studies a variety of areas centered on the humanities, the social sciences, science and mathematics and a minor area, including one of the many career areas offered, such as administrative studies, business, computer science, criminal justice, health services, journalism or legal studies.

**Major Area Requirements:**  
48–51 credits that include:

- **Humanities:** choose 18 credits from non-University core English, philosophy, and theology courses.
- **Social Science:** choose 18 credits from non-University core anthropology, economics, history, political science, psychology, sociology courses (in addition to three credits required under the "additional liberal arts requirements").
- **Computer Science, Mathematics, and Science:** choose 12 credits from non-University core biology, chemistry, computer science, mathematics and physics courses.
- **LST 1000:** 3 credits (This course is required only for conditionally admitted students. All other students should see the CPS Dean's office to determine a course to meet this requirement).

**Additional Liberal Arts Requirements:** six credits that include three credits in a math elective and three credits in a social science elective.

**General Electives:** 27–39 credits selected under the guidance of an advisor.

In order to be eligible, students must have completed 72 credits including 12 credits in their major and have a minimum cumulative grade point average of 2.75.

## Partnership with the Institute of Audio Research

St. John's University's joint academic program with the Institute of Audio Research (IAR) allows students at both institutions to broaden their education through a combined program leading to a bachelor's degree in communications. The Institute of Audio Research, located on University Place in Manhattan, offers training in audio engineering through its extensive audio equipment and studios. Networking opportunities are available through its widely known faculty.

Through this partnership, currently enrolled St. John's communication arts majors accepted into the program, can attend the IAR program and receive 30 credits towards their bachelor's degree. Students must complete the IAR program to receive St. John's University credit. IAR graduates accepted into St. John's receive 30 credits toward a four-year degree in communications. Interested students should contact the College of Professional Studies Dean's Office for more information.

## Mass Communication Advisory Council

The council is composed of leading executives from the radio, television, motion picture, advertising and public relations industries.

The council provides continuing support to the University in curriculum, equipment, facilities, expansion of programs, adjunct faculty, recruitment campaigns and the development of the total educational program.

Communications is so fluid that a university must remain sensitive to fast-breaking programmatic and technical innovations. The College of Professional Studies is committed to the reality that education in this rapidly changing and expanding area must maintain continuous contact with practicing experts, such as the members of the Advisory Council.

## **B.S. Hospitality Management**

(Queens, Staten Island)

(126 Credit Hours)

(Day)

The purpose of the hospitality management program is to prepare students for leadership careers in hospitality and tourism management, both nationally and globally, emphasizing the integration of theory and practical applications to satisfy the diverse needs of the industry. The curriculum focuses on the fundamental competencies that are vital for managers in the lodging, food service, tourism, and event management industries. Like all St. John's students, Hospitality Management majors benefit from the broad knowledge and communications skills gained through our core curriculum, a must for the well-educated professionals sought by today's employers in all fields.

With the program's extensive professional connections in the industry, students gain real-world experience through valuable internships throughout the New York metropolitan area and abroad. With this knowledge and experience, graduates build rewarding careers as administrators and creative professionals in hotels, restaurants, resorts and country clubs, conference centers, airlines, cruise lines, travel agencies, tourist bureaus, corporate travel departments, event planning firms, and many other types of organizations.

Beyond the University Core, the program consists of a wide variety of general business courses, several required hospitality management courses, and hospitality management electives selected with an eye towards the student's preferred area within the industry, be it in lodging, food service, tourism, or event management.

### Internship Program

See details under B.S. Computer Science.

## B.S. Journalism

(Queens, Staten Island) (126 Credit Hours)

(Day)

At St. John's, the journalism program is distinctive in its focus on professional, hands-on training, preparing students for the converged world of journalism. Faculty members have a vast breadth and quality of professional experience.

The course work is challenging and rich in its variety and emphasizes professional classes.

The program's objectives are to provide students with basic preparation in reporting, writing and producing for all journalistic media and to prepare students for graduate work, both in journalism and other fields. You learn everything from multimedia writing and audio and video production to investigative reporting; from newspaper and magazine journalism to radio, television and web-based news reporting; from photojournalism and graphic design to interviews, critical reviews and feature writing. Other courses introduce you to the legal and ethical constraints on the media, international reporting and the roles of government and the press. Guest speakers and informal student-faculty gatherings enhance classroom and applied learning.

Many law students, for example, have found journalism training a useful preparation for the law.

The journalism program includes enough courses in each medium to permit students to graduate with a strong general foundation and an area of content specialization. The major also includes substantial amounts of course work in the liberal arts, along with business classes and a large number of free electives.

### Internship Program

In emphasizing hands-on experience, the St. John's journalism major offers an extensive internship program. Student interns receive academic credit for their work at approved professional newspapers, wire services, internet news sites, radio and television stations, public relations firms and advertising agencies.

Students have interned at local and major media in and around New York City including the *New York Daily News*, *Newsday*, *Queens Tribune*, *Queens Ledger*, *Amsterdam News*, *Broadcasting and Cable magazine*, *Seventeen* and *Vogue* magazines, WOR radio, WFAN, Westwood One Radio Sports, WABC-TV, WNBC-TV, MTV, ESPN, NY1, NBC News and CBS News. Adding professional experience to

classroom instruction, the internship program is an extremely important and integral part of the journalism major.

### Areas of Concentration

Students may elect a concentration in either print media (newspapers, magazines, wire services, digital news services and other new media) or in broadcast media (television and radio stations and networks, cable and satellite news channels and other electronic media).

### Major Area Requirements

## B.S. Sport Management

(Queens, Staten Island)

(126 Credit Hours)

(Day)

The purpose of the sport management program is to prepare graduates to manage a variety of diversified responsibilities in the business of sport at the professional, collegiate, secondary school, or the community level, both globally and nationally. Integrating academic theory with the internship program provides students with the skills and practical experience needed for successful administration of a sport program.

The program of study is based on the curricular standards set forth by the North American Society for Sport Management. Seven "Common Professional Components" should be adequately covered within the content of undergraduate sport management programs; our curriculum is designed to meet or exceed the minimum requirement in each topic area. After completing the program, students will be able to:

- Critically evaluate the social, psychological and international foundations of sport.
- Demonstrate competency in the management and leadership dimensions of sport.
- Analyze the role of ethics in sport management.
- Prepare effective sport marketing and communication materials.
- Apply the principles of finance, accounting, and economics to the sport industry.
- Assess the impact of the law on the sport industry.
- Complete an integrative sport management experience such as an internship.

The program also offers study abroad sport management courses as part of its curriculum. These courses provide students with a global perspective on issues related to the profession and an understanding of the role athletics play in international relations. The experience provides a unique opportunity for students in the program to gain an edge as future managers in the sports and recreation industry.

Globalization has changed the face of the sports industry, so St. John's has begun offering more study abroad courses as part of its sport management curriculum. Based on St. John's campus in Rome, Italy, these international sport management courses provide students with an understanding of the global development of sports, introducing them to a range of problems and issues confronting sports managers and the strategic thinking needed in an international era. A student exchange program with the University of Leicester (UK) provides students to complete an internship with professional rugby and basketball clubs in Leicester.

### Internship Program

An internship program is available for qualified sport management students. These internships provide students with an opportunity to apply what has been learned in class to practical situations in the field. The experience gained through internships has assisted graduates in obtaining positions in public and media relations, advertising and sales promotion, marketing, ticket sales, finance, purchasing, and the general administration of sports.

Our location in New York City and the partnerships that we have built over the past 30 years gives our students the opportunity to work with some of the best-known organizations in the sports industry. Our students have interned with virtually every major and minor league franchise, athletic facility, and college athletic department in the Greater Metropolitan area and beyond. Interns have also been placed with The National Football League, The National Basketball Association, Major League Baseball, FOX Sports, CBS Sports, and WFAN Radio to name just a few.

### Sport Management Advisory Council

To ensure the continued effectiveness of the sport management program, St. John's benefits from an advisory council comprised of recognized leaders in various areas of the industry. The council members provide valuable guidance to ensure that the sport management curriculum conforms to the current needs of the industry.

## Partnership with the New York Film Academy

Students who have successfully completed either the 1-year or 2-year certificate programs at the New York Film Academy may apply to the College of Professional Studies at St. John's for admittance with advanced credit toward a B.S. in Television and Film.

The New York Film Academy is located in Manhattan with two campuses, and has state-of-the-art equipment and professional faculty to aid in the training of the art of filmmaking. Related courses and programs such as screenwriting, acting, editing are also offered.

The combination of a one year or two year education at the New York Film Academy, together with a broad introduction to the liberal arts, as well as study in additional television and film courses at St. John's, leads to a distinguished education geared for the television or film industries.

Interested students from the New York Film Academy should contact the Dean's Office of the College of Professional Studies.

## Partnership with the American Academy of Dramatic Arts

One of the oldest acting conservatories in the world, the American Academy of Dramatic Arts, located in Manhattan, offers an Associates Degree. In conjunction with the College of Professional Studies, students who successfully graduate from AADA, are awarded 60 credits toward a B.S. in Television and Film at St. John's.

AADA's program has seen such stars as Grace Kelly, Edward G. Robinson, Katherine Hepburn, Kevin Spacey, Adrien Brody, and Danny DeVito as graduates of its program. Students learn all of the elements of acting, from voice, movement, make-up, costuming, while engaging in staged performances.

Students from AADA who are interested in pursuing a B.S. degree in Television and Film at St. John's should contact the Dean's Office at the College of Professional Studies.

## Associate Degree Programs

Associate degree programs are offered that lead to the degree of Associate in Arts (A.A.) with a concentration in liberal arts and the degree of Associate in Science (A.S.) with concentrations available in a variety of business and career-oriented areas. Normally, a full-time day session student may complete his or her degree program in four semesters of study, with credit loads of 15 semester hours (five courses) in each semester. (In the pre-accounting option, total credits for each of the final two semesters equal 16.) For

information on accelerated and summer study and credit by examination, please consult the specific sections of this bulletin. Credits from the associate's degree may be applied to a bachelor's degree.

#### **2405 Ethical Values for Communications**

*Prerequisite: COM 1001.* The ethical concepts and problems involved in print media, radio, television, film, theater and advertising.  
*Credit: 3 semester hours.*

#### **2500 Visual Aesthetics**

*Prerequisite: COM 1001.* An examination of visual design basics and forms in general and in particular, of theories of visual art and of critical approaches and applications to the visual arts. *Credit: 3 semester hours.*

#### **2570 Video Games and Gaming**

An overview of the history and genres of video games, and of the video game industry, critical analysis and evaluation of the content of games and the social and emotional aspects of gaming. Attention will be given to the social and ethical implications of human-computer interactions. *Credit: 3 semester hours.*

#### **2600 Seminar in Communications Research**

*Prerequisite: COM 1001.* Introduction into the nature of marketing and communications research covering the use of data, and the tabulation and analysis of results.  
*Credit: 3 semester hours.*

#### **3101 International Communications: Europe**

*Prerequisite: Juniors and seniors only.* An examination of the historical, structural and political aspects of the communications industries throughout Europe, the Near East, Africa, Latin and South America.  
*Credit: 3 semester hours.*

#### **3102 International Communications: Asia**

*Prerequisite: Juniors and seniors only.* A survey course covering aspects of Asian and Asian-American cultures and their communications industries. *Credit: 3 semester hours.*

#### **3103 International Communication and Global Development**

*Prerequisite: Juniors and seniors only.* Students will learn how communication plays a central role in global development in a pluralistic society. This course encompasses a broad range of theoretical and historical studies of communication and media, their role in shaping and effecting public policy, and understanding development communication, development of global communication structures; a particular focus will be paid to development media and the inter-relationship between communication and development, and advocacy communication  
*Credit: 3 semester hours.*

#### **3202 Radio Production Workshop**

*Prerequisite: SPE 1000C and COM 2201.* Training in the production of radio programs, commercials and spot announcements. Students learn about writing, producing, editing, sound effects, musical bridges and background music. *Laboratory fee: \$30.*  
*Credit: 3 semester hours.*

#### **3281 Motion Graphics I**

*Prerequisite: COM 2280.* Students design, create and manipulate video images on a variety of computer systems. The principles and procedures of electronic graphics used in television and film are covered.  
*Credit: 3 semester hours.*

#### **3283 Animation I**

*Prerequisite: COM 2280.* Students learn fundamentals of 2d animation, content development in animation and new design concepts utilizing current animation software.  
*Credit: 3 semester hours.*

#### **3284 3-D Animation**

*Prerequisite: COM 3283.* Covers basic areas of three dimensional modeling, digital animation, nurbs, polygons, lighting, texturing and rendering. Students will create three dimensional animations focusing on entertainment and corporate projects scenarios.  
*Credit: 3 semester hours.*

#### **3292 Publication Graphics**

*Prerequisite: COM 2290.* A course in desktop publishing for journalism majors and public relations students. The course explores the integration of writing, design and the visual elements of brochures, newsletters and magazines. (Cf.: CUS 1104, and COM 3292).  
*Fee: \$30. Credit: 3 semester hours.*

#### **3294 Web Design and Development**

*Prerequisite: COM 2290.* This course will focus on design strategies developers must consider when creating websites. Topics will include the use of text, color and graphics as they apply to the creation of quality and effective websites.  
*Credit: 3 semester hours.*

#### **3295 Advanced Graphics**

*Prerequisite: COM 3281.* Students will explore various methods of manipulating imagery and moving images, from traditional cell animation, to clay-mation techniques to the newest morphing techniques. *Credit: 3 semester hours.*

#### **3296 Multimedia Screen Design**

*Prerequisite: COM 2290.* An introduction to the design and layout of projects and presentations using computers, including the study of color theory and typography. Included is the study of presentations on the computer, titles for video and film, multimedia and interactive CD-ROM screen design, the Internet and preliminary designing of a Web page. *Fee: \$30.*  
*Credit: 3 semester hours.*

#### **3402 The Broadcast Representative's Role in Radio and Television Sales**

*Prerequisite: MKT 1001.* Discusses the broadcast representative's role in place radio and television ads. Topics include research, marketing, computer applications, programming, and contractual relationships.  
*Credit: 3 semester hours.*

#### **4281 Motion Graphics II**

*Prerequisite: COM 3281.* Covering the concepts and techniques of compositing and integration, this course will enable students to assemble media content elements using advanced motion graphics techniques: rotoscoping, tracking, morphing, texturizing and others.  
*Credit: 3 semester hours.*

#### **4600 Individual Research: Topic in Communication**

*Prerequisite: Permission of the Chair.* Individualized independent study. Under the guidance of a faculty member, students pursue an in-depth study of the communications field or participate in a communications production project. *Credit: 1, 2, and 3 semester hours.*

#### **4601 Current Issues in Communications**

*Prerequisite: Juniors or seniors who have completed a minimum of 18 credit hours of CAS, have a cumulative GPA of 3.0 or higher and the permission of the Director or the Chair of the Division of Communications, Journalism and Media Studies.* An examination of prevailing issues of importance in communications. Specific topics vary and are based on current industry concerns. *Credit: 3 semester hours.*

#### **4701, 4702, 4703 WSJU Radio Practicum**

*Prerequisite: Permission of the Faculty Moderator.* Active members of the campus radio station, WSJU, develop their own radio project under the guidance of the station moderator. *Credit: 1, 2 and 3 semester hours.*

#### **4704 Communication Arts Practicum**

This communication arts course involves the practical application of theories, concepts, and critical thinking, writing, and oral presentation skills learned in the classroom. The focus is on obtaining practical learning experiences in communication-oriented departments on campus that help to prepare students for future industry work experiences. *Credit: 1 semester hour.*

#### **4706 Communication Arts Practicum**

This communication arts course involves the practical application of theories, concepts, and critical thinking, writing, and oral presentation skills learned in the classroom. The focus is on obtaining practical learning experiences in communication-oriented departments on campus that help to prepare students for future industry work experiences.  
*Credit: 3 semester hours.*

#### **5001 Communications Internship**

*Prerequisite: Permission of the Director.* An off-campus experience with a professional communications organization. Open to juniors and seniors only. *Credit: 3 semester hours.*

### **5002 Communications Internship**

*Prerequisite:* Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

### **5003 Communications Internship**

*Prerequisite:* Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

### **5004 Communications Internship**

*Prerequisite:* Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

### **7000 Communications in New York**

Through field trips, this course explores media in NYC, including the newspapers, magazines, radio and TV stations; advertising and public relations agencies; and film studios. Credit: 3 semester hours. Free elective credit only. Laboratory fee: \$60. Intercession.

### **8001 Mass Media in Russia**

This study abroad course examines history, politics, structure, business and content of mass communication and media industries in Russia. During the course, students will contrast and compare mass media in the former Soviet Union and in the present Russian Federation with that of the United States. Credit: 3 semester hours.

### **8008 Mass Communication in Spain**

This course will examine the role of mass media as related to culture, politics and education in Spain. It will also explore contemporary developments of mass communications, media technologies and their impact on Spanish-speaking countries. Credit: 3 semester hours (Planned for summer, 2016)

## **Computer Science (CUS)**

(Queens)

### **1101 Introduction to Computer Programming**

Basic principles and operations of a computer system. The Visual Basic programming language; data representation; input/output; structured program design. (Not open to computer science or electronic data processing Majors). Credit: 3 semester hours. CSC 1000 (SI)

### **1102 Software Applications**

Investigation of the computer as a tool; computer concepts and the use of productivity software; using a word processor; creating and using electronic spreadsheets; databases and database management systems. (Not open to students who have completed CUS 1107 or 1165.) Credit: 3 semester hours.

### **1103 Spreadsheet and Database**

*Prerequisite:* CUS 1102. Comprehensive analysis of electronic spreadsheet and database software, including concepts and applications. Credit: 3 semester hours.

### **1104 Presentation Graphics**

Concepts and applications of presentation graphics packages; graphics capabilities of spreadsheets and databases; hypertext presentations; Computer Assisted Instruction; associated hardware concepts including image scanners, digital film recorders, laserdisks, CD-ROMs, TV Center graphics equipment. Credit: 3 semester hours.

### **1107 Computer Applications in the Law Office**

*Prerequisite:* LES 1100. Introduction to word processing and software applications used in the contemporary law office. Specific applications include drafting and editing documents, document and file management, use of data bases for litigation support, time accounting and billing, docket control, calendar management, forms generation and general ledger. Credit: 3 semester hours.

### **1109 Computer Science and Wall Street**

Survey of computer science techniques that have a demonstrated value in the financial community for use in decision-making. Topics are drawn from artificial intelligence, operations research, econometrics and financial statement analysis. Credit: 3 semester hours.

### **1110 Big Data Analytics and Business Intelligence**

An introduction to data acquisition and analysis focusing on the impact of big data on business decision making, digital marketing, risk and fraud management, healthcare, financial services, social media, and social networks. Basic tools of big data analysis, predictive analytics, and business intelligence will also be covered. Credit: 3 semester hours.

### **1115 Computer Programming Fundamentals I**

Introduction to computer programming concepts and applications using a current, object-oriented programming language. Credit: 3 semester hours.

### **1116 Computer Programming Fundamentals II**

*Prerequisite:* CUS 1115. An intensive treatment of programming techniques, algorithmic problem solving, and software design. Topics include fundamental data types, objects and classes, control structures, arrays, and object-oriented design. Credit: 3 semester hours.

### **1123 Assembler Language**

*Prerequisite:* CUS 1116. This course examines the architecture and instruction sets of microprocessors. Topics include: instruction types; indexing; addressing; arithmetic operations; branching and control instructions. Credit: 3 semester hours.

### **1126 Introduction to Data Structures**

*Prerequisite:* CUS 1116. Introduction to data structures concepts, including lists, stacks, queues, and trees using Java. Students will learn how to implement algorithms to perform specific tasks such as sorting and searching, and will also explore the use of graphical user interfaces. Credit: 3 semester hours.

### **1131 Business Data Management**

*Prerequisite:* CUS 1126. Sequential file creation, processing and updating; data editing and report generation, sort and search routines; string processing, subprograms and table processing. Real-time business applications. Credit: 3 semester hours.

### **1145 Unix Operating System**

*Prerequisite:* CUS 1126. Fundamentals of the UNIX operating system; managing files, redirecting, filtering and piping; Korn shell features; controlling processes, connections to network services. Credit: 3 semester hours.

### **1147 Introduction to Information Technology**

Basic principles of Information Technology including the principles of computer operation, digital data representation, programming principles and fundamentals, the applications software development process, systems analysis, database systems, networking principles, cyber security, Web design and development fundamentals and the human-computer interaction process. Credit: 3 semester hours.

### **1148 Introduction to XML**

*Prerequisite:* CUS 1126. A review of XML source documents, Document Type Definitions, XSD Schemas, XSLT (the presentation technology), XPATH, XML Web services (includes UDDI, WSDL Contracts, and DISC Advanced C#.NET Programming and Web Service). Credit: 3 semester hours.

### **1151 Advanced Data Structures**

*Prerequisite:* CUS 1126. Dynamic data structures: stacks, queues, tables, trees, graphs, priority queues, heaps and objects; searching techniques and sorting methods. Credit: 3 semester hours.

### **1153 Survey of Languages**

*Prerequisite:* CUS 1126. Concepts and applications of the LISP programming language; language definition and structure; storage allocation; control. Credit: 3 semester hours.

### **1154 Event-Driven Programming**

*Prerequisite:* CUS 1126. Fundamentals of event-driven programming and application development: user interface design; programming with objects; accessing data; working with graphics; programming with components. Credit: 3 semester hours.

**1156 Software Design Methods**

*Prerequisite:* CUS 1126. Intermediate software design in an object-oriented environment. Students will learn effective software design and development methods, including test-driven development, object-oriented design, the role of concurrency, and the use of frameworks and design patterns. *Credit: 3 semester hours.*

**1159 Advanced C#.NET Programming and Web Services**

*Prerequisite:* CUS 1126. A review of the Microsoft.NET Framework 3.0; fundamentals of the C# programming language; an in-depth review of classes, data types, keywords, inheritance and polymorphism; operator overloading, struts and interfaces, object-oriented programming strings and regular expressions, exception handling, event-driven programming, and properties. *Credit: 3 semester hours.*

**1161 Logical Design**

*Prerequisite:* CUS 1126. Basic logic design; combinational and sequential circuits; Boolean Algebra; minimization techniques for completely and incompletely specified problems; introduction to computer architecture. *Credit: 3 semester hours.*

**1162 Computer Architecture**

*Prerequisite:* CUS 1126. Hardware design of a computer system, register transfer, micro operations, timing and control, CPU organization, ALU design, I/O organization and interrupts, bus organization, memory organization, parallel, vector and pipeline processors, fault-tolerant systems, tessellated computers and case studies of non-conventional computer architectures. *Credit: 3 semester hours.*

**1163 Operating Systems**

*Prerequisite:* CUS 1126. Aspects of operating systems; memory management and resource allocation; virtual memory, paging and segmentation; multiprogramming; scheduling; interrupt handling; thrashing, deadlock detection and prevention; cache memory. *Credit: 3 semester hours.*

**1164 Compilers and Program Translation**

*Prerequisite:* CUS 1126. Compiler construction; symbol tables; lexical scanning, syntax analysis; memory allocation; object code generation; optimization techniques; interpreters. *Credit: 3 semester hours.*

**1165 Database Management Systems**

*Prerequisite:* CUS 1116. Relational, hierarchical, and network database systems; file organization and access techniques; query and update languages; database security and integrity. *Credit: 3 semester hours.*

**1166 Software Engineering**

*Prerequisite:* CUS 1156. Issues and techniques in the design and implementation of complex computer systems with emphasis on the

software component. Topics include software project planning, software design principles, quality assurance and testing techniques. *Credit: 3 semester hours.*

**1167 Systems Analysis**

*Prerequisite:* CUS 1126. Design and evaluation of systems. Topics include: information as a resource, types of information systems, systems development life cycle, economic aspects of systems selection, and feedback control. *Credit: 3 semester hours.*

**1168 Theory of Programming Languages**

*Prerequisite:* CUS 1126. The role of programming language in the software life cycle. Topics include data abstraction, binding time, activation stack, parameter passing mechanisms, strength of typing, and type equivalence. *Credit: 3 semester hours.*

**1169 Web Enabled Databases and ASP.NET**

*Prerequisite:* CUS 1165 or HCI 1021. An introduction to web enabled databases and web services programming utilizing the services of ASP.NET 2005, the .NET Framework 2.0, C#.NET, and Active Data Objects (ADO.NET). Students will learn about ASP.NET events, server-side controls, both basic and advanced controls. Tracing, debugging, and error handling in ASP.NET is examined. Students also learn to apply the fundamental concepts of Web Data Access, while interacting with databases and XML files. Additionally, Application Logic and Configuration focuses on deployment using XML Config files. *Credit: 3 semester hours.*

**1171 Distributed Systems**

*Prerequisite:* CUS 1126. An introduction to the concepts and design principles used in distributive computer systems. Topics will include data currency, distributive file systems, security, interprocess communications, directory services, job transfer and management, and fault-to-tolerance. *Credit: 3 semester hours.*

**1172 HTML and JAVA Script**

*Prerequisite:* CUS 1126. An introduction to designing and programming web pages. Topics will include elements of HTML, graphics, tables, frames, forms, CGI Scripts and JavaScript applications. Additional related topics will be explored as they become popular Internet authoring tools. *Credit: 3 semester hours.*

**1173 Dynamic Web Page Development**

*Prerequisite:* CUS 1172. A second course in designing and programming web pages. Topics will include JavaScript objects, the theory and history of DHTML, controlling the placement and appearance of objects on a web page, dynamic content and styles, image object properties and event handlers, and cross-browser web page design. Additional related topics will be explored as they become popular Internet authoring tools. *Credit: 3 semester hours.*

**1174 Artificial Intelligence**

*Prerequisite:* CUS 1126. Study of the automation of intellectual processes. Topics include: heuristic methods of problem solution, game-playing programs, expert systems, automatic theorem-proving. *Credit: 3 semester hours.*

**1176 Electronic Commerce**

*Prerequisite:* CUS 1116. An examination of current and projected developments in electronic commerce. Topics include the information technologies upon which electronic commerce is based; telecommunications infrastructure; electronic consumers and advertising; the effect of e-commerce on logistics and supply chain management; electronic financial markets and digital payment mechanisms; security issues such as authentication and payment in e-commerce; introduction to symmetric and public-key encryption; digital signatures and certificates; Secure Sockets Layer (SSL), Transport Layer Service (TLS), and secure electronic payment protocols. *Credit: 3 semester hours.*

**1178 Service-Oriented Architecture, Technology, and Design**

*Prerequisites:* CUS 1148, CUS 1159, 1165, 1169. An intensive introduction and review of the evolution of Service-Oriented Architecture and Web Services. Utilization of the services of XML, SOAP, WSDL, the .NET Framework, and J2EE. Interoperability between diverse platforms, systems, and programming languages. *Credit: 3 semester hours.*

**1179 Data Mining**

*Prerequisite:* CUS 1165 or HCI 1021, MTH 1014. Introduction to the analysis of databases for relationships, patterns, and trends. Both visualizing data and developing graphical representations of data will be stressed. Students will learn to select, prepare, visualize, analyze and present data findings that lead to the discovery of novel and actionable information. *Credit: 3 semester hours.*

**1181; 1182 Operations Research I and II**

*Prerequisite:* CUS 1126 for CUS 1181, MTH 1009 and 1013. Probability; stochastic processes; Markov chains; queueing theory; inventory theory; linear programming; duality; assignment and transportation problems; game theory. *Credit: 3 semester hours.*

**1183 Simulation**

*Prerequisite:* CUS 1126. Generation of random numbers and variates; queueing theory and stochastic processes; computer modeling and simulation of systems, with applications in selected areas. *Credit: 3 semester hours.*

**1185 Data Security and Cryptography**

*Prerequisite:* CUS 1116. Methods for maintaining security and integrity of computer data; mathematical treatment of contemporary topics in cryptography; overview and selected topics in data security. *Credit: 3 semester hours.*

### **1186 Theory of Computation**

*Prerequisite:* CUS 1126. Fundamentals of theoretical computer science: computable functions; primitive recursive functions and predicates (PRC classes); the halting problem, Godel numbers and pairing functions; recursively enumerable sets; universality; Post-Turing programs; simulations; Turing Machines. *Credit: 3 semester hours.*

### **1187 Finite Automata and Formal Languages**

*Prerequisite:* CUS 1126. Deterministic and non-deterministic finite automata; regular languages; Kleene's Theorem; context-free grammars and languages; derivation trees; regular grammars; bracket languages; pushdown automata; compilers and formal languages. *Credit: 3 semester hours.*

### **1188 Analysis of Algorithms**

*Prerequisite:* CUS 1126. Analysis of the performance of algorithms. Topics covered include analyzing the efficiency of algorithms, sorting and searching algorithms, graph algorithms, dynamic programming, probabilistic algorithms, introduction to complexity. *Credit: 3 semester hours.*

### **1191 Computer Science Internship**

*Prerequisite:* Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer science. *Credit: 3 semester hours.*

### **1192 Computer Science Internship**

*Prerequisite:* Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer science. *Credit: 6 semester hours.*

### **1194 Special Topics in Computer Science**

*Prerequisites:* CUS 1126 and the permission of the Director. Selected topics from recent advances in computer science and technology. Course content will vary from year to year. Students must be juniors or seniors to register. *Credit: 3 semester hours.*

### **1196 Individual Research: Topics in Hardware**

*Prerequisite:* CUS 1126 and the permission of the Director. This course is designed to provide individualized independent study in microcomputers. Under the guidance of a faculty member, the student pursues an in-depth study of a recent development in the microcomputer field. A research paper is required. *Credit: 1 semester hour.*

### **1197 Individual Research: Topics in Software**

*Prerequisite:* CUS 1126 and the permission of the Director. This course is designed to provide individualized independent study in computer software and applications. Under the guidance of a faculty member, the

student will pursue an in-depth study and implementation of some software application that was not already studied in the work of other courses. A research paper is required. *Credit: 1 semester hour.*

### **Criminal Justice (CRJ) (Queens, Staten Island)**

#### **2000 An Introduction to the Criminal Justice System**

This course surveys the American criminal justice system and addresses the individual elements of the justice process. Topics covered in this overview course include: the police service, the courts, correctional services, the development of laws and public policies, and pressing issues facing the criminal justice system. The course also addresses the United States Constitution with respect to criminal justice administration. *Credit: 3 semester hours.*

#### **2001 Theories of Crime**

This course examines the problem of crime in contemporary society. Theories and explanations of criminal behavior are analyzed in detail, along with the range of activities that are defined as crimes. SOC 1110 (It is recommended that students take this course and CRJ 2000 during the same semester.) *Credit: 3 semester hours.*

#### **2002 The Police and the Community**

*Prerequisite:* CRJ 2000. This course traces the history of American policing and examines a variety of innovative police models used across the United States. *Credit: 3 semester hours.*

#### **2003 The American Judicial System**

*Prerequisite:* CRJ 2000. This course traces the history of both the federal and state courts and examines the roles of the prosecutor, judge and defense attorney. *Credit: 3 semester hours.*

#### **2004 American Correctional Systems**

*Prerequisite:* CRJ 2000. This course examines the history and development of both institutional and community-based correctional models. *Credit: 3 semester hours.*

#### **2006: Introduction to Cybercrime**

This course will provide essential information on the types of crimes classified as cybercrimes. It will outline the emerging area of crime and examine the implications for victims, offenders, and the criminal justice system. A major component of the course will be a focus on the approaches and techniques used to perpetrate such crimes. *Credit: 3 semester hours.*

#### **2007 Crime Scene Investigation**

This course will introduce students to the basic scientific techniques applied in crime scene investigation. Emphasis will be placed on crime scene protection and the development, collection, packaging, and processing

of physical evidence found at the crime scene. The writing of evidence reports and preparation for testifying in court will also be major focuses of the course. *Credit: 3 semester hours.*

#### **2009 Crime Mapping**

This course will introduce students to the use of geographical information systems to conduct spatial analysis of crime and other events. Focus will be on creating maps to display analysis results. Students will learn the theoretical framework, analytic procedures, and skills necessary to study, design, and implement crime prevention programs using crime mapping techniques. *Credit: 3 semester hours.*

#### **3000 Professional Ethics in the Criminal Justice System**

*Prerequisite:* CRJ 2000. This course explores the ethical issues confronting the criminal justice practitioner. *Credit: 3 semester hours.*

#### **3001 Public Policy and Criminal Justice**

This course explores the development and implementation of criminal justice policy in the United States. *Credit: 3 semester hours.*

#### **3002 Minority Groups and the Criminal Justice System**

An intensive study of ethnic, racial and religious minorities and the criminal justice system. *Credit: 3 semester hours.*

#### **3003 Women and the Criminal Justice System**

The emerging status of women in contemporary society has been accompanied by a dramatic rise in the overall participation of women in the criminal justice system. *Credit: 3 semester hours.*

#### **3004 Victimology**

The study of the nature and causes of victimization, including the interaction that takes place between the offender and victim. *Credit: 3 semester hours.*

#### **3005 Contemporary Social Problems in the Criminal Justice System**

Social problems such as violence, substance abuse, race and ethnic relations and suicide are explored with specific attention given to how these issues impact on the criminal justice system. *Credit: 3 semester hours.*

#### **3006 Research Methods in Criminal Justice**

*Prerequisite:* CRJ 2000. This course will introduce the research methods used in criminal justice and criminology. Emphasis will be on the logic, design, and execution of the research process, including the development of researchable questions and/or hypotheses, collection and analysis of data, and writing of a scientific report. Special attention will be given to the use of computers in the research process. *Credit: 3 semester hours.*

### **3008 Hostage Negotiations and Crisis Intervention**

*Prerequisite:* CRJ 2000 or approval of the Director. The course will deal with criminal justice organizations and their role in dealing with critical and crisis situations as well as hostage negotiations. Students will review literature and have opportunities to role play types of behaviors and psychological pressures both on the subject of the act as well as the criminal justice agency personnel.

### **3100 Police Organization and Management**

This course examines the organizational design of the contemporary police service and the delivery models used to serve the public. *Credit: 3 semester hours.*

### **3101 Criminal Investigation**

An examination of the steps leading up to the decision to take a suspect into custody. *Credit: 3 semester hours.*

### **3102 Forensic Psychology**

An exploration of the behavioral techniques employed in the criminal justice field. Relevant illustrations from law enforcement and corrections are employed. *Credit: 3 semester hours.*

### **3103 Introduction to Forensic Science**

*Prerequisite:* CRJ 2000. A course designed to demonstrate and examine physical evidence relevant to criminal or civil investigations. *Credit: 3 semester hours.*

### **3104 Modern Investigation and Protection Technology**

Contemporary developments in scientific devices and techniques that relate to the fields of security, safety and investigation. (Cf.: HCS 1007.) *Credit: 3 semester hours.*

### **3105 Juveniles and the Criminal Justice System**

The etiology of juvenile delinquency including contemporary techniques in rehabilitation. *Credit: 3 semester hours.*

### **3106 Drug Use and Abuse**

An analysis of the current use and abuse of drugs in contemporary society. The problem of crime and its relationship to drugs is studied. *Credit: 3 semester hours.*

### **3107 Organized Crime**

An analysis of organized crime in contemporary society—its extent and influence. *Credit: 3 semester hours.*

### **3108 International Terrorism**

*Prerequisite:* CRJ 2000 or HCS 1001. A study of the history and causes of the multinational phenomenon of terrorism. *Credit: 3 semester hours.*

### **3109 Forensic Fire Investigation**

This course presents essential knowledge for conducting a forensic fire investigation. It describes the elementary chemistry of combustion and the factors that control

fire behavior, including why fire behavior is not precisely predictable. It discusses the fundamental properties of liquid, gaseous and solid fuels as well as electrical, clothing (fabric), hazardous material and vehicular fires and explosions. *Credit: 3 semester hours.*

### **3110 Forensic Fire Scene Reconstruction**

This course presents a methodology for determining the origin, cause and liability of a fire. It involves the identification of a variety of variables common to the fire scene that help establish human activities. The information, placed in context with principles of fire engineering and human behavior, is used to reconstruct the fire scene and evaluate all investigator hypotheses. *Credit: 3 semester hours.*

### **3112 Reading and Interpretation of Legal Documents**

*Prerequisite:* Eng 1000C and 1100C. An intensive study in the analysis of legal documents. *Credit: 3 semester hours.*

### **3113 Penal Law**

An examination of the penal law of New York State. *Credit: 3 semester hours.*

### **3114 Criminal Procedure Law**

An analysis of the criminal procedure law. *Credit: 3 semester hours.*

### **3115 The Criminal Justice Adversary System**

An in-depth examination of the functions, responsibilities and authority of the criminal justice practitioners in the criminal adversary process. *Credit: 3 semester hours.*

### **3116 Law of Evidence**

A study of the law of evidence, including the statutory and common-law foundations governing the admissibility of evidence in state and federal courts. *Credit: 3 semester hours.*

### **3117 Cybercrime and the Law**

Cybercrime and Law will examine the federal and state laws that address cyber crime and computer intrusion. The focus will be on the key legal issues raised by cyber crimes, as well as the skills needed to understand the constantly evolving cyber law concepts. Among the topics to be addressed are protection of computer software, information access and control, privacy and security. The course will explore specific problems in applying the law to cyberspace in a variety of areas, including content control, and the bounds of jurisdiction. *Credit: 3 semester hours.*

### **3118 Cybercrime Investigation**

This course is designed to provide students with the basic philosophical understanding of the cybercrime investigative process. The new and emerging investigative techniques available to investigate these crimes will be examined. Emphasis will be on the entire investigative process where the consistent flow of information facilitates the application

of different scientific methodologies. Topics to be covered include crime scene processing, identification, preservation, collection of physical evidence, and the presentation of digital evidence in court. *Credit: 3 semester hours.*

### **3120 Probation and Parole**

A study of extra-institutional supervision of convicted offenders. Pre-sentence investigation, case-load classification and success prediction. *Credit: 3 semester hours.*

### **3121 Corrections Law**

*Prerequisite:* CRJ 2000. A survey of legal rights of those convicted and sentenced to prison. *Credit: 3 semester hours.*

### **3201 American Law Enforcement Practicum**

To study and critically examine law enforcement agencies at all levels of government, the role of the law enforcement agent, and the contemporary problems and issues that affect American policing. *Credit: 3 semester hours. Free elective only. Intersession and pre-session only.*

### **3202 Justice and the D.A.'s Office**

Course explains the functions, powers, duties and career opportunities presently existing in local and national prosecuting agencies, including the county D.A.'s, state attorneys general and the U.S. attorneys. *Credit: 3 semester hours. Free elective only. Intersession and pre-session only. (SI)*

### **3204 Crime Mapping Practicum**

Through a series of step-by-step exercises, students will be introduced to crime mapping using ARCGIS software. The major focus will be on designing maps and using them for crime prevention and analysis. *Credit: 3 semester hours. Intersession and Pre-Session only.*

### **3205 Emergency Preparedness, Response and Planning for Hazardous Materials**

This course will provide a basic understanding of techniques for in-house or on-site emergency response contingency planning. Students will develop plans that emphasize assessment, equipment requirements, collateral support agreements and actual response. Definitions will be covered which will promote and facilitate discussions concerning planning and response and provide a framework upon which the student can engage in problem formulation. *Credit: 3 semester hours.*

### **3206 Terrorism and Emergency Management**

The purpose of this course is to investigate the role of emergency management in response to the growing threat of domestic and international terrorism. To achieve this goal the course will define what terrorism is, discuss why politically motivated acts of violence occur, and provide an overview of terrorists groups and their tactics of intimidation and fear. The course will also uncover the effects of terrorism

(including those emanating from weapons of mass destruction) and compare how their consequences are both similar to and different than other types of natural and technological disasters. Utilizing recent legislation and policies regarding crisis and consequence management as a framework, the steps that emergency management agencies and others are taking to deal with terrorism are identified. *Credit: 3 semester hours.*

### **3207 Emergency Management and Homeland Security Law**

This course is designed to provide an overview of homeland security law and policy. Emergency response, emergency management, and terrorism after 9/11 will be discussed. Several topics including the law for first responders, incident management, weapons of mass destruction, volunteers, Governors' powers, FEMA, Department of Homeland Security, civil rights, and international anti-terrorism efforts will be explored. *Credit: 3 semester hours.*

### **3208 Sociology of Disaster**

The focus of this course will be on human behavior in a natural and man-made disaster e.g., hurricanes, tornados, earthquakes, floods; and chemical spills, nuclear power plant accidents, riots, etc. Case studies of a number of disasters will be used to illustrate the material discussed. In addition, students will be introduced to the emerging profession of "emergency management and contingency planning" and acquire an understanding of the general precepts of disaster planning. *Credit: 3 semester hours.*

### **3209 Computer Applications in Emergency Management**

This course provides the student with an introduction to the use of computer technology in emergency management. Spreadsheets, database applications, and electronic communications will be covered. Specific computer programs currently used in use for contingency planning, tracking chemical inventories and response resources, modeling of toxic plumes, and decision making during disasters will be explored. Hazard and risk evaluation will be covered along with attendant hazard identification, vulnerability analysis, risk and consequence analysis. *Credit: 3 semester hours.*

### **4000 Special Topics**

This seminar course includes an in-depth examination of current issues and problems in the field of justice administration with topics to be announced by the instructor at the time of registration. (*Open only to seniors in CRJ with permission of the Director of the Institute of Criminal Justice.*) *Credit: 3 semester hours.*

### **4001 Contemporary Legal Issues in Private and Public Protection**

An analysis of legal aspects of private and public protection including the major constraints imposed upon security and public safety operations and personnel by the law. (Cf: SEC 1002.) *Credit: 3 semester hours.*

### **4102 Forensic Psychology II**

A course designed to provide the student with knowledge and expertise relevant to the availability of psychological services to be utilized in criminal and/or civil justice systems. *Credit: 3 semester hours.*

### **4104 Criminal Justice Leadership and Services**

*Prerequisite: CRJ 3100.* An in-depth examination of the role and function of leadership practices and theories and services that support the criminal justice system. *Credit: 3 semester hours.*

### **4105 Transnational Crime and Criminals**

*Prerequisite: CRJ 2000.* An in-depth study of crimes that cross national borders such as drug smuggling; air and sea hijacking; money laundering; weapons merchants; crime syndicates; environmental crimes; economic crimes. *Criminal justice majors only.* *Credit: 3 semester hours.*

### **4106 Comparative Criminal Justice Systems**

*Prerequisite: CRJ 2000.* A comparison of the criminal justice systems in selected European, African, Middle Eastern, North and South American countries. *Credit: 3 semester hours.*

### **4107 Comparative Police Systems**

*Prerequisite: CRJ 2000.* A study of the various typologies and styles of police systems of the world, including their organization, administration, organizational procedures and behavior. *Criminal justice majors only.* *Credit: 3 semester hours.*

### **4108 Criminal Justice Classical Writings**

In this seminar for seniors, the classical writings in the field of criminal justice will be analyzed. The original writings from authors such as Cesare Beccaria, Felix Frankfurter, and John Augustus, which pertain to the development of criminal justice legislation, the judiciary, police, corrections, and criminology that have had a major impact on the development of the system, will be read and discussed in relation to contemporary developments in the field. *Credit: 3 semester hours.*

### **5000 Criminal Justice Internship**

*Prerequisite: Permission of the Director of Criminal Justice required.* An internship with a selected criminal justice or social agency in the public or private sector. *Credit: 3 semester hours.*

### **5001 Investigative Internship**

*Prerequisite: Permission of Director.* Interns are assigned to participate in a specific investigative project currently under study by one of the Inspector General Offices within

New York City, or any approved criminal justice or social service agency in the public or private sector. *Credit: 3 semester hours.*

### **5002 Internship in Court Administration**

*Prerequisite: Permission of the Director of the Institute of Criminal Justice.* An intensive investigation of a selected project currently under study by the Office of Court Administrator. *Credit: 3 semester hours.*

### **5003 Probation and Parole Internship**

*Prerequisite: Permission of Director.* Students involved in this program are assigned to an office of probation in the metropolitan area. *Credit: 3 semester hours.*

### **5004 Juvenile Advocacy Internship**

*Prerequisite: Permission of Director.* Student interns are assigned to a juvenile advocacy program, sponsored by an agency in the public or private sector that serves youngsters who are in crisis situations. *Credit: 3 semester hours.*

### **5005 International Criminal Justice Internship**

*Prerequisite: Permission of the Director.* An internship course for students pursuing the minor area of study in international criminal justice. The internship student is assigned to an on-site sponsor agency in the private or public sector in the field of international criminal justice. Hours are arranged. *Credit: 3 semester hours.*

### **5006 Criminalistics Internship**

*Prerequisite: CRJ 3103.* An internship course for students who are assigned to a sponsor agency in the public or private sector to perform supervised or independent laboratory or field study. (*Hours to be arranged and with the permission of the Director of CRJ.*) *Credit: 3 semester hours.*

### **5200 Seminar in Court Administration**

A study of selected topics in court administration, including such areas as case flow management, extra, judicial remedies, judicial selection and discipline, jury management. *Credit: 3 semester hours.*

### **5201 Criminal Justice Counseling**

This course is a survey of various counseling, interviewing classifying and testing techniques within the criminal justice system. Specific areas will include critical incident debriefing, post traumatic stress disorder, brief psychotherapy and use of community resources. *Credit: 3 semester hours.*

### **5202 Criminal Justice Practicum**

*Prerequisite: CRJ 2000 and the permission of the instructor.* This course examines critically the various components of the American criminal justice system at all levels of government, the function and role of the practitioners within these components and the contemporary problems and issues that affect criminal justice. *Open to criminal justice baccalaureate students above the freshman level.* *Credit: 3 semester hours.*

### 5203 Criminalistics

*Prerequisite:* CRJ 3103. Course focuses on the role of the criminalist in the specializations of serology, trace evidence and document examinations. *Credit:* 3 semester hours.

### 6000 Criminal Justice Honors Research

An individualized program of research and readings dealing with contemporary topics in the area of justice administration under the direct supervision of a criminal justice faculty member. Conferences and a research paper are required. *Open only to junior or senior criminal justice majors who have at least a 3.2 major index and a 3.0 overall index.* *Credit:* 3 semester hours.

### 6001 Criminal Justice Honors Internship

*Prerequisite:* Permission of Director required. An internship with a selected justice administration or social service agency in the public or private sector. *Open only to senior Criminal Justice majors who have a 3.5 index in two-thirds of courses completed in the major area (24 credits) and an overall index of 3.3.)* *Credit:* 3 semester hours.

### 1081 Independent Study

*Prerequisite:* Permission of the Director of Criminal Justice. Independent study. Under the guidance of a faculty member, student pursues an in-depth study of the criminal justice field or participates in a criminal justice project. *Credit:* 3 semester hours. *Free elective.*

## Cyber Security Systems (CSS)

(Queens)

### 1001 Introduction to Information Security

An introduction to the various technical and administrative aspects of information security and assurance. Topics covered include understanding the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing a consistent, reasonable information security system, with appropriate intrusion detection and reporting features. *Credit:* 3 semester hours.

### 1005 Fundamentals of Cyber Security

Issues involving hackers, malware, social theories, protocols, firewalls, and intrusion detection will be addressed. The prevention and containment of intrusion incidents, the incident response process, and the forensic examination of a computer will be discussed. *Credit:* 3 semester hours.

### 1006 Management of Information Security

*Prerequisite:* CSS 1005. Information security management logistics, consisting of organizational, process, operational, and technology domains. The main focus will be on the analysis and management of information security systems and their architectures. *Credit:* 3 semester hours.

### 1008 Healthcare Information Security

*Prerequisite:* CSS 1005 or HCI 1001: Introduction to the computer and networking methodologies used within healthcare environments to achieve healthcare privacy and the security of electronic medical records. *Credit:* 3 semester hours.

### 1011 Network Security

*Prerequisites:* CSS 1005 and NET 1011. Network security fundamentals, including network defense, network auditing, psychological approaches to social engineering attacks, Web application attacks, penetration testing, data loss prevention, cloud security, and disaster continuity planning. *Credit:* 3 semester hours.

### 1012 Network Perimeter Security

*Prerequisites:* CSS 1011. An examination of the critical defensive technologies needed to secure network perimeters. The main focus will be on network security threats and goals, advanced TCP/IP concepts, router security, intrusion detection, firewall design and configuration, IPSec and virtual private network (VPN) design. *Credit:* 3 semester hours.

### 1015 Wireless Security

*Prerequisite:* CSS 1011. An understanding of how wireless technology is used to commit crimes will be considered with emphasis on their prevention. The student will have hands-on involvement with common tools used to attack wireless systems in order to recognize and understand how to defend against them. The course will address issues involving hackers, malware, and intrusion detection. *Credit:* 3 semester hours.

### 1018 SQL and Cloud Database Security

*Prerequisite:* CUS 1005 and CUS 1165. Techniques and industry accepted methodologies for achieving database security, with emphasis on essential best practices in cloud and Big Data security. Various security breaches related to web attacks, SQL injection, and Cross Site Scripting (XSS) will be analyzed. *Credit:* 3 semester hours.

### 1021 Cyberlaw and Ethics

*Prerequisite:* CSS 1005. An introduction to legal protection of identities, properties and privacy in the real time environment. All current Federal and International laws will be studied. *Credit:* 3 semester hours.

### 1025 Intermediate Linux and UNIX Security

*Prerequisites:* CSS 1011, CUS 1145: An examination of the principal methods for maintaining the security and integrity of the UNIX and Linux operating systems. *Credit:* 3 semester hours.

### 1032 Cyber Threats and Detection

*Prerequisite:* CSS 1011. An examination of protocols, scanners, rootkits, trojans, worms, and viruses as they are used in the commission of a network intrusion. An overview of the prevention and containment of an intrusion

incident as well as the methodology of the incident response process will be presented. *Credit:* 3 semester hours.

### 1091 Computer Security Systems Internship

*Prerequisite:* Permission of the director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer security systems. *Credit:* 3 semester hours.

## Digital Forensics (DFR)

(Queens)

### 1001 Introduction to Digital Forensics

A study of the methods used in computer forensics. Topics include file structures, boot processes, computer forensic tools, digital evidence controls, data acquisition, computer forensic analysis and image file recovery. (Cf: CSS 1031.) *Credit:* 3 semester hours.

### 1002 Network Forensics

*Prerequisite:* DFR 1001. Fundamentals of computer networking and the layered protocol architectures, detection and prevention of intrusion and attack, digital evidence collection and evaluation, and the legal issues involved in network forensic analysis. Documented cyber crimes and intrusion records will be used as case studies. The course emphasizes both the conceptual models and the hands-on experience of using tools with the Internet and the Web browsers as the underlying media. *Credit:* 3 semester hours.

### 1005 Management of Digital Evidence

*Prerequisite:* DFR 1001. A study of the methodology used to handle and capture digital evidence in a legal manner. The course examines where digital evidence can be located, how it should be preserved free from contamination, how it may best be analyzed, and how to present it in statements, affidavits, and court proceedings. *Credit:* 3 semester hours.

### 1011 Advanced Computer Forensics

*Prerequisites:* DFR 1001 and CSS 1005. Identification and preservation of digital evidence via advanced techniques applied to various operating systems, including those on mobile devices, Linux, Macintosh, and virtual environments. Topics include: file structure, boot process, computer forensic tools, digital evidence controls, data acquisition, metadata analysis, registry analysis, and image file recovery. *Credit:* 3 semester hours.

### 1015 Digital Incident Response and Crisis Management

*Prerequisites:* DFR 1001 and CSS 1005. Techniques used to prepare for and execute a proper digital incident response involving corporate or governmental organizations. Topics include contingency planning, how to profile an intruder's digital fingerprints, proper identification of digital evidence, and deploying

of appropriate resources during a major network intrusion investigation.

*Credit: 3 semester hours.*

### **1021 Malware Analysis and Reverse Engineering**

*Prerequisite: DFR 1001, CSS 1011 and CUS 1116.* Concepts and techniques that will prepare students to become effective malware analysts. Topics include basic malware characteristics and propagation, attack vectors, and reverse engineering of malware from multiple sources using programming languages such as JavaScript and VBScript.

*Credit: 3 semester hours.*

### **1031 Forensic Investigation of Wireless Networks and Mobile Devices**

*Prerequisite: DFR 1011.* Methods of identifying, tracking, and apprehending cyber criminals who utilize wireless networks and mobile devices such as PDA, iPod, iPhone, Android, and BlackBerry to commit cybercrimes. Students will learn how to collect and process evidence in a forensically sound manner, and will gain hands-on experience working with case studies. *Credit: 3 semester hours.*

## **Digital Media Design (DMD)**

### **DMD 1001 Principles of Digital Media Design**

Presents the critical history, tools, and professional practice techniques used in digital media design. Students engage in the use of design research, strategy, and proposal writing to develop solutions to digital communication problems. Critical aspects of project planning, client consulting, and creative problem solving are applied in developing course projects. The historical roots of digital media design and modern media works are explored and critically discussed. *Credit: 3 semester hours.*

### **DMD 2100 Digital Publishing and Print Design**

The tools and professional practice techniques used in publication design and digital media publishing are explored in this laboratory course. Students engage in the use of design research and creative development techniques to design short editorial publications, digital images, and illustrations for digital and print delivery. Critical aspects of project planning, client consulting, and creative problem solving are applied in developing course projects. Publishing workflows, e-book development, raster and vector images, prepress requirements, and professional output technologies are examined and executed. *Credit: 3 semester hours.*

### **DMD 2200 Advanced Digital Publishing and Print Design**

This laboratory course presents advanced principles and practices used in print media publishing. Students engage in the use of design research and creative development techniques to design long form editorial

publications, advanced digital image development, and advanced editorial illustrations. Project planning, client consulting, advanced publication design, and creative problem solving are applied in developing course projects. Publishing business practices, freelance strategies, digital workflows, prepress requirements, and professional output technologies are examined and executed.

*Credit: 3 semester hours.*

### **DMD 3100 Interactive Multimedia Design**

This laboratory course presents principles and practices used in interactive multimedia design. Students engage in the use of design research, multimedia based tools, and creative development techniques to design interactive digital media projects including UI/UX portals and web apps. Instruction includes producing projects with sound, interactive controls, 2d animation & motion graphics, and short video clips. *Credit: 3 semester hours.*

### **DMD 3200 Web and Mobile Design and Development**

Presents principles and practices used in website design and mobile application development in a laboratory course. Students engage in the use of design research, UI/UX, multimedia based tools, web programming, and CSS to create web and mobile based sites and apps. Instruction includes producing websites, micro-sites, and web advertising. *Credit: 3 semester hours.*

### **DMD 3300 Advanced web and Mobile Design and Development**

This principles and practices used in CSS driven website design and basic Actionscript Programming are explored in this advanced laboratory course. Students engage in the use of design research, UI/UX, multimedia based tools, Flash Development, and CSS to create web and mobile based applications. Instruction includes producing websites and creating dynamic web applications. *Credit: 3 semester hours.*

### **DMD 4800 Digital Media Senior Project**

Provides major and minor students the opportunity to develop a comprehensive digital media project that incorporates conceptualization, research, prototype design, evaluation, and final delivery of a multi-faceted project. Final work will be displayed in a public exhibit. *Credit: 3 semester hours.*

### **DMD 4900 Digital Media Portfolio Seminar**

Major and minor students develop a digital media industry specific resume and cover letter and a comprehensive digital media portfolio/ reel in print and web formats.

*Credit: 3 semester hours.*

### **DMD 5001-3 Digital Media Internship**

Major and minor students work in an external setting to complete design and industry research and digital media projects under the guidance of an industry professional.

*Credit: 3 semester hours.*

## **Dramatic Arts (DRM)**

### **1200 Introduction to Acting Technique**

This course will introduce students to the "actor's process," with concentration on the actor developing the basic skills of imagination, focus, sensory awareness, expressiveness and working collaboratively with fellow actors. Special emphasis will be given to internal and external demands of a performance, including the actor being aware of his or her emotional and physical habits which could occlude a performance. Students will be expected to prepare and perform monologues and scenes, and the class will culminate with the actor performing a scene with a fellow actor before an invited audience. *Credit: 3 semester hours.*

### **1505 Actors on Film: Silent Era to Contemporary Cinema**

An examination of the birth of the American motion picture industry from 1894 to the coming of sound. The Silent Film is studied as a "popular art" with emphasis placed on aesthetic development. *Credit: 3 semester hours.*

### **2200 Intermediate Acting Technique**

Working in a studio setting, students will sort through the creative and theoretical challenges actors face in developing honest and persuasive performances for both the stage and camera. The first half of the course will be devoted to students honing their creative and professional skills by working collaboratively with their fellow actors in groups of two or more. The second half of the semester will concentrate on students making the transition from the stage to the camera, first by way of monologues then in scenes. As part of this process, students are expected to direct and block their performances for the camera, understand on-camera terminology, specific angles and framing, and how an on-camera performance differs from one prepared for the stage. Finally, students should be continuously crafting their creative techniques for performing, developing their artistic and theoretical philosophy of acting, and demonstrating a critical eye for how to "read" a performance. *Credit: 3 semester hours.*

### **3200 Acting For Film**

*(Prerequisites: DRM 1200, TVF 2202)* This course will build upon the acting techniques and on-camera performance skills learned in Introduction to Acting Technique and Television Performance with greater emphasis on the actor's capacity to deconstruct and interpret a character, script analysis, directing and acting for the camera with a focus on the language of film. Students will also study acting as a social and ethical exercise toward understanding groups and individuals. Laboratories will concentrate on the actor's ability to develop a relationship to the dramatic text, his or her character, and the willingness to explore the scope of human emotions that ultimately influence a performance. A survey

of Stanislavsky's "The Method" and Sanford Meisner, Lee Strasberg, Jerzy Grotowski (among others) will also be covered. *Credit: 3 semester hours.*

### **3300 Playwriting**

This course is designed to expand the actor's creative and critical understanding of performance by teaching him or her to write for the stage. Through the reading of plays, class workshops and collaboration with his or her fellow actors, students will sort through the artistic, theoretical and professional challenges of developing and writing an original one-act play for public exhibition. *Credit: 3 semester hours.*

### **4200 Directing the Play**

Designed to expand upon the work completed in DRM 3300 Playwriting by staging the original one-act play written for that class for a public performance. This will be a semester-long process that will have students will sort through the artistic, theoretical, and professional challenges of staging a dramatic work for the stage. *Credit: 3 semester hours.*

## **Economics (ECO)**

(Queens, Staten Island)

### **1001 Principles of Economics I**

Introduction to the fundamentals of the economic system. The "macroeconomic" approach to employment, prices and economic stability. *Credit: 3 semester hours.*

### **1002 Principles of Economics II**

Microeconomic analysis involving relative price determination in individual product and factor markets. Selected topics: problems of monopoly, trade and efficiency. *Credit: 3 semester hours.*

### **1003 Elementary Money and Banking**

*Prerequisite:* ECO 1002. A survey of the principles of money and credit. *Credit: 3 semester hours.*

### **1006 Personal Finance**

A study of the techniques of personal financial management, including the financial considerations involved in the acquisition, preservation and disposition of real and personal property. *Open to baccalaureate students only. Credit: 3 semester hours.*

### **1011 Development of American Business Enterprise**

*Prerequisite:* ECO 1002. A survey of the forces contributing to the development of American business enterprise, culminating in the growth of multinational corporations. Special focus is on the diverse and evolving forms of market structure, behavior and industry life cycles. *Open to baccalaureate students and A.S. business majors (except accounting). Credit: 3 semester hours.*

### **1022 International Economics**

*Prerequisite:* ECO 1001. An introductory study of theories and issues of international trade, commercial policies, tariff and other trade restrictions, foreign investment and multinational corporations, foreign exchanges and balance of payment adjustment, international financial institutions and systems, and regional trade organizations. *Open only to baccalaureate students. Credit: 3 semester hours.*

### **1027 Economic and Financial Institutions in Europe**

*Prerequisites:* ECO 1001, 1022. A survey of the economic and financial institutions of the nations of Europe, with particular emphasis on how they interface with the Common Market. Money and capital markets are considered, along with industrial, agricultural, and trade practices and policies. *Credit: 3 semester hours.*

### **1050 Financial institutions of the European Union**

This course is designed to acquaint the student with the types and functions of financial institutions within the Union. The institutions studied will be the European Central Bank, the European Investment Bank, and the European Investment Fund. The goals of the European Bank for Reconstruction and Development will also be studied. The role of the Court of Auditors will also be examined, as will the aims and the tools of FIN-NET, the Cross-border Out-of-Court Complaints Network for Financial Services Disputes Settlement System. *This course is offered exclusively online. Credit: 1 semester hour.*

### **1060 Making Sense of Market Data and Economic Indicators**

*Prerequisite:* ECO 1001. Designed to introduce economic indicator analysis, this course will examine where the economy is in the business cycle and place each indicator in a framework offering better understanding of the seemingly contradictory market reactions to released indicators. It will provide skills for interpreting and reporting on government and corporate data and critically analyze news and data from financial and economic news sources. *Credit: 3 semester hours.*

### **1061 Financial Services Regulations**

*Prerequisites:* ECO 1001, and (BLW 1001 or 1005). Financial Services Regulation examines the banking and financial services industries, including studies of the most highly regulated

functions of banks and other financial firms, the reasons for regulating each of the key areas or functions, the agencies regulating the industries, and the regulations relating thereto. The primary goal of the course is to familiarize students with current financial services regulation from enforcement and compliance perspectives. *Credit: 3 semester hours.*

### **1065 Economics of the Fashion Industry**

A survey of economic fundamentals with direct application to the fashion industries. Course will introduce economic concepts as supply and demand, comparative advantage, economic indicators, trade barriers, regulations. The importance of international trade, issues raised by outsourcing and sweatshops will be analyzed. Changes in industry structure through mergers and acquisitions will also be examined. Illegal and unethical trade activities, social responsibility and human rights will be discussed. The tools of economics of e-commerce will be used to analyze e-commerce issues affecting consumers and business to business e-commerce. *Credit: 3 semester hours.*

### **2001 The Economics of the European Union**

Examines the economic and political policies and processes of the European Union. This course looks at the history and institutions of the EU. Topics discussed are European monetary policy, the role of the European Central Bank, the new currency, the euro and trade and competition policy. The reasons why some countries opted out of using the euro and why some countries have not met the criteria for the adoption of the euro are also examined. *Prerequisites:* None. *This is a non-technical course. Credit: 3 semester hours.*

## **English (ENG)**

(Queens, Staten Island)

### **1100C Literature in a Global Context**

*See description under University Core courses. Credit: 3 semester hours.*

### **1001 Effective Strategies for Writing Fiction and Non-Fiction**

*Prerequisite:* FYW 1000C and ENG 1100C. Students have an opportunity to refine their writing skills. This course is NOT a substitute for any required composition and literature courses. *Credit: 3 semester hours.*

### **1006 Effective Business Writing**

*Prerequisite:* FYW 1000C and ENG 1100C. An intensive study of business communication and the essentials of business report writing. *Open to baccalaureate students as a business or free elective only. Credit: 3 semester hours.*

*Prerequisite: FYW 1000C and ENG 1100C.*

A survey of the literary trends and significant writers in the development of English literature from the Anglo-Saxon period to the neo-classical period and, in the second semester, from the Age of Wordsworth to the 20th century. *Credit: 3 semester hours.*

*The following elective courses are scheduled on a rotating basis to provide students with a variety of choices each semester. Students should consult course schedules at registration periods to determine term and summer offerings.*

**1011; 1012 Literature of the Western Civilization**

*Prerequisite: FYW 1000C and ENG 1100C.*

A study of the masterworks of European literature (in translation). First semester: From the ancient Greeks to the early Renaissance. Second semester: From the late Renaissance to the 20th century. *Credit: 3 semester hours. (Students may not receive credit for both ENG 2000 and 1011 or ENG 2001 and 1012.)*

**1014 Representative Plays of Shakespeare**

*Prerequisite: FYW 1000C and ENG 1100C.*

This course entails reading selected plays of Shakespeare; a critical, historical and aesthetic study of the works chosen.  
*Credit: 3 semester hours.*

**1015 Twentieth Century Drama**

*Prerequisite: FYW 1000C and ENG 1100C.*

A study of the major changes in the content of modern dramatic literature that have modified classical and Renaissance drama and given rise to new forms, from Ibsen to Brecht.  
*Credit: 3 semester hours.*

**1016 The English Novel 1700–1870**

*Prerequisite: FYW 1000C and ENG 1100C.*

A study of the development of the English novel from its earliest stages to the late Victorian period. *Credit: 3 semester hours.*

**1017 The Modern Novel**

*Prerequisite: FYW 1000C and ENG 1100C.*

A study of the novel as a modern genre, with special emphasis on critical approaches to characterization, theme and structure.  
*Credit: 3 semester hours.*

**1018 Modern Poetry**

*Prerequisite: FYW 1000C and ENG 1100C.*

A study of the major tendencies, themes and techniques in modern American and British poetry; an introduction to different critical approaches in interpreting modern poetry.  
*Credit: 3 semester hours.*

**1021; 1022 Masterworks of Black Writers I and II**

*Prerequisite: FYW 1000C and ENG 1100C.*

1021: A critical survey of African American Literature from Colonial times to the Civil War. 1022: A survey of African American literature from Reconstruction to the present.  
*Credit: 3 semester hours.*

**1024 The Short Novel in World Literature**

*Prerequisite: FYW 1000C and ENG 1100C.*

This course is designed to acquaint the student with the short novel and to develop an appreciation for this form.  
*Credit: 3 semester hours.*

**1025 Literature and Mythology**

*Prerequisite: FYW 1000C and ENG 1100C.*

A basic premise of this course is that literary plots, characters, themes and images are basically complications of similar elements in myths and folktales. This course examines the appearance in literature of various archetypal characters as well as a number of mythical patterns. *Credit: 3 semester hours.*

**1027 Contemporary Literature**

*Prerequisite: FYW 1000C and ENG 1100C.*

An introduction to the novel, short fiction, and poetry of the period from the 1950s to the present. *Credit: 3 semester hours.*

**1029 The Short Story**

*Prerequisite: FYW 1000C and ENG 1100C.*

An examination of strategies and techniques of short fiction from its modern beginnings with Poe and Hawthorne to the works of contemporary writers.  
*Credit: 3 semester hours.*

**1030 Literature Seminar**

*Prerequisite: FYW 1000C and ENG 1100C and six credits of literature.* Professor and course content to be announced prior to registration. A special literary challenge in areas not covered by current courses. *Credit: 3 semester hours.*

**1031 Themes in Literature**

*Prerequisite: FYW 1000C and ENG 1100C.*

Professor and course content to be announced prior to registration. A particular theme is explored (e.g., the theme of love in modern literature). *Credit: 3 semester hours.*

**1045 Sleuths, Spies and Thrillers**

*Prerequisite: FYW 1000C and ENG 1100C.*

This course examines the conventions of detective and spy stories, traces their sources in earlier fiction and myth, and demonstrates how serious writers have used these genres in their own fiction. *Intersession only: Free elective. Credit: 3 semester hours.*

**1051 Fantasy in Fiction**

**1020 Terrorism and Emergency Management**

The purpose of this course is to investigate the role of emergency management in response to the growing threat of domestic and international terrorism. To achieve this goal the course will define what terrorism is, discuss why politically motivated acts of violence occur,

and provide an overview of terrorists groups and their tactics of intimidation and fear. The course will also uncover the effects of terrorism (including those emanating from weapons of mass destruction) and compare how their consequences are both similar to and different than other types of natural and technological disasters. Utilizing recent legislation and policies regarding crisis and consequence management as a framework, the steps that emergency management agencies and others are taking to deal with terrorism are identified. (Cf.: CRJ 3206.) *Credit: 3 semester hours.*

### **1021 Emergency Management and Homeland Security Law**

This course is designed to provide an overview of homeland security law and policy. Emergency response, emergency management, and terrorism after 9/11 will be discussed. Several topics including the law for first responders, incident management, weapons of mass destruction, volunteers, Governors' powers, FEMA, Department of Homeland Security, civil rights, and international antiterrorism efforts will be explored. (Cf: CRJ 3207.) *Credit: 3 semester hours.*

### **1022 Sociology of Disaster**

The focus of this course will be on human behavior in a natural and man-made disaster e.g., hurricanes, tornados, earthquakes, floods; and chemical spills, nuclear power plant accidents, riots, etc. Case studies of a number of disasters will be used to illustrate the material discussed. In addition, students will be introduced to the emerging profession of "emergency management and contingency planning" and acquire an understanding of the general precepts of disaster planning. (Cf: CRJ 3208.) *Credit: 3 semester hours.*

### **1023 Computer Applications in Emergency Management**

Specific computer programs currently in use for contingency planning, tracking chemical inventories and response resources, modeling of toxic plumes, and decision making during disasters will be explored. Hazard and risk evaluation will be covered along with attendant hazard identification, vulnerability analysis, risk, and consequence analysis. (Cf: CRJ 3209.) *Credit: 3 semester hours.*

### **1024 Introduction to CBRNE**

The prospect of states or other actors such as terrorists unleashing chemical, biological, nuclear, radiological and explosive weapons on a defenseless public is almost too terrifying for most people to consider. Yet, in the past, numerous incidents have occurred. We cannot forget the threats posed by our adversaries. This course seeks to conduct a comparative assessment of the understanding of CBRNE

and how they can be used. While much of the specifics of CBRNE weapons doctrine remain within the classified domain and thus beyond the scope of this course, we can outline the primary strategic and tactical factors relating to these weapons. This lesson will introduce strategy and tactics of CBRNE weapons. *Credit: 3 semester hours.*

### **1025 Border, Transportation, and Maritime Security**

Those charged with securing national borders are challenged with the need to facilitate the flow of legitimate trade and travel while also protecting the nation and its people from external threats. Accomplishing this goal requires not just screening individuals and goods, but also securing the global aviation, ground, and maritime transportation networks. The issues addressed in this course will include: the various challenges to border, transportation, and maritime security; an examination of the various related security strategies of these different challenges; the impact of technology; and the roles and responsibilities of various government and private stakeholders. *Credit: 3 semester hours.*

### **1026 Comparative Homeland Security**

When it comes to protecting the homeland, the United States differs from other countries in legal traditions, political and bureaucratic institutions and policies, and natural and man-made threats it faces. This course seeks to compare and contrast the experiences and practices of other countries when facing homeland security-related issues such as terrorism, pandemics, transnational organized crime, and emergency response. Major practices of these nations will be examined to determine if there are lessons to be learned which can be incorporated into the strategic policies of the United States. *Credit: 3 semester hours.*

### **1027 International Security Cooperation**

Historically, the main security threat facing a particular nation has come from other nation states. Globalization has increased the threat matrix facing a nation state. There has been a shift from nation enemies to natural threats such as pandemics and man-made threats such as those posed by terrorist or other non-state actors. Often these threat types affect multiple countries simultaneously, resulting in a blurring of lines and national borders. This course seeks to examine how various governments, and on occasion non-governmental organizations, utilize instruments of global governance when dealing with threats that are global in nature. *Credit: 3 semester hours.*

### **1090 Selected Topics in Homeland Security**

This course is an examination of a selected topic in homeland security. A different topic will be featured each session, enabling students to explore a pressing contemporary issue challenging both homeland security professionals and society at large. Topics for

examination will be based upon the instructor's area(s) of expertise. Intersession and pre-session only. *Credit: 3 semester hours.*

Students' success in college is measured by their ability to write effectively, think critically and read on a college level. To achieve these goals this course will introduce students to a wide variety of contemporary issues which will serve as a basis for discussion, analysis and writing. *Credit: 3 semester hours.*

#### **BLS 1099 Independent Study**

Independent work in the humanities [literature, philosophy, or theology] and/or the social sciences [economics, history, political science, psychology, or sociology]. All work is conducted under the mentorship of a faculty member. *Written approval required from a specific faculty member before registering.* *Credit: 3 semester hours.*

### **Management (MGT)**

**(Queens, Staten Island)**

#### **1000 Introduction to Business**

An approach to understanding the function of business in society and what society can expect from business. Major topics: economic and social responsibilities; the functional areas; marketing, production, and finance; how businesses are organized and managed; quantitative management tools; the future of business. *Credit: 3 semester hours. Open to two-year business and accounting students only.*

#### **1001 Principles of Management I**

Problems and processes of management; emphasis is placed on the principles and practices of management and the functions of the executive. *Credit: 3 semester hours.*

#### **1003 Financial Management**

*Prerequisite: ACC 1007, ECO 1001 and 1002.* Survey of corporate financial management. Emphasis is on financial statement analysis; time value of money; and, an overview of risk and return, valuation, cost of capital, capital budgeting, and dividend policy. *Credit: 3 semester hours.*

#### **1005 Industrial and Personnel Psychology**

*Prerequisite: MGT 1001.* Social and psychological aspects of interpersonal relationships, individual differences, efficiency, working conditions, accident prevention, industrial mental health, and counseling. *Not open to two-year business students.* *Credit: 3 semester hours.*

#### **1006 Small Business Management**

*Prerequisite: 3 credits in management.* This course discusses the dynamic role played by small business firms in the American economy. It involves the study of the small firm responding creatively to a rapidly changing economic and social environment. *Not open to two-year business students.* *Credit: 3 semester hours.*

### **1014 Introduction to International Business**

This course stresses the similarities and differences in international business management functions, processes and structures as related to the changing cultural, social, economic and political environment. The changes in management philosophies and practices as well as their adaptations to fit the political conditions in different countries are also be considered. *(Open to baccalaureate students only.)* *Credit: 3 semester hours.*

#### **1021 Cultural Environment of Human Resources**

*Prerequisite: MGT 1014.* An analysis of how different cultural values and language affect labor resources. Areas of study include the impact of socio-cultural factors on management selection training; the advantages and disadvantages of international assignments; profiles of U.S. subsidiaries and local firms. *Credit: 3 semester hours.*

#### **1024 Doing Business with Europe**

*Prerequisite: MGT 1014.* A survey course discussing the fundamental elements of doing business with European countries. Detailed discussion of how the specific environmental factors affect business transactions. Special attention is paid to the role of government and the legal system in fostering international business, with an analysis of the recent regional trade agreements. *Credit: 3 semester hours.*

An examination of women managers' experiences using an interdisciplinary analysis. Emphasis on historical and global perspectives; individual and organizational issues such as ethnicity, health and personal and family lifestyles; and exploring current trends in the issue of job discrimination and the restructuring of organizations. *Credit: 3 semester hours.*

#### **1026 Entrepreneurship/How to Start Your Own Business**

*Prerequisite: MGT 1000 or 1001, MKT 1001.* Introduces the challenges and opportunities/risks in starting a business, including researching and analyzing business opportunities. The course covers the fundamentals, and students design and develop a full-fledged business plan. *Credit: 3 semester hours.*

#### **1027 International Implications for Organizational Behavior**

This course is designed to break down the conceptual, theoretical, and practical boundaries that limit our ability to understand and work with people in countries and cultures around the world. It will also help students to understand the complexities of managing people in international settings, while specifically focusing on the human relationships in a cross cultural setting. *Credit: 3 semester hours. (Mini-session only)*

**1050 Organizational Management in the EU**

Various profit and not-for-profit organizations operating in the European Union need management that is diverse and skilled in global activities. Students examine management practices in EU member nations. Management functions of planning, organizing, leading and controlling, and decision-making in a complex context of diverse cultures, languages and currencies are considered. Large, small-and medium-sized enterprises are considered. Staffing, social responsibility, and sustainability are considered. American organizations with divisions in the EU are compared with organizations operating in their home nations. *This course is offered exclusively online. Credit 1 semester hour.*

**1051 European Union – International Business**

This course is designed to introduce the student to the concepts of international business as it pertains to the European Union (EU). The overall concepts of international business strategy and international exchange systems will be discussed along with the role played by the environments of culture, politics, law and regional economics within the EU and surrounding areas. This course is offered exclusively online. *Credit 1 semester hour.*

**1065 Business on Wall Street**

The overall objective of this course is to provide a basic understanding of the American business system. Wall Street is the World Financial Center of business. In this course students will learn about the daily operations of the New York Stock Exchange, Depository Trust, Standard and Poor's and the Securities and Exchange Commission. *Credit: 3 semester hours. (Mini session only)*

**1070 Management Aspects of the Fashion Industry**

Examines the management of the fashion production process, the small and large organizations through which the industry creates, produces and changes fashion, and the human resource management process used to employ and manage fashion industry employees. *Credit: 3 semester hours.*

**1075 Introduction to Fashion and Fashion Industry Careers**

An introduction to the basics of the Fashion Industry and career opportunities within the industry. The course will include the industry's organization within the U.S. and its organization globally. It will also include global sourcing, product trends, product forecasting, product line development, and related product-to-market delivery. The student will also learn about the Primary Level of Fashion, materials and textiles, and the Secondary Level of Fashion, design and production. *Credit: 3 semester hours.*

**1076 Fashion Entrepreneurship and e-Technology**

Introduces students to the various components and concepts of a business plan, financial planning and e-Technology. Students will assess and apply practices and procedures involved with a fashion retail business from a practical, real-world approach. *Credit: 3 semester hours.*

**2001 Eye on Washington—Managing the Federal Government**

The powerful federal administrative agencies, most of which operate under the supervision of the executive branch, are the main focus of this course. This course provides students with an understanding of the rule, authority and contribution that agencies make to the managing of the government and the nation. *Prerequisites: None. Open to two-year and four-year students. Credit: 3 semester hours.*

**Marketing (MKT)  
(Queens, Staten Island)****1001 Principles of Marketing**

The role of marketing and marketing management in the operation of an economic system is studied. The environment within which the marketing system operates and the structure, operations, resources and variables subject to the control of the marketing executive are examined. Marketing principles, trends and policies are emphasized. *Credit: 3 semester hours.*

**1002 Fundamentals of Advertising and Sales Promotion**

*Prerequisite: MKT 1001.* The function of advertising and its relationship to the growth and development of markets for new and old products. (Cf: ADV 2100) *Credit: 3 semester hours.*

**1010 The Marketing of Fashion**

This course introduces the student to the products and concepts of Fashion Marketing, also defined as Lifestyle Marketing. The course will include the manner in which marketing both creates and interprets the needs and wants of society. The overall concept of fashion marketing will be discussed along with the role the consumer plays and how fashion marketing functions in a global arena. *Credit: 3 semester hours. An introduction to the fundamentals of branding and its placement in the fashion/lifestyle industry. A review of the fashion products' ability to sustain its place in the market by an understanding of the value added promise as part of the branding process. The sustainability of products in both our local and global environment is at the heart of the importance of the value of the brand ownership and brand reputation of product name and image. A review of current brand

products and how brands are developed into "Lifestyle Brand Products," will be part of the focus of this course. A review of the challenges placed on brands especially in the global marketplace will indicate the importance of a well developed and managed brand strategy. *Credit: 3 semester hours.*

**1020 International Distribution: Marketing Strategies**

*Prerequisite: MKT 1001.* A survey of how products and services are distributed internationally. A comparison of the methods and systems of product development, assessment, acceptance and distribution in relation to the product life cycle. Emphasis on the application of basic marketing principles to the international environment and specific marketing situations. *Credit: 3 semester hours.*

**Mathematics (MTH)  
(Queens, Staten Island)**

Students are placed in an appropriate initial course in mathematics selected from 1003 or 1007 or 1009. Unless otherwise specified, MTH 1003 may be followed by 1004 or 1005 or 1007 or 1008 or 1021; 1007 may be followed by 1009 or 1005 or 1008 or 1021; 1009 may be followed by 1010 or 1008 or 1021. Consult specific requirements for your major before selecting a second mathematics course. It is advised that required mathematics courses be taken in consecutive semesters.

**1001 Introduction to Algebra**

Review of signed numbers and numerical fractions; polynomials; factoring; equations; algebraic fractions; exponents; coordinate system; graphs and equations of lines; functions. *Open only to freshmen. Credit: 3 semester hours. Class meets four hours per week.*

**1003 Introduction to College Mathematics I**

Real numbers; exponents, polynomials; rational fractions; equations, inequalities and systems; functions. (Not open to students who have completed MTH 1007 or MTH 1009.) *Credit: 3 semester hours.*

**1004 Introduction to College Mathematics II**

*Prerequisite: MTH 1003.* Coordinate geometry; limits; continuity; differentiation; exponential and logarithmic functions. (Not open to students who have completed MTH 1007 or MTH 1009.) *Credit: 3 semester hours. (Q, SI)*

**1005 Mathematical Ideas and Applications**

*Prerequisite: MTH 1003.* An elementary treatment of topics chosen for their interest and/or practical application. Materials are selected from the fields of logic, probability, statistics, algebra, matrix algebra and number theory. Use of calculators is suggested where appropriate. *Credit: 3 semester hours.*

### 1007 College Algebra and Trigonometry

The complex numbers; review of basic algebra; functions and graphs; linear, quadratic and other algebraic functions; exponential and logarithm functions; trigonometric functions and identities; inverse trigonometric functions. (Not open to students who have completed MTH 1009.) Credit: 3 semester hours.

### 1008 Matrix Methods

*Prerequisite:* MTH 1003 or equivalent.

Matrices; systems of linear equations; linear programming; simplex method; applications to business problems. (Not open to students who have completed CUS 1182.)

Credit: 3 semester hours.

### 1009 Calculus I

*Prerequisite:* MTH 1007 or equivalent. Limits; continuity; the derivative; applications of the derivative; the definite integral; fundamental theorem of calculus; integration of polynomial functions; areas; exponential and logarithmic functions. Credit: 3 semester hours. MTH 1320 (SI)

### 1010 Calculus II

*Prerequisite:* MTH 1009. Trigonometric functions; polar coordinates; applications of the definite integral; indeterminate forms; im-proper integrals; techniques of integration. Credit: 3 semester hours.

### 1011 Calculus III

*Prerequisite:* MTH 1010. Solid analytic geometry; partial differentiation; multiple integrals; infinite series.

Credit: 3 semester hours.

### 1012 Linear Algebra

*Prerequisite:* MTH 1009. Systems of linear equations; matrices and determinants; vectors and vector spaces; linear transformations; similarity of matrices; Eigenvalues and Eigenvectors. Credit: 3 semester hours.

### 1013; 1014 Probability and Statistics I; II

*Prerequisite:* MTH 1013 for MTH 1014. Basic probability laws and their application; combinatorial analysis; conditional probability and Bayes' rule; discrete and continuous distributions. Central limit theorem; statistical inference; sampling theory; estimation; hypothesis testing; goodness of fit; regression; correlation; analysis of variance.

Credit: 3 semester hours.

### 1015 Numerical Analysis

*Prerequisite:* MTH 1009. Numerical solution of algebraic and transcendental equations; solutions of systems of linear equations; ill-conditioning; methods of interpolation; numerical differentiation and integration; initial value problems for ordinary differential equations; error estimates. Credit: 3 semester hours.

### 1016 Software Applications for Mathematics

*Prerequisite:* MTH 1009. Mathematical computer software, such as equation processors, function plotters, and graphics packages, are used to explore mathematical concepts from the areas of calculus, geometry, linear algebra, differential equations, logic, numerical analysis, and probability and statistics. Credit: 3 semester hours.

### 1017 Mathematical Logic

*Prerequisite:* MTH 1009. The logical development of the number systems; set theory; sets of axioms and their properties; structures (algebraic and geometric) and their properties; intuitionism and formalism and aspects of logic that relate to computers. Credit: 3 semester hours.

### 1018 Differential Equations

*Prerequisite:* MTH 1010. Equations of order one; linear differential equations; the Laplace Transform; systems of linear differential equations; solutions by series; applications. Credit: 3 semester hours.

### 1021 Introduction to Statistics

*Prerequisite:* MTH 1003 or equivalent.

Permutations, combinations, addition and multiplication rules; conditional probability; confidence intervals; hypothesis testing; regression; correlation; applications to business, economics and social science. (Not open to students majoring in Business.) Credit: 3 semester hours. MTH 1020 (SI)

### 1022 Discrete Mathematics

Introduction to the concepts of discrete (abstract) structures of computer science including an introduction to logic, proofs, sets, relations, functions, counting, and probability, with an emphasis on applications in computer science. Credit: 3 semester hours.

### 1030 Mathematics for the Elementary Teacher

Provides elementary education majors with competence in essential areas of mathematics and integrates those areas into the study of science. Students study sets, functions, logic, counting methods, probability, statistics, and geometry. Open to The School of Education students. Credit: 3 semester hours.

### 1031 Mathematics for the Elementary Teacher

Provides elementary education majors with competence in essential areas of mathematics and integrates those areas into the study of science. Students study the metric system, algebra, real number system and patterns, sequences and number theory. Open to The School of Education students. Credit: 3 semester hours.

## Networking and Telecommunications (NET) (Queens)

### 1001 Data Communications

An overview of data communications, networking, communications architecture and standards; data transmission; data encoding; digital data communications techniques; data link control; networking techniques; packet switching; protocols and architecture. Credit: 3 semester hours.

### 1011 Introduction to Networks

An overview of the most important topics in TCP/IP networking including terminology, concepts and protocols; how networking devices send data over Ethernet LANs; fundamentals of wide area networks (WANs); fundamentals of addressing and routing and the TCP/IP transport and application networking functions. Credit: 3 semester hours.

### 1015 Routing and Switching Essentials

*Prerequisite:* NET 1011. An introduction to router concepts and terminology including configuring routers and switches; also includes virtual LANS, subnetting, routing protocols, routing table entries and IP addressing. Credit: 3 semester hours.

### 1021 Scaling Networks

*Prerequisite:* NET 1015. Advanced switch configuration, switching protocols and troubleshooting; the OSPF and EIGRP routing protocols; designing home and small business networks including switches, routers, configurations and allocation of IP addresses. Credit: 3 semester hours.

### 1025 Connecting Networks

*Prerequisite:* NET 1015. Wide Area Networking (WAN) concepts including the different types of connections such as Point-to-Point, Multipoint and Mesh networks; the Frame Relay and HDLC protocols as well as IPv6 addressing; also covers the management of networking devices, managing the IOS operating system and back-up and recovery of network files. Credit: 3 semester hours.

### 1031 Wireless Networking

*Prerequisite:* NET 1011. Wireless technologies and the implementation of these technologies in wireless networks. Emphasis is placed on the areas of design, planning, implementation, operation, and troubleshooting. Credit: 3 semester hours.

### 1035 Network Operating Systems

*Prerequisite:* NET 1015. An introduction to basic network operating system concepts, management and administration, and network security. Physical components, network services and troubleshooting are also treated in depth. Students will explore a variety of topics including installation procedures, security issues, back-up procedures and remote access. Network Operating Systems is an intensive introduction to multi-user, multi-tasking

network operating systems from both generic and vendor specific perspectives.  
*Credit: 3 semester hours.*

#### **1041 Voice Over IP (VoIP)**

*Prerequisite: NET1015.* The telephony infrastructure: how it was built and how it works today, the major concepts concerning voice and data networking, transmission of voice over data, and IP signaling protocols used to internetwork with current telephony systems. *Credit: 3 semester hours.*

#### **1051 Networking Regulation**

*Prerequisite: NET 1015 or CUS 1124 or 1126.* United States laws as applied to networks, telecommunications, and computers. International regulations will be studied as needed. *Credit: 3 semester hours.*

#### **1091 Networking Internship**

*Prerequisite: Permission of the Director.* Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in networking and telecommunications.  
*Credit: 3 semester hours.*

### **Philosophy (PHI)** (Queens)

Students pursuing an associate degree are required to complete PHI 1000C. Students pursuing a bachelor's degree are required to complete PHI 1000C, one course from the 1020 series, and PHI 3000C.

#### **1000C Philosophy of the Human Person**

See description under University Core Courses.  
*Credit: 3 semester hours.*

#### **1020=2200C Ethics**

## University Libraries

The St. John's University Libraries engage in the teaching and learning processes by providing information resources, instructional services and other support in the most effective formats for University programs and student and faculty research. Major libraries on three campuses (Queens, Staten Island, and Manhattan) support additional collections at the Rome and Oakdale Campuses. St. John's University School of Law separately maintains the Rittenberg Law Library on the Queens campus. Together these libraries contain the equivalent of nearly 1 million volumes (books, periodicals, government publications, digital and other media materials) which support the undergraduate and graduate programs of the University. Cultural and recreational materials are also available.

**The Main Library**, renovated in 2008, is a selective depository for United States government documents, and houses Special Collections, the University Archives, Instructional Materials and Media Centers, and a teaching technology center. The Main Library also oversees the Chin Ying Asian Library located in the Sun Yat Sen Center building.

**The Loretto Memorial Library** on the Staten Island campus houses over 130,000 volumes, a digital teaching lab, and collaborative learning space.

**The Davis Library** on the Manhattan campus is internationally recognized as one of the finest collections of contemporary and historical insurance and risk management materials.

The Libraries provide onsite access to study space and to books and journals in traditional formats. Ever-increasing numbers of digital resources, including e-books and mobile applications, are available locally and remotely to authenticated University users, including those at our global campuses and in our online learning programs. On campus and virtually, subject specialist librarians provide discipline specific research support and instruction appropriate to graduate study. Cooperative arrangements with other libraries guarantee regional, national, and international access to materials.

## Academic Service-Learning

As an added means of fulfilling its Mission The Office of Academic Service-Learning (AS-L) was founded in 1995. It is now a part of the Vincentian Institute for Social Action (VISA). VISA was launched by the University to more visibly embed St. John's Catholic and Vincentian mission into the educational experience of its students. VISA provides an organizational focus for a variety of new and ongoing programs through which faculty and students can work together to explore the causes of and develop solutions for poverty and social injustice throughout the world. Using Academic Service-Learning, faculty engage students in serving in the community to fulfill the learning goals and objectives of their courses. The service is used as a means for students to better understand course concepts. Reflection activities tie together what is learned in the classroom to the service performed in the community. While reflecting on their service experience, students are also able to gain insight into how their service in the community fulfills the St. John's mission as a Catholic and Vincentian university.

Academic Service-Learning can be incorporated in both graduate and undergraduate courses across all disciplines and at all campuses, as well as in courses taught globally and online. For further information on Academic Service-Learning contact Lynn Stravino, Director, at 718-990-7902 or [stravinl@stjohns.edu](mailto:stravinl@stjohns.edu).

## Student Consumer Information

The following is a summary of the Student Consumer Information that is available to students. Please refer to [stjohns.edu/about/student-consumer-information](http://stjohns.edu/about/student-consumer-information) for additional and the most up to date student consumer information.

## Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They include the right to: (1) inspect and review educational records; (2) request an amendment to these records; (3) consent to disclosures of personally identifiable information in these records; (4) restrict disclosure of information designated as directory information that may be released without consent of the student; and (5) file a complaint with the U.S. Department of Education for alleged failure by St. John's University to comply with FERPA requirements.

FERPA provides that "Directory Information" may be released to any person without the written consent of the student, unless the student has requested that such information not be disclosed. For further information go to <http://www.stjohns.edu/academics/office-registrar/student-records-access-confidentiality-ferpa>.

## Guidelines Determining Eligibility for Students with Disabilities

- St. John's University students requesting accommodations for a disability must present documentation of the disability to the Student Life Administrator on the appropriate campus for verification of eligibility.
- The evaluation must have been completed by a qualified, certified and/or licensed professional (physician, health care provider, psychologist/psychiatrist) who has experience with an adolescent and adult population. The professional's credentials must appear on the documentation and the documentation must be dated within three years of the request for accommodation.
- The Evaluator must include in the test report evidence that instruments selected are reliable and valid for use with an adolescent or adult. Documentation of impairment alone may not be sufficient to require that the student be provided a reasonable accommodation. It must be demonstrated that the impairment rises to the level of a disability according to the Americans with Disabilities Act. For example, the impairment must substantially limit or restrict a major life activity as compared to the average person in the general population.
- The Student Life Administrator will review the documentation and the request for accommodation will be determined. When necessary, specific academic units will be consulted regarding the accommodation requested. If the presented documentation is sufficient the student will meet with the Student Life Administrator regarding appropriate accommodations at St. John's University.
- A student having dissatisfaction with the decision for accommodation granted, has the right to appeal the decision in accordance with the University's "Policy Against Discrimination and Sexual Harassment and Related Grievance Procedures."
- The Student Life Administrator may be contacted regarding specific documentation required or for explanation of this policy.

**All documentation will be kept confidential in accordance with legal requirements and should be submitted directly to:**
